The Illinois Community College Board – Adult Education and Literacy Division

Introduction to Illinois Adult Education “Creating Pathways for Adult Learners”

I. Mission and Vision of Illinois Adult Education

The mission and vision of adult education is to provide every individual in Illinois access to Adult Education and Literacy services. In Illinois, more than 1.8 million adults have less than 12 grades of formal education, approximately 2.6 million Illinois residents speak a language other than English in their home, and more than 552,000 immigrants reside in Illinois. With these staggering statistics it is important that services are available throughout Illinois that prepare adult learners to succeed.

The Illinois Community College Board is the state agency responsible for governing the Adult Education system in Illinois. The agency is also the coordinating agency for 39 community college districts in Illinois. The Illinois Community College Board seeks to prepare adult learners to compete for jobs of the present and the future. It is necessary to build a system that is education, training and workforce focused.

As stated in the Illinois Community College Board Adult Education Strategic Plan, “We envision adult education as the foundation of a career pathways system that prepares adult learners for economic self-sufficiency. To achieve this vision, we will partner with adult education learners and key stakeholders to provide a clear direction, quality instruction and targeted support for achieving learner goals through further education, occupational training, and/or sustaining employment.”

http://www.iccb.org/iccb/wp-content/pdfs/adulted/Adult_Education_Strategic_Plan_11-12-09_Final.pdf

To achieve the goals of the five year Strategic Plan, it is important that instruction is designed to meet the needs of adult learners while providing instruction that ensures a successful transition to postsecondary education and pathway employment. The Adult Education system should strive to meet these goals by:

- Aligning **Assessment, Curricula and Instructional** practices to prepare adults for education and employment.
- Providing comprehensive **Support Services** designed to reduce barriers and smooth the transition within programs as well as to other educational and employment opportunities.
- Ensuring a system that has **High Quality Teaching and Professional Development** which leads to better outcomes in the classroom.

- Forming **Partnerships** to design and deliver services that will meet the needs of students.
- Continuing to expand and strengthen the use of **Research, Data and Accountability** in improving programs and services offered to students.
- Incorporating career pathway programs into the overall **Program Design** to promote interest in career pathways employment or further education.

II. Program Priority: Establish A Career Pathway System (WIOA Section 231 (e)(10))

To develop and establish a career pathway system that is inclusive of all eligible students and populations, the adult education system must partner with a variety of individuals and institutions, including but not limited to key stakeholders, business and industry, advocacy groups, the broader workforce community, education, and social service organizations. The Strategic Plan for Adult Education states that “adult education cannot accomplish this alone.”

The development and implementation of career pathways programming is an integral part of the initiatives set forth by the Workforce Innovation and Opportunity Act of 2014 (WIOA) and is even codified as one of the thirteen program considerations (WIOA Sec. 231 (e)(10)). In the process of developing career pathway programming, providers must perform research using labor market information to verify that the available data demonstrates a quantitative need for the pathway. Additionally, alignment with the goals and priorities of the local and regional plans for workforce development needs to be ensured.

To provide a clear direction, quality instruction, and targeted support for accelerated achievement of learner goals through further education, occupational training, and employment, it will take multiple partners to ensure the pathway system is responsive to the needs of adult learners and the workforce.

This manual is designed to provide adult education providers funded through the Illinois Community College Board with pertinent policies and procedures necessary in successfully operating an Adult Education program in the State of Illinois. This document also contains specific information related to both state and federal adult education policies as well as process and procedural information to ensure compliance.

The following sections will highlight important information regarding Adult Education in Illinois.

III. Purpose of Title II – Workforce Innovation and Opportunity Act of 2014 (WIOA) – Adult Education and Literacy (WIOA Section 202)

Title II purpose under WIOA:

1. Assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency;
2. Assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children; and leads to sustainable improvements in the economic opportunities for their families;
3. Assist adults in attaining a secondary school diploma and in the transition to postsecondary education and training, through career pathways; and

4. Assist immigrants and other individuals who are English language learners in—
 - (i) Improving their –
 - i. reading, writing, speaking, and comprehension skills in English, and
 - ii. Mathematics skills; and
 - (ii) Acquiring an understanding of the American system of Government, individual freedom, and the responsibilities of citizenship.

Key Highlights of WIOA Title II

Increases coordination of core programs through submission of a Unified State Plan or Combined State Plan (WIOA Section 224): WIOA requires States to prepare a single plan for the core programs that includes the strategic vision and goals of the State and the operational elements that support the four-year strategy. The four Core Partners of WIOA are: Title I. B: Adult, Dislocated Workers and Youth; Title II: Adult Education; Title III: Wagner-Peyser; and Title IV: Vocational Rehabilitation. The plan must include specific elements addressing how the state intends to:

- align content standards for adult education with state-adopted academic standards;
- fund local activities using the considerations for grants and contracts, programs for corrections education, English literacy and civics education, and integrated education and training;
- use funds to carry out State leadership activities; and
- assess the quality of adult education providers.

Establishes Common Performance Measures across Core Programs (WIOA Section 116 (b)(2)(A), Primary Indicators of Performance): WIOA includes six primary indicators of performance that will be negotiated with each State by the Secretaries of Education and Labor as part of the State plan.

- The percentage of participants who are in unsubsidized employment during the second quarter after exit from the program;
- The percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program;
- Median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program;
- The percentage of participants who obtained a recognized post-secondary credential or a secondary school diploma, or its recognized equivalent during participation in or within 1 year after exit from the program. A participant who has obtained a secondary school diploma or its recognized equivalent is only included in this measure if the participant is also employed or is enrolled in an education or training program leading to a recognized postsecondary credential within 1 year from program exit.
- The percentage of participants who during a program year, are in an education or training program that leads to a recognized post-secondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational or other forms of progress, towards such a credential or employment.
- Effectiveness in serving employers, based on indicators developed as required by sec. 116(b)(2)(A)(iv) of WIOA.

Strengthens alignment between adult education, postsecondary education, and employers: WIOA recognizes the core purpose of adult education is to prepare individuals with the skills and knowledge

needed to succeed in postsecondary education and the workforce, and has provided guidance for adult education to meet the needs of postsecondary education and employers.

- Expands the purpose of adult education to emphasize that activities should increase an individual's ability to transition to postsecondary education and obtain employment.
- Promotes the integration of adult education with occupational education and training, as well as development of career pathways systems.
- Authorizes the use of funds for “integrated education and training” (IET) and “workforce preparation activities”; and
- Clarifies that integrated English literacy and civics education (IELCE) programs provide workforce training.
- Encourages activities provided in collaboration with employers.

Supports educational and career advancement for incarcerated individuals: WIOA encourages a range of education and job training activities to promote successful reentry and reduce recidivism.

- Increases the percentage of funding for States to use for correctional education to not more than 20 percent under the new Act.
- Funds may be used for integrated education and training, career pathways, concurrent enrollment, peer tutoring, and transition to re-entry initiatives and other services with the goal of reducing recidivism.

Encourages establishment of a high-quality local adult education delivery system: WIOA amends the considerations States are to use in awarding grants and contracts to local program providers. There are 13 considerations States are required to use in providing funding to local programs; that focuses on the following areas:

- an increased emphasis on alignment of activities with regional needs identified in local plans under Title I;
- serving individuals with disabilities;
- instructional activities based on rigorous research;
- effective use of technology;
- activities that promote integrated education and training; and
- coordination with education, training, employers, and social service providers to promote career pathways.

Supports professional development opportunities and innovative models to enhance adult education programs: WIOA adds four new required leadership activities to be supported with State leadership funds.

- WIOA encourages activities to support alignment among core programs to implement the State plan strategy, including:
 - the development of career pathways;
 - establishment of high quality professional development programs to improve instruction;
 - technical assistance based on rigorous research; and
 - evaluation and dissemination of information about promising practices within the state.

- States may also use funds for several allowable activities related to instructional technology, models for integrated education and training and career pathways, and support to eligible providers in achieving performance goals, among other activities.

Promotes activities to improve the quality of adult education programs: The WIOA is committed to ensuring that resources support activities that better prepare adult students for postsecondary and career success.

- The WIOA reserves 2 percent of AEFLA funds (not to exceed \$15 million) to carry out national leadership activities.
- The Act requires the Secretary to support four mandatory technical assistance activities, including support for implementing the new common performance measures; conducting rigorous research and evaluations; and carrying out an independent evaluation of adult education and literacy activities every four years.

Codifies (systematizes) the integrated English Literacy and Civics education (IEL/CE) program: WIOA reinforces support for IEL/CE programs through codification and enhanced services for individuals to effectively participate in education, work, and civic opportunities.

- The WIOA codifies the authority to carry out the Integrated English Literacy and Civics Education (IEL/CE) programming. The program components must include Literacy, English Language Acquisition, and Civics Education in combination with Adult Education and Literacy activities, Workforce Preparation Activities, and Workforce Training (IET). The allocation formula for these funds to states remains the same.
- Programs should be designed to: (1) to prepare adults who are English language learners for, and, place them in unsubsidized employment in demand industries, occupations that lead to economic self-sufficiency; and (2) to integrate with the local workforce development system and its functions to carry out the program

The federal Adult Education and Literacy Act is encompassed in Title II of the Workforce Innovation and Opportunity Act (WIOA) of 2014. The act reinforced and strengthened existing, and created new, partnerships among localities, states, and the federal government to provide for adult education and literacy services. Federal funds authorized under the act are available to programs for the following purposes:

- To assist adults in becoming literate
- To assist adults in obtaining knowledge and skills necessary for employment and self-sufficiency
- To assist adults in obtaining the educational skills necessary to become full partners in their children's education
- To assist adults in completing their secondary school education

The eligible population are adults who have attained 16 years of age;

- who are not enrolled or required to be enrolled in secondary school under state law; and
- basic skills deficient;
- does not have a secondary school diploma or its recognized equivalent level or education; or
- is an English language learner.

IV. Targeted Populations (Illinois Unified State Plan for WIOA)

The Illinois Community College Board is committed to serving the populations that are most in need of the services. The strategies for the delivery of instructional services should target the following populations:

- Long-term unemployed
- Low income adults
- Individuals with disabilities, including youth with disabilities
- Those receiving public assistance
- Out-of-school youth
- Veterans
- Migrant and seasonal farmworkers
- Incarcerated and other institutionalized individuals
- Re-entry individuals (ex-offenders)
- English Language Learners
- Older individuals
- Homeless individuals
- Single parents, Temporary Assistance to Needy Families (TANF) recipients, and displaced homemakers
- Youth in the foster system or who have aged out
- Displaced homemakers
- Veterans with disabilities
- Low literacy adults, including those without a high school diploma
- Unemployed, underemployed, and those not in the labor force who demonstrate a deficiency in basic skills
- Low skilled adults, individuals with multiple barriers to educational enhancement, including individuals with limited English proficiency
- Indians, Alaska Natives, and Native Hawaiians

V. Adult Education Competitive Process – Request for Proposal (RFP)

The Illinois Community College Board (ICCB) published and distributed broadly a Request for Proposals (RFP) in the spring of 2012. In addition, the ICCB held bidder's conferences throughout the state to answer questions related to the application process. A new competitive application process will begin in spring of 2017 for fiscal year 2018. At that time, a page on the ICCB website will be made available to house the resources related to the Competitive RFP process.

During a competitive year, to be considered for funding, applicants must:

- Be an Eligible Applicant, as listed below (WIOA Section 203(5))
 - Local educational agencies (LEAs)
 - Community-Based Organizations (CBOs) or Faith-Based Organizations (FBOs) of demonstrated effectiveness
 - Volunteer Literacy Organizations of demonstrated effectiveness
 - Institutions of Higher Education (IHEs)
 - Public or Private nonprofit agencies

- Libraries
- Public-housing authorities
- Non-profit institutions that are not described previously and have the ability to provide adult education and literacy services to eligible individuals
- Consortia or coalitions of agencies, organizations, institutions, libraries, or authorities described previously
- Partnerships between an employer and an entity previously described
- Respond to the Request for Proposal by the due date
- Complete all required portions of the application
- Meet all deadlines and other elements as specified in the Request for Proposal
- Meet all eligibility requirements

The Illinois Community College Board has the discretion to issue a competitive RFP or a continuation plan in a given year. To be considered for funding in a continuation year, applicants must:

- Be a currently funded provider
- Submit the continuation application by the due date
- Complete the application requirements

Funding in a continuation year is contingent upon the continuing applicant's satisfactory performance in the preceding year and sufficient appropriation of funds.

VI. Program Considerations (WIOA Section 231 (e))

The past effectiveness of an eligible applicant in improving the literacy skills of adults and families is a strong factor in the delivery of adult education instruction and supportive services. The ICCB will consider the success of a funded provider in meeting or exceeding such performance measures as identified by the Federal National Reporting System (NRS). The ICCB also recognizes the need to build a career pathway system for adult learners that will enhance education and employment opportunities. In order to accomplish this, the program/applicants must consider the following considerations as outlined in federal law.

1. The documented need of the eligible applicant to serve individuals in the community who are most in need of adult education and literacy services and those who are in need of career pathway services, including individuals who have literacy skills or who are English language learners . (i.e., literacy statistics, regional and local needs as identified under the Unified Plan, etc.).
2. The applicant demonstrates the ability to serve eligible individuals with disabilities, including those with learning disabilities.
3. The past effectiveness of an eligible applicant in improving the literacy skills of adults, including those with low literacy levels; and demonstrates the ability to meet or exceed the levels of performance.
4. The applicants proposed adult education services and activities demonstrate an alignment with local plans and services and with local one-stop partners.
5. The applicant demonstrates the use instructional practices and activities that research has proven to be effective in teaching to achieve learning gains, is of sufficient intensity and duration, is built on a strong foundation of research and effective educational practice, and includes the essential components of reading.

6. The applicant demonstrates the effectiveness in providing instruction in reading, writing, speaking, mathematics, and English language acquisition and is based on best practices, scientific valid research and the state standards.
7. The program activities effectively employ advances in technology including the use of computers as a part of instruction including distance education to increase the quality of learning which leads to improved performance.
8. The applicant proposes activities that provide contextualized learning including integrated education and training as well as bridge programs to ensure that an individual has the skills needed to compete in the workplace, transition to postsecondary education and training, advance in employment, and exercise the rights and responsibilities of citizenship.
9. The applicant proposes activities that are delivered by well-trained instructors, counselors, support staff and administrators who meet state guidelines, have access to high quality professional development.
10. The applicant's activities coordinate with other available education, training, and social service resources in the community, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, institutions of higher education, local workforce investment boards, one-stop centers, job training programs, and social service agencies, business, industry, labor organizations, community-based organizations, nonprofit organizations, and intermediaries, for the development of career pathways.
11. The applicant offers flexible schedules and supportive services (such as child care and transportation) that are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs.
12. The applicant maintains a high-quality information management system, as determined by the ICCB and has the capacity to report participant outcomes and to monitor program performance measures.
13. The local communities have a demonstrated need for additional English Literacy programs and civic education programs.
14. The proposed budget is consistent with the eligible provider's activities, is cost efficient within administrative guidelines and places emphasis on serving the target populations.

VII. Adult Education Advisory Council

Public Act 91-0830 provides for governance of Adult Education and Literacy (AEL) by the Illinois Community College Board (ICCB), stating the agency "shall establish an advisory council consisting of all categories of eligible providers; agency partners, such as the State Board of Education, the Department of Human Services, the Illinois Department of Employment Security, the Secretary of State literacy program; and other stakeholders to identify, deliberate, and make recommendations to the State Board on adult education policy and priorities."

The 30 members of the advisory council are appointed by the ICCB, and include representation from all provider types including community based organizations, community college, public schools/Regional Offices of Education; the Department of Corrections, members from stakeholder groups, required state agency partners, professional development, and professional associations. The chair of the advisory council is also appointed by the ICCB.

The council meets quarterly to identify, deliberate, and make recommendations to the ICCB on AEL policies and priorities. Council members are assigned to specific committees to address issues as identified by the ICCB and/or as outlined in the Strategic Plan for Adult Education.

Meeting minutes are posted to the ICCB website at: https://www.iccb.org/adult_ed/?page_id=117 following approval by the advisory council.

VIII. Federal and State Reporting

Unified State Plan - Federal (WIOA Section 224)

As required in the Workforce Innovation and Opportunity Act (WIOA) – Illinois must submit a Unified State Plan to the United States Department of Education, Office of Career, Technical and Adult Education (OCTAE) and the United States Department of Labor.

The Illinois Unified State Plan describes the activities for July 1, 2016 – June 30, 2020.

The Plan includes:

- Executive Summary;
- Economic and Workforce Analysis;
- Illinois Workforce System;
- State Vision, Principles, Goals and Strategies;
- State Board Functions;
- Performance Goals, Assessment and Evaluation;
- Implementation of State Strategy;
- Core Program Administration;
- Operating Systems and Policies; and
- Assurances.

The Core Program Specific Activities Section of the Plan summarizes:

- The eligible population and those most in need of services;
- How equitable access to funding is achieved;
- Allowable Adult Education activities;
- Procedures for funding providers;
- Evaluation of literacy activities;
- Provision of services to persons in correctional facilities;
- Integrated activities with the one-stop career centers; and
- Proposed leadership and professional development activities.

Each year the core program specific activities may be revised to reflect changes in the above activities for the next fiscal year. Also included in the revisions are the annually negotiated performance targets for all titles, including:

- The percentage of participants who are in unsubsidized employment during the second quarter after exit from the program;
- The percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program;

- Median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program;
- The percentage of participants who obtained a recognized post-secondary credential or a secondary school diploma, or its recognized equivalent during participation in or within 1 year after exit from the program. A participant who has obtained a secondary school diploma or its recognized equivalent is only included in this measure if the participant is also employed or is enrolled in an education or training program leading to a recognized postsecondary credential within 1 year from program exit.
- The percentage of participants who during a program year, are in an education or training program that leads to a recognized post-secondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational or other forms of progress, towards such a credential or employment.
- Effectiveness in serving employers, based on indicators developed as required by sec. 116(b)(2)(A)(iv) of WIOA.

As required, a copy of the revised State Plan is provided to the Governor’s Office for comments. Upon approval by the U.S. Department of Education, Office of Career, Technical and Adult Education (OCTAE), and the U.S. Department of Labor, the Unified State Plan is posted to the Illinois WorkNet WIOA page: <https://www.illinoisworknet.com/wioastateplan>.

National Reporting System for Adult Education (NRS) – Federal (WIOA Section 185)

Each year the federal government requires all states to submit an annual report for the Adult Education State-administered formula grant program. All reports are due on or before March 15 following the end of the most recent fiscal year. The required annual reports include:

- Statistical (performance) report;
- Financial status reports;
- Narrative report;
- Data quality checklist (with improvement plan, if needed);
- Data quality checklist certification; and
- Assessment policy.

In the spring of each year, federal performance targets for all eleven educational functioning levels (measurable skill gain indicators) are negotiated with the Office of Career, Technical and Adult Education (OCTAE).

In addition, Illinois will submit a combined report for the State that addresses the outcomes of the six performance measures.

Annual Report to the Governor and General Assembly – State

Each year the Illinois Community College Board is required to submit a report on adult education activities to the Governor and General Assembly. This report is due on or before March 1st of each year and details adult education activities from the preceding fiscal year. The annual report includes the following:

- a summary of adult education needs and programs;
- the number of students;
- federal Workforce Innovation and Opportunity Act activities;

- high school equivalency information;
- credit hours or units of instruction;
- performance data;
- total adult education allocations, and;
- State reimbursement for adult basic education, adult secondary education, English language acquisition, integrated English literacy, civics education, bridge and integrated education and training programs, and vocational skills programs;
- the criteria used for program approval, and;
- any recommendations.

This report is posted to the ICCB website at: http://www.iccb.org/data/?page_id=104.

Section 2 – Area Planning Councils

Major Policy Points

1. Area Planning Councils are established in state statute and operate within the boundaries of each community college district. (State Policy)
2. Area Planning Council membership is described in legislation and by the ICCB. (State Policy)
3. Each Area Planning Council must elect officers as well as develop and adopt bylaws that govern the operation of the APC. (State Policy)
4. Area Planning Councils must develop and submit a plan for coordination and provision of adult education services in the format and timeframe specified by the ICCB. (State Policy)
5. Area Plans may be changed during the planning year in accordance with the procedures established by the ICCB. (State Policy)
6. When entities within an Area Planning Council are unable to reach consensus, a Minority Report may be filed. (State Policy)

1. Area Planning Councils are established in state statute and operate within the boundaries of each community college district.

According to state statute 105 ILCS 405/2-4 Area Planning Councils provide for the development and coordination of services to the eligible adult education population within the planning area (community college boundaries). The Department of Corrections maintains a separate Area Planning Council. APCs may choose to form a joint APC consisting of two or more community college districts if approved by the ICCB.

The APC planning process is inclusive of all ICCB AEL providers and any other entities that serve adult education learners within the APC boundaries. Participation in the APC does not guarantee ICCB AEFL funding.

2. Area Planning Council membership is described in legislation and by the ICCB.

The ICCB requires that all ICCB AEL funded providers be members and participate in the local Area Planning Council. The following entities are entitled to one representative on the APC per the legislation:

- Each Regional Superintendent of Schools, the majority of whose region is included within the boundaries
- Community college

Related community representatives should be invited and are strongly encouraged to participate in the Area Planning Council.

3. Each Area Planning Council must elect officers as well as develop and adopt bylaws that govern the operation of the APC.

Each APC, including all adult education providers, entitled representatives and appropriate community representatives is required to meet at least two times during each fiscal year. Additional meetings as appropriate are encouraged. The schedule of meetings should be provided to the appropriate Regional Program Support Specialist or designated ICCB staff member.

The initial council meeting each year shall be called and convened by the previous year's chairperson. The chairperson shall describe the roles and responsibilities of the APC, review the bylaws, conduct an election to select a new chairperson, vice or co-chair and/or secretary and facilitate a discussion/approval of any provider sites and services for the current fiscal year. The chairperson of the APC must represent an ICCB AEL funded provider.

APCs must develop and adopt bylaws that govern the operation of the APC, including voting rights. A copy of the bylaws, including any revisions, must be submitted annually to the ICCB after their adoption. Required members and entitled representatives are allowed one vote per institution.

Each APC is required to maintain a file of the minutes of all meetings. A copy of the minutes is to be provided to the appropriate Regional Program Support Specialist after each meeting.

4. Area Planning Councils must develop and submit a plan for coordination and provision of adult education services in the format and timeframe specified by the ICCB.

The Area Plan focuses on coordination of resources and services regardless of funding source. On or before March 1 of each year, all APCs must submit an annual plan for approval. The ICCB will provide each APC with the forms, due dates and requirements for the plan annually. Preparation of the Area Plan should follow the process outlined in the APC's bylaws.

The following are required minimum components of an Area Plan:

- Description and explanation of the educational needs of eligible students in the planning area;
- Explanation of the educational needs of eligible students that are not being met;
- Inclusion of data that support needs of eligible adults and their family members;
 - Census reports, U.S. Bureau of Labor Statistics, welfare data, free and reduced lunch counts, etc.
- Formulation of a proposed delivery system that includes identification of partner service providers and description of services to be provided by each; and
- Other information as specified by the ICCB.

5. Area Plans may be changed during the planning year in accordance with the procedures established by the ICCB.

All changes to the approved Area Plan, including sites and services, must follow the procedures indicated below.

1. Submit the change to the chair of the APC.
2. The chair will inform all members of the change(s), allowing ten business days for a response if the change is presented between scheduled APC meetings.
3. If the members feel the change will result in duplication of services, then the chair must convene the APC and follow its own bylaws to approve the change.
4. Should strong disagreement prevail, then it will be necessary to follow the procedures for submitting a Minority Report as outlined in this section.
5. After APC adoption of changes, submit a copy of the APC Change Form provided at the end of this section to:

Illinois Community College Board
Adult Education and Literacy/Program Compliance
401 E. Capitol Avenue
Springfield, IL 62701

6. When entities within an Area Planning Council are unable to reach consensus, a Minority Report may be filed.

When strong disagreement prevails, dissenting members of the APC should explain the specific decision being sought and justification for seeking the decision in the Minority Report. The report must be signed by the dissenting members of the APC.

The Minority Report should be submitted with the Area Plan or submitted directly to the ICCB. The Minority Report will be reviewed by an ICCB Adult Education Review Committee. The Review Committee's recommendation, along with the Area Plan and the Minority Report, will be returned to the APC for consideration.

Within ten days of receipt of the recommendation, the APC will decide either to accept and adopt the recommendation or to appeal the recommendation. If the recommendation is accepted, the APC will revise the Area Plan accordingly and return it to the ICCB for review and processing.

If the recommendation is not accepted or if the APC wishes to appeal the decision, the APC must provide documentation regarding its reasoning for the continued review. A further review of the information will be conducted by the Adult Education Review Committee. Additional information may be requested which may include a meeting of the APC and the ICCB.

The ICCB has the final decision. The APC chairperson must reconvene the council if the local Area Plan is not approved. All amendments and/or revisions to the Area Plan must be formally approved by the APC membership before it is resubmitted to the ICCB.

Area Planning Council (APC) #5xx for Adult Education and Literacy By-Laws (TEMPLATE) for Fiscal Year 20xx

AUTHORIZATION

Area Planning Councils (APCs) are authorized under Illinois statute 105 ILCS 405/2-4, amended in 2016 by Public Act 099-0650, to provide for the development and coordination of services to the eligible adult education population within the planning area (community college boundaries). The statute specifies the purpose, responsibilities, geographical boundaries, and membership of the Area Planning Council.

