INTRODUCTION

The enclosed materials contain fiscal year 2020 (July 1, 2019 through June 30, 2020) responses from Illinois' public Community College System to the *Asian American Employment Plan Survey* ([Public Act 097-0856](#)). The legislation requests that each community college provide an annual assessment of strategies and progress in the hiring and promotion of Asian American persons at supervisory, technical, professional and managerial levels.

Fiscal year 2020 is the ninth year that community colleges, public universities, and state agencies have been asked to furnish Asian American Employment Plans. The Illinois Community College System consists of 48 colleges that blanket the state and provide equal education, training, and employment opportunities to all individuals. A map of the System appears on the next page. College officials recognize that a diverse faculty, staff, and student body enriches and improves the educational environment for everyone. These reporting requirements allow colleges to provide additional information about their efforts to hire and promote individuals who are Asian American. The report compliments activities and initiatives that are described in the annual *Illinois Community College System Underrepresented Groups Report* which addresses legislative reporting requirements in the [Board of Higher Education Act](#) (Sec. 8. and Sec. 9.16). Underrepresented groups reporting aims to increase participation and achievement among students who are academically or financially at risk, including minorities, women, and individuals with disabilities, as well as first-generation students and low-income students. Other complementary initiatives are the *African American Employment Plan Survey* ([Public Act 096-1341](#)), the *Native American Employment Plan Survey* ([Public Act 101-0534](#)), the *Hispanic Employment Plan Survey*, and the *Bilingual Needs and Bilingual Pay Survey* ([Public Act 096-1286](#)). These surveys provide an annual assessment of initiatives and progress in hiring and promoting African Americans, Native Americans, and Hispanics at local community colleges. Recent editions of the *Underrepresented Groups Report* and the *African American, Asian American, Native American, and Hispanic Employment Plan Reports* are available on the [ICCB website](#).

The *Asian American Employment Plan Survey Report* begins with demographic information about the state of Illinois, and annual community college credit program enrollments, completions, and staffing. Then individual college responses to standardized surveys addressing components of the legislation are provided. These surveys were adapted from forms developed by the State of Illinois' Department of Central Management Services. The Illinois Board of Higher Education collects similar information for the public four-year universities.

MAP OF ILLINOIS COMMUNITY COLLEGES

DEMOGRAPHIC INFORMATION

This section of the report provides an overview of the race/ethnicity composition of the State of Illinois' population, students enrolled in community college credit programs, graduates, and college faculty and staff. Illinois census data are provided to offer an external reference point for reviewing Illinois Community College System information. Community college demographic data on credit students and completers are gathered from the colleges through the Annual Enrollment and Completion submissions (A1 and A2). Analyses about the race/ethnicity distribution of community college credit students for selected broad program areas (PCS) are included. Staffing data referenced in the following pages are from the Annual Faculty, Staff, and Salary submission (C3).

State of Illinois' Race/Ethnicity Distribution

State census data show that Illinois' population was 12.67 million in 2019 compared to 12.83 million in 2010, and 12.42 million in 2000 ([U.S. Census 2000 Illinois](#), [U.S. Census 2010](#), enter Illinois, and [2020 Index of Need](#) Table 1). These detailed Illinois census data indicate that the state's population grew 2.0 percent between 2000 and 2019. The state population, however, decreased 1.2 percent between 2010 and 2019. Illinois' 2019 census estimate shows that Whites/Caucasians remained the largest race/ethnicity group. However, minority populations were responsible for Illinois' overall population growth from 2000 to 2019, as the percent of Caucasians decreased from 73.5 percent to 70.9 percent of the population ([U.S. Census 2000 Illinois](#) and [2020 Index of Need](#) Table 1).

Minority populations were responsible for Illinois' overall population growth from 2000 to 2019.
--

The race/ethnicity data collection methodology changed for the 2000 census and continued in the 2019 census data. The 2019 census data showed that 2.1 percent of all Illinoisans identified themselves as two or more races. These individuals are included in the "Some Other Race**" column in [Table 1](#). The question on Hispanic ethnicity was asked independently from an individual's race beginning in 2000 and is reflected in the data in the table. These duplicated Hispanic population counts show substantial growth, from 1,530,262 in 2000 to 2,219,882 in 2019 ([U.S. Census 2000 Illinois](#) and [2020 Index of Need](#) Table 1).

