## INTRODUCTION

---

The enclosed materials contain fiscal year 2022 (July 1, 2021 through June 30, 2022) responses from Illinois' public Community College System to the *Asian American Employment Plan Survey* ([Public Act 097-0856](#)). The legislation requests that each community college provide an annual assessment of strategies and progress in the hiring and promotion of Asian American persons at supervisory, technical, professional and managerial levels.

Fiscal year 2022 is the eleventh year that community colleges, public universities, and state agencies have been asked to furnish Asian American Employment Plans. The Illinois Community College System consists of 48 colleges that blanket the state and provide equal education, training, and employment opportunities to all individuals. A map of the System appears on the next page. College officials recognize that a diverse faculty, staff, and student body enriches and improves the educational environment for everyone. These reporting requirements allow colleges to provide additional information about their efforts to hire and promote individuals who are Asian American. The report compliments activities and initiatives that are described in the annual *Illinois Community College System Underrepresented Groups Report* which addresses legislative reporting requirements in the [Board of Higher Education Act](#) (Sec. 8. and Sec. 9.16). Underrepresented groups reporting aims to increase participation and achievement among students who are academically or financially at risk, including minorities, women, and individuals with disabilities, as well as first-generation students and low-income students. Other complementary initiatives are the *African American Employment Plan Survey* ([Public Act 096-1341](#)), the *Native American Employment Plan Survey* ([Public Act 101-0534](#)), the *Hispanic Employment Plan Survey*, and the *Bilingual Needs and Bilingual Pay Survey* ([Public Act 096-1286](#)). These surveys provide an annual assessment of initiatives and progress in hiring and promoting African Americans, Native Americans, and Hispanics at local community colleges. Recent editions of the *Underrepresented Groups Report* and the *African American, Asian American, Native American, and Hispanic Employment Plan Reports* are available on the [ICCB website](#).

The *Asian American Employment Plan Survey Report* begins with demographic information about the state of Illinois, and annual community college credit program enrollments, completions, and staffing. Then individual college responses to standardized surveys addressing components of the legislation are provided. These surveys were adapted from forms developed by the State of Illinois' Department of Central Management Services. The Illinois Board of Higher Education collects similar information for the public four-year universities.

## DEMOGRAPHIC INFORMATION

---

This section of the report provides an overview of the race/ethnicity composition of the State of Illinois' population, students enrolled in community college credit programs, graduates, and college faculty and staff. Illinois census data are provided to offer an external reference point for reviewing Illinois Community College System information. Community college demographic data on credit students and completers are gathered from the colleges through the Annual Enrollment and Completion submissions (A1 and A2). Analyses about the race/ethnicity distribution of community college credit students for selected broad program areas (PCS) are included. Staffing data referenced in the following pages are from the Annual Faculty, Staff, and Salary submission (C3).

### State of Illinois' Race/Ethnicity Distribution

State census data show that Illinois' population was 12.67 million in 2021 compared to 12.81 million in 2020, 12.83 million in 2010, and 12.42 million in 2000 ([U.S. Census 2000 Illinois](#), [U.S. Census 2010](#), enter Illinois, [U.S. Census 2020 Illinois](#), and [2022 Index of Need](#) Table 1). These detailed Illinois census data indicate that the state's population grew 2.0 percent between 2000 and 2021. The state population, however, decreased 1.2 percent between 2010 and 2021, and 1.1 percent between 2020 and 2021. Illinois' 2021 census estimate shows that Whites/Caucasians remained the largest race/ethnicity group. However, minority populations were responsible for Illinois' overall population growth from 2000 to 2021, as the percent of Caucasians decreased from 73.5 percent to 70.3 percent of the population ([U.S. Census 2000 Illinois](#), [U.S. Census 2020 Illinois](#), and [2022 Index of Need](#) Table 1).

Minority populations were responsible for Illinois' overall population growth from 2000 to 2021.
--

The race/ethnicity data collection methodology changed for the 2000 census and changed again for the 2020 census. The 2021 state census data showed that 2.2 percent of all Illinoisans identified themselves as two or more races. These individuals are included in the "Some Other Race\*\*" column in **Table 1**. The question on Hispanic/Latino ethnicity was asked independently from an individual's race beginning in 2000 and is reflected in the 2021 data in the table. These duplicated Hispanic/Latino population counts show substantial growth, from 1,530,262 in 2000 to 2,282,133 in 2021 ([U.S. Census 2000 Illinois](#) and [2022 Index of Need](#) Table 1).

