OVERVIEW

RISK DESIGNATIONS

- **Moderate Risk:** Grantees designated as moderate risk will be subject to a desk review, conducted by ICCB fiscal and program staff, of all grants received from the ICCB during the applicable monitoring period. A short report will be issued after the review.

HOW DO I CHANGE MY RISK DESIGNATION?

- Risk Assessment Factors:
 - Controlled by ICCB:
 - Years since grantee has last been monitored
 - Total amount of grant funds received by grantee
 - Controlled by Grantee:
 - Timeliness of submissions
 - Compliance findings in previous grant monitoring visits
 - Number of conditions on ICQ
 - Number of significant deficiencies and/or material weaknesses in most recent audit
- Every grantee will be elevated risk at some point in time
- Most grantees are Moderate Risk
- Very few are Low Risk

GATA - CONTINUED

- Indirect Cost Negotiation
 - Providers who do not submit Indirect Cost Rate Proposals will not receive any Indirect funds. If you have already taken the 5%, you will have to pay it back.
- Internal Control Questionnaire (ICQ) is required annually
- ICQ drives the risk assessment assigned to the grantee
- ICQ answers will now be reviewed and monitored by ICCB
- GATA rules are moving through JCAR

COMMON ICQ CONDITIONS

- 1) Audit Section
 - For some reason many colleges have marked that they do not conduct a Single Audit. All colleges conduct a Single Audit.

GRANT ACCOUNTABILITY & TRANSPARENCY ACT (GATA)

Stop Payment List:

If a grantee is placed on the Illinois Stop Payment List, State agencies are instructed to refrain from executing or modifying grant agreements that would increase funding to that grantee. State agencies should not request or allow a payment to a grantee on the Illinois Stop Payment List. Grantees on the Illinois Stop Payment List may have grant funding withheld from other State agencies until the noncompliance issue is resolved (*still being developed*).
