

Illinois Community College Board

**FISCAL YEAR 2014 SPRING ENROLLMENT REPORT**  
**Headcount and Full-time Equivalent (FTE) Both Down from Last Year.**  
**FTE Remains Strong by Historical Standards.**

Community colleges report opening Spring term enrollment figures to the Illinois Community College Board using a brief web based survey. These figures reflect student enrollments as of the end of registration for the Spring 2014 semester – usually the 10th day of the term.

Overall, short term statewide results of the fiscal year 2014 Spring enrollment survey show decreases from last year. Compared to the same term one year ago, statewide Spring 2014 headcount enrollments and full-time equivalent (FTE) enrollments both decreased. FTE figures reflect the total number of credit hours being taken by students divided by 15 – the number of semester hours traditionally considered a full-time class load. The Spring 2014 semester headcount was 341,933 compared to 366,618 last year (a headcount decrease of 24,685 or -6.7 percent). The latest FTE count was 192,383 compared with 206,196 a year ago (an FTE decrease of 13,813 or -6.7 percent). While Spring enrollment is down, Illinois community colleges continue to increase the number of graduates annually. With 69,036 earned collegiate-level degrees and certificates, fiscal year 2013 again set an all time high in the number of graduates from the Illinois Community College System.

Table 1 contains comparative statewide Spring tenth-day enrollments for the last five years. **The latest Spring enrollments are lower than they have been for more than a decade.** While down from recent record levels, Spring 2014 FTE enrollments are at the ninth highest level since collection of a separate Spring opening enrollment survey began in 1974. Figure 1 on the next page illustrates a comparison of headcount and FTE trends from 2010 - 2014.

Table 1  
 SUMMARY OF OPENING SPRING ENROLLMENTS IN  
 ILLINOIS PUBLIC COMMUNITY COLLEGES FROM 2010 TO 2014

	<b>Spring 2010</b>	<b>Spring 2011</b>	<b>Spring 2012</b>	<b>Spring 2013</b>	<b>Spring 2014</b>

Figure 1  
Opening Spring Enrollment Trends in Illinois  
Public Community Colleges from 2010 to 2014

Table 2 provides a comparison of fiscal year 2010 through fiscal year 2014 Spring headcount enrollments for each community college. Among the 48 community colleges, since last year headcount increases were reported at only 3 colleges (1.0 percent or higher). Forty-three colleges saw decreases (1.0 percent or more) compared to last year. Two colleges reported little or no change (less than 1.0 percent) versus last year. Longer term, statewide headcount enrollments were down 12.2 percent compared to Spring 2010.

Table 3 contains a comparison of full-time equivalent (FTE) enrollments for the same five-year period. Compared to last year, Spring 2014 FTE increases were reported by only 3 colleges and decreases by 45 colleges, and zero colleges indicated little or no change. Longer term, statewide FTE enrollments were down 14.1 percent compared to Spring 2010.

Table 4 provides fiscal year 2010 through fiscal year 2014 Spring opening enrollments in internet based courses at each community college. Enrollments in online courses continued to grow through Spring 2013, but decreased slightly in Spring 2014. At the beginning of the Spring 2014 semester, there were 101,232 students (duplicated) enrolled in internet courses compared to 102,794 in Spring 2013 (a decrease of 1.5 percent) and 96,988 in Spring 2010 (an increase of 4.4 percent).