Illinois' largest minority group in 2000 was African American and in 2019 was Hispanic. Compared to 2000, African American counts in 2019 decreased from 15.1 percent to 14.6 percent, whereas Asian American counts increased from 3.4 percent to 6.0 percent, Native American from 0.2 percent to 0.6 percent, and Hispanic from 12.3 percent to 17.5 percent.

Race/Ethnicity Distribution in Community College System Credit Programs

Overall in fiscal year 2020, minority students accounted for 47.4 percent of the individuals enrolled in credit coursework at Illinois community colleges whose ethnicity was known. Race/ethnicity classifications are aligned with U.S. Department of Education collection and reporting standards. Fiscal year 2020 data show that minority representation was similar to the prior year (fiscal year 2019 = 46.7 percent). Fiscal year 2020 results are above the five-year average (45.4 percent). Students identifying themselves as Hispanic students (now numbering 115,779) became the largest minority group in 2000, but became the second largest minority group in fiscal year 2012 behind African American students. In fiscal year 2015 through 2020, Hispanic students were again the largest minority group. African American students—58,717 in fiscal year 2020—constitute the second largest minority group in the latest data. Asian American students—23,434 in fiscal year 2020—constitute the third largest minority group enrolled in the Illinois Community College System. The fiscal year 2020 proportionate representation by Hispanic students was higher by one percentage point in comparison to the prior year (25.5 percent in fiscal year 2020 versus 24.5 percent in fiscal year 2019). The fiscal year 2020 African American student proportional representation was slightly lower in comparison to the prior year (12.9 percent in fiscal year 2020 versus 13.4 percent in fiscal year 2019). Over the longer term—over the past five years—a decrease in the Illinois Community College System’s minority enrollments was noted among students identifying themselves as Pacific Islander (-51.1 percent), Native American (-30.8 percent), African American (-27.9 percent), Asian American (-11.1 percent), and Hispanic (-3.9 percent), while an increase was noted among students identifying themselves as Nonresident Alien (23.1 percent) and Two or More Races (11.9 percent).

Asian American students—23,434 in fiscal year 2020—constitute the third largest minority group enrolled in the Illinois Community College System.

Student race/ethnicity representation varies across broad program areas (PCS). **Table 2** contains information about the race/ethnicity distribution of Adult Education [Adult Basic Education (ABE) and Adult Secondary Education (ASE)] and English-as-a-Second Language (ESL) enrollments. Minority students accounted for nearly three-fourths (72.6 percent) of the individuals enrolled in community college Adult Education coursework. In fiscal year 2020, Hispanic students accounted for over forty percent of Adult Education enrollments and African American students for nearly one-fourth of those enrollments (42.9 percent and 23.8 percent, respectively). Additionally, minority students accounted for about eight out of every ten (81.4 percent) individuals enrolled in community college ESL coursework during fiscal year 2020. Hispanic students accounted for

nearly two-thirds (63.7 percent) of the community college ESL students, followed by Asian American students (10.0 percent) and African American students (5.8 percent).

Table 3 provides the distribution of minority students enrolled in Transfer and Career and Technical Education (CTE) programs. During fiscal year 2020, minorities comprised nearly one-half (45.6 percent) of Transfer enrollees. An examination of each minority race/ethnicity group's representation across the Transfer program area indicates that Hispanic students accounted for the largest minority group enrollments (23.2 percent), followed by African American students (12.2 percent), Asian American students (5.6 percent), students of Two or More Races (3.3 percent), Nonresident Alien students (0.9 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). **Table 3** also shows that over one-third of students enrolled in CTE programs were members of a minority group (37.8 percent). Hispanic students also had the highest representation among minorities in CTE programs and accounted for 19.0 percent of the population. African American students had the second largest CTE program enrollment (11.7 percent), followed by Asian American students (4.0 percent), students of Two or More Races (2.3 percent), Nonresident Alien students (0.5 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent).

The following section of the report supplies information about the race/ethnicity characteristics of students who graduated in fiscal year 2020. It provides a point-in-time or cross-cutting count of the number of degrees and certificates awarded to minority students within the Illinois Community College System during fiscal year 2020.

Minority students accounted for 44.3 percent of Transfer graduates, compared to 37.8 percent of all CTE graduates.

