INTRODUCTION

This is the eleventh publication of a comprehensive data book by the Illinois Community College Board (ICCB). This document contains data and characteristics of the Illinois public community college system and is designed to serve as a basic reference. No analysis of the data is intended in this document. The data are obtained from various surveys and studies conducted by ICCB staff and from the colleges' annual MIS submissions.

This year the major data tables from the data, book will again be available to colleges in computer-readable form using the Lotus 1-2-3 electronic spreadsheet program. To receive the data book in computer-readable form: (1) send a blank, formatted 5 ¼ or 3 ½ inch disk that can be read by an IBM compatible microcomputer; (2) specify whether the disk is high density or regular density; (3) specify the release of Lotus 1-2-3 your college uses – either 1A, 2.01, or 3.1 are available; (4) enclose a self-addressed envelope with return postage; and (5) forward your request to the Production Controller, Data Processing Department, Illinois Community College Board, 509 South Sixth street, Room 400, Springfield, Illinois 62701-1874.

This document contains annual data for fiscal year 1990 and fall term data for 1990 (fiscal year 1991). Enrollment data and faculty and staff data are collected during the fall term each year; thus, these data ere fall term 1990 (fiscal year 1991). Budgeted operating finance and facilities data are for the current year, fiscal year 1991. Audited financial data, unit cost data, annual enrollments, and graduate data are for the past fiscal year, fiscal year 1990.

This publication provides information about 1) students, 2) faculty and staff, 3) annual enrollment and completion, 4) operating finance, and 5) capital construction. Each of these areas constitutes a section of this document. Several tables summarize data from more detailed reports that have been published separately. The objective of this document is to provide useful summaries of data for community college districts in one reference document. If you have requests for other data or suggestions for additions or deletions, please contact the ICCB Office.

Special acknowledgment is extended to the personnel of the colleges for their cooperation in completing surveys and providing the ICCB with computer-readable data on a timely basis.

Table l on the next page is a summary profile of .elected statistics for the 39 Illinois public community college districts. The map on page ix shows the geographic location of each college district.

Section I

STUDENT CHARACTERISTICS

This section includes data on headcount and full-time equivalent (FTE) student enrollments in Illinois public community colleges.

The public community colleges of Illinois enroll more than 50 percent of all students enrolled in undergraduate higher education in the State of Illinois. The diverse population of the communities that the colleges serve is reflected in the student characteristics shown in this section.

The tables show student enrollments based on opening counts (10th-day enrollments) for a given term. Opening enrollment counts are a snapshot count at the end of the regular registration for the fall term and do not include many students who enroll for courses which start later in a term.

Table I-1 lists the fall 1990 student headcount enrollment by sex and type of attendance. Fifty-eight percent of the 352,898 students enrolled in Illinois public community colleges were women. Part-time students accounted for approximately 70 percent of the enrollments.

Table I-2 itemizes the fall 1990 student headcount enrollment by instructional program area. As depicted in Figure 1, 38.7 percent of the students were enrolled in baccalaureate/transfer programs, 40.2 percent in occupational and vocational skills programs, 4.2 percent in general studies programs, 3.2 percent in general associate programs, and 13.6 percent in adult basic education/adult secondary education programs.

The data in Table I-3 show fall 1990 headcount enrollment by age categories and provide the median age of students for each public community college. The median age for fall 1990 students was 26.83 years. This is down .34 years from the fall 1989 median age of 27.17. The mean age was 30.39 years.

Tables I-4 through I-7 summarize fall 1990 student headcount enrollment by ethnic origin, academic classification, type of residency, and enrollment status. Table I-5 shows that approximately 18 percent of fall 1990 students were classified as sophomores. Sixty-five percent of the fall 1990 enrollments were classified as freshman.

Table I-8 lists by headcount and FTE the proportions of district populations served by Illinois public community colleges in instructional credit curricula. Table I-9 summarizes fall 1990 headcount enrollment in community education classes.

Table I-10 details the trends in community college headcount enrollments from fall 1981 through fall 1990. Table I-11 lists the trends of FTE enrollments for the same ten-year period.

Section II

FACULTY AND STAFF DATA

The tables in this section present data regarding faculty and staff employed by the public community colleges of Illinois. The salary and staff data were collected in fall 1990 and reflect averages for fiscal year 1991.

Figure 2 shows the headcount distribution of community college employees statewide by employee group: faculty (53.6 percent), other non-teaching professionals (29.1 percent), classified (12 .9 percent), and administrators (4.4 percent).

Table II-1 lists the number of instructional teaching faculty by sex and employment status employed during fall 1990. Of the 15,472 teaching faculty employed in fall 1990, 4,511 were full-time faculty.

Table II-2 shows the total number of administrative staff by sex and employment status. Administrative staff includes both academic and general administrative personnel, such as the President, Dean of Instruction, Dean of Student Services, Director of Financial Aid, Director of Counseling, and other similar administrative positions.

Table II-3 lists the number of full-time and part-time non-teaching professional staff by sex and employment status employed in each community college. Non-teaching professional staff includes counselors, librarians, and other instructional support staff. Table II-4 provides the same information for classified or civil service type staff.