ARTICLE 1: PURPOSE AND RESPONSIBILITY

Each Area Planning Council is responsible for submission of an Adult Education and Literacy plan for its area to the Illinois Community College Board. The annual area plan should include an assessment and analysis of the educational needs of adults in the area, past and current activities to provide services, and a description of a proposed delivery system to meet the needs of educationally disadvantaged adults. The annual area plan should also include plans for developing and encouraging collaborative partnerships between and among the various agencies and institutions.

Area Plans are to be submitted on forms provided and at times specified by the Illinois Community College Board.

ARTICLE 2: COUNCIL ORGANIZATION

ARTICLE 2.1: COUNCIL MEMBERSHIP

Voting Members

Voting members of the Area Planning Council shall be one representative from each of the following:

1. The Community College
2. Superintendents of regions or counties within APC # 5xx
3. Public school districts within APC # 5xx with grades kindergarten through 12 or 9 through 12
4. Agencies, institutions, individuals, and schools that receive funding for and/or whose activities are monitored for literacy, adult education, early childhood education, family literacy, and youth activities

Each person present at the Planning Council from the above entities shall be eligible to vote.

Each year those members eligible to vote will be invited to participate in the Planning Council. A member may elect to not respond to the invitation for the current year. In that instance, the right to participate on the Planning Council is forfeited for the year, but the member retains the right to participate in future years.

Non-Voting Members

Individuals, agencies, and organizations not eligible to serve as voting members of the Planning Council are encouraged to attend meetings in an advisory capacity.

ARTICLE 2.1.1: RESPONSIBILITIES OF MEMBERS

Each member is expected to attend scheduled meetings. Each member is asked to participate in the development of the area plan for adult education so that coordination and collaboration will assure that the resources are used efficiently. Members will serve on committees as needed.

ARTICLE 2.2: COUNCIL OFFICERS

The officers of the Area Planning Council shall be a Chair, a Vice-Chair, and a Secretary. All must be voting members of the Planning Council. In addition, the Chair must be an ICCB Adult Education & Literacy-funded provider.

ARTICLE 2.2.1: OFFICER DUTIES

Chair: The Chair shall prepare meeting agendas, convene, and preside at all meetings of the Planning Council. He/she will attend meetings called by the ICCB for the purpose of providing information and/or training to Council officers and will keep abreast of the policies of that agency as well as changes that will affect the members of the Council. The Chair will submit the Area Plan in a timely manner as designated by the ICCB and will perform such other duties as directed by the Planning Council. If the area plan is not approved, the Chair will reconvene the Council.

Vice-Chair: The Vice-Chair shall serve in the absence of the Chair. He/she will coordinate the committees and will perform other duties as directed by the Chair or the Planning Council.

Secretary: The Secretary shall maintain a mailing list of all members and will notify members of the meetings. He/she will maintain and distribute minutes of all meetings to the members and submit a copy to the appropriate ICCB Regional Support Staff. The Secretary will perform other duties as directed by the Chair or the Planning Council.

ARTICLE 2.2.2: ELECTION OF OFFICERS

Officers will be elected by a majority of the voting members present at the first meeting of the fiscal year.

ARTICLE 2.2.3: TENURE/VACANCIES

Officers will serve for the entire fiscal year. Any vacancy in an office may be filled for the unexpired term by a majority vote of the voting members of the Planning Council.

ARTICLE 3: VOTING

Voting procedure shall be governed by parliamentary procedure unless another prevailing method is approved and adopted by the Council.

Each eligible entity is allowed only one vote, even if multiple representatives are present at a meeting.

ARTICLE 4: COUNCIL COMMITTEES

Committees may be established to address specific issues and tasks as needed. They can be established and discharged by a majority vote of Council members present at a meeting. The APC will establish the committee membership and a member of the APC shall chair each committee. The subject or field of activity will be specified by the APC. The committee may be ad-hoc or continuous in nature subject to the desire of the Council. Committees shall report regularly to the Council and shall be coordinated by the Vice-Chair.

ARTICLE 5: MEETINGS

The Planning Council shall meet at least two times each fiscal year. The Chair may call additional meetings if deemed necessary.

The first meeting will be called and convened by the Chair and/or Secretary from the previous year and shall be held within the first fiscal quarter. At that meeting, the presiding officer will describe the role and responsibilities of the Planning Council, review the bylaws and guidelines, and conduct an election to select a Chair, Vice-Chair, and Secretary. The bylaws will be revised as necessary and adopted to govern the operation of the Council. A copy of the bylaws must be submitted to the ICCB. A Writing Committee for that year's Area Plan will also be appointed.

The second meeting will be a forum for agencies and institutions in the area to present the needs of their students/clients for education and/or support services. The Writing Committee will make note of the information and requests presented and consider them when writing the Area Plan.

The third meeting will be held for the purpose of approving the Area Plan to be submitted to the ICCB. The Chair will send a draft copy to all members at least one week prior to this meeting.

A two week notice will be given to all members for any special meetings that may be called by members of the Council. Meetings may be canceled by a majority vote of the Council members.

In the event that an APC member is unable to attend a meeting, the member may send a designated representative in his/her place. The designee would be able to vote in lieu of the member as a proxy.

Discussions leading toward a consensus of the members present will be the prevailing procedure in Council meetings. Parliamentary procedure will be used when a decision of the Council is to be recorded. Passage of a motion requires a majority vote of the quorum. A quorum shall consist of a majority of the total voting membership of the Council for the purposes of conducting Council business.

The ICCB Regional Program Support Representative shall be notified of all APC meetings.

Minutes of the Council meetings will be distributed to all members and shall be recorded and maintained by the Council Secretary, and shall be passed to the next Secretary with each successive fiscal year.

ARTICLE 5.1: SPECIAL MEETINGS

If the Area Plan is not approved as submitted, the Chair must convene the Planning Council to approve any amendments or revisions to the Area Plan.

Any other special meetings of the Planning Council can be called by the Chair or upon written request of three voting members of the Council. The purpose of the meeting shall be stated in the call and, except in cases of emergency, two week notice shall be given.

A meeting may also be held in the spring for review and coordination of plans submitted by other agencies. Information gained at this meeting will be considered in the development of subsequent plans of each agency.

ARTICLE 6: AREA PLAN

- Planning Period

The document will cover a one-year planning period.

- Components of Area Plan

- A. Description and explanation of the educational needs of adults in the planning area.
- B. Formulation of a proposed delivery system that includes and incorporates the following elements:
 1. Identification of service providers and description of services to be provided by each
 2. Explanation of the educational needs of adult that are not being met and recommendation for a delivery plan
 3. Inclusion of data that supports the need of adult students – census reports, Department of Labor statistics, welfare data, etc.
- C. Minority reports (see Section 2.6 of the AEL Provider Manual)

- Submission of Area Plan

Submission of the Area Plan to the ICCB is the responsibility of the APC Chair. If the Area Plan is not approved by the ICCB, the Chair is responsible for reconvening the Council and seeing that the Plan is revised as required.

CHANGES TO BY-LAWS

Existing or current bylaws may be amended by a two-thirds vote of the voting members present at any regular meeting of the Planning Council, provided that the proposed amendment has been submitted in writing to all members of the Council at least two weeks prior to the meeting.

Area Planning Council Statute

Illinois Compiled Statutes
Adult Education Act
Article II. Illinois Community College Board

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Adult Education Act is amended by changing Section 2-4 as follows:

Sec. 2-4. Area Planning Councils. On or before October 15, 1982, an Area Planning Council shall be established within the boundaries of each community college district. A representative of each approved adult education provider is required to participate on the Area Planning Council. Other members may include:

- 1) regional superintendents of schools;
- 2) representatives of school districts;
- 3) representatives of the community college district's career and technical education program;
- 4) representatives of the community college district's financial aid office;
- 5) representatives of the community college district's student services office;
- 6) representatives of local workforce boards under the federal Workforce Innovation and Opportunity Act;
- 7) persons with an interest in adult education services provided within the community college district; and
- 8) persons with an interest in adult education services provided within the Area Planning Council district, including, but not limited to, representatives of social service agencies, businesses and employers, vocational rehabilitation services of the Department of Human Services, and the Department of Employment Security.

Each Area Planning Council must elect officers and develop bylaws that indicate the membership of the Council. The Area Planning Council chairperson must be a representative of an adult education provider approved by the Board. In areas where large multiple-provider Area Planning Councils exist, the Board may designate sub-areas within an Area Planning Council district to ensure maximum representation of need. The Board shall determine the guidelines for the bylaws and operation of the Area Planning Council.

On or before March 1 of each year each Area Planning Council shall submit an annual Adult Education Plan for the area. The Area Adult Education Plan shall provide for the development and coordination of adult education programs in the area as prescribed by the Board. The Area Adult Education Plan must be aligned with Title II of the federal Workforce Innovation and Opportunity Act, the State Unified Plan, local workforce boards, and one-stop activities and must include involvement of the local Board-approved adult education workforce board representative. The local adult education workforce board representative is responsible for convening Area Planning Council chairpersons in a local workforce area to provide information regarding the development of the Area Adult Education Plans and related federal Workforce Innovation and Opportunity Act activities. If the Board finds that the annual Area Adult Education Plan submitted by the Area Planning Council meets the requirements of this amendatory Act of 1982 and the established standards and guidelines, the Board shall approve the Plan. The approval of adult education programs by the Board for reimbursement under Section 10-22.20 of the School Code shall be based on the Adult Education Plan approved for the Area. The Area Adult Education Plan must be approved prior to funding being made available to an Area Planning Council district.

On or before March 1, 2002 and each year thereafter, the Board shall submit an annual report to the Governor and the General Assembly for adult education for the preceding school year. The annual report shall include a summary of adult education needs and programs; the number of students served, federal Workforce Innovation and Opportunity Act activities, high school equivalency information, credit hours or units of instruction, performance data, total adult education allocations , and State reimbursement for adult basic education, adult secondary education, English language acquisition, integrated English literacy, civics education, bridge and integrated education and training programs, and vocational skills programs; the criteria used for program approval; and any recommendations.

Section 3 – WIOA Requirements

Major Policy Points

1. WIOA Introduction
 - a. Intent of WIOA (Pub. L. 113-128)
 - b. Purpose of WIOA (WIOA Sec. 2)
2. Local Workforce Innovation Board (LWIB) Participation (WIOA Sec. 107 (b)(2)(C)(i))
3. Comprehensive One-Stop Center Participation (WIOA Sec. 121 (b))
 - a. Career Services (WIOA Sec. 134 (c)(2))
 - b. Infrastructure and Shared Systems Costs (WIOA Sec. 121(c)(2)(A)(ii)(II))

NOTE: While some of the information in this section is complete, much of this information is specific to Illinois fiscal year 2017 and is valid through June 30, 2017. This document, and all other relevant documents, will be revised and updated to reflect final guidance and all new or additional requirements that will take effect on July 1, 2017 with the beginning of Illinois fiscal year 2018.

1. WIOA Introduction

As partially described in the Introduction to this Manual, the Workforce Innovation and Opportunity Act of 2014 (WIOA) renews and changes the focus of Adult Education and the Workforce system as a whole. WIOA has four primary Titles with six core programs or partners: Title I, Workforce Development Activities, is comprised of three core programs: the Adult, Youth, and Dislocated Worker programs, and is administered in Illinois by the Department of Commerce and Economic Opportunity (DCEO or Commerce); Title II is Adult Education and Literacy and is administered in Illinois by the Illinois Community College Board (ICCB); Title III is the Wagner-Peyser Act and is administered in Illinois by the Illinois Department of Employment Security (IDES); and, Title IV, Vocational Rehabilitation, or the Rehabilitation Act of 1973, is administered in Illinois by the Division of Rehabilitation Services (DRS) at the Department of Human Services (DHS).

a. Intent of WIOA

From the Overview of the Final Rules (U.S. Departments of Labor, Education, and Health & Human Services), <https://www.doleta.gov/WIOA/Docs/Final-Rules-An-Overview-Fact-Sheet.pdf>:

The bipartisan Workforce Innovation and Opportunity Act (WIOA) (Pub. L. 113-128), signed by President Obama on July 22, 2014, created a new vision for how America prepares an educated and skilled workforce that expands opportunity for workers and employers. WIOA represents the most significant reform to our public workforce development system in nearly 20 years. The same day the President signed WIOA into law, the Vice President released his Job-Driven Training report, recommending improvements to our Federal training programs, including stronger employer engagement, the use of work-based learning approaches like apprenticeship, accountability for employment outcomes, and regional partnerships. The Administration laid out a vision for our job training system that – as he explained – “trains our workers first based on what employers are telling us they’re hiring for and helps business design the training programs so that we’re creating a pipeline into jobs that are actually out there.” Many of these recommendations complement the new law.

The 21st century public workforce development system created through WIOA builds closer ties between business leaders, State and Local Workforce Development Boards, labor unions, community colleges, non-profit organizations, youth-serving organizations, and State and local officials to deliver a more job-driven approach to training and skills development. The system will deliver integrated, job-driven services to job seekers, including youth and those with barriers to employment, as well as to workers and employers. It supports the development of strong regional economies and enhances performance accountability to better inform consumer and investors about programs and services that work.

From the Illinois Governor's Guidelines,

<http://www.illinoisworknet.com/DownloadPrint/Governor's%20Guidelines%20-%20Revision%201%20-%20March%202016%20-%20Final.pdf>:

WIOA establishes ambitious goals for the integration of workforce service programs. These goals are intended to maximize the value and benefits to customers of services available to them under federally-funded workforce development programs. Included are business customers seeking to acquire the talent and skills needed to compete in a global economy. Also included are program participants seeking to acquire skills and recognized credentials to move along pathways that lead to high-paying jobs in growing sectors of the economy that offer long-term opportunities for stable employment.

Carefully planned and coordinated services among all federally-funded workforce development programs are necessary to achieve the level of integrated service delivery WIOA envisions. This means that all federally-funded workforce development programs work collaboratively in partnership to optimize the quality of services provided. Recognizing that successful integration is directly related to coordinated and joint use of resources, WIOA also requires each partner to contribute its proportionate share of costs required for operation of local one-stop delivery systems.

b. Purpose of WIOA

The purposes of WIOA are as follows (WIOA Sec. 2, 29 USC 3101):

- (1) To increase, for individuals in the United States, particularly those individuals with barriers to employment, access to and opportunities for the employment, education, training, and support services they need to succeed in the labor market;
- (2) To support the alignment of workforce investment, education, and economic development systems in support of a comprehensive, accessible, and high-quality workforce development system in the United States;
- (3) To improve the quality and labor market relevance of workforce investment, education, and economic development efforts to provide America's workers with the skills and credentials necessary to secure and advance in employment with family-sustaining wages and to provide America's employers with the skilled workers the employers need to succeed in a global economy;
- (4) To promote improvement in the structure of and delivery of services through the United States workforce development system to better address the employment and skill needs of workers, jobseekers, and employers;
- (5) To increase the prosperity of workers and employers in the United States, the economic growth of communities, regions, and States, and the global competitiveness of the United States; and
- (6) For purposes of subtitle A and B of title I, to provide workforce investment activities, through statewide and local workforce development systems, that increase the employment, retention, and earnings of participants, and increase attainment of recognized postsecondary credentials by participants, and as a result, improve the quality of the workforce, reduce welfare dependency, increase economic self-sufficiency, meet the skill requirements of employers, and enhance the productivity and competitiveness of the Nation.

- The purpose of WIOA Title II: Adult Education and Literacy is defined in the law as follows (WIOA Sec. 202):
 It is the purpose of this title to create a partnership among the Federal Government, States, and localities to provide, on a voluntary basis, adult education and literacy activities, in order to –
- (1) assist adult to become literate and obtain the knowledge and skills necessary for employment and economic self-sufficiency;
 - (2) assist adults who are parents or family members to obtain the education and skills that –
 - (A) are necessary to becoming full partners in the educational development of their children; and
 - (B) lead to sustainable improvements in the economic opportunities for their family;
 - (3) assist adults in attaining a secondary school diploma and in the transition to postsecondary education and training, including through career pathways; and
 - (4) assist immigrants and other individuals who are English language learners in –
 - (A) improving their –
 - (i) reading, writing, speaking, and comprehension skills in English; and
 - (ii) mathematics skills; and
 - (B) acquiring and understanding of the American system of Government, individual freedom, and the responsibilities of citizenship.

As a core partner under WIOA, Title II, or Adult Education, has certain responsibilities above and beyond what was previously required under the Workforce Investment Act of 1998 (WIA). WIOA introduced new adult education and literacy (AEL) activities that are described elsewhere in this Manual (see Section 7 – Instruction). Additionally, Title II is required to participate as a full member of the State and Local Workforce Innovation Boards (LWIBs) and is a required partner in the Comprehensive One-Stop Delivery System, and as such is required to provide career services and contribute to infrastructure and shared systems costs as described later in this section. The Illinois Community College Board is the Title II Representative on the Illinois Workforce Innovation Board (IWIB). Representation and participation on LWIBs is described below in subsection 2. The requirements for Comprehensive One-Stop Center Participation are described in subsection 3.

2. Local Workforce Innovation Board (LWIB) Participation (WIOA Sec. 107 (b)(2)(C)(i))

As one of the four core partners under WIOA, the Adult Education and Literacy program has a seat on and is a member of the Local Workforce and Innovation Board in each of the 22 LWIAs (WIOA Sec. 107 (b)(2)(C)(i)). The Area Planning Councils has the authority to determine who that individual will be:

- For LWIAs with multiple APCs having majority presence in a specific LWIA, the APCs will work together to determine the representative for that LWIB.
- For single provider APCs, the APC Chair will serve as the LWIB representative.
- Regardless of how the member is chosen, the Adult Education and Literacy LWIB member is responsible for representing all Adult Education providers in that LWIB, participating in LWIB meetings and consulting with, and reporting back to, the other providers in the APC.

For APCs 508,504,527,524,512,535,515/ LWIA 7, Chicago/Cook County, the Title II Adult Education and Literacy representative seat is held by the ICCB’s Deputy Director of Adult Education and Workforce, the chief State administrator for Title II.

The functions of the LWIB include (WIOA Sec. 107(d)):

1. Develop a local plan for workforce development activities (WIOA Sec. 107(d)(1));
2. Perform workforce research and local and regional labor market analysis (WIOA Sec. 107(d)(2));
3. Convene local workforce development system stakeholders in the development of the local plan and leverage support for the plan activities (WIOA Sec. 107(d)(3));

4. Engaging employers (WIOA Sec. 107(d)(4));
5. Develop and implement career pathways programming with partners from secondary and postsecondary education by aligning various education, training, and supportive services (WIOA Sec. 107(d)(5));
6. Identify and promote proven and promising practices (WIOA Sec. 107(d)(6));
7. Develop strategies for using technology to maximize the accessibility and efficacy of the local workforce development system (WIOA Sec. 107(d)(7));
8. Conduct oversight for programs under WIOA Title I and the local comprehensive one-stop center (WIOA Sec. 107(d)(8));
9. Negotiate local performance accountability measures (WIOA Sec. 107(d)(9));
10. Select operators of the one-stop center, providers of youth services, and eligible providers of training and career services (WIOA Sec. 107(d)(10));
11. Coordinate with local education providers, including Title II: Adult Education and Literacy providers, Career and Technical Education (CTE) providers as defined in section 3 of the Carl D. Perkins Career and Technical Education Act of 2006 (Illinois public community colleges) (20 U.S.C. 2302), and local agencies administering plans under title I of the Rehabilitation Act of 1973 (IL Dept. of Human Services, Division of Rehabilitation Services (DRS)) (29 U.S.C. 732, 741) (WIOA Sec. 107(d)(11));
 - a. As a part of the coordination with education partners, WIOA requires that the LWIB review local applications for Title II: Adult Education and Literacy funding. The LWIB does not approve the application, but reviews it to ensure alignment with the Local Plan for workforce development activities under WIOA (WIOA Sec. 107(d)(11)(B)(i)(I));
12. Develop the operating budget for the LWIB/LWIA and administer the operation of the LWIA (WIOA Sec. 107(d)(12)); and
13. Assess the physical and programmatic accessibility of all one-stop centers within the LWIA, in accordance with WIOA Section 188 and the Americans with Disabilities Act of 1990 (ADA) (42 U.S.C. 12101 et seq.) (WIOA Sec. 107(d)(13)).

For specifics on the contents and requirements of the local plan for workforce development, see WIOA Section 108.

In addition to the above, the LWIB is required, with the agreement of the chief elected official for the LWIA, to develop and enter into a memorandum of understanding (MOU) with the required partners of the comprehensive one-stop system (WIOA Sec. 121(a)).

- 3. Comprehensive One-Stop Participation (WIOA Sec. 121 (b))**
 - a. Career Services (WIOA Sec. 134 (c)(2))**
 - b. Infrastructure and Shared Systems Costs (WIOA Sec. 121(c)(2)(A)(ii)(II))**

In addition to being a core partner, Title II: Adult Education and Literacy is also a required partner of the comprehensive one-stop system, as defined under WIOA Section 121(b). As such, Title II is required to participate in the provision of services and operation of the one-stop system, as agreed upon in the negotiated Memorandum of Understanding (MOU) developed by each LWIB.

The specifics about the contents and requirements of the MOU can be found in WIOA Section 121(c).

The MOU governs the operation of the comprehensive one-stop system and includes provisions describing:

- The services to be provided through the one-stop deliver system, including the manner in which the services will be coordinated and delivered (WIOA Sec. 121(c)(2)(A)(i));
- How the costs of such services and the operating costs of the system will be funded, including:

- Funding through cash and in-kind contributions, with may including funding from philanthropic organizations or other private entities or through other alternative financing options (WIOA Sec. 121(c)(2)(A)(ii)(I)); and
- Funding of the infrastructure costs of one-stop centers (WIOA Sec. 121(c)(2)(A)(ii)(II));
- Methods of referral of individuals between the one-stop operator and partners (WIOA Sec. 121(c)(2)(A)(iii);
- Methods of ensuring accessibility and availability to necessary and appropriate services to all individuals, including individuals with disabilities, those with barriers to employment, and youth (WIOA Sec. 121(c)(2)(A)(iv);
- The duration of, and procedures for amending, the MOU; and
- Any other provisions, consistent with the requirements of WIOA Title I, as deemed appropriate by the parties to the agreement (WIOA Sec. 121(c)(2)(B)).

a. Career Services

Included in the requirements of one-stop participation is the provision of career services in the comprehensive one-stop center.

As explained in the Joint Final Rule of WIOA, from the Departments of Labor and Education, career services, as identified in sec. 134(c)(2) of WIOA, consist of three types:

- (a) Basic career services must be made available and, at a minimum, must include the following services, as consistent with allowable program activities and Federal cost principles:
- (1) Determinations of whether the individual is eligible to receive assistance from the adult, dislocated worker, or youth programs;
 - (2) Outreach, intake (including worker profiling), and orientation to information and other services available through the one-stop delivery system. For the TANF program, States must provide individuals with the opportunity to initiate an application for TANF assistance and non-assistance benefits and services, which could be implemented through the provision of paper application forms or links to the application Web site;
 - (3) Initial assessment of skill levels including literacy, numeracy, and English language proficiency, as well as aptitudes, abilities (including skills gaps), and supportive services needs;
 - (4) Labor exchange services, including—
 - (i) Job search and placement assistance, and, when needed by an individual, career counseling, including—
 - (A) Provision of information on in-demand industry sectors and occupations (as defined in sec. 3(23) of WIOA); and
 - (B) Provision of information on nontraditional employment; and
 - (ii) Appropriate recruitment and other business services on behalf of employers, including information and referrals to specialized business services other than those traditionally offered through the one-stop delivery system;
 - (5) Provision of referrals to and coordination of activities with other programs and services, including programs and services within the one-stop delivery system and, when appropriate, other workforce development programs;
 - (6) Provision of workforce and labor market employment statistics information, including the provision of accurate information relating to local, regional, and national labor market areas, including—
 - (i) Job vacancy listings in labor market areas;
 - (ii) Information on job skills necessary to obtain the vacant jobs listed; and
 - (iii) Information relating to local occupations in demand and the earnings, skill requirements, and opportunities for advancement for those jobs;
 - (7) Provision of performance information and program cost information on eligible providers of education, training, and workforce services by program and type of providers;

- (8) Provision of information, in usable and understandable formats and languages, about how the local area is performing on local performance accountability measures, as well as any additional performance information relating to the area's one-stop delivery system;
 - (9) Provision of information, in usable and understandable formats and languages, relating to the availability of supportive services or assistance, and appropriate referrals to those services and assistance, including: child care; child support; medical or child health assistance available through the State's Medicaid program and Children's Health Insurance Program; benefits under SNAP; assistance through the earned income tax credit; and assistance under a State program for TANF, and other supportive services and transportation provided through that program;
 - (10) Provision of information and meaningful assistance to individuals seeking assistance in filing a claim for unemployment compensation.
 - (i) "Meaningful assistance" means:
 - (A) Providing assistance on-site using staff who are well-trained in unemployment compensation claims filing and the rights and responsibilities of claimants; or
 - (B) Providing assistance by phone or via other technology, as long as the assistance is provided by trained and available staff and within a reasonable time.
 - (ii) The costs associated in providing this assistance may be paid for by the State's unemployment insurance program, or the WIOA adult or dislocated worker programs, or some combination thereof.
 - (11) Assistance in establishing eligibility for programs of financial aid assistance for training and education programs not provided under WIOA.
- (b) Individualized career services must be made available if determined to be appropriate in order for an individual to obtain or retain employment. These services include the following services, as consistent with program requirements and Federal cost principles:
- (1) Comprehensive and specialized assessments of the skill levels and service needs of adults and dislocated workers, which may include—
 - (i) Diagnostic testing and use of other assessment tools; and (ii) In-depth interviewing and evaluation to identify employment barriers and appropriate employment goals;
 - (2) Development of an individual employment plan, to identify the employment goals, appropriate achievement objectives, and appropriate combination of services for the participant to achieve his or her employment goals, including the list of, and information about, the eligible training providers (as described in 20 CFR 680.180);
 - (3) Group counseling;
 - (4) Individual counseling;
 - (5) Career planning;
 - (6) Short-term pre-vocational services including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct services to prepare individuals for unsubsidized employment or training;
 - (7) Internships and work experiences that are linked to careers (as described in 20 CFR 680.170);
 - (8) Workforce preparation activities;
 - (9) Financial literacy services as described in sec. 129(b)(2)(D) of WIOA and 20 CFR 681.500;
 - (10) Out-of-area job search assistance and relocation assistance; and
 - (11) English language acquisition and integrated education and training programs.
- (c) Follow-up services must be provided, as appropriate, including: counseling regarding the workplace, for participants in adult or dislocated worker workforce investment activities who are placed in unsubsidized employment, for up to 12 months after the first day of employment.
- (d) In addition to the requirements in paragraph (a)(2) of this section, TANF agencies must identify employment services and related support being provided by the TANF program (within the local area) that qualify as career services and ensure access to them via the local one-stop delivery system.