Table 4 shows that during fiscal year 2020, similar numbers of minority graduates completed CTE degrees and certificates (N = 13,197) as Transfer degrees and certificates (N = 12,485). Minority

students accounted for 44.3 percent of Transfer graduates, compared to 37.8 percent of all CTE graduates. The majority of the Transfer credentials earned by minorities was Associate in Arts degrees (44.8 percent, N = 5,593), while 36.4 percent (N = 4,550) was the General Education Core Curriculum (GECC) Credentials. Hispanic students accounted for the largest group of Transfer minority graduates (25.7 percent), followed by African American students (9.8 percent), Asian American students (4.9 percent), students of Two or More Races (2.8 percent), Nonresident Alien students (0.9 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2020 proportional representation of the Asian American Transfer graduates (4.9 percent) was higher by 0.3 percentage points from the prior year (4.6 percent). Hispanic students accounted for the largest minority group for completions in CTE programs (19.3 percent), followed by African American students (11.7 percent), Asian American students (3.8 percent), students of Two or More Races (2.1 percent), Nonresident Alien students (0.6 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2020 proportional representation of the Asian American CTE program graduates (3.8 percent) was lower by 0.1 percentage points from fiscal year 2019 (3.9 percent).

Faculty, staff, administrators, and board members at each community college accept the responsibility of meeting the needs and demands of the area community and their constituents. To thrive in the competitive higher education marketplace, community colleges have adopted a strong customer and community focus. Hence, the colleges continue striving to reflect the communities in which they are located.

SOURCE OF DATA: ICCB Centralized Data System—Annual Faculty, Staff, and Salary (C3) Data and the Asian American Employment Plan Survey.

An important component of the Asian American Employment Plan Report is identifying the Community College District Utilization Rate for Asian American employees. It was calculated as each college's percentage of overall Asian American district population (16 years and older) minus the percentage of Asian American faculty and staff [tenured faculty/officials and managers (including executive and administrative positions); non-tenured faculty (including adjunct faculty); professional staff/protective service workers; office and clerical/ paraprofessionals; and service maintenance employment classifications] at each community college. A negative utilization rate demonstrates underrepresentation of Asian Americans in the workforce. Please see Table 6, Table 7, and Table 8 for detailed information.

The following pages contain the responses from the Illinois Community College System to the Asian American Employment Plan Survey ([Public Act 097-0856](#)). College responses appear in alphabetical order by college name. Information was collected on Asian American employees, funded positions, and Asian American employment initiatives at Illinois community colleges.

Asian American Employment Plan Survey (HB 4510/P.A. 97-0856) Fiscal Year 2020

Public Act 97-0856 requires community colleges (and public universities) to annually report to the legislature their progress on efforts to hire and promote Asian American faculty, administrative staff, and bilingual persons at state colleges and universities. This report is required as part of the larger State Asian American Employment Plan to improve the delivery of state services to Asian Americans by increasing the number of Asian American state employees serving in supervisory, technical, professional, and managerial positions.

Black Hawk College

Is your institution an Asian American and Native American Pacific Islander-Serving Institution (AANAPISI) with 10% or more of the students classified as Asian American or Native American Pacific Islander students, enabling the institution to apply for Title III grants?

No

As of June 30, 2020, provide the number of faculty up for tenure at your institution:

	Total that received tenure	Total that did not receive tenure	Total Asian American faculty that received tenure	Total Asian American faculty that did not receive tenure
Total #	2	9	0	0

As of June 30, 2020, provide the number of faculty that separated or left the community college (retired or resigned):

	Total #

The College proactively targets diversity job seekers through several methods. One method is increasing posting at diversity oriented specialty web sites for example, minorityfinancejobs.com and Asiansinhighered.com. In addition, we use diversity and inclusion emails to target self-identified candidates through HigherEdJobs.com to widen out our reach into the diversity population. We also post every position in sites included in the Professional Diversity Network which reaches multiple diversity oriented web sites.

The College utilizes applicant tracking demographic data to evaluate the diversity recruitment of applicant pools. Recruitment strategies are developed for groups that are underrepresented. Exit interviews and turnover reports are conducted to obtain information for identifying actions necessary for improvement.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The College has implemented new minimum diversity standards for applicant pool diversity and interview diversity. The diversity of the applicant pool must be a minimum of 15% diverse prior to the applicant pool being released. The applicants selected for interviews must be a minimum of 15% diverse. Exception process requires justification and approval, for example, how long was the pool open, what efforts were made to increase the diversity and why a request for an exception vs. a failed search.