Illinois' largest minority group in 2000 was African American and in 2021 was Hispanic/Latino. Compared to 2000, African American counts in 2021 decreased from 15.1 percent to 14.7 percent, whereas Asian American counts increased from 3.4 percent to 6.2 percent, Native American from 0.2 percent to 0.6 percent, and Hispanic/Latino from 12.3 percent to 18.0 percent.

**Race/Ethnicity Distribution in Community College System Credit Programs**

Overall in fiscal year 2022, minority students accounted for 48.7 percent of the individuals enrolled in credit coursework at Illinois community colleges whose ethnicity was known. Race/ethnicity classifications are aligned with U.S. Department of

Asian American students—20,945 in fiscal year 2022—constitute the third largest minority group enrolled in the Illinois Community College System.

Education collection and reporting standards. Fiscal year 2022 data show that minority representation increased from the prior year (fiscal year 2021 = 46.7 percent). Fiscal year 2022 results are above the five-year average (47.0 percent). Students identifying themselves as Hispanic students (now numbering 100,600) became the largest minority group in 2000, and have been each year since, except in fiscal year 2012, when African American students were the largest minority group. African American students—47,952 in fiscal year 2022—constitute the second largest minority group in the latest data. Asian American students—20,945 in fiscal year 2022—constitute the third largest minority group enrolled in the Illinois Community College System. The fiscal year 2022 proportionate representation by Hispanic students was higher in comparison to the prior year (26.4 percent in fiscal year 2022 versus 24.9 percent in fiscal year 2021). The fiscal year 2022 African American student proportional representation was slightly higher in comparison to the prior year (12.6 percent in fiscal year 2022 versus 12.2 percent in fiscal year 2021). Over the longer term—over the past five years—a decrease in the Illinois Community College System’s minority enrollments was noted among students identifying themselves as Pacific Islander (-34.5 percent), African American (-28.5 percent), Nonresident (-19.6 percent), Asian American (-14.8 percent), Hispanic (-13.9 percent), Native American (-13.2 percent), and Two or More Races (-4.7 percent).

Student race/ethnicity representation varies across broad program areas (PCS). **Table 2** contains information about the race/ethnicity distribution of Adult Education [Adult Basic Education (ABE) and Adult Secondary Education (ASE)] and English-as-a-Second Language (ESL) enrollments. Minority students accounted for three-fourths (75.2 percent) of the individuals enrolled in community college Adult Education coursework. In fiscal year 2022, Hispanic students accounted for nearly fifty percent of Adult Education enrollments and African American students for one-fifth of those enrollments (48.3 percent and 20.7 percent, respectively). Additionally, minority students accounted for approximately five out of every six (84.5 percent) individuals enrolled in community college ESL coursework during fiscal year 2022. Hispanic students accounted for

nearly two-thirds (65.3 percent) of the community college ESL students, followed by Asian American students (9.5 percent) and African American students (5.7 percent).

**Table 3** provides the distribution of minority students enrolled in Transfer and Career and Technical Education (CTE) programs. During fiscal year 2022, minorities comprised nearly one-half (45.6 percent) of Transfer enrollees. An examination of each minority race/ethnicity group’s representation across the Transfer program area indicates that Hispanic students accounted for the largest minority group enrollments (23.5 percent), followed by African American students (11.6 percent), Asian American students (6.0 percent), students of Two or More Races (3.4 percent), Nonresident students (0.8 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent). **Table 3** also shows that two-fifths of students enrolled in CTE programs were members of a minority group (40.0 percent). Hispanic students also had the highest representation among minorities in CTE programs and accounted for 20.5 percent of the population. African American students had the second largest CTE program enrollment (11.6 percent), followed by Asian American students (4.3 percent), students of Two or More Races (2.6 percent), Nonresident students (0.6 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent).

The following section of the report supplies information about the race/ethnicity characteristics of students who graduated in fiscal year 2022. It provides a point-in-time or cross-cutting count of the number of degrees and certificates awarded to minority students within the Illinois Community College System during fiscal year 2022.

Asian American Employment Plan Report  
Fiscal Year 2022

Minority students accounted for 42.7 percent of Transfer graduates, compared to 39.3 percent of all CTE graduates.

**Table 4** shows that during fiscal year 2022, more minority graduates completed CTE degrees and certificates (N = 14,127) than Transfer degrees and certificates (N = 11,139). Minority students

accounted for 42.7 percent of Transfer graduates, compared to 39.3 percent of all CTE graduates. The majority of the Transfer credentials earned by minorities was Associate in Arts degrees (50.6 percent, N = 5,635), while 29.0 percent (N = 3,227) was the General Education Core Curriculum (GECC) Credentials. Hispanic students accounted for the largest group of Transfer minority graduates (24.3 percent), followed by African American students (8.9 percent), Asian American students (5.1 percent), students of Two or More Races (3.2 percent), Nonresident students (0.9 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2022 proportional representation of the Asian American Transfer graduates (5.1 percent) was higher by 0.3 percentage points from the prior year (4.8 percent). Hispanic students also accounted for the largest minority group for completions in CTE programs (20.6 percent), followed by African American students (11.1 percent), Asian American students (4.0 percent), students of Two or More Races (2.7 percent), Nonresident students (0.5 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2022 proportional representation of the Asian American CTE program graduates (4.0 percent) was lower by 0.1 percentage points from fiscal year 2021 (4.1 percent).