ICCB is currently awaiting further clarification from the U.S. Departments of Labor and Education regarding specifics on the provision of Title II: Adult Education and Literacy career services in the comprehensive one-stop system to take effect on July 1, 2017. The current requirements for provision can be found in the WIOA Services Matrix on the WIOA Implementation Documents and Updates page of Illinois Worknet: <http://www.illinoisworknet.com/DownloadPrint/WIOA%20Services%20Matrix.pdf>.

b. Infrastructure and Shared Systems Costs

As described in WIOA Section 121(c)(2)(A)(ii), shared responsibility for the infrastructure and shared systems costs is one of the requirements of the required one-stop system partners.

The WIOA Joint Final Rule from the U.S. Departments of Labor and Education describes infrastructure costs as follows (§ 463.700):

- (a) Infrastructure costs of one-stop centers are nonpersonnel costs that are necessary for the general operation of the one-stop center, including:
 - (1) Rental of the facilities;
 - (2) Utilities and maintenance;
 - (3) Equipment (including assessment-related products and assistive technology for individuals with disabilities); and
 - (4) Technology to facilitate access to the one-stop center, including technology used for the center's planning and outreach activities.
- (b) Local WDBs may consider common identifier costs as costs of one-stop infrastructure.
- (c) Each entity that carries out a program or activities in a local one-stop center, described in §§ 463.400 through 463.410, must use a portion of the funds available for the program and activities to maintain the one-stop delivery system, including payment of the infrastructure costs of one-stop centers. These payments must be in accordance with this subpart; Federal cost principles, which require that all costs must be allowable, reasonable, necessary, and allocable to the program; and all other applicable legal requirements.

New agreements for infrastructure and shared systems costs will take effect for fiscal year 2018, beginning July 1, 2017. The breakdown of proportional responsibility for infrastructure and shared systems costs is determined through a designated funding mechanism and negotiated with all partners as a part of the Memorandum of Understanding (MOU), which is renegotiated every three years. The budgets with these breakdowns must be renegotiated each year with agreement from all partners.

NOTE: All documents pertaining to WIOA requirements will be revised and updated for fiscal year 2018 to reflect the final guidance and any new or additional requirements from the Department of Labor or the Department of Education that take effect on July 1, 2017.

Section 4 – General Fiscal Policies

Major Policy Points

1. There are four competitive sources of funds for Adult Education and Literacy provided through ICCB. Each funding source has statutory regulations, policies and guidelines which dictate the way dollars may be spent. (Federal and State Policy)
2. Programs must adhere to the Grant Accountability and Transparency Act (GATA) Requirements (State Policy)
3. Providers may award sub-grants (formally subcontractors) for the provision of services. (Federal and State Policy)
4. Funding allocations to providers are based upon the funding formula. (State Policy)
 - a. Providers have the option to return unused funds or request additional funds in the spring of each year. In certain instances, providers will be required to return funds to the ICCB. (State Policy)
5. All funded providers must submit for approval, on the ICCB AEL provided forms, a Post Allocation Budget and Budget Narrative. (Federal and State Policy)
 - a. The Instructional Line of each budget for State Basic, Federal Basic, and Integrated English Literacy and Civics Education (IEL/CE) must be generated. (Federal and State Policy)
6. Providers are required to award all contracts according to Community College Act 110 ILCS805/3.27.1. (State Policy)
7. All providers are required to submit an annual audit to the ICCB by October 15th of each year. (Federal and State Policy)
8. Programs must submit for approval any purchases over \$5,000 and must include such items on their yearly Inventory report. (Federal and State Policy)

1. There are four competitive sources of funds for Adult Education and Literacy provided through ICCB. Each funding source has statutory regulations, policies and guidelines which dictate the way dollars may be spent.

The four sources of funds for Adult Education and Literacy provided through ICCB consist of the following:

| Federal Funding Categories | State Funding Categories |
|--|--|
| <ol style="list-style-type: none"> 1. Federal Basic 2. Integrated English Literacy and Civics Education (IEL/CE) | <ol style="list-style-type: none"> 1. State Basic 2. State Performance |

For detailed information regarding the purpose, eligible participants, appropriate use of funds and assessment requirements for each funding source, please refer to the document titled “Overview of Funding Sources for Adult Education and Literacy” at the end of this section.

Revenues and expenditures for each individual funding source must be tracked separately within an individual budget. These funds are to be used to supplement, not supplant, existing resources and existing instructional and support services.

These are restricted purpose funds and may not be transferred to other grants. Records must be maintained to support the appropriate usage of AEL funds. Amounts reported as expenditures must be for allowable services and must reflect actual expenditures. A written purchasing policy that includes appropriate checks and balances to ensure that state and federal funds are properly spent should be established and followed.

When issuing statements, press releases, bid solicitations and other documents describing programs funded in whole or in part with federal money, providers must follow the guidelines of the **Stevens Amendment**.

- Information provided must document the percentage of the total cost of the program that will be financed with federal money.
- The total amount of federal funds used for the program must also be documented.

Claims for allocated funds must be generated throughout the year, and records must support the claims. At the end of the year, 100% of the instructional costs spent (except for State Performance) must be generated.

2. All Programs Must Adhere to the Requirements of the Grant Accountability and Transparency Act (GATA) Requirements (State Policy).

GATA: In Response to federal Uniform Guidance (2 CFR 200) effective December 2014 and the State of Illinois Grant Accountability and Transparency Act (GATA) effective July 2014, Illinois is implementing a state-wide initiative to establish a compliant, uniform framework for grant management. GATA is a collaborative effort between grant making agencies and the grantee community to standardize policies and procedures and remove redundancy in grant management.

The following steps must be taken to receive a grant from ICCB.

1. Register via the GATA web portal annually for a Pre-Qualification
2. During pre-qualification, Dun and Bradstreet verifications are performed including a check of Debarred and Suspended status and good standing with the Secretary of State. The pre-qualification process also includes a financial and administrative risk assessment utilizing the ICQ (Internal Control Questionnaire). If applicable, the entity may be notified that it is ineligible for the award as a result of the Dun and Bradstreet verification. The entity will be informed of corrective action needed to become eligible for a grant award if this occurs.
3. Prior to receiving the award, a programmatic risk assessment (in addition to the ICQ) will need to be completed and returned to ICCB. This assessment will be provided by ICCB programmatic staff.
4. Notice of State Award letter will be generated by ICCB and should then be reviewed, signed, and returned to ICCB staff.
5. Review and sign the Uniform Grant Agreement, noting any specific risk conditions.
6. Complete the Uniform Budget using the proper indirect cost rate for your specific program. Some programs have a statutorily capped indirect cost rate and others will need to use the negotiated rate. Refer to your grant agreement for clarification.
7. Depending on the results from the providers' fiscal and administrative risk assessment as well as the programmatic risk assessment, monitoring and reporting will vary. Refer to your grant agreement to determine specific conditions.

3. Providers may award subgrants (formally subcontracts) for the provision of services.

In a subgrant arrangement, all stipulations regarding the grant agreement are the responsibility of the ICCB AEL-funded provider. The funded provider is responsible for ensuring all subgrantees follow the ICCB AEL program policies and procedures, stipulations in the grant agreement and the guidelines in EDGAR. Any proposed subgrantee must be an entity of demonstrated effectiveness and is subject to approval by the ICCB.

A written agreement must be developed between the sub-granting agency and the sub-grantee and should include the following:

- Name(s), address(es), telephone number(s) and e-mail address(es) of sub-grantee(s)
- Time frame of agreement
- Proposed services provided by sub-grantee(s)
- Projected number of participants to be served by sub-grantee
- Costs to be paid under sub-grant
- Payment schedule
- Conditions for amending the agreement
- Terms/Conditions for dissolution of the agreement

The subgranting agency must maintain appropriate records (including fiscal) relating to sub-grantee selection process and evaluation as well as sub-grantee qualifications. The ICCB reserves the right to review and to approve all subgrant agreements using ICCB AEL funds. Additionally all sub-grantee records are subject to audit and monitoring/evaluation.

4. Funding allocations to providers are based upon the funding formula. a. Providers have the option to return unused funds or request additional funds in the spring of each year. In certain instances, providers will be required to return funds to the ICCB.

Funding Methodology

The Illinois Community College Board Adult Education and Literacy funding allocations are determined based upon a funding methodology approved in May 2008. A description of the methodology is in the Adult Education Technical Appendix located on the ICCB website at http://www.iccb.org/data/?page_id=104. This document details the data used in the calculation of each program's allocation.

In general, the funding allocation is calculated using the following components:

- Index of Need
- Base Funding
 - Foundation Component
 - Enrollment Component
 - Units of Instruction
- Performance Funding
 - Secondary Completions
 - HSE completions
 - High School completions
 - Level Gains
 - Education Functioning Level (EFL) Gains based on post-test assessments within Test Publisher guidelines
 - Vocational Completions

- Citizenship Completions

Funding Disbursement

Following notification of allocations, the provider receives a Grant Agreement and Notice of State Award that must be signed by the provider as well as the ICCB. Providers are then disbursed allocated funding on a schedule, as prescribed by Exhibit C – Payment, in the Grant Agreement. Federal Basic and Federal EL/Civics funds must be requested using the Payment Request Form included with the grant document. All federal funds must have been requested no later than August 1.

Generation

A minimum of 45% of the allocation or the amount of funds spent on instruction (whichever is greater) for all funding sources with the exception of the State Performance budget must be generated. Upon submission of the mid-year Enrollment Report, the ICCB will review the report to determine if the instructional line of each funding source has been generated for each program. Budget generation is based upon student enrollment. For every 15 enrollment hours a student earns, one unit of instruction is generated. Each unit is assigned a dollar value based on the instructional category of the unit. Unit rates are established by state statute.

Failure to generate 40% of the instructional line in a funding source (with the exception of State Performance) by mid-year will result in a hold on disbursement of funding. Once the generation is met, the disbursement of funds will be reinstated.

In the spring of each year, providers will be asked to review their budgets to determine whether they will use all of their allocated funding. This process is called the “Intent to Release/Request Additional Funding.” If applicable, providers will submit appropriate forms as determined by the ICCB releasing current funds or requesting additional funds that may be available through this process.

Providers should regularly review generation and expenditures throughout the year to determine if they have funds to release or could use additional funds as provided through the annual release/request process. If, at any point, a program does not intend to generate the full instructional budget for any funding source or expend the total AEL grant allocation, the provider should contact the appropriate Regional Program Support Specialist for technical assistance.

Other reasons for return of funding that are not associated as a part of the Release/Request Additional Funds process may include:

- Instructional funds generated are less than 45% of the final actual expenditures.
- Expenditures for a full fiscal year are less than funds received.
 - If the reported end of year expenditures in a funding source are less than 90% of the allocation, then the calculations for instruction, General Administration, Program Support and indirect costs are based on the **new total eligible funding amount** and will not exceed the revised allocation. The new amount is calculated using instructional funds generated and the appropriate percentage allowed for the expenditure category.
- External Audit identifies unspent or inappropriate use of funds.
- The monitoring process determines an inappropriate use of funds.
- The end of the year expenditure report shows the need to return funds.
 - The calculations from the end of year expenditure report will alert programs to revisions and the return of funds. Funds should be returned as soon as external audits are finalized, but no later than October 15th.

Fees

Students may not be charged for instructional costs, including the cost of instructional materials. Public entities using State Basic and/or State Performance funds may supplement the cost of offering ASE classes using a \$3.00 fee per student, per unit of instruction. An accounting of all fees collected must be maintained for each fiscal year. Additionally, an accounting of how the collected fees were used to provide services to ASE students must also be maintained. The fees collected during a fiscal year must be spent during that same fiscal year. All records dealing with a fee charge are subject to monitoring and audit.

The language in the legislation indicates it is for ASE instruction only. Only public entities can make the \$3.00 charge. The legislation went into effect prior to the funding of CBO's so they are not included in the provision for charges.

There is never an instance when a student funded with Federal funds can be charged for services.

Interest Income

All funded providers are required to adhere to the guidelines for federal funds as indicated in the Education Department General Administrative Regulations (EDGAR).

www.ed.gov/policy/fund/reg/edgarReg/edgar.html

- In accordance with federal law, federal funds cannot be advanced or held in an account more than thirty (30) days. Federal funds must be placed in an interest bearing account, unless:
 - The Grantee receives less than \$120,000 in federal awards per year;
 - The best reasonably available interest-bearing account would not be expected to earn interest in excess of \$250 per year on federal cash balances; or
 - The depository would require an average or minimum balance so high that it would not be feasible within the expected federal and non-federal cash resources.

The timing and amount of federal funds requested should be as close as administratively feasible to the actual obligations. Pursuant to 34 CFR 74, the Grantee is required to maintain advances of federal funds in an interest bearing account with some exceptions. Grantees choosing to receive payments on a monthly or quarterly basis should note the following:

- Grantees should manage cash-on-hand to avoid holding funds in excess of 30 days.
- Any interest earned annually totaling \$100 or less must be expended on the adult education program or returned to the ICCB.

Time Distribution Sheets

Time distribution sheets must be maintained for all staff members paid from more than one federal fund. A sample is included at the end of this section.

- The federal time and effort requirement is at a minimum. Providers are required to keep documentation as required by OMB Circular A87 Attachment B-8h. Providers are encouraged to establish additional detail beyond federal requirements to support payroll and benefits charges.

- 5. All funded providers must submit for approval, on the ICCB AEL provided forms, a Post Allocation Budget and Budget Narrative.**
- a. The Instructional Line of each budget for State Basic, Federal Basic and Integrate English Literacy and Civics Education (IEL/CE) must be generated.**

After receiving the allocation amount and returning the signed grant agreement to the ICCB, programs must develop and submit a Post Allocation Budget for each funding source received. A Budget Narrative for each source of funds must also be completed. Budgets within a single funding source may be modified without requesting approval from the ICCB as long as the changes do not affect the negotiated Program

Support percentages for Federal Basic and Federal EL/Civics and/or other specific funding requirements for State and Federal budgets.

If a funded provider is a consortia of eligible entities, the lead agency is the fiscal agent for the consortia. As such this agency is responsible for the submission of all fiscal documents and reports and must ensure that each consortia member follows all federal and state policies and guidelines in the delivery of Adult Education Services.

Fifty-one percent (51%) or more of the direct instructional costs must be paid with ICCB AEL funds to claim units for generation. Please refer to the “Overview of Funding Sources for Adult Education and Literacy” and the “Budget Descriptions” documents at the end of this section for more details.

6. Providers are required to award all contracts according to Community College Act 110 ILCS805/3.27.1.

- Providers can establish a more restrictive requirement for awarding contracts.
- All contracts for purchase of supplies, materials or work involving an expenditure in excess of \$25,000 must meet the requirements as listed in the Community College Act.

7. All providers are required to submit an annual audit to the ICCB by October 15th of each year.

All providers subject to OMB Circular A133 must submit one paper and one electronic copy of the audit to the ICCB. Providers not subject to OMB Circular A133 must submit a grant specific audit according to the US Government Accounting Office, also known as the *Government Auditing Standards (The Yellow Book)*. One electronic copy should be provided to the attention of Adult Education, Program Compliance.

A grant specific audit will at a minimum include an audit opinion, a compliance report or an additional paragraph in the audit opinion which provides positive assurance of compliance with rules, regulations, state and federal law and the ICCB Adult Education and Literacy expenditure requirements; a balance sheet; a statement of revenues and expenses; and relevant notes to the financials.

The Adult Education and Literacy audit requirements can be found in section 12 of this manual and on the ICCB website at http://www.iccb.org/data/?page_id=104.

For additional information related to the budgets, expenditure reports and the audit, refer to Section 3 - General Fiscal Policies. For questions specific to the audit please contact Director for Financial Compliance and Program Accountability, at the ICCB Springfield Office.

For Additional Information

Refer to the Following Items that Follow this Section

- Overview of Funding Sources for Adult Education and Literacy
- Time Distribution Sheet
- Budget Descriptions

Also See

- Adult Education and Technical Appendix (http://www.iccb.org/data/?page_id=104)

Budget Descriptions

Line Items

Instruction: The teaching of students or the direct interaction between a paid instructor and students (with 51% or more of the cost paid with ICCB AEL funds). Instructional costs associated with state budgets are further delineated within the instructional line to indicate instructional costs associated with foreign language HSE and Vocational instruction. Federal funds cannot be used for these two instructional types.

Consider the following when developing the Instructional line of the budget:

- a. Instruction may be provided for students in a classroom and in other learning environments.
- b. Include the activities of paid aides or paid assistants of any type that assist in the instructional process.
- c. Substitute instructors' salaries and benefits should be paid from the Instruction line.
- d. Salaries and benefits for those instructors attending professional development activities must be transferred from the Instructional line to the Improvement of Instructional Services line.
- e. Salaries and benefits for those instructors who have other responsibilities should be charged proportionately to the appropriate line. For example, if the individual teaches 80% of the time and works in administration 20% of the time, then 80% of salary and benefits must come from Instruction and 20% from General Administration.
- f. Instructional items, such as blackboards, chalk, maps, texts and teaching materials, are included under Supplies and Materials.
- g. Equipment, such as computers, printers, software, desks, tables, chairs, file cabinets and book cases which are used for the purpose of Instruction, is budgeted under Supplies and Materials unless the value of one single item is \$5,000 or more which is budgeted under Capital Outlay. If these items are also used for purposes other than instruction, costs must be charged proportionally to the Supplies and Materials column on the appropriate line. For example, if computer hardware or software is used for multiple functions within the organization, then the cost of that item, such as a site license for *Microsoft Office* that is used both in the classroom and administratively, must be divided proportionally among Instruction and General Administration.
- a. All classes supported with restricted funds and to be claimed to the current fiscal year must end by June 30th. When scheduling classes that are funded with unrestricted or other restricted funds, it is advised not to schedule classes that begin in one fiscal year and culminate in the next. This can help mitigate allocation concerns at the end of a fiscal year. This is also beneficial to ensure that students can earn adequate instructional hours to be post-tested for the end of the year.
 - Any test administered on or before June 30th for students served in the fiscal year will be the final post-test for the fiscal year

Social Work Services: This area provides activities for:

- h. Improvement of students' attendance
- i. Identification of patterns of non-attendance
- j. Interventions to assist students dealing with problems involving the home, school and community
- k. Provision of referral assistance and/or retention strategies

Guidance Services: This area provides activities that pertain to counseling students:

- l. Learning styles inventories
- m. Evaluating the abilities of students
- n. Assisting students to make their own educational and career pathway choices, including career awareness and development activities, etc.
- o. Assisting students in personal and social development
- p. Assisting staff members in planning and conducting guidance programs, and
- q. Providing transition services that will lead to postsecondary education and training, bridge programs, integrated education and training programs, employment and other activities of statewide significance. To assist them in transitioning to job training, job placement, or future education
- r. ADA coordination

Assistive and Adaptive Equipment: Equipment and assistive devices or special printed materials for AEL students with special needs.

Assessment and Testing: • Assessment and testing are activities to measure skill gains of individual students enrolled in eligible adult education and literacy activities through the use of the approved assessments for Illinois Adult Education and Literacy. However, other diagnostic assessments designed to place students in appropriate and eligible adult education and literacy instruction are allowable.

Student Transportation Services: Activities concerned with conveying students and their children to and from schools as provided by Article 29 of the *Illinois School Code*. Includes trips between home and school and trips to school activities.

Literacy Services: Literacy activities in conjunction with AEL instructional programming.

- s. Volunteer Literacy Coordination include coordination, tutor training, tutor scheduling, and other support activities that promote student learning gains. Volunteer literacy services must be in conjunction with Adult Education and Family Literacy instructional programming provided by trained volunteers to target population students. Volunteer Literacy Services support classroom instruction and increasing student learning gains. Trained volunteers may work with students during classroom instruction under the supervision and coordination of a paid instructor in an AEFL funded class. Instructional hours may not be claimed for services provided by volunteer tutors.
- t. Family Literacy is an integrated, intensive service for at-risk families that must include, but is not limited to, the four components—adult education, parenting education, parent/child activities, and child education—of family literacy. Parenting education includes information and support for parents on issues such as childbirth, development and nurturing of children, child rearing, family management, support for children learning, effective advocacy strategies for the rights of all children, and parent involvement in their child’s education. Parent/child activities include regularly scheduled, interactive literacy-based learning activities for parents and children. Only three components—adult education, parenting education, and parent/child activities—can be funded by ICCB Adult Education and Family Literacy (AEFL) funds. The fourth component—child education—must be funded by an appropriate child education partner.
- u. Workplace Adult Education and Literacy Activities include coordination of workplace education projects in collaboration with employers or employee organizations that are designed to meet the unique needs of participating workers and employers. Costs associated with Workplace literacy that are delivered at a work-place or off-site location for services such as instruction, curriculum development, assessment and testing, etc. should be budgeted on the appropriate line for these services.

Childcare Services: The care of children during a time for which a student is engaged in eligible AEL instructional activities. The student must be the primary care giver of the child.

Subtotal Instructional and Student Services: Total of line items 1 through 8.

Improvement of Instructional Services (Professional Development): Activities which are designed to enable all local Adult Education staff (e.g., instructors, administrators and support staff) to effectively meet the crucial needs of students and continuously improve student learning achievement.

General Administration: Activities concerned with the overall administrative responsibility for the ICCB AEL grant. Staff and activities funded under this category **would not** provide direct services to students, and the cost must be charged proportionately to reflect the job description and time distribution. This could include but not be limited to the following:

- v. Program administration activities
- w. Program coordination activities
- x. Finance and accounting activities
- y. Secretarial activities
- z. APC activities

Operation and Maintenance of Plant Services: Activities concerned with keeping the physical plant (i.e., grounds, buildings and equipment) in an effective and safe working condition. Rent and utilities are included in Operation and Maintenance of Plant Services under Purchased Services.

Workforce Coordination: Activities designed to streamline services through One-Stop delivery systems that partner workforce and educational entities for easy access and to establish and sustain community partnerships with local and state Workforce Development entities.

Data and Information Services: Includes activities concerned with the following:

- aa. ICCB AEL approved data system DAISI
- bb. Recruitment of students
- cc. Public relations functions

Approved Indirect Costs: Grantees without a Federally Negotiated Indirect Cost Rate must apply for a rate with the State of Illinois. Information regarding indirect cost rate application will be sent from the State's Indirect Cost Rate Negotiation firm after completion of Grantee Registration. Indirect cost rates for Federal Funds are capped at 5%. Indirect cost rates for State Basic funds are capped at 15%. The Indirect Cost rate for Federal Funds (Federal Basic and Federal EL/Civics) are included as part of the Federal Program Support Negotiations. Indirect cost rates for Federal Funding Sources must be consistent. The Indirect Cost rate for State Funds must be uniform across all State Budgets (i.e. State Basic and State Performance funds). For example, if a rate of 5% is used for the State Basic budget, that same rate must be used as the indirect cost rate for all other State funding source budgets.

Indirect costs represent the expenses of doing business that are incurred for a common or joint purpose benefitting more than one cost objective. These costs are not readily identified with a particular grant, contract, project function or activity.

Object Items

In addition to Line Items, providers must document spending by Object Items (column).

Each Object Item on the Post Allocation Budget represents a category of expenditure.

- *Salaries:* Amounts paid to permanent, temporary or substitute employees on the payroll of the AEL grant. This includes gross salary for personal services rendered while on the payroll of the grant.
- *Employee Benefits:* Amounts paid by the grant on behalf of the employees. These amounts are not included in the gross salary, and may include such items as retirement benefits, health and life insurance costs, and employer's contribution to social security. The costs of benefits should be proportional to the salary in the corresponding line item and funding source.
- *Purchased Services:* Amounts paid for the following services:
 - Those rendered by personnel who are not on the payroll of the grant such as consultants. Consultant fees are allowable at the maximum rate of \$600 per day, plus expenses (up to a maximum of \$200).
 - Unemployment insurance
 - Workers compensation
 - Postal costs
 - Telephone costs
 - Mileage costs
 - Registration costs
 - Lodging and per diem costs
 - Field trip costs
 - Catering costs
 - Internet costs
- *Supplies and Materials:* Amounts paid for material items of an expendable nature that are consumed, worn out or deteriorated in use. Included are general supplies, textbooks, library books, periodicals, etc. Computer software is considered a supply. It should be claimed according to its functional use. Equipment and non-expendable personal property with a per unit cost totaling **less than** \$5,000 should be charged to this object.
- *Capital Outlay:* Expenditures for the acquisition of moveable equipment and the replacement of equipment with a minimum per unit cost of \$5,000. Software and software licenses with a per unit value of \$5,000 are defined as equipment. Equipment is the tangible non-expendable, personal property having a useful life of more than one year. A program may use a more restrictive definition of equipment if a more restrictive local policy exists. Expenditures for single items costing \$5,000 or more (inclusive of labor and installation charges), whether budgeted on one or multiple lines, require written pre-approval by the ICCB.
- *Sub Contractual:* Amounts paid for services provided by sub-contractors' underwritten agreements.
- *Tuition:* Expenditures to reimburse other educational agencies for services rendered to students residing within the legal boundaries described for the paying agency. Payments to other educational facilities should be charged to the appropriate instructional function. Include also the tuition charge for "mainstreaming" students within the same agency or an outside agency.