The College implemented new search committee training and guidelines which includes training on hidden biases and cultural competency. The College has also included welcoming language on job postings and ads to highlight our commitment to diversity and inclusion. Search committee members serving on hiring committee must be committed to diversity, equity and inclusion in order to advance the College's Strategic Plan. The strategic plan addresses equity and diversity in hiring, retention, talent management and compensation and benefit practices.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

The Harper College Diversity and Inclusion Scorecard is a management accountability tool developed to support the institution's ongoing mission of fostering campus inclusion. The scorecard is comprised of four categories: Recruitment and Advancement, Retention, Service and Professional Development, and Student Opinion and Satisfaction – each of which is outlined in the operational definitions. These metrics while not exhaustive provide insight into areas in which the greatest impact can be made in creating a more inclusive campus both for employees and students.

At present, reports are given to the Board of Trustees regarding recruitment but these are informational only.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The college will continue to advertise in diversity-specific venues to attract Asian-American applicants. The college will also continue to mandate training classes for all employees who plan to participate in supervisory, faculty or administrator searches so that they can be educated on diversity issues, legal compliance and cultural competency in the hiring process. Continually review and update the College Website to continue to create a more welcoming environment and to encourage individuals from under-represented groups to apply. Continue to maintain and expand the Diverse Faculty Fellow program to increase the number of individuals from underrepresented groups who become employees.

Many strategies have been put in place to raise achievement levels of all students. Examples of those initiatives include closer curriculum alignment work with our district high schools, multiple measures for placement, developmental education reform, creation of a first-year seminar course, and a new case management academic advising approach. With our new case management advising model (implemented in FY18) all new degree-seeking students are assigned an advisor upon entry who stays with that student until completion. The advisor helps the student to develop a semester-by-semester academic plan to meet his/her intended goals and serves as a point person to guide the student through his/her Harper experience. The College provides programs such as Summer Launch, One Million Degrees and the Women's Program. All are targeted at assisting populations of traditionally underrepresented students including low-income, first-generation and minority students. Each program provides additional supports and financial assistance to students participating in those programs. The College has emergency funds available to all students, as well as Hawks Care resources -- free food, personal hygiene supplies, school supplies, lunch/grocery/gas cards and other resources. Lastly, the College provides Asian students the opportunity to engage through our Indian Pakistani Student Club.

Work of the previously convened presidential task force on diversity and inclusion continued during FY20. Employment gaps for minority populations as related to the district population and student population were identified. An objective to increase multicultural equity among diverse student and employee populations was advanced as part of an EDI Scorecard.

The College is establishing an Assistant to the President for Equity, Diversity, and Inclusion position to further support efforts. This position will work collaboratively with HR staff to identify, monitor, and report on data related to closing this employment gap.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

At the highest level, work is being done to establish Equity, Diversity and Inclusion as an institutional priority. More specifically, we can focus on broadly posting job opportunities to reach diverse populations, including potential Asian American candidates. As appropriate, this could include advertising positions on diversity-oriented online job boards and websites. Applicant review team members receive training related to fair and equitable hiring practices. Additional in depth bias-related training could be incorporated to help ensure that applicants are advancing proportionally through the recruitment process. Strategies for retention can be further developed.

Outcomes of the presidential task force on diversity and inclusion include the establishment of an EDI

scorecard, with a goal to identify and reduce barriers to access and equity for traditionally underrepresented students. This ties closely with ongoing work of the College's strategic enrollment management team.

The College continues to create and participate in trainings, programs, and events that support diversity and inclusion. These experiences are being collected and organized across campus through the ALL-INclusive initiative.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

The college conducted a cultural climate survey in SP 2019 to gather information from staff, faculty and students. This survey was used to develop the current DEI plan in which goals and objectives were formulated to address feedback from the survey. The college periodically conducts the PACE survey, most recently in SP2020. The College routinely runs metric reports which monitor applicant yield, provides demographic information on hiring/retention and helps shape initiatives and recruitment strategies.

