

Baccalaureate Completion Programs at Community Colleges Fiscal Year 2009

Summary FY 2008

39 districts reported
 5 indicated no agreements
 34 indicated agreements in place

Agreements are with 43 total institutions

9 Illinois public universities
 18 Illinois private institutions
 10 Out-of-state institutions
 6 Online institutions

The numbers of colleges with agreements at Illinois public universities for on-site or online baccalaureate completion programs:

EIU	9	SIU-E	4
GSU	3	UIC	1
NIU	7	UIS	5
NEIU	1	WIU	7
SIU-C	6		

Summary FY 2009

39 districts reported
 4 indicated no agreements
 35 indicated agreements in place

Agreements are with 48 total institutions

10 Illinois public universities
 18 Illinois private institutions
 13 Out-of-state institutions
 7 Online institutions

The numbers of colleges with agreements at Illinois public universities for on-site or online baccalaureate completion programs:

EIU	7	SIU-E	2
GSU	3	UIC	4
NIU	8	UIS	8
NEIU	2	UIU-C	1
SIU-C	13	WIU	13

Changes in One Year:

One additional community college has baccalaureate completion agreements in fiscal year 2009.

Colleges had agreements with 43 institutions overall in fiscal year 2008, now have agreements with 48 Increase of five institutions. (One public institution, three out-of-state institutions, and one online institution.)

One additional state university (UIU-C) formed BACC completion agreement with Illinois community colleges in fiscal year 2009.

College Response

<i>BLACK HAWK COLLEGE</i>		
Partner Institution	On-Campus Program	Online Program
Franklin University		Accounting, Applied Management, Business Forensics, Business Management, Computer Science, E-Marketing, Financial Marketing, Forensic Accounting, Health Care Management, Information Technology, Management, Marketing Management, Public Safety Management, Web Development
Roosevelt University		Organizational Leadership
University of Illinois - Chicago		Bachelor of Science in Nursing
University of Illinois - Springfield		Business Administration, Economics, Computer Science, English, History, Liberal Studies, Mathematical Sciences, Philosophy, Secondary Certificate, Mathematics Teacher, Education
University of Iowa		BSN Nursing online

<i>CITY COLLEGES OF CHICAGO</i>		
Partner Institution	On-Campus Program	Online Program

Colleges Indicating Baccalaureate Completion Need

Question: Do the residents of your district have a need for a baccalaureate completion program beyond what is currently available to them?

Institution

Needs

College of DuPage

We don't know if our district residents need any additional baccalaureate programs, since we have so many colleges and universities in our district. We would like to see more 3 + 1 models, where students can complete three years at COD and finish the final year at a university.

Danville Area Community College

Our students would benefit by offering more online or hybrid (weekend, evening, etc.) degree programs. Students have requested bachelors degrees in: Business, RN/BSN completion (on-line only), Manufacturing, Sociology (for Criminal Justice graduates), and Special Education. We should add that Business Degrees have also been requested from employers from time to time. For most degrees, either an on-line format or a cohort in Danville would be helpful. Having the Lakeview College of Nursing in Vermillion County provides an RS/BSN completion degree program; however, there is not currently an on-line option.

Heartland Community College

Our district is also home to several baccalaureate degree granting institutions, so it seems unlikely that residents seriously lack degree completion opportunities.

Highland Community College

We would like to have a BS completion program in Nursing

Illinois Central College

No

Illinois Eastern Community College

Yes, there is a need for baccalaureate completion programs beyond what is currently available. Our greatest needs are - Education, Nursing, Business, Psychology/Social Work, Administration of Justice.

Kankakee Community College

Our needs are met at this time.

Kaskaskia College

We would like to have a baccalaureate completion program in Secondary Education and have been working toward that.

Lake Land College

We have not heard from any district residents of the need for additional opportunities.

Lincoln Land Community College

Education and a capstone for occupational degrees.

John A. Logan College

Yes, Bachelor's degrees in: Health Care, Behavioral Science, Criminal Justice, and Applied Management.

McHenry County College

Offerings in the immediate district are limited; however, MCC has not formally surveyed the district to determine the needs for specific baccalaureate completion programs.

Morton Community College

Some of our specific needs, but not limited to are - RN to BSN programs, Criminal Justice/Law Enforcement.

Oakton Community College

The residents of our district have many options for baccalaureate completion programs. We have approximately 25 colleges and universities within a 45-minute drive of Oakton that offer 4-year degrees. So students have a myriad of choices.

Parkland College

Because of on-going conversations with students we would like:

-Accounting in class/on campus (not every qualified candidate wants to take it online)

- A social work and/or sociology BA....AND a MS that provides credentials for the mental health field (patient care).
- Secondary Education - would love it in the classroom but would take online instead or also.
- Special Education - would love it in the classroom, but would take online instead or also.

Prairie State College	The residents in our district will always need some form of baccalaureate completion program for health professions such as Nursing, Dental Hygiene, and Surgical Technology.
Rend Lake College	No needs have been expressed.
Rock Valley College	Rockford has a disproportionately low bachelors attainment rate for the size of our region. For this reason, RVC will continue to foster relationships with 4-year institutions to create additional opportunities for our graduates to complete bachelor's degrees. Currently NIU is the only 4-year public institution offering any bachelor's degrees in our region. This is problematic. Business is an area of need for our students and we are currently in discussions with Northern to provide this program.
Carl Sandburg College	We have several colleges within close proximity that help fulfill our students' baccalaureate completion needs.
Sauk Valley Community College	Yes, I believe that our students would benefit from more expansive baccalaureate completion programs. However, I would like to see these State or Illinois institutions which would provide lower tuition rates. Right now, the proprietary schools are providing this to our students but at a higher rate and possibly less quality. Elementary Education and Business are the areas of need for our students.
Shawnee Community College	We have had requests for additional "on campus" programs in Elementary Education and Business.
South Suburban College	No requests for this type of programming have been made by district residents.
Southeastern Illinois College	We are trying to locate someone who can provide us with a program that would provide 03 certified teachers with an 04 certification (Early Childhood). Our regional superintendent of schools is working with us on this - our school systems have need of this. Additionally, our own early childhood students could benefit from this greatly. We worked with SIU a couple of years to try to get this, but nothing came of it. I have been in contact with EIU and we are discussing the possibility. I think it will depend on the numbers we can guarantee on our end. Oakland City (IN) has indicated they are willing, but we wanted to try to find an in-state option if at all possible. However, if we can't , then we will consider that option.
Southwestern Illinois College	No, with SIU-E 45 minutes away; SIU-C about 90 minutes away; McKendree and Lindenwood less than 10 minutes away and several programs at Scott AFB, we are well-served.
Spoon River College	We feel they have been met and don't have any outstanding requests or complaints. We are working on several agreements with WIU and remain open to other agreements or ideas.
Triton College	No need.
Waubonsee	We are always interested in creating appropriate baccalaureate degree completion agreements with higher education partners to meet the needs of our district residents as they evolve and change over time.