Other Budgeting Considerations

- *Retirement:* The State Basic and State Performance sources of funds are general revenue fund appropriations. Programs, with the exception of the Illinois Department of Corrections, are **not allowed** to charge the employer's contribution of State Universities Retirement System (SURS), State Employees Retirement System (SERS), or Teachers Retirement System (TRS) on these budgets. Separate appropriations are made by the state to pay these retirement contributions. The appropriate reporting should be made to these retirement systems. If individuals are covered under another retirement system, the employer's contribution may be charged to the grant. Consult your local financial officer if you have questions about the payment of retirement benefits.

Under the federal sources of funds, Federal Basic and EL/Civics, the employer's contribution may be charged proportionately to the sources of funds used to pay the employee's salary, regardless of the retirement system used.

Employee's contributions to retirement systems if paid by the grantee as part of the employee's benefits should be charged proportionately to all sources of funds used to pay the employee's salary, regardless of the retirement system used.

- *Interest:* In accordance with 30 ILCS 705/10, any interest earned on funds shall become part of the grant principal and be treated according to grant rules.
 - *WIOA One-Stop Costs:* WIOA One-Stop costs are claimed in relationship to their use. Funds for the operation One-Stop Center are categorized under General Administration.
 - *Loans:* Programs are not permitted to use state and federal grant funds to pay interest expense on borrowing, financing, and refinancing operations.
 - *Travel:* For travel, meals and hotel reimbursement, a provider should consult the travel policies of his or her organization. These policies should contain a provision for prior approval for business travel. In the absence of a formal travel policy, the provider should follow the Higher Education Travel Board's policies, which can be viewed at <http://www.stateuniv.state.il.us/travel/>. Programs must consistently follow one policy, however.
- *Leasing Equipment:* The following conditions must be met:
 - Lease purchases that span more than one grant year are permissible.
 - Costs can be recovered from more than one year of grant funds.

The following provisions should be understood related to such situations:

- Interest and finance charges cannot be charged to federal grants.
- The grant recipient should continue to list the equipment for approval for multiple years until the agreement is complete. The lease purchase concept should be so noted on the approval request.
- The grant recipient must keep financial and programmatic records that document the disbursement of funds associated with the agreement.
- Lease purchases are budgeted under Purchased Services. It is permissible to pay the interest cost associated with lease purchase arrangements only for equipment purchased with state grant sources. It is not permissible to pay interest charges from federal grants.
- Grant continuation from the ICCB cannot be guaranteed.

Audit Requirements:

- All providers subject to OMB Circular A133 must submit one paper and one electronic copy of the audit to the ICCB. Providers not subject to OMB Circular A133 must submit a grant specific

audit according to the U.S. Government Accounting Office (GAO), also known as the *Government Auditing Standards (The Yellow Book)*. One paper copy and one electronic copy should be provided to the attention of Adult Education, Program Compliance.

- A grant specific audit will at a minimum include an audit opinion, a compliance report or an additional paragraph in the audit opinion which provides positive assurance of compliance with rules, regulations, state and federal law and the ICCB Adult Education and Literacy expenditure requirements; a balance sheet; a statement of revenues and expenses; and relevant notes to the financials.
- The Adult Education and Family Literacy audit requirements can be found in section 12 of this manual and on the ICCB website at http://www.iccb.org/data/?page_id=104.
- For questions specific to the audit please contact the Director for Financial Compliance and Program Accountability, at the ICCB Springfield Office.

Overview of Funding Sources for Adult Education and Literacy

Program Specifications

There are four sources of funds for Adult Education and Literacy provided through the ICCB, consisting of both Federal and State funds. Federal Funds include two funding categories:

- Federal Basic
- Integrated English Literacy and Civics Education (IEL/CE)

State Funds include two funding categories:

- State Basic
- State Performance

The charts on the following pages indicate for each funding source the purpose, eligible participants, appropriate use of funds, assessment requirements, and reporting requirements.

Overview of Funding Source: Federal Basic, Integrated English Literacy and Civics Education, State Basic, State Performance.

| | |
|--|--|
| <i>Federal Basic</i> | <i>45% Minimum Instruction; 5% Maximum Program Support including Indirect Costs</i> |
| <i>Integrated English Literacy and Civics Education (IEL/CE)</i> | <i>45% Minimum Instruction; 5% Maximum Program Support including Indirect Costs</i> |
| <i>State Basic</i> | <i>45% Minimum Instruction; 15% Maximum Program Support including Indirect Costs</i> |
| <i>State Performance</i> | <i>No Minimums or Maximums for Instruction or Program Support</i> |

ADULT EDUCATION AND LITERACY (FEDERAL BASIC)

| Purpose | | |

Section 5 – Student Intake

Major Policy Points

- 1. All students are required to complete one intake form per fiscal year. This should be completed when the student enters the program and the form must contain, at a minimum, specific and prescribed elements as outlined by ICCB. (Federal and State Policy)**
- 2. Upon entering the program, all students must receive an appropriate orientation that outlines requirements and expectations, services available and guidance with career and educational planning. Appropriate assessment(s) must also be conducted to establish a baseline for instruction. (Federal and State Policy)**
- 3. Students in Adult Education are required to enter into Career Pathway programs. (State and Federal Policy)**

- 1. All students are required to complete one intake form per fiscal year. This should be completed when the student enters the program and the form must contain, at a minimum, specific and prescribed elements as outlined by ICCB.**

To facilitate the intake process and meet the requirements for maintaining student data, an intake form must be completed for each student.

- A sample student intake form that meets the requirements has been included at the end of this section to assist providers with the intake process.
- The Adult Education and Literacy Student Intake Form is aligned with the approved data system to ease the data entry process at the program level.
- A program can use any locally developed intake form as long as the form includes the required elements. If designing a local intake form, it is strongly recommended that the form layout be consistent with the approved data system screen to assist with data entry requirements.
- Accurately recording information from the Student Intake Form in the approved data system is essential because it becomes the criteria used to measure student success and examine program characteristics.
- It is required that programs have each student complete, date and sign an intake form each fiscal year.

- 2. Upon entering the program, all students must receive an appropriate orientation that outlines requirements and expectations, services available and guidance with career and educational planning. Appropriate assessment(s) must also be conducted to establish a baseline for instruction.**

Providers must have a procedure in place for orienting students to the program and assisting them in selecting personal goals for instruction and services. The program should also explain the commitment necessary for the student to be successful in the program. The proper time for this process to occur is

when the student first enters the program. It is recommended that this orientation occur prior to a student attending the first class session and that procedures be implemented to regularly address student questions and concerns to assist with student retention.

Pre-testing, with an ICCB approved standardized assessment, must be conducted by either the third class meeting for a fixed-entry class or by the student's third class period in an open-entry class to establish a baseline for student progress. Detailed information regarding assessment can be found in Assessment (Section 5).

3. Students in Adult Education programs are required to enter into Career Pathway programs but may also begin by entering a Bridge program.

Integrated Education and Training programs that concurrently prepare a student for academic success and meaningful employment along a Career Pathway have been demonstrated to effectively prepare students for successful transitions into post-secondary education and career employment.

The Illinois Community College Board has approved 16 Career Pathways that lead to meaningful employment and family sustaining wages for students in Adult Education. Students enrolled in Career Pathway programming develop marketable skills training while receiving contextualized instruction that prepares students for passing High School Equivalency (HSE) exams.

Bridge programs prepare adults with limited academic or limited English skills to enter and succeed in credit-bearing postsecondary education and training leading to career-path employment in high-demand, middle-and high-skilled occupations. The goal of bridge programs is to sequentially bridge the gap between the initial skills of individuals and what they need to enter and succeed in postsecondary education and career-path employment.

The requirements of Bridge Programming including:

- *Contextualized instruction* that integrates basic reading, math, and language skills and industry/occupation knowledge;
- *Career development* that includes career exploration, career planning within a career area, and understanding the world of work (specific elements depend upon the level of the bridge program and on whether participants are already incumbent workers in the specific field); and
- *Transition services* that provide students with the information and assistance they need to successfully navigate the process of moving from adult education or remedial coursework to credit or occupational programs. Services may include (as needed and available) academic advising, tutoring, study skills, coaching, and referrals to individual support services, e.g., transportation and child care.

Integrated Education and Training (IET) programming has two models: Integrated Career and Academic Preparation System (ICAPS) and Workforce and Academic Integrated Training System (WAITS).

The **ICAPS** model capitalizes on integrated partnerships between Adult Education providers and Career and Technical Education divisions at Illinois community colleges to provide concurrent enrollment and instruction in a team taught environment with comprehensive student supports, resulting in skill level gains, high school equivalency certifications, transferrable college credit, and short-term stackable college and industry-recognized credentials.

The **ICAPS** model also utilizes partnerships between Adult Education providers and college and university workforce and career training programs that may not be funded through Perkins or the Illinois Community College Board. This model also provides concurrent enrollment and instruction in a team taught environment with comprehensive student supports, resulting in skill level gains, high school equivalency certifications, college credit, and college and industry-recognized credentials.

The **WAITS** model utilizes partnerships between Adult Education providers and workforce and career training programs that may or may not be tied to a specific postsecondary institution. This model allows for the participation of community-based and faith-based organizations, local school districts and educational authorities, regional offices of education, and other state-funded Adult Education providers and partnership with Corporate and Continuing Education divisions at community colleges, Local Workforce Innovation Boards, independent and governmental workforce training agencies, as well as individual employers and industry-based training programs. This model also provides integrated instruction and comprehensive student supports, resulting in skill level gains, high school equivalency certifications, and industry-recognized credentials, as well as the option for employer-specific training programs.

- Other Instructor
- Employer
- Community organization
- Career Center/WIOA Office Referral
- TV, Radio, Newspaper or Internet
- Flyer or Poster
- Friend or Relative
- Other
- No Response

Number of Dependents - minor children (optional): _____

Number of Dependents – other (optional): _____

Yearly household income (optional): _____

Please check one of the following: (required)

- Employed
- Employed, but received notice of termination or military separation
- Unemployed
- Long-Term Unemployed (Unemployed longer than 27 weeks)
- Not in the Labor Force

If employed, hours per week _____

If employed, what is your occupation? _____

Do you receive Public Assistance? (required)

- Yes
- No
- If Yes, Public Assistance Number (required):** _____

Additional Student Information

(Please check all that apply (required)):

- Low Income
- Dislocated Worker
- Veteran
- Displaced Homemaker
- Single Parent
- Ex-Offender
- Homeless Individual
- Current or Former Foster Care Youth

Are you a migrant and/or seasonal farmworker?: No

Seasonal Farmworker Migrant and Seasonal Farmworker

Please check all that apply:

- In a PROGRAM FOR THE HOMELESS
- In a COMMUNITY CORRECTIONAL PROGRAM
- Participant in a WORK-BASED LEARNER Project
(enrolled in a 12-30 hr. course designed to teach work-based literacy skills)
- Participant in a WORKPLACE LITERACY Program
(ICCB AEL funded)
- In a CORRECTIONAL FACILITY
- In OTHER INSTITUTIONAL SETTING
- Participant in a FAMILY LITERACY Program
(ICCB AEL funded)
- Participant in a VOLUNTEER LITERACY Program
(ICCB AEL funded)

Consent to Obtain High School Equivalency (HSE) Test Results

I, _____, give my consent to *Program Official Title*, commonly known as *Program Name*, to obtain the results of my HSE testing.

I understand that all information obtained by *Program Name* will be maintained in accordance with the Family Educational Rights and Privacy Act (“Act”) and will only be used for the following purposes:

- Information regarding the annual commencement ceremony;
- Determining eligibility for available scholarships and notifying me of the same;
- Tracking student progress through the HSE program; and
- Responding to all mandated state reporting requirements.

By signing this form I acknowledge that *Program Name* may obtain my official HSE test results and give permission for all such results to be provided to *Program Name*.

Integrated Education and Training (IET)

Model A - Pre-Bridge

- Contextualized Adult Education Curricula
- Career Development
- Transition Services
- Technology Skills
- Employability Skills
- No Resulting Credentials
- Levels 4.0-5.9

Model B - Bridge

- Contextualized Adult Education Curricula
- Career Development
- Transition Services
- Technology Skills
- Employability Skills
- Credentials Possible
- Levels 6.0-8.9

Pre-IET Model One - ICAPS

- Contextualized and Integrated Adult Education Curricula
- Career Development/Workforce Preparation
- Transition Services
- Technology Skills
- Employability Skills
- Comprehensive Student Support Services
- College Credit-bearing Career and Technical Education (Workforce Training)
- Shared Learning Objectives
- Team-Taught Environment
- Contextualized Support Class

- Results in:
 - High School Equivalency
 - Industry Recognized Credentials
 - Employment Opportunities
 - Transferrable College Credit
 - Stackable College Credentials

IET Model Two - WAITS

- Contextualized and Integrated Adult Education Curricula
- Career Development/Workforce Preparation
- Transition Services
- Technology Skills
- Employability Skills
- Comprehensive Student Support Services
- Technical /Workforce Training
- Shared Learning Objectives
- Team-Taught Environment (as possible)
- Contextualized Support Class

- Results in:
 - High School Equivalency
 - Industry-Recognized Credentials
 - Employment Opportunities

Framework for IET in Illinois

New State Framework for Integrated Education and Training (IET)

In meeting with the requirements of the Workforce Innovation and Opportunity Act of 2014 (WIOA), Integrated Education and Training (IET) Programs in Illinois will provide adult education and literacy activities concurrently and contextually with workforce preparation activities and workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement. The IET framework in Illinois will be comprised of two Pre-IET models: Pre-Bridge and Bridge Programs, and two IET models: ICAPS and WAITS.

Pre-IET Models

Model A:

Pre-Bridge Programs

This model utilizes the existing framework of the Pre-Bridge programs that many Adult Education providers already have in place. Pre-Bridge programs incorporate instruction that is contextualized for a specific career cluster or pathway, career development and awareness training, and transition services. The programs prepare students with the foundational knowledge needed to begin training for career pathway programs and employment and prepare them for the more rigorous instruction in Bridge Programs.

Model B:

Bridge Programs

This model utilizes the existing framework of the Bridge programs that many Adult Education providers already have in place. Bridge programs incorporate instruction that is contextualized for a specific career cluster or pathway, career development and awareness training, and transition services. The programs prepare students with the foundational knowledge needed to begin training for career pathway programs and employment.

IET Models

Model One:

Integrated Career and Academic Preparation System (ICAPS)

Adult Education and College Credit Workforce Training Partnership

This model capitalizes on integrated partnerships between Adult Education providers and Career and Technical Education divisions at Illinois community colleges to provide concurrent enrollment and instruction in a team taught environment with comprehensive student supports, resulting in skill level gains, high school equivalency certifications, transferrable college credit, and short-term stackable college and industry-recognized credentials.

This model also utilizes partnerships between Adult Education providers and college and university workforce and career training programs that may not be funded through Perkins or the Illinois Community College Board. This model also provides concurrent enrollment and instruction in a team taught environment with comprehensive student supports, resulting in skill level gains, high school equivalency certifications, college credit, and college and industry-recognized credentials.

Model Two:

Workforce and Academic Integrated Training System (WAITS)

Adult Education and Workforce Training Partnership

This model utilizes partnerships between Adult Education providers and workforce and career training programs that may or may not be tied to a specific postsecondary institution. This model allows for the participation of community-based and faith-based organizations, local school districts and educational authorities, regional offices of education, and other state-funded Adult Education providers and partnership with Corporate and Continuing Education divisions at community colleges, Local Workforce Innovation Boards, independent and governmental workforce training agencies, as well as individual employers and industry-based training programs. This model also provides integrated instruction and comprehensive student supports, resulting in skill level gains, high school equivalency certifications, and industry-recognized credentials, as well as the option for employer-specific training programs.

Section 6 – Assessment

Major Policy Points

- 1. All students are required to be assessed with an ICCB approved assessment based on the student’s enrollment type. Students enrolled in Vocational only or Foreign Language GED® only are the two exceptions to this requirement. (Federal and State Policy)**
 - a. Students enrolled in Foreign Language GED® instruction should be assessed to ensure they are functioning at the ASE level. Foreign Language GED® instruction can only occur at the ASE level. Programs have discretion in selecting the assessment tool to use (i.e. SABE or locally developed instrument), but it should be appropriate for the student population. (State Policy)**
- 2. Staff administering the approved assessments must be properly trained and all official assessments used for student placement must be approved by ICCB. (Federal and State Policy)**
 - a. Current assessments for ELA include the BEST Literacy, BEST Plus and the CASAS. For ABE, ASE or HSCR, the approved assessment is the TABE 9/10. (Federal and State Policy)**
- 3. Level gains are measured by improvement (based on point gain) from pre-test (first assessment used for the fiscal year) to the post-test (final assessment for the fiscal year). (Federal and State Policy)**
 - a. In order for results to be claimed, post-testing must be conducted within time frames established by the test publishers. (Federal Policy)**
 - b. Programs must ensure that students are administered alternating forms of the assessment as appropriate. (Federal Policy)**
 - c. Any testing accommodations for assessing special populations must be within the guidelines established by the test publisher. (Federal Policy)**
- 4. Programs may elect to use an assessment from the previous fiscal year for placement in the new fiscal year if that assessment was administered within 120 days of the student’s enrollment in the new fiscal year. (State Policy)**

- 1. All students are required to be assessed with an ICCB approved assessment based on the student’s enrollment type. Students enrolled in Vocational only or Foreign Language GED® only are the two exceptions to this requirement.**
 - a. Students enrolled in Foreign Language GED® instruction should be assessed to ensure they are functioning at the ASE level. Foreign Language GED® instruction can only occur at the ASE level. Programs have discretion in selecting the assessment tool to use (i.e. SABE or locally developed instrument), but it should be appropriate for the student population.**

Assessment is an integral part of any instructional program. It is conducted to place students in appropriate instructional levels, to measure ongoing progress, to identify student strengths and weaknesses, to qualify students for academic and vocational programs, to demonstrate student gains, to guide instruction or to determine program effectiveness. Different types of assessment take place at different points in the program. Initially, placement assessment is conducted to place students in the appropriate level.

- Pre-testing is to be completed by the student's third class meeting in the enrollment period (open-entry classes) or by the third period of the class (fixed-entry classes) to establish a baseline to determine student progress.
- Student placement for NRS purposes is required and must occur through ICCB AEFL approved assessments. Additional assessment based on locally developed assessment instruments for placement in appropriate course(s) can also be conducted to inform instruction. However, these locally developed tools cannot be used for official NRS placement and reporting.
- Students are required to be assessed with at least one approved ELA assessment for ELA instruction and either the TABE-R or TABE-M based on the type of ABE, ASE or HSCR enrollment that occurs.
- Throughout the program, there should be ongoing progress evaluation and post-testing to measure student progress. In order to report progress, all post-testing should be completed within the guidelines set by the test publisher for the specific assessment in use.
- The ICCB has established the minimum post-test rate target at 65%. This rate is subject to change on an annual basis. Programs should also closely monitor reports to ensure that NRS targets are reached for level gains.
- Each year, the ICCB negotiates targets for each of the Educational Functioning Levels (EFL's). All programs are expected, at a minimum, to meet these targets.
- Local providers are required to measure the educational gains of all students who receive 12 hours or more of instruction in Illinois' adult education program with a test that the Secretary of Education has determined is suitable for use in the NRS. The approved tests for Illinois are: TABE-R, TABE-M, CASAS, Best Plus & Best Literacy Skills Test.
- Distance Learning is a formal learning activity where students and instructors are separated by geography, time or both for the majority of the instructional period. Distance learning materials are delivered through computer software, web-based programs and other online technology. Teachers support distance learners through communication via mail, telephone, e-mail or online technologies and software. (NRS Implementation Guide p. 50)
- Students in distance education should be post-tested after the same amount of instructional time as other students.
- Students enrolled in distance education must accrue at least 12 contact hours to be reportable to the NRS.
- Providers of distance learning must identify which assessment or assessments will be used to pre and post-test students (post-test not required for ASE High). The assessment must be approved for use with AEL students (TABE R, TABE M, CASAS, BEST Literacy, and BEST Plus 2.0).
- All programs must administer all pre- and post-test assessments used to measure educational gain of distance education students for NRS reporting in-person, at a proctored program site within the state that meets NRS assessment policy.
- Assessments not conducted through face-to-face interaction with a trained test administrator in a secure setting are not allowed for NRS reporting.
- All providers of distance learning must use software and curriculum that is approved by ICCB.
- Proxy contact hours must be tracked through one of the following methods and providers must identify which method will be used. The method must be compatible with the selected software. In addition, all classes must be set up as Individualized Instruction in the statewide Data Collection System.
 - Clock Time Model – assigns contact hours based on the elapsed time that a learner is connected to, or engaged in an online or stand-alone software program that tracks time;
 - Learner Mastery Model - assigns a fixed number of hours of credit based on the learner passing a test on the content of each lesson. Learners work with the curriculum and materials and when they feel they have mastered the material, take a test. A high

percentage of correct answers (typically 70%-80%) earns the credit hours attached to the material.

- Providers of distance learning can use one or any combination of the following enrollment types.
 - At a Distance – Asynchronous instruction provided entirely through an online platform
*Students are still required to pre- and post-test (with the exception of post testing for ASE High) face-to-face;
 - Learning Lab – Asynchronous or synchronous instruction provided entirely through an online platform accessed at a program provided computer lab;
 - Hybrid - At a Distance or Learning Lab programming offered in conjunction with face to face instruction;
 - In a hybrid learning model, program identifies the number of times students will meet in a traditional classroom setting or face to face. Because these classes must be set up as individualized instruction in the Data Collection System, the number of hours a student attends face to face instruction must be recorded in place of traditional attendance codes.

The results of the pre- and post-test are important to the learner, the teacher, and the program. For the teacher, the results of testing can be used to guide instruction and curriculum development. The results are critical for program improvement and program accountability in terms of achieving targeted outcomes, as well as continued financial support of the program.

Score ranges for each assessment are determined by the test publisher. Student level gains are determined by the post-test results and reflect the final assessment of the fiscal year for the student in comparison with the pre-test score. If the student earns enough points on the post-test, a level gain is granted.

Programs serving ELA students have the discretion to select from three ELA assessments (i.e. BEST Plus, BEST Literacy or CASAS). Programs can choose the assessment(s) that best meets the needs of the program and the students served. Programs may elect to administer up to two different ELA tests during the same fiscal year. As with TABE testing, in order to claim gains on assessments, post-testing must be conducted within the test publisher's guidelines and the pre-test and post-test must be from the same ELA assessment. While an ELA student can be tested with two different ELA assessments, only one is required. A second ELA assessment may be used to inform instructional practices. However, it is important to note that if two ELA assessments are given for placement and NRS purposes, the student's NRS level will be based on the assessment reflecting the lowest EFL.

2. Staff administering the approved assessments must be properly trained and all official assessments used for student placement must be approved by ICCB.
a. Current assessments for ELA include the BEST Literacy, BEST Plus and the CASAS. For ABE, ASE or HSCR, the approved assessment is the TABE 9/10.

In order to obtain valid and reliable results, staff administering these tests must be trained in test administration with an understanding of how forms, levels and content ranges play a role in interpreting test results. It is important to follow the assessment procedures outlined in the *Administration Manual* for each test in order to ensure the validity and reliability of the results. The ICCB Adult Education and Family Literacy Service Center Network offers training workshops on each of the assessment instruments.

Placement and Progress Testing

The ICCB recommends additional assessment testing to specifically identify student strengths and weaknesses for the purposes of informing instruction. The following options may be used for determining student placement:

- An oral interview (formal or informal) may be used to determine which standardized assessment instrument is used for placement and/or pre-testing. Programs may use standardized assessment instruments such as the BEST Plus or program-developed instruments for this purpose.
- The program can use any ELA assessment instrument (commercial or locally developed) for placement that will appropriately place students according to their skill level. Students with six years or less of formal education, or students whose first language does not utilize the Roman alphabet, should be screened for basic literacy skills with the BEST Literacy Screener or a program-developed instrument or process.
- If the oral interview and/or the literacy screener determine that students have sufficient language proficiency, standardized or program-developed tests may be used in the placement process.
- To ensure accurate placement, student writing samples may be elicited with program-developed writing prompts.
- Additional placement testing to identify specific skill sets in various subject areas may be conducted using program-developed tools.
- A program may also use the pre-test results of the BEST Literacy Skills Test, BEST Plus, and/or the CASAS to place students into the appropriate class for ELA. TABE pre-test results may also be used for ABE, ASE or HSCR placement.