To ensure a fair and equitable hiring process for all candidates, HR staff, as well as administrators and other hiring personnel receive "search committee" training prior to serving in a hiring (or recommendations) capacity. In this training, the college's commitment statements towards affirmative action, EEO, diversity and inclusion are discussed.

As a hiring manager is preparing for a search, they consult with the HR Employment Team who will assist in establishing the recruitment and/or advertising plan. The college has implemented very consistent evaluation tools such as a screening matrix and train the hiring personnel how to appropriately use the tools. If there are instances where the integrity of the search is compromised in any manner the search may be extended, candidate may be reexamined or the search may be canceled. The importance of the College's DEI plan is stressed to all managers and is to be utilized when conducting any search.

Additionally, exit interviews are conducted with HR and the exiting employee.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Both Human Resources and the President's Diversity & Inclusion Council are tasked with addressing any areas of underutilization of minority groups within faculty and staff classifications. Efforts to address underutilization include using targeted recruitment sources, attending diversity fairs, hosting inclusion events open to JJC and the public as well as other initiatives as directed by the College. Additionally, Human Resources analyzes all recruitment efforts regularly, measuring effectiveness of initiatives. These measurements include comparative analysis of minority applications/hires between fiscal years, turnover/retention metrics, application yield from recruitment sources and any other measurement that provides useful information for recruitment.

Are there other initiatives in place to help provide for promotion of Asian American employees to report for your institution?

No

This section of the survey will list specific initiatives and focus on what your institution has undertaken to further comply with the State of Illinois Asian American Employment Plan.

Please describe any strategies that your institution is developing to meet the increasing numbers and need of Asian languages speaking students and public that may want access to your institution.

Strategies in development currently to meet the increasing numbers and need of our minority students and our community include, but are not limited to, the following: Humanities and Social Sciences faculty are presently developing a 3-credit hour Equity, Diversity, and Inclusion course available to all students in the Fall 2021. Instructors wishing to teach the course will participate in extensive professional development.

This course will be included in the Black Studies Associate in Arts Program (BSP) also presently in development and set to begin with an initial cohort of 24 students in the Fall 2021. Students enrolled in the initial cohort will have a dedicated faculty mentor, advisor, and peer mentor and will receive the technology needed to succeed in their coursework. We are hopeful that these and the re-design of all college courses to infuse elements of EDI will also help us to attract educators of color so that our students and our community will see more instructors on campus who resemble the students we teach. Additionally, representatives from Student Affairs and Academic Affairs have partnered in the creation of a peer mentor program for underserved campus populations, including Black males, which will begin in the Fall 2021.

The college has also received grant funds through our Foundation for the creation of an English and Math Summer Bridge Program for Black males, which will be launched in the Summer 2021 term. The Miner Memorial Library has been building its collection of and will create a dedicated home for titles relevant to multiculturalism. These will be available to the entire community. Plans are under way, as well for an

evening lecture series hosted by various faculty on issues currently affecting our community and the nation. Our President has recently assembled an EDI Advisory Council of community members and KCC staff and faculty to address issues of EDI on our campus. And, finally, the college hired an EDI Coordinator last year who is presently spearheading the construction of an EDI Center on campus for all students. She has been instrumental, as well, in developing course content to be delivered in our First Year Experience course.

While we are a rural college and do still have a need to advertise in local newspapers, the College has expanded recruiting to increase our candidate pool and be more effective with diversity hiring. As newspaper readership has declined and minority candidates utilize newspapers less than Caucasian readers, the College has utilized other resources such as using Indeed.com, posting vacancies on the College web site, on bulletin boards at the College and distributing information to community partners. Additionally the College has begun to utilize the Illinois Job Network and Higher Ed Jobs. These resources are widely used by Illinois job seekers and help to promote diversity searches.

The college continues to utilize PeopleAdmin, a computer generated software program designed for Higher Education that encourages self-identification of all applicants regarding race. Additionally, the College has an HR Recruiting Specialist, whose primary focus is to seek efficiencies in the employment process, including but not limited to seeking to enhance diversity. The Specialist reviews the minority representation of applicant pools and carefully reviews the credentials of all the Asian American applicants who meet the minimum requirements of the position for which the prospective employee applied. All such applicants are specifically defined as minority applicant for the viewing of all hiring committee members prior to the interview process. Qualified and reviewed minority applicants are all referred to hiring committee chairs by the Recruiting Specialist when appropriate.