In fiscal year 2022, Asian American faculty and staff accounted for 4.0 percent of tenured faculty/officials and managers, 4.0 percent of non-tenured faculty, 3.5 percent of professional staff/protective service workers, 3.8 percent of office and clerical/paraprofessionals, and 1.3 percent of service maintenance employees. **Figure 1** shows the Asian American employee counts in comparison to the White employee counts at Illinois Community Colleges in fiscal year 2022.

Faculty, staff, administrators, and board members at each community college accept the responsibility of meeting the needs and demands of the area community and their constituents. To thrive in the competitive higher education marketplace, community colleges have adopted a strong customer and community focus. Hence, the colleges continue striving to reflect the communities in which they are located.

An important component of the Asian American Employment Plan Report is identifying the Community College District Utilization Rate for Asian American employees. It was calculated as each college’s percentage of overall Asian American district population (16 years and older) minus the percentage of Asian American faculty and staff [tenured faculty/officials and managers (including executive and administrative positions); non-tenured faculty (including adjunct faculty); professional staff/protective service workers; office and clerical/ paraprofessionals; and service maintenance employment classifications] at each community college. A negative utilization rate demonstrates underrepresentation of Asian Americans in the workforce. Please see Table 6, Table 7, and Table 8 for detailed information.

The following pages contain the responses from the Illinois Community College System to the Asian American Employment Plan Survey ([Public Act 097-0856](#)). College responses appear in alphabetical order by college name. Information was collected on Asian American employees, funded positions, and Asian American employment initiatives at Illinois community colleges.

At the highest level, the College has adopted a revised Strategic Plan that explicitly establishes Equity, Diversity, and Inclusion (EDI) within the College's Values Statements: "We create a collegial and welcoming culture by taking collective responsibility in the creation, protection, and enhancement of an equitable, diverse, and inclusive campus community." Additionally, the College established a priority to "Create and model a systemic culture of equity, diversity, and inclusion," with related goals to 1.) Reduce barriers to access and equity. 2.) Model antiracist practices within and beyond the college community. 3.) Increase the percentage of employees and students participating in EDI oriented professional development, social awareness, and community engagement opportunities. This revision to the Strategic Plan will inform the culture and practices of the College moving forward.

More specifically, we can focus on broadly posting job opportunities to reach diverse populations, including Asian American candidates, and then reducing any bias that impacts how applicants progress throughout the review/interview/hiring stages. As appropriate, this could include advertising positions on diversity-oriented online job boards and websites. This also includes sharing job opportunities with those affiliated with local diversity focused groups (for example, McLean County India Association). Applicant review team members receive training related to fair and equitable hiring practices and bias-related training to help ensure that applicants are advancing proportionally through the talent acquisition process. Strategies for retention of diverse employees can be further developed.

**This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.**

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

The college conducted a cultural climate survey in SP 2019 to gather information from staff, faculty and students. This survey was used to develop the current DEI plan in which goals and objectives were formulated to address feedback from the survey. The college periodically conducts the PACE survey, most recently in SP2020, SP2021, and SP2022, utilizing the diversity subscale questionnaires during the past three surveys. The College routinely runs metric reports which monitor applicant yield, provides demographic information on hiring/retention and helps shape initiatives and recruitment strategies.

To ensure a fair and equitable hiring process for all candidates, HR staff, as well as administrators and other hiring personnel receive "search committee" training prior to serving in a hiring (or recommendations) capacity. In this training, the College's commitment statements towards affirmative action, EEO, diversity and inclusion are discussed.

As a hiring manager is preparing for a search, they consult with the Talent Acquisition Team who will assist in establishing the recruitment and/or advertising plan. The college has implemented very consistent evaluation tools and train the search/hiring individuals how to appropriately use the tools. If there are instances where the integrity of the search is compromised in any manner the search may be extended, candidate may be reviewed by a member of the HR team, or the search may be canceled.

The importance of the College's DEI plan is stressed to all managers and is to be utilized when conducting any search.