ELA Required Testing

All ELA and EL/Civics students must be pre- and post-tested in order to document educational gains. Educational gains are defined as advancement from one functioning level to the next. The three state-approved ELA tests are the BEST Literacy Skills Test, BEST Plus and the CASAS.

The **BEST (Basic English Skills Test) Literacy Skills Test** is a reading and writing test based on daily tasks such as reading clothing and food labels, addressing an envelope, and filling out an application. This assessment is appropriate for the lower levels of ESL, has a maximum time for administration of 60 minutes and can be administered individually or to a group. If a student lacks literacy skills to be validly assessed with the BEST Literacy Test (for example, a student is not literate in his or her native language), then administer the BEST Literacy Test Screener. (The BEST Literacy Test Screener along with directions for its administration can be found at the end of this section.) When the screener is used, a zero will be recorded in the data collection system. The screener should only be administered once during a fiscal year. Subsequent post-testing should use the appropriate BEST Literacy assessment.

The following approved **CASAS** Life and Work Reading tests are administered to assess reading in life and work contexts through a multiple choice format: 27R, 28R, 81R, 81RX, 82R, 82RX, 83R, 84R, 185R, 186R, 187R and 188R. Level selection for students should comply with test publisher guidelines. The tests may be administered in a paper-and-pencil format or an electronic format (the eTest). For the paper-and-pencil format, a 25-minute appraisal identifies the correct pre-test level and form to give initially, while the pre-test score identifies the correct post-test to administer. The eTest moves seamlessly from a computer-adaptive locator into the correct pre-test level and form and identifies the correct post-test to administer. Both the paper and eTest formats take approximately 60 minutes to administer.

The **BEST Plus** is a face-to-face computer adaptive interview that assesses a student’s oral proficiency. The computer-adaptive version is on a flash drive. The student answers questions based on computer prompts. The items reflect everyday American life at home, at work and in the community.

In compliance with the federal NRS, it is required that all ELA students must be pre-tested using one of the state-approved ELA tests. Students must be post-tested with a different form of the test to document progress in the ELA course, with the exception of BEST Plus which is a computer adaptive test that changes with each administration.

Student scores used for placement and NRS purposes must be entered in the data collection system. Answer sheets and scores from any of the tests must be kept in each student’s individual file.

Criteria for Standardized Test Selection

Appropriate selection of testing instruments should be based on the range of student proficiency being assessed. Program curriculum, enrollment size, qualified staff and available technology are some additional factors that must be considered when determining the appropriate standardized assessment instrument(s) for placement and pre- and post-testing in a program. One or more of these instruments can be integrated into the process of placing, and/or pre- and post-testing students. The BEST Literacy Screener may be used to determine whether the BEST Literacy test is appropriate as a pre-test for beginning-level students.

ELA Tests and NRS Levels

It is important to note that two different ELA assessments can be administered during the same time period. However, only one is required. If two ELA assessments have been administered for placement and NRS reporting, the student’s NRS placement will be based on the assessment reflecting the lowest NRS level.

Summary of ELA Testing

| NRS Levels | BEST Plus** | BEST Literacy* | CASAS** |
|--------------------|--------------------|-----------------------|----------------|
| Beginning Literacy | 361 and Below | 0 - 20 | 180 and Below |
| Low Beginning ELA | 362 – 427 | 21 - 52 | 181-190 |
| High Beginning ELA | 428 – 452 | 53 - 63 | 191-200 |
| Low Intermediate | 453 – 484 | 64 - 67 | 201-210 |
| High Intermediate | 485 – 524 | 68 - 75 | 211-220 |
| Advanced ELA | 525 – 564 | 76 - 78 | 221-235 |
| Exit Criteria | Above 565 | NA | Above 235 |

** Students can be placed into Advanced ELA using Best Literacy but the test does not assess skills beyond this level so students cannot exit Advanced ELA with this test. Re-testing of students who enter this level with another assessment is appropriate if additional ELA services are needed. Programs should also alternate forms of the BEST Literacy as post-testing is conducted.*

*** Effective FY13 all levels of CASAS Life and Work reading tests can be used for assessment at any level. A score above 235 on the CASAS or a score above 565 on the BEST Plus places the student in the Exit Criteria range. Students scoring in this range should be transitioned to other services. If the student is in need of additional ELA services, an assessment that reflects the need should be administered. Programs administering the CASAS should alternate forms as post-testing is conducted.*

The Best Plus is a computer adaptive test. The test changes with each administration and subsequently there is no form designation.

ELA students can be administered two different ELA assessments during the fiscal year if needed.

Students should be pre- and post-tested with the same assessment. Exceptions include the following:

- 1. If the student's pre-test score on the BEST Literacy places them in the Advanced Level and additional ELA services are needed, a 2nd ELA assessment should be given. It is not necessary to post-test on the BEST Literacy as the 2nd assessment will be used for student placement.*
- 2. If the student's pre-test score on either the CASAS or BEST Plus places them in the Exit Criteria range, they should either be administered another ELA assessment that reflects the need for ELA services or be transitioned to ABE, ASE or post-secondary as appropriate. Post-testing on one of these assessments when the pre-test revealed the Exit Criteria range is not necessary as the 2nd assessment will reflect the student's level.*
- 3. If the student's pre-test on the BEST Literacy reveals ELA Advanced and a second ELA assessment's pre-test reveals the Exit Criteria range, the student should be transitioned to ABE, ASE or post-secondary as appropriate.*

ABE/ASE Required Testing

The ICCB approved test to measure ABE/ASE or HSCR student progress is the TABE (Test for Adult Basic Education). TABE-R (Reading) and TABE-M (Math) are the two assessments that can be used. These allowed assessments come in forms 9 and 10. The ICCB requires that all students be pre-tested for ABE, ASE or HSCR placement using the TABE and recommends additional placement testing occur to specifically identify student strengths and weaknesses for the purposes of informing instruction.

The difficulty level of the TABE assessment instrument administered (Literacy, Easy, Medium, Difficult, or Advanced) should match the proficiency of the student to ensure valid scores. Either the complete battery or the survey may be used; however, the complete battery contains a larger number of items and is thought to provide a more accurate measure of skill. The same difficulty level of the assessment instrument must be used to pre- and post-test a student, except when a student pre-tests near the top of the range, has made extraordinary progress in class, or retakes the Locator and scores at a higher level. It is recommended that programs use a Locator test and other appropriate placement tests to ensure that the student is placed in the appropriate level for pre-testing.

Students who enroll in Adult Basic Education (ABE), Adult Secondary Education (ASE) or High School Credit (HSCR) courses that are not Math-Only are required to be pre-tested on the TABE-R for placement purposes. It is important to note that in these types of courses, the TABE-M is an optional test.

For programs that offer courses that cover a variety of subjects, the program may find it appropriate to assess students with the TABE-M (Computation and Applied Mathematics sections). If the TABE-M is administered and the Educational Functioning Level (EFL) of the assessment is lower than the EFL reflected by the TABE-R, the TABE-M results will be used to measure student progress for NRS. Student placement for NRS is based on the assessment that reflects the student's lowest level. Students who are enrolled in Math-Only courses are required to be pre- tested on the TABE-M (both Computation and Applied Mathematics sections are required). Programs should consider the primary focus of instruction in determining whether to administer and report the TABE-M for placement and NRS purposes. While the TABE-M may be administered for this purpose, it may also be used only to inform instruction and not necessarily for placement and NRS purposes.

Post-testing to measure progress must be done within the guidelines established by test publishers. Educational gains are defined as advancing from one EFL to another based on gains from pre (first) to post (final) test of the fiscal year.

In compliance with the federal NRS, all ABE/ASE students other than the exceptions noted must be pre-tested using the ICCB-approved TABE test and scores must be recorded in the approved data system.

If a student lacks sufficient skills to be validly assessed with the TABE test, the student’s file must contain documentation stating that the student could not be assessed. The lowest score available must be entered into DAISI for those students.

The answer sheet and test score must be kept in each student’s file.

Summary of ABE, ASE and HSCR Testing and NRS Levels

| NRS Levels | TABE 9-10 Scale Score | Grade Level |
|------------------------------|--|--------------------|
| Beginning Literacy | Reading – 367or Below Math – 313 or Below | 0.0 - 1.9 |
| Beginning Basic | Reading – 368-460 Math – 314-441 | 2.0 - 3.9 |
| Low Intermediate ABE | Reading – 461-517 Math – 442-505 | 4.0 - 5.9 |
| High Intermediate ABE | Reading – 518-566 Math – 506-565 | 6.0 - 8.9 |
| Low Advanced ASE | Reading – 567-595 Math – 566-594 | 9.0 - 10.9 |
| High Advanced ASE | Reading – 596+ Math – 595+ | 11.0 - 12.9 |

In addition to pre- and post-testing, a student’s progress must be documented in the student’s file. Ongoing evaluation of progress can be demonstrated through samples of student work, competency checklists, quizzes, chapter tests, teacher-developed assessments, learner projects, etc.

- 3. Level gains are measured by improvement (based on point gain) from pre-test (first assessment used for the fiscal year) to the post-test (final assessment for the fiscal year).**
 - a. In order for results to be claimed, post-testing must be conducted within time frames established by the test publishers.**
 - b. Programs must ensure that students are administered alternating forms of the assessment administered as appropriate.**
 - c. Any testing accommodations for assessing special populations must be within the guidelines established by the test publisher.**

As noted above, the scoring ranges for each NRS level are indicated for each type of assessment approved for use in Illinois. Movement from one level to another is based on movement through these score ranges and levels.

The various test publishers have established guidelines for conducting post-testing to measure this progress. Programs must ensure that minimum hours of instruction (based on student attendance) have been reached prior to conducting post-testing. These guidelines help to ensure that students have received an appropriate number of hours of instruction prior to post-testing to help measure student gain.

In addition and as outlined per the test administration manuals, staff administering assessments must ensure that test forms are rotated as appropriate during student post-testing. Accommodations given to students during test administrations must follow the test publisher’s guidelines. ICCB does not allow

for exceptions outside those established by the test publisher. The guidelines for each assessment approved for use in Illinois are outlined in the following table.

Test Publisher’s Guidelines

| | |
|---------------|--|
| TABE 9/10 | Minimum of 40 hours of instruction; Recommend 60 hours of instruction |
| CASAS | Minimum of 40 hours of instruction; Recommend 70-100 hours of instruction |
| BEST Literacy | Minimum of 60 hours of instruction; Recommend 80-100 hours of instruction |
| BEST Plus | Minimum of 60 hours of instruction; Recommend 80-100 hours of instruction |

4. Programs may elect to use an assessment from the previous fiscal year for placement in the new fiscal year if that assessment was administered within 120 days of the student’s enrollment in the new fiscal year.

During the transition from one fiscal year to the next (July 1 begins the new fiscal year), there are sometimes instances where students who were tested in classes at the end of the prior fiscal year enter class(es) in the new fiscal year. When this occurs, it is not necessary to re-test those individuals. If the program so chooses, ICCB policy allows the assessment from the prior fiscal year to be used as the pre-test for the new fiscal year as long as certain criteria are met. The criteria include the following:

- The student must have a start or enrollment date that is within 120 days of the assessment administered in the prior fiscal year.
- The assessment that was administered in the prior fiscal year must be one that is required for the new enrollment (i.e. BEST Literacy, BEST Plus or CASAS for an ELA enrollment or TABE for an ABE, ASE or HSCR enrollment).
- It is also important to note that when applying the 120 day rule to use an assessment from a prior fiscal year, the attendance hours used to calculate the hours needed toward post-testing for the new fiscal year will only include those hours associated with the current fiscal year’s classes.

The 120 day rule is only applicable when enrollments are across multiple fiscal years.

- FY16 AEFL Provider Manual – National Reporting System (Section 8).

Adult Education and Family Literacy Assessment Requirements Summary

| Enrollment Type(s) | Required Test | Optional Test | Notes |
|---|---|---|---|
| ELA ¹ | One of the following ELA assessments: 1. BEST Literacy ^{1a} 2. BEST Plus 3. CASAS | If needed, a 2 nd ELA can be administered to the student. <u>IMPORTANT NOTE: Only one is required for NRS purposes. Programs may elect to administer a second ELA assessment to inform instructional practices.</u> | If two ELA assessments are administered for placement and NRS purposes, placement for the National Reporting System (NRS) is based on the following: 1. Student is placed and progress is measured based on the assessment reflecting the lowest Educational Functioning level (EFL). 2. If both assessments reflect the same EFL, NRS placement is based on the first assessment given (see exception below) ² 3. If both assessments reflect the same EFL and both were given on the same day, placement is assigned in the following order (see exception below) ² : a. BEST Plus b. CASAS c. BEST Literacy |
| ABE, ASE or HSCR (not classified as Math-Only) ³ | TABE-R | TABE-M <u>IMPORTANT NOTE: Only TABE-R is required for NRS. If the primary focus of instruction will be math in General Skills designated courses, the TABE-M may be appropriate.</u> | For students enrolled in ABE, ASE or HSCR courses, the TABE-R is required. However, students in these types of enrollments can also be given the TABE-M either to inform instruction or for placement and NRS purposes. Important items to note are as follows: 1. Students receiving only the required assessment (TABE-R) will be placed and progress measured based on that assessment. 2. If the optional test (TABE-M) is introduced, placement will occur and progress will be measured based on the assessment reflecting the lowest EFL. 3. If both the TABE-R and the TABE-M reflect the same EFL, the student will be placed based on the assessment with the lowest scale score. a. If the EFL's and the scale scores are the same, placement will be based on the TABE-R results. |
| Math-Only ⁴ | TABE-M | None | Students enrolled in Math-Only instruction should be administered the TABE-M. Placement will be based on the EFL reflected by this assessment. |
| Foreign Language GED [®] | None | N/A | Foreign Language GED [®] only or Vocational Only enrollments do not require assessments. |
| Vocational Only | None | N/A | |

AEFL Assessment Requirement Notes

1. Students enrolled in ELA instruction must be administered at least one of the allowable ELA assessments. If appropriate and needed, a 2nd ELA assessment can also be administered. Both can be given simultaneously. If an ELA assessment is used to inform instruction, but not placement purposes, the test results must be maintained in the student file, but only scores used for placement and NRS purposes should be reported in the data collection system. In situations where two ELA assessments are reported for NRS purposes, placement is based on the information outlined above. Prior to post-testing, students must earn the minimum hours needed for the post-test as outlined per the Test Publisher's Guidelines.

* **SPECIAL NOTE RE: BEST LITERACY** - If a student's pre-test on the BEST Literacy reveals the student is at the Advanced level, one of the following should occur:

- The student should be transitioned to other instruction (i.e. post-secondary, ABE, ASE, etc.) as appropriate. If transitioned to ABE or ASE, appropriate TABE testing should be conducted.
 - If the student needs additional ELA services, a second ELA assessment reflecting the need for ELA services should be administered.
2. Exceptions regarding student placement for ELA include the following:
 - a. For enrollment only in ELA, if the student's pre-test in the BEST Literacy is at the Advanced Level and another ELA assessment reflects the ELA Exit Criteria range, placement will be based on the BEST Literacy test.
 - i. If a student's pre-test on the BEST Literacy reflects the Advanced ELA level and either the CASAS or BEST Plus assessment reflects an equal or lower level, placement will occur based on the CASAS or BEST Plus.
 - b. For ELA students with either a BEST Literacy **pre-test** at the Advanced level or another ELA **pre-test** in the Exit Criteria range who are dually enrolled a class requiring the TABE (i.e. ABE, ASE, etc.), the student's placement and progress for NRS will be based on the EFL of the TABE assessment.
 - i. SPECIAL NOTE: In all other instances of dual enrollment between ELA and ABE or ASE, the student's placement and progress will be based on the ELA assessment.
 3. TABE-R is the required assessment for ABE, ASE or HSCR enrollment. The attendance hours earned in all classes claimed with an ABE, ASE or HSCR designation will count toward the post-testing on the TABE-R or the TABE-M. Programs may elect to administer the TABE-M if appropriate. If a TABE-M assessment is used to inform instruction, but not placement purposes, the test results must be maintained in the student file, but only scores used for placement and NRS purposes should be reported in

the data collection system. If administered for NRS purposes, the EFL for NRS will be based on the assessment reflecting the lowest level. If the TABE-M is administered, attendance hours earned in all ABE, ASE or HSCR courses will count toward post-testing.

Pre- and Post-Testing Exceptions

- Local programs are not required to test Foreign Language-Only GED® students or Vocational-Only students.
- Federal funding **may not** be used to fund Foreign Language GED® students or Vocational students.
- Students who are placed in the ASE High level based on the pre-test used to officially place them for NRS purposes do not require post-testing on that assessment.

For technical assistance or clarification on any portion of this Assessment Policy, please contact the Associate Director for Program Compliance at: aeflprogramcompliance@iccb.state.il.us with questions or concerns.

Using the BEST Literacy Screener

This screener was developed to help programs determine if a student should be pre-tested with the *BEST Literacy Test*. If you are registering a beginning-level student who is not literate in his/her native language or who speaks a language that does not use the Roman alphabet, you may want to use the screener.

If a student cannot complete all the items on the screener, do not administer the *BEST Literacy*. Comprehensibility of written information, not 100% accuracy, is acceptable, as described below.

Name: First and last names must be provided (print or script acceptable)

Address: Street number and street name must be provided; misspellings are acceptable.

City: Misspellings are acceptable if comprehensible.

Date: Any date written in numbers or words acceptable, in any order (i.e., month or date may appear first). Misspellings of month are acceptable if comprehensible.

Signature: Printing, cursive or initials are acceptable.

If any of the above five items are not acceptable according to the guidelines provided, date the form and indicate that the student could not test and place him/her in a beginning literacy class. Put the form in the student folder and record a 0 score for the *BEST Literacy* on DAISI for the pre-test. The screener can only be used once and the student will take the *BEST Literacy* (Form B, C or D) as the post-test.

If the student completes the entire form correctly, then administer the *BEST Literacy*.

The screener will help programs save time and cut down on the cost of the test booklet.

NOTE: If a student is not able to complete the form with reasonable accuracy, do not administer the *BEST Literacy Test*. Enter a score of 0 (zero) into DAISI. The *BEST Literacy Test* must be given as a post-test.

Section 7 – Instruction

Major Policy Points

1. Programs are required to provide services in at least one instructional category including, Adult Basic Education , Adult Secondary Education (excluding Foreign Language Instruction), English as-Second Language, or High School Credit. (Federal and State Policy)
2. Programs may choose to provide Vocational Skills Training to students. (Federal and State Policy)
3. Programs who received Integrated English Literacy/Civics Education (IEL/CE) funding are required to use and document the use of the Illinois IEL/CE Competencies. Students enrolled in IEL/CE instruction are required to complete a minimum of two competencies per 15 hours of attendance. (State Policy)
4. All courses must be approved by the ICCB prior to instruction. (State Policy)
5. Courses must be offered in a fixed entry, open-entry/exit, and/or an individualized instruction format. (State Policy)
6. As applicable, programs are required to incorporate Evidence Based Reading Strategies into instruction. (Federal and State Policy)
7. Programs are required to incorporate career pathways into the instructional process. This includes providing all adult learners with access to Bridge Program and/or Integrated Education and Training instruction, either as a single program or through a coordinated approach within an Area Planning Council or Workforce Area. (Federal and State Policy)
8. Programs are required to incorporate the Illinois Adult Education Content Standards into curricula and instruction through the use of Standards Proficient Instructors. (Federal and State Policy)
9. Programs are required to incorporate Digital Literacy into instruction. (Federal and State Policy)
10. Programs must ensure they are only serving students who meet the criteria as outlined in state and federal law and guidance. (Federal and State Policy)
11. Programs may provide instructional activities in Family Literacy/Parenting, Literacy Coordination, and Workplace Literacy. (Federal and State Policy)
12. Students served in i-Pathways are claimed as Distance Education students if specific criteria are met. Distance Education students must adhere to the same requirements as all other adult education students. (Federal and State Policy)

1. Programs are required to provide services in at least one instructional category including, Adult Basic Education, Adult Secondary Education (excluding Foreign Language Instruction), English as-Second Language, or High School Credit.

Programs are required to provide instruction in at least one of the instructional categories listed below. Each of the instructional categories has specific information that will assist programs in the development of instructional offerings.

- **Adult Basic Education** (ABE) curriculum consists of approved courses designed to bring a student from grade zero through the eighth grade competency level as determined by standardized testing.

Beginning level courses cover grade zero through the third-grade competency level. Intermediate level courses include grade four through the eighth-grade competency level as determined by standardized testing. This curriculum as well as the instruction must increase a student's ability to read, write, speak and perform mathematics. This should also lead to the attainment of a secondary school diploma or HSE (High School Equivalency) credential; and transition to postsecondary education and training; or to employment. Beginning level courses cover grade zero through the third-grade competency level. The intermediate level courses cover fourth-grade competency through the eighth-grade competency. All level ABE courses include College and Career Readiness Standards (CCRS) within each curriculum. Each level of courses covers each content area. The curriculum is designed to accommodate the concept of individualized instruction and includes courses in general basic skills; reading, writing, literacy and communication skills; computational skills; workforce/employability skills; life skills; career exploration/awareness skills; technology and digital literacy skills; workplace literacy; family literacy/parenting; Bridge instruction and U.S. Citizenship Education.

- **Adult Secondary Education (ASE)** curriculum consists of approved courses designed to bring a student from grade nine through the twelfth-grade competency level as determined by standardized testing. The curriculum is designed to prepare a student to achieve an HSE (High School Equivalency) credential and includes College and Career Readiness Standards (CCRS). This curriculum as well as the instruction must increase a student's ability to read, write, speak and perform mathematics. The curriculum is also designed to accommodate the concept of individualized instruction and includes courses in basic skills; general academic and intellectual skills; reading literacy and communication skills; technology and digital literacy skills; computational skills; workforce/employability skills; life skills and career exploration/awareness skills; workplace literacy; family literacy/parenting; Bridge instruction and U.S. Citizenship Education.
- **Foreign language HSE (Spanish) instruction** is designed for an adult who is literate in Spanish and who has sufficient education in that language to achieve a foreign language HSE credential. **Native Language or Native Language literacy** is not fundable. With the exception of foreign language HSE instruction, all other classes must be taught in English. All foreign language HSE classes must be associated with courses at the ASE level.
 - Federal funds cannot be used for foreign language HSE (Spanish) instruction. Foreign language ABE services are not an allowable activity.
- **English as a Second Language (ESL)/English Language Acquisition(ELA)** curriculum consists of approved courses designed to include **instruction in English** for those whose native language is not English. The curriculum and instruction is designed to help eligible individuals whose native language is not English. The focus of this instruction and curriculum is designed to help eligible individuals who are English Language Learners achieve competence in reading, speaking, comprehension, and mathematics skills that leads to attainment of a secondary school diploma or high school equivalency; and transition to postsecondary education and training; or employment. Beginning, intermediate and advanced courses include a curriculum in listening, speaking, reading, and writing and mathematics using the English language. Technology and digital literacy skills as well as CCRS are also included in the curriculum. Other courses using the English language may include instruction in life skills, citizenship education, career exploration, employability skills, (e.g. the OCTAE Employability Skills Framework), workplace literacy, family literacy, Bridge instruction and EL/Civics. Student levels are based on proficiency as measured by ICCB-approved standardized tests. The curriculum is designed to accommodate the concept of individualized instruction.

- **High School Credit (HSCR)** consists of approved courses offered in collaboration with locally approved school districts. Upon satisfactory completion, the student must meet the requirements of the locally approved school district for graduation. **ICCB AEL funds can only be used for approved core academic courses and electives that will prepare students for college and career readiness.**

2. Programs may choose to provide Vocational Skills Training to students.

A program may choose to offer Vocational Skills Training in addition to the required instructional categories listed above. The recommended method to offer VOC training is as a part of either a bridge program or through an Integrated Education and Training (IET)/ and/or Integrated English Literacy and Civics Education (IEL/CE) programs.

Vocational Skills Training (VOC) consists of an ICCB AEL -approved course that is short-term in nature. VOC training leads to an industry recognized certificate or credential related to a specific career pathway. The training must provide entry-level workforce skills which lead to employment and prepare adults with limited academic or limited English skills to enter and succeed in credit-bearing postsecondary education and training leading to career-path employment in high-demand, middle- and high-skilled occupations. A program may choose to offer Vocational Skills Training in addition to the required instructional categories listed above. The recommended method to offer VOC training is as a part of either a bridge program or through an Integrated Education and Training (IET)/ and/or Integrated Literacy and Civics Education (IL/CE) programs. For the purpose of awarding performance dollars, a student may only be marked as a VOC completer in the approved data system if the student receives an industry recognized certificate.

AEL funds can provide no more than 12 units of instruction (180 hours) in Vocational training over the lifetime of a student's enrollment in an ICCB AEL-approved program. Only state funding can be used to fund vocational training. VOC training will allow for more than 180 hours of instruction if the additional hours are paid from unrestricted or other restricted funds. However, vocational completion for performance dollars will only be awarded based upon ICCB restricted – adult education state resources. Beginning in FY15 providers may use State dollars to offer approved 1.2 level credit earning courses to Adult Education students on Career Pathways. Every effort should be made to coordinate with financial aid for Vocational programming.

3. Programs who received Integrated English Literacy/Civics Education (IEL/CE) funding are required to use and document the use of the Illinois IEL/CE Competencies. Students enrolled in IEL/CE instruction are required to complete a minimum of two competencies per 15 hours of attendance.

The Illinois Community College Board receives funding from the Federal government to provide civics instruction to immigrants residing in Illinois. The purpose of these funds is to prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in demand industries and occupations leading to self-sufficiency, and also, integrate with the local workforce development system and its functions to carry out activities of the program.

