(map)

INTRODUCTION

This is the fifth publication of a factbook on Adult Education and Family Literacy. This document contains data and characteristics about Adult Education and Family Literacy programs from fiscal year 2005 and is designed to serve as a reference document. The data source for the tables is the Student Administrative Information Reporting System (STAIRS), the approved data collection system for Adult Education and Family Literacy. The parameters for learners to be included in the factbook are a minimum of 7.5 hours of instruction which is the state reporting minimum attendance level. The federal reporting requirements reflect a different threshold of 12 hours of instruction.

This publication provides information about students and allocations. All data reflect fiscal year 2005. Table 1, Table 2 and Tables 6 through 14 are based on unduplicated class enrollment in STAIRS. Table 3 is based on duplicated class enrollment in STAIRS, meaning a learner can be counted more than once if enrolled in more than one type of instruction. Tables 4, 5, and 6 are based on pre-test results in STAIRS. Table 15 is based on units of instruction in each type of instructional category in STAIRS. One unit of instruction equals fifteen hours of enrollment. Table 16 is based on Adult Education and Family Literacy state and federal allocations.

Adult Education is defined as instruction and support services below the postsecondary (college) level for individuals who have attained 16 years of age; who are not enrolled or required to be enrolled in postsecondary school under state law; and who:

- lack sufficient mastery of basic educational skills to enable the individuals to function effectively in society;
- do not have a secondary school (high school) diploma or its recognized equivalent, and have not achieved an equivalent level of education; or
- are unable to speak, read, or write the English Language.

In the Illinois Community College Board's strategic plan, The Promise for Illinois directly addresses the need for Adult Education and Family Literacy in Pledge Three. This Pledge states, "Economic and demographic changes are dramatically increasing the need for adult education, literacy, and English-as-a-Second Language programs. Millions of Illinois residents lack the literacy skills that they need to obtain good jobs and to function well in an increasingly complex society. There is a strong correlation between higher literacy levels and higher income, numbers of weeks worked, children's success in school, and individual and family health. Large numbers of immigrants have come to this country seeking education, work, and a higher quality of life, yet many of these immigrants do not have the English literacy or other skills to enable them to meet social, educational, and work demands. To address the scope and diversity of need for adult education and literacy skills by both individuals and employers requires a strategy involving a variety of providers. Community colleges, public schools, community-based organizations, Regional Offices of Education and others each are uniquely suited to provide the education and

services needed by various groups of adult learners.”

In cooperation with public and private partners, the Illinois Community College Board will develop strategies and obtain resources to support appropriate Adult Education and Family Literacy initiatives including the following.

- Maximize state and federal resources to assure there is adequate, stable, and flexible resources which promote program growth and innovation for all adult education students consistent with the Adult Education and Literacy Vision for 2008.
- Build a strong system of diverse providers, business and agency partnerships, and state leadership that is responsive to the multiple learning needs of adults including English-as-a Second Language individuals.
- Develop programs that focus on learner outcomes and demonstrate the value of adult education in the development of a qualified workforce.
- Ensure a professionally competent and committed adult education staff through high quality staff development and by increasing access to programs and services through technology.
- Establish a structure for developing policies, procedures, and regulations that builds upon the advice and knowledge of adult educators and interested agencies and organizations.

Comments and suggestions for enhancements to the information contained in the report are welcome. Contact Adult Education and Family Literacy at the Illinois Community College Board at (217) 785-0123 with your suggestions.

These classifications only include those students whose primary or native language is English.

- Low Adult Secondary Education = test levels 9.0 to 10.9.
- High Adult Secondary Education = test levels 11.0 to 12.9.

English as a Second Language – These categories are only used for students whose primary or native language is not English or who come from an environment where a language other than English is spoken in the home and are experiencing sufficient difficulty speaking, reading, writing or understanding English that require assistance to meet social, educational and work demands.

TYPES OF PROVIDERS

Community Based Organizations (CBOs) providing services in Adult Education and Family Literacy in Illinois are nonprofit formal organizations within communities/ neighborhood settings delivering formal education and support services for adult learners, youth and/or families. Some CBOs are recognized for having a close relationship with a particular immigrant population and possess unique qualifications to meet the special needs of these individuals. These organizations provide skill building instructional and support services to help individuals acquire additional skills. In Illinois Adult Education and Family Literacy, CBOs are primarily located in the Chicago area.

Community Colleges (CCs) are public two year postsecondary institutions offering educational programs and services to all individuals with an ability to benefit from the instruction. Illinois has a comprehensive community college system offering instruction at all levels of adult education and literacy through college level education and training. The highest offerings are two year associate degrees in transfer and career/technical programs. In Illinois there are 48 community colleges organized within 39 districts. The City Colleges of Chicago and Illinois Eastern Community College are multi-college districts. <http://www.iccb.state.il.us/>

Correctional Institutions - The Department of Corrections APC 428 provides educational and vocational instruction to inmates and youth confined to departmental facilities. In addition, APC 428 contracts with colleges and universities for advanced instruction. The educational programs provided to the Juvenile Division cover both the elementary and secondary levels. Students who are eligible receive special education instruction and remedial services. The educational programs provided to adult inmates cover elementary, secondary, and advanced levels. The Mandatory Education Provision of 1987 mandates inmates performing below the sixth-grade level in math and reading skills must receive a minimum of ninety days of Adult Basic Education (ABE) instruction. <http://www.idoc.state.il.us/>

Other – In the databook tables, Southern Illinois University is the other type of provider.

Public Schools provide educational services to students, have an assigned administrator, receive public funds as its primary support, and are operated by an education agency. <http://nces.ed.gov/pubs2001>

Regional Offices of Education (ROEs) are administrative entities which operate under the leadership of an elected regional superintendent of schools. Some regions are based on a single county while others encompass multiple county units. ROEs serve as an intermediate link for elementary and secondary education and partner in the delivery of Adult Education and Family Literacy in the state of Illinois. Regional superintendents serve as educational agents for the state within their respective geographic regions. Among other responsibilities, they are responsible for GED testing, certification renewals,

legislation, grant management and educational programming for local K-12 school districts.

AREA PLANNING COUNCILS (APCs)

Area Planning Councils (APCs) are legislatively authorized (*Illinois School Code (405/2-4)*) to provide for the development and coordination of adult education programs in a specified region of the state. APCs were developed to promote integration of service delivery, avoid duplication of services, maximize available resources, and provide accessibility to those needing service. Generally, APCs coincide with the boundaries of community college districts.

The State Plan for Adult Education requires all programs receiving Adult Education and Family Literacy funds to participate in their local APC. Recognizing that serving this population of adults often means serving their families, all providers of programs are encouraged to participate in their local APC. The Area Plan developed by an APC covers a multi year planning period. APCs are encouraged to include representation from other service providers (e.g., Illinois Department of Human Services, Local Workforce Investment Boards, Child Care Resource and Referral agencies, etc.), and area businesses and industry.

APCs are required to meet at least twice during a fiscal year but most meet more often. The following entities are entitled to one representative on the APC: each school district within the APC boundaries maintaining either grades K-12 or 9-12; each regional superintendent of schools, the majority of whose region is included within the boundaries; and the community college.