The average contractual base salaries paid to full-time teaching faculty, full-time administrative staff, and full-time non-teaching professionals are shown in Table II-5.

Table II-6 identifies the average class size for on-campus lecture/discussion classes and laboratory classes. Table II-7 shows a percent distribution of on-campus classes by size for each community college.

Section III

ANNUAL ENROLLMENT AND COMPLETION DATA

Section III includes data on annual enrollment and completions in fiscal year 1990 among Illinois public community colleges.

Table III-1 shows the annual unduplicated headcount enrollment by program classification in Illinois public community colleges for fiscal year 1990.

Table III-2 contains more detailed data on fiscal year 1990 annual unduplicated enrollment through the use of the national program classification structure/ classification of instructional program (PCS/CIP) coding system.

Figure 3 shows the fiscal year 1990 annual duplicated completers in the following categories: occupational degrees and certificates (52.5 percent), transfer and general studies degrees and certificates (36.3 percent), and adult basic/adult secondary education certificates (11.2 percent).

Table III-3 lists the number of associate degrees awarded in transfer and general studies curricula and the number of general studies certificates awarded by each community college in fiscal year 1990.

Table III-4 shows the number of associate degrees and certificates awarded in occupational curricula and the number of vocational skills certificates awarded by each community college in fiscal year 1990.

Table III-5 contains the number of adult basic and adult secondary education certificates awarded in fiscal year 1990.

Table III-6 contains more detailed data on fiscal year 1990 annual completers through the use of the national program classification structure/classification of instructional program (PCS/CIP) coding system.

Section IV

FINANCIAL DATA

Presented in this section are financial data on audited and budgeted revenues and expenditures, chargeback computations, local tax rates, tuition and fees, and state aid grants.

Tables IV-l through IV-3 give historical data for annual enrollments, ICCB grants to colleges, and net instructional unit costs.

Table IV-4 shows the fiscal year 1990 reimbursable credit hours for the seven instructional categories and the total reimbursable' credit hours for 'each community college district. Reimbursable credit hours are those hours which qualify for state funding.

Tables IV-5 and IV-6 list the state grants received by each community college district during fiscal year 1990 and fiscal year 1991 for each category of grants.

Table IV-7 shows the per capita costs per credit hour, the chargeback rate, and tuition and fee rates for each community college district. Colleges are limited by law to a tuition rate that does not exceed one-third of their per capita costs.

Table IV-8 lists the total 1989 operating tax extensions, corporate personal property replacement tax paid to each community college district in 1990, and the net operating corporate revenues which are total CPPRT less an allocation to the colleges' bond and interest funds.

Table IV-9 itemizes each college's 1989 tax levy rates for the Education Fund; Operations and Maintenance Fund; Bond and Interest Fund; Liability, Protection, and Settlement Fund; Audit Fund; and Other Funds.

Table IV-10 details the fiscal year 1990 net instructional unit cost for the seven instructional categories for each community college district.

Figure 4 depicts the fiscal year 1990 sources of revenue for Illinois public community colleges: local (40.3 percent), state (30.7 percent), tuition and fees (23.5 percent), and federal and miscellaneous (5.6 percent).

Tables IV-11 through IV-13 show operating revenues by source and operating expenditures by object and function reported in the colleges' fiscal year 1990 external audits.

Tables IV-14 through IV-16 show operating revenues and operating expenditures budgeted by each community college for fiscal year 1991.

Tables IV-17 and IV-18 provide data on energy usage and costs for each college for fiscal years 1988 through 1991.

Section V

FACILITIES DATA

This section on facilities presents two types of data; the first part gives data on physical facilities available on community college campuses and the second briefly describes how the facilities were financed.

Table V-l summarizes the total acreage on each college campus by nine categories of land use.

Table V-2 summarizes the total net assignable square feet (NASF) and gross square feet (GSF) available on each community college campus as of fall 1990.

Table V-3 lists the square footage of all on-campus facilities under construction or approved for construction as of fall 1990.

Table V-4 presents the total NASF by room use classification. Tables V-5 through V-7 show the NASF by function of space on each campus for completed facilities. The NASF is shown for state-funded facilities, locally funded facilities, and temporary facilities.

Table V-8 shows the NASF by function of space in state-funded facilities under construction. Table V-9 shows this breakdown for locally funded permanent facilities approved or under construction.

Table V-10 presents a computed figure for space (room use category) per student (10th day on-campus FTE).

Table V-11 shows the amount of space per college justified for state-supported construction based on the enrollment criteria utilized by both the IBHE and the ICCB. The calculation is based on full-time equivalent students (FTE). The formula used is explained in ICCB Rule 1501.603c4C.

Table V-12 depicts the sources of funding for each college's permanent facilities. This table shows that all districts now have been appropriated funds for permanent facilities. State Community College was totally funded with state appropriations.

Table V-13 lists the project and funding for all capital projects completed since January 1990.

Tables V-14 through V-18 list projects currently under construction or approved as of February 1991. Table V-14 includes regular capital projects; Table V-15 identifies projects funded with protection, health, and safety monies; and Tables V-16, V-17, and V-18 list repair and renovation grants funded through Build Illinois for fiscal years 1988, 1990, and 1991, respectively.