Integrated English Literacy/Civics Education (IEL/CE) includes education to immigrants and other limited proficient populations and are designed to prepare adults who are English language learners for,

and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency; and integrate with the local workforce development system and its functions to carry out the activities of the program, in combination with Integrated Education and Training programming. Curriculum for this instructional category assists participants to effectively engage in the education, work and civic opportunities of the United States of America. The Illinois IEL/Civics competencies consist of seven thematic units (components) of civics development and more than 40 practical and immediately relevant activities for immigrant integration and success. The seven thematic units include: Consumer Economics (CE), Community Resources (CR), Democratic Process (DP), Employment (EM), Health Services (HE), Housing (HO) and U.S. School System (SS).

Throughout a combination of classroom instruction and community connections, these competencies will enable participants to effectively engage in education, work, civics opportunities, and rights and responsibilities of citizenship while continuing to build their English Language and Literacy skills. The competencies may be used at each level of ESL/ELA instruction; however a program should increase the level of difficulty as the student progresses.

All students claimed to IEL/CE funding will be required to complete a minimum of two competencies per 15 hours of attendance. It is suggested that programs use their IEL/CE funds for classes at the High Beginning ESL level and above.

Programs and/or instructional staff should use the attached competency checklist to document proficiency in achieving the required competencies. This information must be entered into the approved data collection system and a copy of the checklist maintained with the master class file **(if using the class checklist) or with the student file (if using the individual checklist)**.

4. All courses must be approved by the ICCB prior to implementation.

All courses funded with ICCB Adult Education Federal and State resources are required to be submitted for approval **at least 30 days prior** to implementation using the established process. All courses are organized around each Educational Functioning Level covered by the National Reporting System (NRS).

Each area has been coded to maintain consistency across the state through the use of **Program Classification System (PCS) codes and the Classification of Instructional Programs (CIP) codes**. PCS and CIP codes are used to classify courses. The CIP codes are generically defined to guide the programs in the correct classification of the courses. The codes are used in the Integrated Postsecondary Educational Data System (IPEDS) and within systems for the Office of Career Technical and Adult Education (OCTAE). The PCS codes are listed below as well as an example of PCS and CIP code usage.

| PCS Code | Instructional Category |
|----------|--|
| 1.7 | Adult Basic Education (ABE) Beginning and Intermediate Levels |
| 1.8 | Adult Secondary Education (ASE/ High School Credit (HSCR) |
| 1.9 | English as a Second Language (ESL) |
| 0 | Vocational (VOC) |

Example:

| | | |
|---|---|--|
| <u>PCS Code 1.7</u> Adult Basic Education Intermediate Level (4.0 to 8.9 Grade Level) | <u>CIP Code: 32.0220</u> Generic Description Basic Skills, General. Courses which may include basic skills, such as literacy, reading, communication, and computational skills; life skills; library and study skills; and family education skills. | <u>Two Course Levels</u> • Low Intermediate Basic Education ABE (Grade 4.0 to 5.9) • High Intermediate Basic Education (Grade 6.0 to 8.9) |
|---|---|--|

Programs must select the appropriate PCS and CIP code classification of courses from the Generic Course Descriptions included at the end of this section.

Course Submissions and Modifications: Non-Community Colleges Only

Once the appropriate PCS and CIP code identifiers are determined, the information is then entered on the New Course Addition Form as well as any additional forms (11D), as applicable. The course form is included at the end of this section.

After completing the form(s), the program administrator should submit the course(s) to the ICCB Adult Education Division for review and processing. The review process may take up to 30 days.

Following the review of the courses, the program administrator will be notified by the ICCB Adult Education staff of the decision.

Throughout the year there may be changes to the courses that were submitted. The Course Modification form, included at the end of this section, should be completed and submitted to the ICCB for review and processing.

Following the review of the course modification form, the program administrator will be notified by the ICCB Adult Education staff of the decision.

Course Submissions and Modifications: Community Colleges Only

Adult Education Programs in a community college must follow their internal course approval process. These programs should work with the individuals in the college assigned to process course approvals. Once courses are received at the ICCB, the Adult Education program is notified that courses have been submitted for review and processing. The review process may take up to 30 days, so Adult Education programs should plan their course preparation and submission processes accordingly.

The forms for course approval are similar to that of the non-community college programs, but college Adult Education programs should use the process specifically for community college submissions. Following the review of the courses, the institution will be notified through the specified process.

Upon approval, the course(s) must be entered in the approved data collection system. See the DAISI User Manual for more information.

New Course Considerations

When developing new courses, the following is provided as guidance in completing the course process.

1. Choose the instructional type(s) from the definition listed in the section above and also consider the following:
 - Courses may be approved to serve one instructional type only. However, multilevel instruction may be offered in the classroom, with each student enrolled in the appropriate course.
 - All high school credit courses, including high school vocational courses, must be submitted under the HSCR instructional type.
 - **High school credit** programs serving other populations must submit separate ABE/ASE/ESL /VOC courses.
 - High school credit courses providing instruction for different subjects must have separate courses for each (e.g. English, Math, Science, etc.)
2. Assign an appropriate course title and number that is meaningful to your program.
3. Assign the appropriate PCS/CIP code, using the Generic Course Master List.
4. Write an appropriate course description taking into consideration the following:
 - Consult the ICCB Adult Education and Literacy Generic Course List at the end of this section.
 - Write the course description using these as guidelines, and include the content/topic area, skills taught, and the targeted audience for the course.
 - **Citizenship Education** includes instruction in English literacy and U.S. civics and history, in preparation for the U.S. citizenship test. Citizenship Education may be categorized as ABE , ASE, or ESL depending on the population served by the course.
 - **IEL/CE** includes education to immigrants and other limited proficient populations and are designed to prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency; and integrate with the local workforce development system and its functions to carry out the activities of the program, in combination with Integrated Education and Training programming.
 - **Foreign language HSE (Spanish)** instruction is designed for an adult who is literate in Spanish and who has sufficient education in that language to achieve a foreign language HSE credential. Foreign ABE instruction or Native Language literacy is not fundable.
 - Other than foreign language HSE (Spanish) instruction, all classes must be taught in English including those Foreign Language requirements for High School Credit courses.
 - Bridge Programs may require additional information to be submitted and other supplemental forms.
5. Course approval forms must include intensity and duration. This must include a range of class offerings (i.e., five classes, twice a week for two and a half hours per day, for eight weeks **and** two classes, three times a week for two hours per day, for six weeks).
6. Include the range of units of instruction offered for each course. To determine the maximum allowable units, calculate the total number of possible attendance hours for each class attached to the course. Determine the number of times a student could be enrolled in the course during one fiscal year. Multiply the number of attendance hours by the number of times a student could be enrolled during a fiscal year and divide by 15 to get the number of units. Each course should have a minimum of .5 credit hours.

5. Courses must be offered in a fixed entry, open-entry/exit, and/or an individualized instruction format.

Programs are required to establish systems of courses or classes that meet the needs of students. Classes should be offered at flexible and convenient times and locations to accommodate student needs. Programs must make the determination as to which process best fits the students and the individual institution. Currently many classes are offered ranging from eight week to sixteen week intervals providing flexibility in scheduling to meet the needs of the student.

Below are a number of formats that may be offered by a program. A program may consider offering multiple formats when offering classes. However, it is recommended that programs examine movement to a more managed enrollment approach to ensure a higher quality focus on instructional services offered.

Many programs choose to provide instruction and programming in a managed enrollment environment. Managed enrollment is a system developed by local programs that is characterized by entry points that are set at logical break points in the curriculum (typically 3-6 weeks or up to 8 weeks long). Class terms are determined by examining curriculum and using program data to identify how many weeks students attend a class and to help avoid high rates of attrition. Programs may choose to operate a managed enrollment system through fixed, open and/or individualized instruction formats. All classes supported with restricted funds and to be claimed to the current fiscal year must end by June 30th. Appropriate post-testing for these classes must be conducted on or before June 30th in accordance with test publisher guidelines. Any testing conducted after June 30th will only be used in calculating outcomes for the next fiscal year. Programs that utilize Unrestricted or Other Restricted funds to support classes should be aware of the cutoff dates in which testing can be claimed for a fiscal year and the implications for federal reporting.

Adult Education programs also have an option to utilize i-Pathways. This program may be offered as an individualized enrollment option for distance learners, in a hybrid format or as a supplemental curriculum within a fixed or open entry class. At this time, this is the only ICCB AEL approved distance education instruction. For more information regarding options for using i-Pathways and setting up classes in DAISI, consult the DAISI User Manual at the following website <http://www.iccb.org/daisi.html>.

- **Fixed entry** is defined as a class that has a fixed starting and ending date, which meets on specific days and times.
 - The class has an assigned instructor who provides direct instruction that is guided by an appropriate curriculum.
 - Class sessions must be a minimum of 50 minutes of direct instruction. It is not appropriate to claim more than one hour of instruction for a 60-minute hour.
 - Students may only enter within the first three days of class (with the exception provided by the Enrollment/Transfer code).
 - For more information regarding the use of the Enrollment/Transfer (ET) code, refer to the document “Use of Transfer Code in Fixed Entry Classes” at the end of this section.
 - Students must be present and complete assessment by the third scheduled class period.

- The midterm is defined as the midpoint of the class (e.g., a quarter, semester, or year).
 - If a student is attending and making progress at midterm, the student receives enrollment hours for the entire term.
 - After five consecutive absences, if the student is not present on the sixth day, they will be officially dropped, and may be dropped sooner, if appropriate. A student must be in attendance at midterm to claim all enrollment hours. In a fixed enrollment program, students who have been dropped may be re-enrolled in the program but must be placed in a class section with a starting date consistent with the re-enrollment date.
 - Non-attendance days (e.g., emergency closings, professional development days, or holidays) may be claimed as enrollment days.
 - Students are enrolled in the class, a class list is generated, and attendance records must be available to support all student claims.
 - Complete class information must be entered into the DAISI data system.
 - Attendance hours in a specific class section begin to accrue once a student has earned at least 7.5 hours of attendance in that class section.
- **Open-entry/exit** is defined as a class that meets on specific days and times but allows a student to enter at any time. The start and end date of the class may extend for the entire duration of the fiscal year or may be isolated to quarters or semesters.
 - The class has an assigned instructor who provides direct instruction that is guided by an appropriate curriculum.
 - Class sessions must be a minimum of 50 minutes of direct instruction. It is not appropriate to claim more than one hour of instruction for a 60-minute hour.
 - Students must complete an assessment by their third class attendance day.
 - The student may enter and exit the program at any time.
 - Open-entry/exit midterm is the midpoint of when a specific student starts and exits a class, not to exceed one fiscal year. An open-entry/exit midterm can only be determined at the end of the student enrollment period.
 - After five consecutive absences, if the student is not present on the sixth day, they will be officially dropped, and may be dropped earlier, if appropriate. A program may choose to re-enroll the student.
 - Non-attendance days (e.g., emergency closings, professional development days, or holidays) may be claimed as enrollment days.
 - Students are enrolled in the class, a class list is generated, and attendance records must be available to support all student claims.
 - Complete class information must be entered into the DAISI data system.
 - Attendance hours in a specific class section begin to accrue once a student has earned at least 7.5 hours of attendance in that class section.
- **Individualized instruction** is a format used only for at-a-distance classes and can currently only be used with i-Pathways. This format is designed to report activity for individuals enrolled in i-Pathways at-a-distance instruction only. With this class format, attendance is reported only through numeric values. Currently, one hour of attendance is granted for each i-Pathways lesson a student completes with 70% accuracy or greater.
 - The class has an assigned instructor who provides direct instruction that is guided by an appropriate curriculum.

- Students must complete an appropriate assessment prior to enrollment in i-Pathways.
- It is strongly encouraged that students who test below the 9.0 reading level not be enrolled in i-Pathways as a distance-learning student. As i-Pathways is expanded, it will include content appropriate for students below this level of instruction.
- The student may enter and exit the program at any time.
- For every lesson successfully completed at the 70% level, the student earns one hour of instruction. The student must complete eight lessons to be claimed for generation in this type of class section.
- Students are enrolled in the class, a class list is generated, and a record of completed units must be available to support all student claims.
- Upon completion or when appropriate, the class exit reason should be recorded for the student.
- Complete class information must be entered into the DAISI data system.
- Attendance hours in a specific class section begin to accrue once a student has earned at least 7.5 hours of attendance in that class section.

6. Programs are required to incorporate Evidence Based Reading Strategies into instruction.

Evidence Based Reading Instruction (EBRI) practices integrate findings from the best available reading research to maximize reading gains for adults. EBRI focuses on four components of reading instruction including Alphabets, Vocabulary, Fluency, and Comprehension. The only ICCB-approved professional development used in assisting programs in the implementation of the EBRI is the Student Achievement in Reading (STAR). This tool provides teachers and programs with strategies to unlock barriers to successful readers through the use of diagnostic assessments and explicit learning. This training examines data, classroom structures, and leveled teaching to help students become good readers.

Adult Education programs in Illinois are expected to implement Evidence Based Reading Instruction to better assist students who may be struggling readers. The state through its contractor, the Adult Learning Resource Center, has developed a statewide plan to expand the use of EBRI in all programs, as applicable.

More information about Evidence Based Reading and STAR can be found at <http://www.thecenterweb.org/alrc/>.

7. Programs are required to incorporate career pathways into the instructional process. This includes providing all adult learners with access to Bridge Program or Integrated Education and Training instruction either as a single program or through a coordinated approach within an Area Planning Council District or a Workforce Area.

In the development of a career pathways system for adult education, programs are required to incorporate career pathways services to all adult learners and at all educational functioning levels. This includes the incorporation of Workforce Preparation Activities/Career Awareness, and Career Development Activities designed to assist learners in making informed decisions regarding making smooth transitions to postsecondary education.

Curriculum may include instruction in workplace language, career readiness/exploration, development of career plans, career awareness job readiness, career development including, the use of career cluster essential knowledge and skills statements, job skills and career interest inventories, softskills, preparation for college entrance exams and career planning. This also includes instruction related to employment opportunities, access to job information, and self-analysis techniques. The instruction is offered at every level of instruction (ABE/ASE/ESL), but each level will only include the most appropriate information for the level of instruction.

The use of bridge programs has been piloted and has shown promise in introducing adult learners to different career options while increasing basic skills.

Bridge programs provide adult education learners with contextualized occupation-specific basic skills needed to successfully transition to postsecondary education and employment in high-growth industries. The Illinois Community College Board and other key state agencies and stakeholders, developed a bridge definition that is used to ensure consistency in use statewide. This group defined a bridge as a program that prepares adults with limited academic or limited English skills to enter and succeed in credit-bearing postsecondary education and training leading to career-path employment in high-demand, middle- and high-skilled occupations.

The goal of bridge programs is to sequentially bridge the gap between the initial skills of individuals and what they need to enter and succeed in postsecondary education and career-path employment. Three core elements are required to be included as part of a bridge program:

- *Contextualized instruction* that integrates basic reading, math, and language skills and industry/occupation knowledge.
- *Workforce Preparation/Career development* includes instruction in workplace language, career readiness/exploration, career planning within a career area, and understanding the world of work (specific elements depend upon the level of the bridge program and on whether participants are already incumbent workers in the specific field).
- *Transition services* that provide students with the information and assistance they need to successfully navigate the process of moving from adult education or remedial coursework to credit or occupational programs. Services may include (as needed and available) academic advising, study skills, coaching, and referrals to individual support services, e.g., transportation and child care.

Training in the development of the Bridge Program is available through Southern Illinois Professional Development Center. Information can be found at <http://www.siu.edu/SIPDC/>.

Integrated Education and Training (IET) is comprised of three components; adult education and literacy activities, workforce preparation activities, and workforce training. Each of these components is offered concurrently. Illinois currently has one developed and implemented model of integrated education and training. Additional models are in the development stage. The ICAPS (Integrated Career and Academic Preparation System) model is an IET model that blends both adult education and Career and Technical Education instruction in a format that leads to a postsecondary credential or an industry recognized credential and postsecondary credit, in addition to high school equivalency certification.

8. Programs are required to incorporate the Illinois Adult Education Content Standards into curricula and instruction through the use of Standards Proficient Instructions.

Curriculum based upon standards assures that all instruction in Illinois is held to the same high standards and prepares students to make smooth transition to careers, postsecondary education, and to employment. All programs are required to develop curriculum based upon the appropriate content standards. Standards are available for Adult Basic Education (ABE) and Adult Secondary Education (ASE) as well as English-as-a-Second Language (ESL). The standards were developed by adult educators with expertise in the instructional areas.

The ABE/ASE Content Standards are aligned with Common Core and College Readiness Standards, Career Pathway Essential Knowledge and Skills, Evidence Based Reading instruction, and Technology Skills. The Illinois ABE/ASE Content Standards broadly define what learners who are studying reading, writing, math, listening and speaking should know and be able to do as a result of ABE/ASE instruction at a particular level. Content standards also help teachers ensure their students have the skills and knowledge they need to be successful by providing clear goals for student learning.

The Illinois ABE/ASE Content Standards should be used as a basis for curriculum design and may also be used to assist programs and teachers with selecting or designing appropriate instructional materials, instructional techniques, and ongoing assessment strategies. Standards do not tell teachers how to teach, but they do help teachers determine the knowledge and skills their students should have so that they can build the best lessons and learning environments for their classrooms.

Through participation in the National College and Career Readiness Program “Standards in Action” the Illinois Community College Board has developed a Professional Pathway for ABE/ASE instructors. This pathway insures there is specialized training for the accomplishment of “Standards Proficient Instructors” throughout the state. Information on this training and a copy of this pathway is provided in the Professional Development Section of this manual

The Illinois ABE/ASE Content Standards are located at http://www.iccb.org/data/?page_id=104. To assist in the development and alignment of curriculum with the ABE and ASE standards, professional development and training is available through Central Illinois Adult Education Services Center (CIAESC) at www.cait.org/ciaesc/.

The Illinois ESL Content Standards define what adult English Language Learners should know and be able to do as a result of ESL instruction at a specific level. The standards may be used to assist programs and teachers in selecting appropriate instructional materials, instructional techniques and assessment strategies. These standards should serve as the main basis for curriculum development and provide a common language among ESL levels and programs.

The Illinois ESL Content Standards are currently being updated to include mathematics instruction and should serve as the basis for a program’s curriculum development process. For programs with an existing curriculum, that curriculum should be aligned to the standards. For programs without a curriculum, the standards provide an excellent framework and starting point for the curriculum development process.

The ESL Content Standards are located at http://www.iccb.org/data/?page_id=104. For assistance with ESL Standards alignment and curriculum development, professional development and training is available through the Adult Learning Resource Center (ALRC) at www.thecenterweb.org/alrc/.

9. Programs are required to incorporate Digital Literacy into instruction. (Federal and State Policy)

Digital literacy means the skills associated with using technology to enable users to find, evaluate, organize, create, and communicate information. There are four components of digital literacy. They are basic digital literacy skills, skills to create and communicate information, skills needed to find and evaluate information online, and skills necessary to solve problems in technology-rich environments. Instruction should integrate digital activities in the classroom in a wide range of topic-, project- or problem based approaches.

A Technology Skills Checklist for students can be found on the ICCB Website at: https://www.iccb.org/data/?page_id=104.

10. Programs must ensure they are only serving students who meet the criteria as outlined in state and federal law and guidance.

The eligible population are adults:

- who have attained 16 years of age;
- who are not enrolled or required to be enrolled in secondary school under state law; and
- basic skills deficient;
- does not have a secondary school diploma or its recognized equivalent level or education; or
- is an English language learner.

Adult Education programs may serve individuals who have earned a U.S. high school diploma, foreign high school or postsecondary diploma, or an HSE credential if they have a demonstrated deficiency in basic skills and/or English proficiency. This may be determined through the use of approved assessments for adult education. Services to this population must not prevent those without a high school diploma from attending the program.

In addition, Adult Education Instructional and Support Services to 16 and 17 year old individuals is allowable, if:

- the individual is not enrolled or required to be enrolled under state law, and
- formal separation documentation for 16 and 17 year old students is obtained from the public school system.
 - The documentation verifying the separation must be provided by the school district based upon the student's current residence.
 - The documentation must be received prior to a student's enrollment in an Adult Education program.
 - The documentation must be maintained in the student file.

If the withdrawal documentation is not received, the program cannot serve the student until the documentation is received.

If the student is 16 or 17 years of age and is served across fiscal years, a copy of the original documentation showing separation from the public/private school district should be maintained in the subsequent fiscal year student file. In addition, for students within this age range, programs must indicate this information has been received within the DAISI system.

ICCB AEL funded programs are prohibited from serving au pairs in adult education classes. These students do not qualify for adult education classes because:

- Au pairs are required to take postsecondary classes since they are high school graduates. Adult education classes are not postsecondary nor can they grant academic credit.
- Au pairs are here under J-1- Cultural Exchange visa and persons with that status do not qualify for adult education classes.

However, it is appropriate to use adult education funds to serve students with the following types of visas:

- Temporary worker (H 1-4)
- Spouses of U.S. citizens (K-3)
- Individuals who have green cards (legal entries)

If au pairs, or students with visas other than those indicated, need instructional services, refer them to academic or intensive English classes at your institution or another program if these classes are not offered at your institution.

ICCB is **not** suggesting that you ask your students for their visa status, but often students will identify their status while inquiring about class availability or during the orientation/intake process.

11. Programs may provide instructional activities in Family Literacy/Parenting, Literacy Coordination, and Workplace Literacy.

In addition to the instructional services listed above, programs may choose to provide a full complement of instructional and support services to students by offering Family Literacy, Volunteer Literacy Coordination, and Workplace Literacy. Programs should assess the needs of the local area for these services and as applicable, partner with other agencies, employers, and volunteer organizations to ensure the needs of the students are met. These additional instructional services are described as follows:

- **Family Literacy** is an integrated, intensive service for at-risk families that must include, but is not limited to, the four components—adult education, parenting education, parent/child activities, and child education—of family literacy. Each component is defined as:
 - **Adult education** as defined above.
 - **Parenting education** includes information and support for parents on issues such as childbirth, development and nurturing of children, child rearing, family management, support for children learning, effective advocacy strategies for the rights of all children, and parent involvement in their child’s education.
 - **Parent/child activities** include regularly scheduled, interactive literacy-based learning activities for parents and children.
 - **Child education** includes age-appropriate education to prepare children for success

in school and life experiences (includes early childhood programs, school programs and/or childcare).

Only three components—adult education, parenting education, and parent/child activities—can be funded by ICCB Adult Education and Literacy (AEL) funds. The fourth component—child education—must be funded by an appropriate child education partner.

- **Literacy Coordination** may include coordination, tutor training, tutor scheduling, and other support activities that promote student learning gains and may include volunteer literacy. Literacy services must be in conjunction with Adult Education and Literacy instructional programming provided by trained volunteers to target population students.

Literacy Services support classroom instruction and increasing student learning gains. Trained volunteers may work with students during classroom instruction under the supervision and coordination of a paid instructor in an AEL funded class.

Instructional hours may not be claimed for this tutoring because it occurs during regular class time and enrollment hours are already being claimed for those hours because of the student's enrollment in an ICCB AEL funded class. In this situation, the one-on-one or small group tutoring that occurs during regularly scheduled class time under the supervision of a paid classroom instructor is a supplement to classroom instruction.

- **Workplace Adult Education and Literacy** include coordination of workplace education projects in collaboration with employers or employee organizations that are designed to meet the unique needs of participating workers and employers. Costs associated with Workplace literacy that are delivered at a work-place or off-site location for services such as instruction, curriculum development, assessment and testing, etc. should be budgeted on the appropriate line for these services.

Workplace Literacy can be funded with Adult Education and Literacy funds provided the class or classes have the same open access as traditional Adult Education classes. All other rules of the AEL grant apply as well.

See the Budgeting Section for more information on Family Literacy, Literacy Coordination, and Workplace Literacy allowable costs.

12. Students served in i-Pathways are claimed as Distance Education students if specific criteria are met. Distance Education students must adhere to the same requirements as all other adult education students. (Federal and State Policy)

As a part the National Reporting System (NRS), each state must have a policy that defines which students are claimed as Distance Education.

- Distance Learning is a formal learning activity where students and instructors are separated by geography, time or both for the majority of the instructional period. Distance learning materials are delivered through computer software, web-based programs and other online technology. Teachers support distance learners through communication via mail, telephone, e-mail or online technologies and software. (NRS Implementation Guide p. 50)

- Students in distance education should be post-tested after the same amount of instructional time as other students.
- Students enrolled in distance education must accrue at least 12 contact hours to be reportable to the NRS.
- Providers of distance learning must identify which assessment or assessments will be used to pre and post-test students (post-test not required for ASE High). The assessment must be approved for use with AEL students (TABE R, TABE M, CASAS, BEST Literacy, and BEST Plus 2.0).
- All programs must administer all pre- and post-test assessments used to measure educational gain of distance education students for NRS reporting in-person, at a proctored program site within the state that meets NRS assessment policy.
- Assessments not conducted through face-to-face interaction with a trained test administrator in a secure setting are not allowed for NRS reporting.
- All providers of distance learning must use software and curriculum that is approved by ICCB.
- Proxy contact hours must be tracked through one of the following methods and providers must identify which method will be used. The method must be compatible with the selected software. In addition, all classes must be set up as Individualized Instruction in the statewide Data Collection System.
 - Clock Time Model – assigns contact hours based on the elapsed time that a learner is connected to, or engaged in an online or stand-alone software program that tracks time;
 - Learner Mastery Model - assigns a fixed number of hours of credit based on the learner passing a test on the content of each lesson. Learners work with the curriculum and materials and when they feel they have mastered the material, take a test. A high percentage of correct answers (typically 70%-80%) earns the credit hours attached to the material.
- Providers of distance learning can use one or any combination of the following enrollment types.
 - At a Distance – Asynchronous instruction provided entirely through an online platform *Students are still required to pre- and post-test (with the exception of post testing for ASE High) face-to-face;
 - Learning Lab – Asynchronous or synchronous instruction provided entirely through an online platform accessed at a program provided computer lab;
 - Hybrid - At a Distance or Learning Lab programming offered in conjunction with face to face instruction;
 - In a hybrid learning model, program identifies the number of times students will meet in a traditional classroom setting or face to face. Because these classes must be set up as individualized instruction in the Data Collection System, the number of hours a student attends face to face instruction must be recorded in place of traditional attendance codes.