Additionally, exit interviews are conducted with HR and the exiting employee. Attrition is analyzed collectively and individually and shared with key leaders.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

For 2021/2022/2023, Develop and implement outreach campaigns and recruitment strategies targeting minority populations. Developing a marketing strategy to increase JJC employment brand awareness. Incentive recruitment/referral program for employees

For 2021/2022/2023, Collaboration with hiring managers and faculty on efforts to draw diverse talent.

Leverage internal relationships with Student Services and Career Services for targeted outreach campaigns with HBCU and HSI; connect with local chamber of commerce, economic development groups, churches and non profit groups serving populations with disabilities, women and veterans. Leverage targeted distribution lists, associations and targeted journals for targeted recruiting.

Additionally, Human Resources and the Office of DEI analyze all DEI efforts regularly, measuring

effectiveness of initiatives and key performance indicators. These measurements include comparative analysis of minority applications/hires between fiscal years, turnover/retention metrics, application yield from recruitment sources and any other measurement/assessment tools that provides useful information for recruitment and retention.

While we are a rural college and do still have a need to advertise in local newspapers, the College has expanded recruiting to increase our candidate pool and be more effective with diversity hiring. As newspaper readership has declined and minority candidates utilize newspapers less than Caucasian readers, the College has utilized other resources such as using Indeed.com, posting vacancies on the College web site, on bulletin boards at the College and distributing information to community partners. Additionally the College has begun to utilize the Illinois Job Network and Higher Ed Jobs. These resources are widely used by Illinois job seekers and help to promote diversity searches.

The college continues to utilize PeopleAdmin, a computer generated software program designed for Higher Education that encourages self-identification of all applicants regarding race. Additionally, the College has an HR Onboarding Specialist, whose primary focus is to seek efficiencies in the employment process, including but not limited to seeking to enhance diversity. The Specialist reviews the minority representation of applicant pools and carefully reviews the credentials of all the Asian applicants who meet the minimum requirements of the position for which the prospective employee applied. All such applicants are specifically defined as minority applicant for the viewing of all hiring committee members prior to the interview process. Qualified and reviewed minority applicants are all referred to hiring committee chairs by the Onboarding Specialist when appropriate.

The HR Onboarding Specialist is responsible for reviewing all open postings. She then assesses all minority applicants who meet minimum requirements of the position and makes recommendations for interview to the HR Director and or hiring committee chairs when appropriate.

As noted above, surveys for monitoring the recruitment and retaining of Asian employees exists through software utilized by the HR Onboarding Specialist. The College does not currently engage campus-wide committees that study or monitor the recruitment or retaining of such employees. However, the College is currently undergoing executive level discussions on re-structuring that involve the creation of a high-level position that will lead in Diversity and Inclusion initiatives across student and employee frameworks on campus. Enhancing the recruitment and retainment process of minority employees would certainly be a key function of any such new position that the College considers with the expectation that additional resources to do so would be made available.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The composition of the College district is represented by approximately 1% Asian-American. As such, the College continues to maintain an interest in increasing representation of Asian-American employees throughout all divisions of our workforce in order to, at minimum, meet those comparison benchmarks within our workforce. Currently, the College's workforce consists of representative percentages that either meet or exceed at these levels.

Most of the College's job openings are posted via PeopleAdmin; this links all of our postings to Indeed, Glassdoor, Simplyhired and Zip Recruiter as well as diversifying the College brand and job openings across multiple social media platforms so that we not only casting a regional, bi-state net, but in some cases we are also casting a nationwide net for positions on campus. Our Human Resource Onboarding Specialist notifies the hiring committee chairperson of all qualified applicants and further details any applicants who self-identify as Asian American. These applicants' applications are carefully considered by the search committee. Inclusion is valued among campus faculty, staff and students as evidenced by the results of the recent survey on diversity and inclusion which indicates that over 94% of respondents describe the L&C campus as very inclusive. The Human Resources department is actively engaged in seeking best practices from other institutions that utilize other recruiting platforms and software programs to attract more Asian-American candidates.

The College is actively considering the addition of an elevated position within the leadership structure that focuses on the recruitment and retainment of minority employees on both the academic and support side of the institution. In addition to concentrating on enhancing the current structure focused on D&I initiatives, the College will ideally be considering the diversification of budget and resources to supplement in this area.

Not including Lewis and Clark Community College's high school partnership enrollment numbers, IPEDS enrollments by ethnicities are decreasing.

Since 2010, Lewis and Clark has pursued initiatives related to an ongoing institutional goal to increase access, retention and completion of Hispanic American, Asian and African American students. Certain initiatives have made a positive impact:

Support services including tutoring, financial aid assistance, food pantry, library research, career services, and activities offered through the Diversity and Inclusion office.

In general, the more engagement of students with any of these support services positively effects retention.
