Outline for SJR 41 Implementation Plan – Due July 1, 2020

May 13, 2020

1. **Introduction** – Frame this section using SJR 41 and the work of the task force. Summarize information gathered from inventory as well as presentations by task force members and guests. Also include the guiding principles adopted by the group (1-2 pages) centering on student success, including integrate a section on the importance of addressing systemic inequity issues in our state as pertains to developmental education reform.

2. **Measurable Goals & Guiding Principles** - Report the goals for the implementation plan and also link these goals to set guiding principles for institutional and state accountability.

3. **Framework for the Plan** -- Present the graphic we used for May 8th task force to introduce the main sections of the plan

4. **Institutional Implementation/On-going Improvement** – Present the institutional implementation/on-going improvement plan approach – Explain the institutional template and the process of getting feedback and support to institutions as well as alignment with accreditation, recognition, program improvement, and other institutionalized reporting and accountability frameworks. Specific timeframe for planning in 2020-21 and reporting in spring 2021 aligned to annual reporting.

5. **State Implementation/On-going Improvement** - Center on creation of a Student Success Center and coordinating on-going state-level processes - Explain focus of the section on state building by leading efforts to create and fund a Student Success Center that would become the hub for institutional support, sharing of promising practices, providing technical assistance and possibly also coaching, and more. (to be determined)

6. **Summary**: Summarize on how this document addresses SJR 41 implementation plan requirements for: a) models, placement, and supports, b) accountability, c) timeframe, and b) cost.

7. **References**

8. **Appendices** -- supplemental materials including the draft of the template