Connecting CCR Innovations, EBRI, SLN

An Effective Teaching Process

Refer to written connections information to gain additional explanation. Key words from graphic are printed in bold.

Connecting CCR Innovations, EBRI and SLN: An Effective Teaching Process

College and Career Readiness (CCR) Innovations, Evidence-based Reading Instruction (EBRI) and Special Learning Needs (SLN) Connections

- ✓ Use process-driven, evidenced-based approaches to improve instructional effectiveness
- ✓ Focus on listening, speaking, reading, and writing as a related continuum of learning
- ✓ Provide tools and resources that create a thorough learning method
- ✓ Clarify instructional strengths while providing targeted teaching in improving instructional needs
- ✓ Build on the information and strategies of other instructional practices and when combined solidifies the knowledge from prior learning while providing additional clarifications for specific understanding

CCR Innovations, EBRI, and SLN instructional practices result in more effective teaching

Connections for Diagnostic Assessment

- Conduct oral, one-on-one assessments to identify skills gaps and strengths
- **Assessment** for mastery of learning goals determines next steps of instruction
- Inclusion of Career Assessments ensures contextualization

Connections for Providing Instruction (see connections graphic for further clarification)

- 1) Use results of assessments to inform instructional **lesson planning**
 -
- 2) **Differentiate** instructional routines organizing when and to which groups of students information is taught, using which levels of materials through focused **selecting of resources**
 - i.e. group students based on assessed EBRI needs and by SLN strengths and challenges to effectively teach meanings of academic words through direct and explicit vocabulary instruction and for practice and application in context, using high-interest reading material with workplace contextualization and a hands-on approach acting out the words (learning strength of student) – addressing CCR Innovations: Analyzing Alignment of Resources and Revising a Resource to Improve Alignment to the Illinois ABE/ASE Content Standards
- 3) **Lesson planning** is flexible, **ongoing** and is based on a **learning goal(s)** taking multiple class sessions and differing instructional approaches including direct instruction **incorporating meaningful activities/tasks** for multiple opportunities for practice
 - i.e. use multiple texts over time to teach evaluation of author's message – if student's assessed learning strengths are auditory and kinesthetic, use discussion and role play in class to work through meanings - incorporate further extension by presenting importance in the world of work to understand written meaning from supervisor to fulfill desired expectations - CCR Innovations: Creating Standards-Aligned Lessons & Conducting a Lesson Study and Focusing on Assignments and Student Work
- 4) **Instruction** includes explanation, modeling, guided practice with feedback, meaningful activities/tasks to augment practice, application, and **integrating prior learning**
 - i.e. reading texts become more complex as student progresses, teacher models reading and applications of information being read to ensure thorough comprehension – allow students opportunities to display understanding through practice (scenarios of possible daily life or work situations with students working through solutions to problems using information from texts), discussion (classroom discussion of how information could be used in daily life or in work) and application of information (use real-world equipment or allow students to be in work situations applying information from class) - CCR Innovation: Observing the Illinois ABE/ASE Content Standards-in-Action
- 5) Ongoing **monitoring** of student progress informs instructional decisions

ICCB Adult Education ABE/ASE/ESL Generic Course List

PCS/CIP Codes for the Illinois Adult
Education System

Adult Basic Education

(ABE 1.7) Beginning Level

(0 – 3.9 Grade Level)

Curricula must reflect Adult Basic Education (ABE) Content Standards/Benchmarks for each educational functioning level, as appropriate. See the ABE Content Standards/Benchmarks for more information.

| <u>Course CIP</u> | <u>Description</u> |
|-------------------|---|
| 32.0200 | <p>Basic Skills, General. Comprehensive courses that may include basic skills, such as literacy, reading, communication, computation, technology and study skills.</p> <p>Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)</p> |
| 32.0201 | <p>Reading, Literacy, and Communication Skills. Courses that describe the development of reading, writing, listening, and speaking abilities needed to perform day-to-day tasks. Includes instruction in the use of basic communication skills to develop and transmit ideas and thoughts through courses, such as English, writing, listening, and speaking skills.</p> <p>Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)</p> |
| 32.0202 | <p>Mathematical Skills. Courses that describe the development of computing and other mathematical reasoning abilities. Includes courses in addition, subtraction, multiplication, division, fractions, percentages, and measurements.</p> <p>Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)</p> |
| 32.0203 | <p>Workforce Skills. Courses that describe the development of skills related to job searches and self-marketing. Includes instruction in soft skills, assessing one's own capabilities and skills, completing an application, creating a resume, and developing interviewing skills.</p> |

Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)

32.0204 **Life Skills.** Courses which may include instruction in basic consumer education, health and safety, and community awareness.

Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)

Course CIP

Description

32.0205 **Career Exploration/Awareness Skills.** Courses at the foundational level that may include instruction in workplace language, career readiness/exploration, and soft skills. Includes instruction to employment opportunities, access to job information, and self-analysis techniques.

Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)

32.0206 **Workplace Literacy.** Courses that include basic skills training for learning or upgrading skills for workplace. Courses may be designed and/or customized to meet specific business and industry needs.

Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)

32.0207 **Family Literacy.** Courses that include literacy activities and family education training to foster a level of proficiency in basic skills.

Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)

32.0208 **U. S. Citizenship Education.** Courses that prepare individuals to take the naturalization test and learn about the rights and responsibilities that accompany United States citizenship. Instruction will include government policy and its laws while preparing for the naturalization exam and interview.

Beginning ABE Literacy (Grade 0 to 1.9) Beginning Basic Education ABE (Grade 2.0 to 3.9)

**Adult Basic Education (ABE
1.7) Intermediate Level (4.0 to 8.9 Grade Level)**

Curricula must reflect Adult Basic Education (ABE) Content Standards/Benchmarks for each educational functional level, as appropriate. See the ABE Content Standards/Benchmarks for more information.

Course CIP

Description

32.0220

Basic Skills, General. Comprehensive courses that may include basic skills, such as literacy, reading, communication, computation, life skills, and library and study skills.

Low Intermediate Basic Education ABE (Grade 4.0 to 5.9) High Intermediate Basic Education (Grade 6.0 to 8.9)

Course CIP

Description

32.0221

Reading, Literacy, and Communication Skills. Courses that describe the development of reading, writing, listening, and speaking abilities needed to perform day-to-day tasks. Includes instruction in the use of basic communication skills to develop and transmit ideas and thoughts through courses, such as English, writing, listening, and speaking skills.

Low Intermediate Basic Education ABE (Grade 4.0 to 5.9) High Intermediate Basic Education (Grade 6.0 to 8.9)

32.0222

Mathematical Skills. Courses that describe the development of computing and other mathematical reasoning abilities. Includes courses in addition, subtraction, multiplication, division, fractions, percentages, and measurements.

Low Intermediate Basic Education ABE (Grade 4.0 to 5.9) High Intermediate Basic Education (Grade 6.0 to 8.9)

32.0223

Workforce Skills. Courses that describe the development of skills related to job searches and self-marketing. Includes instruction in soft

skills, assessing one's own capabilities and skills, completing an application, creating a resume, and interviewing skills.

Low Intermediate Basic Education ABE
(Grade 4.0 to 5.9) High Intermediate Basic
Education (Grade 6.0 to 8.9)

32.0224 **Life Skills.** Courses that may include instruction in basic consumer education, health and safety, and community awareness.

Low Intermediate Basic Education ABE
(Grade 4.0 to 5.9) High Intermediate Basic
Education (Grade 6.0 to 8.9)

32.0225 **Career Exploration/Awareness Skills.** Courses at the foundational and/or intermediate level that may include instruction in career development such as development of career plans, career awareness, career exploration, job readiness, soft skills, and the introduction of Career Cluster Essential Knowledge and Skills Statements.

Low Intermediate Basic Education ABE
(Grade 4.0 to 5.9) High Intermediate Basic
Education (Grade 6.0 to 8.9)

32.0226 **Workplace Literacy.** Courses that include basic skills training for learning or upgrading skills for workplace. Courses may be designed and/or customized to meet specific business and industry needs.

Low Intermediate Basic Education ABE
(Grade 4.0 to 5.9) High Intermediate Basic
Education (Grade 6.0 to 8.9)

Course CIP

Description

32.0227 **Family Literacy.** Courses that include literacy activities and family education training to foster a level of proficiency in basic skills.

Low Intermediate Basic Education ABE
(Grade 4.0 to 5.9) High Intermediate Basic
Education (Grade 6.0 to 8.9)

32.0228 **U. S. Citizenship Education.** Courses that prepare individuals to take the naturalization test and learn about the rights and responsibilities that accompany United States citizenship. Instruction will include government policy and its laws while preparing for the naturalization exam and interview.

Low Intermediate Basic Education ABE
(Grade 4.0 to 5.9) High Intermediate Basic
Education (Grade 6.0 to 8.9)

32.0229 **ABE Bridge Program Instruction.** Courses that are contextualized by integrating basic skills with occupational-specific knowledge and skills designed to prepare students to transition into postsecondary and/or into employment. These courses must include career awareness as well as intensive supportive services.

High Intermediate Basic Education (Grade 6.0
to 8.9)

Adult Secondary Level (ASE 1.8)

(9.0 to 12.9 Grade Level)

Curricula must reflect Adult Secondary Education (ASE) Content Standards/Benchmarks for each educational functioning level, as appropriate. See the ASE Content Standards/Benchmarks for more information.

Course CIP

Description

32.0300 **Basic Skills, General.** Comprehensive courses that may include instruction in language arts, mathematics, science and social studies in preparation for the Illinois High School Equivalency exam or high school diploma. Includes study skills, technology, and test preparation skills.

Low Adult Secondary Education ASE (Grade 9.0 to 10.9)
High Adult Secondary Education ASE (Grade 11.0 to 12.9)

32.0301 **Academic and Intellectual Science Skills.** Courses that describe the ability to reason through analytical and logical thinking. Includes the study of basic science principles (biology, chemistry, physics, and other natural sciences).

Low Adult Secondary Education ASE (Grade 9.0 to 10.9)
High Adult Secondary Education ASE (Grade 11.0 to 12.9)

| <u>Course CIP</u> | <u>Description</u> |
|-------------------|--|
| 32.0302 | <p>Reading, Writing, and Communication Skills. Courses that include the study of Language Arts, such as reading, writing, listening and speaking.</p> <p>Low Adult Secondary Education ASE (Grade 9.0 to 10.9) High Adult Secondary Education ASE (Grade 11.0 to 12.9)</p> |
| 32.0303 | <p>Mathematical Skills. Courses that describe the development of computing and other mathematical reasoning abilities. Includes courses in basic mathematical principles and concepts, algebra, geometry, and trigonometry.</p> <p>Low Adult Secondary Education ASE (Grade 9.0 to 10.9) High Adult Secondary Education ASE (Grade 11.0 to 12.9)</p> |
| 32.0304 | <p>Workforce Skills. Courses that describe the development of skills in preparation for the world of work. Includes instruction in assessing one's own capabilities and skills, resume writing, interviewing, job searching, and soft skills.</p> <p>Low Adult Secondary Education ASE (Grade 9.0 to 10.9) High Adult Secondary Education ASE (Grade 11.0 to 12.9)</p> |
| 32.0305 | <p>Life Skills. Courses which may include instruction in basic consumer education, health and safety, and community awareness.</p> <p>Low Adult Secondary Education ASE (Grade 9.0 to 10.9) High Adult Secondary Education ASE (Grade 11.0 to 12.9)</p> |
| 32.0306 | <p>Career Exploration/Awareness Skills. Courses that describe instruction related to career development including the use of Career Cluster Essential Knowledge and Skills statements, job skills and career interest inventories, soft skills, preparation for college entrance exams, and career planning.</p> <p>Low Adult Secondary Education ASE (Grade 9.0 to 10.9) High Adult Secondary Education ASE (Grade 11.0 to 12.9)</p> |
| 32.0307 | <p>Workplace Literacy. Courses that include basic skills training for learning or upgrading skills in the workplace. Courses may be designed and/or customized to meet specific business industry needs.</p> <p>Low Adult Secondary Education ASE (Grade 9.0 to 10.9) High Adult Secondary Education ASE (Grade 11.0 to 12.9)</p> |

32.0308 **Family Literacy.** Courses that include literacy activities and family education training to foster a level of proficiency in basic skills.

Low Adult Secondary Education ASE (Grade 9.0 to 10.9)
High Adult Secondary Education ASE (Grade 11.0 to 12.9)

Course CIP Description

32.0309 **U. S. Citizenship Education.** Courses that prepare individuals to take the naturalization test and learn about the rights and responsibilities that accompany United States citizenship. Instruction will include government policy and its laws while preparing for the naturalization exam and interview.

Low Adult Secondary Education ASE (Grade 9.0 to 10.9)
High Adult Secondary Education ASE (Grade 11.0 to 12.9)

32.0310 **ASE Bridge Program Instruction.** Courses that are contextualized by integrating basic skills with occupational-specific knowledge and skills designed to prepare students to transition into postsecondary and/or into employment. These courses must include career awareness as well as intensive supportive services.

Low Adult Secondary Education ASE (Grade 9.0 to 10.9)
High Adult Secondary Education ASE (Grade 11.0 to 12.9)

CODE NEEDED **Academic and Intellectual Social Studies Skills.** Courses that describe the ability to reason through analytical and logical thinking and the basic principles of the social and behavioral sciences (includes the study of history, geography, economics, and civics).

Low Adult Secondary Education ASE (Grade 9.0 to 10.9)
High Adult Secondary Education ASE (Grade 11.0 to 12.9)

English as a Second Language (ESL 1.9)

Beginning Level - *for students who possess limited or no oral proficiency in English and may or may not read and write in their primary language. Curricula must reflect English as a Second Language (ESL) Content standards for each educational functioning level, as appropriate. See the ESL Content Standards for more information.*

| <u>Course CIP</u> | <u>Description</u> |
|-------------------|---|
| 32.0400 | <p>Beginning ESL. Courses that may include instruction in listening, speaking, reading, and writing using the English language. Includes life skills, technology skills, career exploration, civics education and workforce skills.</p> <p>Beginning ESL Literacy (BEST Plus 2.0 361 and Below/BEST Literacy 0-20/CASAS 180 and Below) Low Beginning ESL (BEST Plus 2.0 362-427/BEST Literacy 21-52/CASAS 181-190) High Beginning ESL (BEST Plus 2.0 428-452/BEST Literacy 53-63/CASAS 191-200)</p> |
| 32.0401 | <p>Workplace Literacy. Courses that include the development of English vocabulary and other basic skills needed for the workplace. English as a Second Language (ESL)

Intermediate Level

For students who possess skills to function satisfactorily in basic situations related to needs, comprehend conversation, participate in basic conversations, read simplified material, and write short messages. Curricula must reflect English as-a-Second Language (ESL) Content standards for each educational functioning level, as appropriate. See the ESL Content Standards for more information. For ESL Bridge Programs, course must meet the approved Bridge Definition requirements.

| <u>Course CIP</u> | <u>Description</u> |

These courses must be taught in English and include career awareness as well as intensive supportive services.

Advanced ESL (BEST Plus 2.0 525-564/BEST Literacy 76-78/CASAS 221-23)

BRIDGE DEFINITION AND CORE ELEMENTS

Bridge programs prepare adults with limited academic or limited English skills to enter and succeed in credit-bearing postsecondary education and training leading to career-path employment in high-demand, middle-and high-skilled occupations. The goal of bridge programs is to sequentially bridge the gap between the initial skills of individuals and what they need to enter and succeed in postsecondary education and career-path employment.

CORE ELEMENTS

Bridge programs assist students in obtaining the necessary academic, employability, and technical skills through three required components – contextualized instruction, career development, and support services. Required elements include:

- *Contextualized instruction* that integrates basic reading, math, and language skills and industry/occupation knowledge.
- *Career development* that includes career exploration, career planning within a career area, and understanding the world of work (specific elements depend upon the level of the bridge program and on whether participants are already incumbent workers in the specific field).
- *Transition services* that provide students with the information and assistance they need to successfully navigate the process of moving from adult education or remedial coursework to credit or occupational programs. Services may include (as needed and available) academic advising, tutoring, study skills, coaching, and referrals to individual support services, e.g., transportation and child care.

Note: Career development and transition services should take into account the needs of those low-income adults who will need to find related work as they progress in their education and career paths.

Eligibility

Bridge programs are designed for adults 16 years and older, who:

- Have reading and math levels at or about the 6th grade through pre-college level *or*
- Have English language proficiency at or above the low-intermediate ESL level
- May or may not have a high school credential
- May or may not be an incumbent worker

Specific eligibility requirements will depend upon the type of provider offering the bridge program and program requirements.

PROGRAM DESIGN OPTIONS

A bridge program may be designed as:

- 1) a single course (for students at higher reading and math levels) that moves students directly into credit-bearing courses, with the aim of eliminating the need for remediation or
- 2) a series of courses, in which students first complete a lower-level bridge course that prepares them to enter a non-credit or credit occupational course or program that leads to an entry-level job. In this case, the student can stop out for needed work/income and return to a higher-level bridge course without having to repeat content.

The bridge program must prepare students to enter credit-bearing courses and programs within one of the 16 nationally recognized career clusters (see: <http://www.careerclusters.org/16clusters.cfm>). That is, the course content must contain the knowledge and skills common for entry-level occupations within a broad cluster (e.g. Health Science, Manufacturing, Information Technology, etc.). This curriculum design element exposes the student to career information and to information about the skills and knowledge required by a broad range of occupational options within a cluster. The bridge program must be of sufficient duration and intensity to produce these transition results.

Education and Training Providers (and partnerships):

Bridge programs may be provided by: (1) an Illinois Community College Board-approved and funded adult education program¹; (2) the credit or non-credit department(s) of a community college; and (3) community-based organizations or other types of provider that offer non-credit workforce training.

Bridge programs may be offered by a single entity (e.g., a community-based organization or a community college) or by a partnership (e.g., a community-based organization and a community college). Regardless of the provider, they:

- May provide opportunities to earn college credit (such as through escrow credit accounts)
- May offer dual enrollment in credit and non-credit programs
- May offer a multi-level program that moves people from an adult education course offered by one provider to a non-credit occupational course offered by the same or another provider.

All bridge program providers will use pre-skill assessments consistent with program requirements to place students into the appropriate courses as well as post-skill assessments to measure progress, and all providers will use data tracking systems to collect and analyze key information about bridge program participants and graduates.

Outcomes:*Short-Term*

1. Higher number of low-income working adults enrolling in postsecondary education.
2. Bridge program graduates enrolling in credit programs and succeeding in their courses.

Long-Term

1. Higher proportion of low-income working adults attaining degrees and/or certificates.
2. Higher proportion of Adult Basic Education (ABE), English-as-a-Second-Language (ESL), Adult Secondary Education (ASE/HSE), and developmental/remedial adult learners transitioning into, and completing, associates degrees and/or certificates.
3. Increases in earnings and job quality for low-income adults engaged in career pathways.

Illinois EL/Civics Competencies for FY17

The Democratic Process (DP)

- DP1. Identify the basic rights of immigrants and U.S. citizens.
- DP2. Define and explain the importance of voting.
- DP3. List the requirements for voting in their communities.
- DP4. Identify the titles of executive leaders of national, state, and local government.
- DP5. Identify the legislative leaders of national, state, and local government.
- DP6. Identify various courts of the judicial system (e.g., traffic court, small claims court, Supreme Court).
- DP7. Identify ways to contact their elected leaders.
- DP8. Contact an elected official to express their opinions.
- DP9. Participate in a decision-making process in their communities (e.g., by attending a local government meeting, by signing a petition, by sending a letter or email).

Community Resources (CR)

- CR1. Distinguish between emergency and non-emergency situations and make a list of the corresponding telephone numbers to call for help.
- CR2. Call 911 or other police/fire emergency telephone numbers to report an emergency.
- CR3. State the laws regarding safe transportation of themselves and their children in motor vehicles (e.g., using seat belts and child car seats, following speed limits).
- CR4. Read common traffic and pedestrian signs.
- CR5. Identify or participate in community safety education programs (e.g., Neighborhood Watch, crime prevention, CPR classes).
- CR6. Identify social services available in the community (e.g., elder care, food pantries, transportation for disabled residents).
- CR7. Locate, visit, or use a public library in the community and, if applicable, apply for a library card.
- CR8. Identify opportunities for volunteer work in the community.
- CR9. Use appropriate language and behavior if stopped by the police.
- CR10. Identify situations in which they are entitled to interpreter services (e.g., health clinics, courts, 911).

The U.S. School System (SC)

- SC1. Identify how schools are organized in the U.S. school system (i.e., preschool through college).
- SC2. Identify the ages of children that public schools are required to serve.
- SC3. Identify the organization of grades and schools within their local school districts.
- SC4. Explain the function of school boards.
- SC5. Differentiate between public and private schools.
- SC6. Describe the similarities and differences between the U.S. school system and the school system in their native countries.
- SC7. Identify ways in which parents and community members can participate in schools and interact with school personnel.
- SC8. Identify additional services available to students in local school districts (e.g., extracurricular activities, lunch programs, accommodations for disabilities).
- SC9. Identify sources of financial assistance for vocational and/or post-secondary education.

Health and Wellness (HW)

- HW1. Explain the difference between public and private health care.
- HW2. Locate public health services in their communities and/or complete an application.
- HW3. Complete a health information form, including family medical history, current medications, and allergies.
- HW4. Explain the importance of good nutrition and where to find information about it.
- HW5. Explain the importance of physical fitness and locate fitness programs in their communities.
- HW6. Identify community resources for wellness programs including prenatal care, immunizations, and screenings.
- HW7. Describe situations needing intervention including domestic violence, child abuse, substance abuse, and mental health issues.

HW8. Identify community resources for crisis services including domestic violence, child abuse, substance abuse, and mental health issues.

Housing (HO)

- HO1. Identify types of housing in their communities (e.g., rental, purchase, shelter).
- HO2. Locate agencies to assist with finding affordable housing.
- HO3. Identify the rights and responsibilities of landlords and tenants.
- HO4. Identify components of a rental or lease agreement and list typical features of rental agreements (e.g., first/last month's rent, 12-month agreement, pet policy).
- HO5. Report housing problems to landlords, property associations, or other officials.
- HO6. Contact utility providers for service or to report a problem.
- HO7. Identify resources for resolving housing problems.
- HO8. Identify resources for home ownership information.
- HO9. Check the references of contractors or solicitors and/or report a complaint against them.

Employment (EM)

- EM1. Identify job titles, responsibilities, wages, and places of work.
- EM2. Describe common employee benefits (e.g., health care, vacation, sick days).
- EM3. Identify typical steps in obtaining a job.
- EM4. Complete a job application (paper or online), resume, or cover letter.
- EM5. Identify local employment agencies, training agencies, and/or resource centers.
- EM6. Locate local job market information using the Internet (e.g., Illinoisworknet.com or other resources).
- EM7. Identify typical and illegal job interview questions and how to respond.
- EM8. Describe the function of a labor union.
- EM9. Explain the rights that workers are entitled to (e.g., overtime pay, breaks, safe work environment) and identify ways to report violations.
- EM10. Read and interpret a pay stub.
- EM11. Read safety signs and instructions commonly found at work.
- EM12. Read and write basic work-related messages.
- EM13. Compare and contrast differences in U.S. workplace behavior and communication with workplace behavior and communication in their native countries.
- EM14. Describe ways employers may evaluate work performance.
- EM15. Identify opportunities to gain marketable skills and work experience as a volunteer in a work setting.