The HR Recruiting Specialist is responsible for reviewing all open postings. She then assesses all minority applicants who meet minimum requirements of the position and makes recommendations for interview to the HR Director and or hiring committee chairs when appropriate.

As noted above, surveys for monitoring the recruitment and retaining of Asian American employees exists through software utilized by the HR Recruiting Specialist. The College does not currently engage campus-wide committees that study or monitor the recruitment or retaining of such employees. However, the College is currently undergoing executive level discussions on re-structuring that involve the creation of a high-level position that will lead in Diversity and Inclusion initiatives across student and employee frameworks on campus. Enhancing the recruitment and retainment process of minority employees would certainly be a key function of any such new position that the College considers with the expectation that additional resources to do so would be made available.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The composition of the College district is represented by approximately 1% Asian American. As such, the College continues to maintain an interest in increasing representation of Asian American employees throughout all divisions of our workforce in order to, at minimum, meet those comparison benchmarks within our workforce. Currently, the College's workforce consists of representative percentages that either meet or exceed at these levels.

Most of the College's job openings are posted via PeopleAdmin; this links all of our postings to Indeed, Glassdoor, Simplyhired and Zip Recruiter as well as diversifying the College brand and job openings across multiple social media platforms so that we not only casting a regional, bi-state net, but in some cases we are also casting a nationwide net for positions on campus. Our Human Resource Recruiting Specialist notifies the hiring committee chairperson of all qualified applicants and further details any applicants who self-identify as Asian American. These applicants' applications are carefully considered by the search committee. Inclusion is valued among campus faculty, staff and students as evidenced by the results of the recent survey on diversity and inclusion which indicates that over 94% of respondents describe the L&C campus as very inclusive. The Human Resources department is actively engaged in seeking best practices from other institutions that utilize other recruiting platforms and software programs to attract more Asian-American candidates.

The College is actively considering the addition of an elevated position within the leadership structure that focuses on the recruitment and retainment of minority employees on both the academic and support side of the institution. In addition to concentrating on enhancing the current structure focused on D&I initiatives, the College will ideally be considering the diversification of budget and resources to supplement in this area.

Non-High School Partnership Enrollment by Race (Fall 2016 to Fall 2020)

Not including Lewis and Clark Community College's high school partnership enrollment numbers, IPEDS enrollments by ethnicities are decreasing. African American students represent 8.9% of the total enrollment, down 1.9% over last fall. Asian enrollment represent 16 students of the total enrollment. This represents an decrease over the previous year.

Fall to Fall Retention – Degree Seeking Students

Since 2010, Lewis and Clark has pursued initiatives related to an ongoing institutional goal to increase access, retention and completion of Hispanic American, Asian and African American students. Certain initiatives have made a positive impact:

Community recruitment of students by African American Enrollment staff;

Work Study employment;

Support services including tutoring, financial aid assistance, food pantry, library research, career services, and activities offered through the Diversity and Inclusion office.

In general, the more engagement of students with any of these support services positively effects retention.

- Lewis and Clark Community College demographics continue to show very small populations of Asian American/Latino American students or representation in the District's population. The college's institutional goal of increasing access, support, retention and completion focuses on all students.

- The College's Diversity Council annually includes programming to focus on Asian American/Latino American cultures.

- The Office of Diversity and Inclusion, provides referral to community services and on campus services, recruits and assists in the enrollment of minority students and consults with faculty and staff.

LLCC has six main goals. The first of which is student access and success. Success metrics such as credit hour accumulation, gateway course completion, etc. have been reviewed and disaggregated. The college is

focusing on closing equity gaps where such gaps exist for students of color and low-income students. Specific strategies to address these gaps will be included in the annual FY22 planning and budgeting cycle as well as in the forthcoming updated Five Year Strategic Plan.

LLCC has received grant funding to develop the Workforce Equity Initiative which targets low-income and minority students. This program provides free training in programs like Truck Driver Training, Nurse Assistant, Phlebotomy Tech, Medical Assisting, Pharmacy Tech, Central Sterile Tech, Emergency Medical Technician, Welding and Automotive Technology. Students receive weekly training stipends and wrap-around support/case management while in the program. Upon program completion, students are connected with employment opportunities.