Consumer Economics (CE)

- CE1. Locate financial service options (e.g., banks, check cashing services) in their communities and describe services offered.
- CE2. Describe the advantages and disadvantages of bank services and check-cashing services.
- CE3. Prepare a household budget.
- CE4. Explain the role of credit in the U.S. economy (e.g., credit cards, personal credit rating, interest rates).
- CE5. Compare credit and debit cards.
- CE6. Define identity theft and describe ways to protect against it.
- CE7. Distinguish between legitimate and fraudulent mail, phone, and email solicitations.
- CE8. Identify common consumer complaints and locate agencies to help resolve them.
- CE9. Identify services provided by notary publics in Illinois and locate notaries in their communities.
- CE10. Describe types of insurance (e.g., car, home, life) and/or how to file a claim.

| EM8. | Describe the function of a labor union. | | | |
| EM9 | Explain the rights that workers are entitled to (e.g., overtime pay, breaks, safe work environment) and identify ways to report violations. | | | |
| EM10 | Read and interpret a pay stub. | | | |
| EM11 | Read safety signs and instructions commonly found at work. | | | |
| EM12 | Read and write basic work-related messages. | | | |
| EM13 | Compare and contrast differences in U.S. workplace behavior and communication with workplace behavior and communication in their native countries. | | | |
| EM14 | Describe ways employers may evaluate work performance. | | | |
| EM15 | Identify opportunities to gain marketable skills and work experience as a volunteer in a work setting. | | | |
| Consumer Economics (CE) | | Date Demonstrated | Documentation Code | Other Documentation |
| CE1. | Locate financial service options (e.g., banks, check cashing services) in their communities and describe services offered. | | | |
| CE2. | Describe the advantages and disadvantages of bank services and check-cashing services. | | | |
| CE3. | Prepare a household budget. | | | |
| CE4. | Explain the role of credit in the U.S. economy (e.g., credit cards, personal credit rating, interest rates). | | | |
| CE5. | Compare credit and debit cards. | | | |
| CE6. | Define identity theft and describe ways to protect against it. | | | |
| CE7. | Distinguish between legitimate and fraudulent mail, phone, and email solicitations. | | | |
| CE8. | Identify common consumer complaints and locate agencies to help resolve them. | | | |
| CE9. | Identify services provided by notary publics in Illinois and locate notaries in their communities. | | | |
| CE10. | Describe types of insurance (e.g., car, home, life) and/or how to file a claim. | | | |

Illinois English Literacy/Civics Education (EL/C) Competencies

Students Must Be Able to Demonstrate These in English

SAMPLE CLASS CHECKLIST

Program: _____ Class Level: _____ Teacher Signature: _____

COMPETENCY CODE LEGEND

Record the appropriate competency code(s) below in the column titled “Competency(ies)” Demonstrated”

The Democratic Process (DP): DP1, DP2, DP3, DP4, DP5, DP6, DP7, DP8, DP9

Community Resources (CR): CR1, CR2, CR3, CR4, CR5, CR6, CR7, CR8, CR9, CR10

The U. S. School System (SC): SC1, SC2, SC3, SC4, SC5, SC6, SC7, SC8, SC9

Health and Wellness (HW): HW1, HW2, HW3, HW4, HW5, HW6, HW7, HW8

Housing (HO): HO1, HO2, HO3, HO4, HO5, HO6, HO7, HO8, HO9

Employment (EM): EM1, EM2, EM3, EM4, EM5, EM6, EM7, EM8, EM9, EM10, EM11, EM12, EM13, EM14, EM15

Consumer Economics (CE): CE1, CE2, CE3, CE4, CE5, CE6, CE7, CE8, CE9, CE10

| <i>Documentation Codes</i> | |
|----------------------------|--|
| T O | = Teacher Observation |
| O R | = Oral Response/Report |
| W E | = Written Evidence |
| T C | = Technology |
| O | = Other – Specify in “Other” Column |

Record the time period the competencies listed below were demonstrated (Start date to end date): _____

Use of Transfer Code in Fixed Entry Classes

Students enrolled in one fixed entry class can transfer to another fixed entry class under certain conditions. These conditions include the following:

1. This transfer code (ET) is only to be used in fixed entry classes.
2. The student must have met the enrollment requirements for the class from which they are transferring.
3. Transfers into a class are allowed during the first two weeks (14 calendar days) of the class start date. After 14 days of the class start date, no transfers into the class will be allowed.
4. Students can not earn units in both classes. If the student has made it to the midterm point of their original class, thus earning the units associated with that class, they can not transfer into another class using the ET code. Programs should ensure that this does not occur.
 - a. When the student is dropped from the original class, the user should record the drop code (“D”) on that date. A custom class exit code can be created to indicate the reason for the drop is a Transfer. This can then be used at the time the “D” is recorded.
5. When enrolling a student in a fixed entry class beyond the first three days of the class, the ET code is used. When this code is used, two boxes appear in DAISI. The user will record the student’s original Class/Section No and the reason for the transfer.

The original Class/Section No field allows the user to record the Class/Section No the student is transferring from while the Reason for Transfer field is pre-populated with the following 4 options for users.

Reasons for Transfer:

1. Teacher Request
2. Student Request
3. Initial placement was inappropriate based on student’s current level
4. Other Administrative Reason

When the ET code is used, it generates both attendance and enrollment hours. Hours earned in the original class do not transfer with the student, but if the student successfully reaches the midterm point in the class to which they have transferred, they will be eligible for all the enrollment hours and units generated by that class.

A report is available through DAISI titled “Student Transfer Report” that will list all transfers that have occurred through the use of this code. This report is accessible through the Static Reports Center.

STUDENT TRANSFER REPORT

Section 8 – High School Equivalency

Major Sections

1. High School Equivalency (HSE) Overview and State Policy
2. HSE Exam Comparison
3. Eligibility for HSE Testing
4. Registration and Payment by Voucher
5. Identification and Residency Requirements for HSE Exams
6. Accommodations
7. Preparation Materials and Educator Resources
8. GED Manager™
9. Constitution Test
10. Test-Taker Dishonesty
11. Transcripts and HSE Certificates
12. Request to Administer an HSE Exam

1. High School Equivalency (HSE) Overview

The Illinois Compiled Statutes – School Code ([105 ILCS 5/3-15.12](#)) outlines minimum state requirements for high school equivalency (HSE) testing. This legislation provides the ICCB with the authority to establish guidelines for Illinois HSE testing, including: the selection of HSE exams and programs; the creation of policies and procedures for testing; the minimum passing standards for an HSE credential; and the state and local fees for exams, transcripts, and credentials.

The ICCB has approved three HSE exams for use in the State of Illinois: the General Education Development Test (GED®) published by GED Testing Service, the High School Equivalency Test (HiSET®) published by Educational Testing Service, and the Test Assessing Secondary Completion (TASC™) published by Data Recognition Corporation/CTB. In addition to passing one of these three HSE exams, a candidate must also pass the high school level U.S. and Illinois State Constitution and Flag Test (“Constitution Test”) to be eligible for an Illinois HSE Certificate.

Scores may *not* be combined among HSE exams. Therefore, a student may not begin on one HSE exam and complete that exam by passing a subtest or subtests from another exam. Similarly, incomplete 2002 Series GED® examinations cannot be combined with any of the new exams. Candidates must complete the full battery of an ICCB-approved HSE exam, along with the Constitution Test, to qualify for an Illinois HSE Certificate.

ICCB-funded Adult Education programs prepare students enrolled in HSE preparation courses for successful completion of their HSE requirements and transition into postsecondary education and/or the workforce.

2. HSE Exam Comparison

The General Education Development Test (GED®) is published by GED Testing Service (GEDTS®). The GED® has gone through several series changes since its inception, the most recent of which is the 2014 Series GED® Test. The 2014 Series GED® Test is only offered as a computer-based examination with four subtests: Reasoning through Language Arts, Mathematical Reasoning, Science, and Social Studies. The GED® Test has a total cost of \$120.

The High School Equivalency Test (HiSET®) is published by Educational Testing Service. This exam is offered as both a computer-based and a paper/pencil examination with five subtests: Mathematics, Social Studies, Science, Language Arts - Reading, and Language Arts - Writing. The HiSET® Exam has a total cost of \$90.

The Test Assessing Secondary Completion (TASC™) is published by Data Recognition Corporation/CTB. This exam is offered as both a computer-based and a paper/pencil examination with five subtests: Mathematics, Social Studies, Science, Reading, and Writing. The TASC™ Exam has a total cost of \$92. In calendar year 2017, the cost of the TASC™ Exam will increase to \$94.

Please see attachment that follows this section: Illinois HSE Exam Options Table.

3. Eligibility for HSE Testing (State Policy)

An individual is eligible to take the GED®, HiSET®, or TASC™ exam provided they meet **all** of the following conditions:

- 17 years of age or older*
- Does not have a high school diploma and is not currently enrolled in a secondary school
- Is a resident of the State of Illinois

* Underage testing requirements:

- *If an individual is 17 years old*, and has been enrolled in a public, private, or a home school setting in the last 12 months, they must present a withdrawal letter from the last high school enrolled in before taking an HSE exam.

If homeschooled, the individual must *also* provide a letter from the person responsible for the homeschooling [e.g., instructor, tutor, parent, guardian, etc.] stating the program has been completed, the individual is no longer required to be homeschooled, and the individual has been cleared to take an HSE exam.

Proof of withdrawal must be emailed to ilhseiccb@iccb.state.il.us or faxed to 217-558-6700.

NOTE: If an underage student is registering for the **HiSET®** exam **they must also provide their ETS Identification Number** with their withdrawal information so that the age-related hold can be removed from their HiSET® account. A HiSET® test taker's ETS ID is provided to them by email when they create their HiSET® account and can also be found in the top right corner of their [HiSET® portal](#) after logging in to their account.

- *If an individual is 16 years old*, they are only eligible to take an HSE exam if enrolled in an Alternative Learning Opportunities Program or the Lincoln's Challenge Academy, or if mandated

by court order as part of a rehabilitation program or service requirement. These programs must petition on the student's behalf for the student to be approved to take an HSE exam. Please contact ilhseiccb@iccb.state.il.us for additional information.

HSE Preparation for Underage Students

The eligible student population for AE instruction is adults who have attained 16 years of age;

- who are not enrolled or required to be enrolled in secondary school under state law; and
- basic skills deficient;
- does not have a secondary school diploma or its recognized equivalent level or education;
- or is an English language learner.

Sixteen year-old individuals *are eligible* for HSE preparation through an AE program, provided the program can demonstrate the student is not enrolled nor required to be enrolled in high school under state law. Documentation requirements for AE programs are outlined in the Instruction section of this manual.

However, a 16 year-old student who is enrolled in HSE preparation is *not eligible* to take an HSE exam unless court-ordered, or unless the student is enrolled in the Lincoln's Challenge Academy or an Alternative Learning Opportunities Program ([105 ILCS 5/3-15.12](#)). AE students are eligible to take an HSE exam once they have turned 17, after a withdrawal letter has been provided to, and approved by, ICCB staff.

4. Registration and Payment by Voucher

Registration

Registration for each of the three HSE exams must be completed online on each vendor's website, and payment is due upon registration.

GED®: www.ged.com

HiSET®: https://hiset.ets.org/test_takers

TASC™: <https://illinois.tasctest.com/>

AE programs may assist their students with registration, but will need to do so using the vendor's registration process on each vendor's respective website. If program staff assists students with registration, staff *must* ensure the student's information is entered completely and accurately. Staff should pay particular attention to the accuracy of the email address used for registration, as all three vendors utilize email as the main point of student contact.

Vouchers

Programs or testing centers may offer vouchers to students which can be used online as a form of payment in lieu of a credit/debit card or electronic funds transfer. Programs are not required to offer vouchers, but are encouraged to do so in order to best serve students without checking accounts or credit/debit cards. Vouchers are currently available for the GED® and HiSET® exams.

GED®:

View voucher pricing and information by state at <http://pearsonvue.com/vouchers/pricelist/ged.asp>. Complete a [voucher order form](#) and submit to GED Testing Service.

HiSET[®]:

Complete a [voucher order form](#) and submit to ETS. Pricing is available on the form.

5. Identification and Residency Requirements for HSE Exams

Identification

Test takers are required to provide **valid government-issued photo identification (ID)** on all testing days. The ID must display the test taker's full name (matching the name used for exam registration), address, date of birth, signature, and photograph. **On the day of a test, if the test taker does not bring a valid government-issued photo ID, s/he will not be allowed to test.** In most cases, individuals not allowed to test for this reason are considered no-shows to their exam, and are not eligible for a refund of fees.

Acceptable forms of photo ID include:

- A valid driver's license
- A valid state ID
- A valid passport
- A military ID
- Matricula Consular
- Any other form of government-issued ID (national or foreign)

Residency

Test takers are required to be a resident of Illinois for 30 days or more prior to taking their HSE exam and must provide proof of residency at the testing center on all testing days. In most cases, proof of residency will be available on the test taker's photo ID. However, if the photo ID does not include a current Illinois address, the test taker must provide additional documentation demonstrating residency. **On the day of a test, if the test taker does not bring proof of residency, s/he will not be allowed to test.** In most cases, individuals not allowed to test for this reason are considered no-shows to their exam, and are not eligible for a refund of fees.

The following documents are acceptable as additional documentation to provide proof of Illinois residency if they are 1) in the test taker's name (matching the name used for exam registration) and 2) dated at least 30 days prior to the test date:

- Wage and tax statements (IRS form W-2)
- Illinois automobile registration card
- Bank statement
- Canceled check
- Deed/title, mortgage, rental/lease agreement
- Insurance policy (homeowner's or renter's)
- Official mail received from a State, County, City, or Federal Government agency, such as:
 - Homestead exception receipt
 - Jury duty notice
 - Selective service card

- Social Security annual statement
- Social Security disability insurance statement
- Voter registration card
- Pay stub or electronic deposit receipt
- Pension or retirement statement
- Utility bill (electric, water, refuse, telephone land/cell, cable, or gas)
- Statement of benefits from the Illinois Department of Employment Security or the Social Security Administration
- Illinois property tax bill

6. Accommodations

Each vendor can approve testing accommodations for candidates with documented disabilities and health related needs. Candidates must request accommodations and wait for approval prior to scheduling their test appointment. As the approval process can take 1-2 months, students are urged to complete their accommodations request well in advance of the day in which they would like to test.

A few common accommodations are:

- Extended time
- Separate room
- Recorded audio
- Large print
- Screen magnification
- Scribe or keyboard entry aide
- Additional supervised break time
- Sign language- interpreted instructions

Determinations on accommodations are made by each exam vendor, and may vary from student to student based on their documented disabilities or health related needs. Accommodations will directly relate to the documented needs of the student.

To request accommodations prior to taking an HSE exam, students must follow each vendor's specified instructions.

GED®:

1. Create a GED® account at www.GED.com
2. Print and complete the accommodations request form(s)
3. Attach documentation for the disability
4. Fax form(s) and supporting documents to 202-464-4894

GEDTS® requires 30 days to review supporting documentation and reach a decision.

If a test taker disagrees with the decision, they may appeal to GEDTS® by completing the [Request for Testing Accommodations Appeal Form](#).

For answers to more questions, see the [Frequently Asked Questions for GED® Test Accommodations](#) or email accommodations@GEDtestingservice.com.

For complete information on GED® accommodations, see:

<http://www.gedtestingservice.com/testers/computer-accommodations>.

HiSET®:

1. Find a testing center in the test taker's area at <https://hiset.ets.org/tcsearch> and determine which format of the exam is offered at this location. Exam format (paper/pencil or computer-based) will impact the type of accommodations available.
2. Determine which frequently approved accommodations meet the test taker's needs in the [HiSET® Test Taker Bulletin](#) (page 13).
3. Complete the [HiSET® Testing Accommodations Request Form](#). Students may request ETS match previously accepted accommodations for the GED® exam by including a copy of the approval letter from GEDTS® in their documentation.
4. Attach supporting documentation.
5. Submit a request *and the proper fee for the test being taken* to ETS by mail or email.

Mail: ETS HiSET® Disability Services
PO Box 6054
Princeton, NJ 08541-6054

Email: disability.reg@ets.org

ETS requires six weeks to review supporting documentation and reach a decision. If the accommodations are approved, ETS will contact the test taker with an authorization letter which will serve as the test taker's admission ticket on test day. **Students should not schedule an exam until they receive their authorization letter, which will include instructions for registration and their voucher number to register online.**

For answers to more questions, email HiSETSSD@ets.org or call 1-855-802-2748 (M-F, 8:30am-5pm ET).

For complete information on HiSET® accommodations, see: <https://hiset.ets.org/take/disabilities>

TASC™:

1. Find a testing center in test taker's area on <https://illinois.tasctest.com/> and determine which format of the exam is offered at this location. Exam format (paper/pencil or computer-based) will impact the type of accommodations available.
2. Download and print the [TASC™ Special Testing Accommodations Request Form](#).
3. The test taker should complete all information required of the test taker in Section 1 of the request form.
4. If the test taker is attaching alternate documentation (recommended), the test taker should complete Section 2 of the request form.
5. If the test taker is *not* attaching alternate documentation, a licensed professional evaluator will need to complete Sections 2 and 3 of the Request form using the [Evaluator Guidelines for Requesting TASC™ Special Testing Accommodations](#). The evaluator will provide a diagnostic report and/or detailed letter on the test taker's disability or health-related needs.
6. The test taker submits the request form (with Sections 1-3 completed as applicable) and all supporting documentation to the Test Coordinator at the TASC™ testing center they would like to test at.
7. The Test Coordinator reviews the examinee's request form, and upon approval, completes Section 4.
8. The test taker must submit the request form and all supporting documentation to the DRC/CTB TASC™ Accommodations Administrator by email, fax, or mail:
Data Recognition Corporation | CTB
Attn: TASC Test Accommodations Administrator
c/o Customer Service Department

6901 N Michigan Road
Indianapolis, IN 46268
Email: TASCTest_Helpdesk@ctb.com
Toll-free Telephone: 888-282-0589
FAX: 877-800-9389

DRC/CTB requires 30 days to review supporting documentation and reach a decision. The student will be contacted with a decision letter which either: (1) authorizes the accommodations, (2) requests more information, or (3) declines the accommodations. If a request is approved, the examinee should contact the Test Coordinator at their local testing center to schedule testing with the approved accommodations. **Students should not schedule an exam until they receive their authorization letter.** If the request is not approved, the decision letter will provide information about options for appeal.

For answers to more questions, email TASCTest_Helpdesk@ctb.com or call 1-888-282-0589.

For complete information on TASC™ accommodations, see: <http://www.tasctest.com/special-needs-accommodations.html>.

7. Preparation Materials and Educator Resources

ICCB-funded AE programs are expected to teach to the Illinois Adult Education Content Standards, which are aligned with Common Core and College Readiness Standards, Career Pathway Essential Knowledge and Skills, Evidence Based Reading, and Technology Skills. All three HSE examinations are aligned to Common Core College and Career Readiness Standards; therefore, preparing students based on the Illinois Adult Education Content Standards will prepare students for any of the three examinations.

In order to reach this goal, educators are encouraged to utilize a variety of resources. Each of the three HSE vendors has preparation materials and resources for educators available on their website which could be incorporated into an AE curriculum or utilized as outside study materials.

GED® Preparation Materials:

- [GED® Free Practice Test](#)
- [GED® Subject Area Preparation Materials](#)
- [GED® Print Hub](#) – Printable brochures, posters, sample note boards, etc.
- [GED® Marketplace](#) – Shop for the GED® Practice Test, practice books/materials, etc.

HiSET® Preparation Materials:

- [Official Practice Test Order Form](#)
- Free Practice Tests:
 - [Reading](#)
 - [Writing](#)
 - [Mathematics](#)
 - [Science](#)
 - [Social Studies](#)
- [Mathematics Formula Sheet](#)
- [HiSET® Test Preparation Store](#) – Official guide, practice tests, etc.
- [HiSET® Download Library](#) – About the exam, test administration documents, scoring information, test preparation, practice tests.

TASC™ Preparation Materials:

- [TASC™ Test Sample Items](#) – Sample items and fact sheets by subject area.
- [TASC™ Test Resources](#) – TASC™ Test overview, accommodations information, tutorials, sample items, reference sheets, order forms, promotional materials, etc.
- Study Topics
 - [Mathematics](#)
 - [Reading](#)
 - [Writing](#)
 - [Science](#)
 - Social Studies

Each vendor also makes professional development materials available for educators.

GED® Educator Resources:

- [GED® Program Educator Handbook](#)
- [GED® Professional Development](#)
- [GED® “Tuesdays for Teachers” Webinar Series](#)
- [GED® 2014 Training](#)
- [Educator Downloads](#) – Brochures, infographics, webinars, PD materials, etc.

HiSET® Educator Resources:

- [2017 Test at a Glance](#)
- [HiSET® Download Library](#) – About the exam, test administration documents, scoring information, test preparation, practice tests, etc.
- [Scored Sample Writing Responses](#)
- [Practice Tests Quick Reference Guide](#) and [Practice Tests Readiness Chart](#)

TASC™ Educator Resources:

- [TASC™ Test Resources](#) – TASC™ Test overview, accommodations information, tutorials, sample items, reference sheets, order forms, promotional materials, etc.
- [TASC™ Test Preparation Materials for Educators](#)

8. GED Manager™

Per ICCB policy, access to GED Manager™ is limited for the protection of student data and personally identifiable information. Initial access has been granted to the Program Administrator of each ICCB-funded AE program. **The ICCB strongly recommends that access remains limited to AE Program**

Administrators and that program staff continue to partner with their students to see student scores via the student’s account. However, Program Administrators may request to add a *limited* number of additional GED Manager™ users from their staff pending approval from the ICCB.

GED Manager™ access and use will be monitored by ICCB staff. Users are not to share accounts, access data not pertaining to a student enrolled in their AE program, or disseminate data to outside sources. **Program Administrators are held directly responsible for the actions of the staff members they allow to utilize GED Manager™.** Program Administrators are required to immediately notify ICCB staff of any staff changes which would necessitate the removal of a GED Manager™ account or of the misuse of any

GED Manager™ account by program staff. If a program has already added accounts to GED Manager™ and is requesting additional staff access, the Program Administrator will be asked to remove old accounts to accommodate new additions. ICCB staff will terminate GED Manager accounts that have been inactive for a period of 90 days or more.

To request additional GED Manager™ access and/or the removal of GED Manager™ access for ICCB-funded AE program staff, Program Administrators should complete the [Adult Education Request for Access to the GED Manager™ System Form](#).

Illinois Department of Corrections testing facilities may request additional access to GED Manager by completing the [IDOC Request for Access to the GED Manager™ System Form](#).

9. Constitution Test

In addition to passing an approved HSE exam, candidates for an Illinois HSE Certificate must also take and pass the high school level U.S. and Illinois State Constitution and Flag Test (“Constitution Test”) as required by the Illinois Compiled Statutes – School Code (105 ILCS 5/27-3). The Constitution Test may be taken at any time before or after completion of the GED®, HiSET®, or TASC™ exam.

ICCB policy states that the Constitution Test is free for Illinois test takers. While ICCB-funded AE programs are highly encouraged to administer the Constitution Test not only to their own students, but also to walk-in test takers, **programs are *not* allowed to charge an administration fee for the Constitution Test to any test taker.**

Providing Records

Illinois HSE Certificate candidates who passed their Constitution Test in high school are *not* required to take the test again. Those candidates are encouraged to provide proof of passing to their Regional Office of Education when requesting their Illinois HSE Certificate.

Test takers wishing to submit Constitution Test records to their Regional Office of Education should contact that office directly to determine the requirements of the office. To locate the appropriate Regional Office of Education for a test taker, utilize the [ROE Locator Tool](#).

Preparation Materials

Preparation materials for the Constitution Test are available for free on the ICCB website.

- [The Constitution Test Study Guide: English](#)
- [The Constitution Test Study Guide: Spanish](#)

Printed copies may be ordered directly from Curriculum Publications Clearinghouse (CPC) by calling 1-800-322-3905.

Paper-Based Constitution Testing Materials (ICCB-Funded AE Programs Only)

To request additional paper-based constitution test materials, please order directly from CPC utilizing the [Paper-Based Constitution Test Materials Order Form](#).

Paper-Based Constitution Test Scoring

Programs that utilize paper-based Constitution testing should return completed answer sheets safely and securely to the Cook County HSE Records Office, where they will be scored and uploaded to the Illinois HSE Database.

When submitting completed answer sheets, test centers should package the answer sheets with a completed [Constitution Test Cover Sheet](#) and mail the answer sheets to the following address: Cook County HSE Records Office, 100 W Randolph St, Suite 2-010, Chicago, IL 60601. **Any answer sheets sent without a cover sheet will be returned without scoring.** The ICCB and the Cook County HSE Records Office **strongly recommend** sending the answer sheet(s) to the scoring site using controlled conditions such as a shipping system that uses tracking numbers and tracking procedures (i.e., UPS, FedEx, USPS Express Mail, or Registered Mail).

An Administration Listing Score Report for the Constitution Exam answer sheet(s) will be returned to the testing center via e-mail, fax or first-class mail in approximately 7 to 10 business days after receipt of the Constitution Test scores. **Please note on your cover sheet your preferred method of delivery.** The Administration Listing Score Reports will show the examinees' names, ID numbers, and test results. No raw score will be reported on the Administration Listing Score Report. Do not hand out copies of the Administration Listing Score Report to examinees, as the report may have other examinees' private information.

The Cook County HSE Records Office will keep record of all Administration Listing Score Reports and the completed answer sheets for three months. Administration Listing Score Reports will only be delivered to the test site. Neither the Administration Listing Score Report nor an individual test result will be given to an Examinee. Constitution Exam results are only reported to Examinees by the test site, not the scoring site.

If you have any questions about the procedures for scoring the Constitution Test, contact the Cook County HSE Records Office at (312) 814-4488 or customerservice@cookcountyped.org.

Computer-Based Constitution Testing

ICCB-funded programs wishing to administer the computer-based Constitution Test must complete the [Request to Administer Computer-Based Constitution Testing](#) form available on the ICCB website.

Completed forms should be returned to Caitlyn Barnes, Associate Director of Assessment and Testing (Caitlyn.E.Barnes@Illinois.gov) or faxed to 1-217-558-6700.

10. Test-Taker Dishonesty

Test-taker dishonesty is a serious issue. Failure to report test-taker dishonesty during an exam may result in legal and administrative ramifications, including the potential closure of the testing center. Test-taker dishonesty also has severe ramifications for students, as the consequences may include invalidation of exam scores, loss of testing privileges, forfeiture of fees, loss of credential, and/or legal action.

Constitution Test: Test Taker Dishonesty Policies and Reporting Procedures

If a testing center determines a test-taker is engaging in misconduct during the U.S. and Illinois State Constitution Test, the test-taker's scores should immediately be invalidated and the test-taker should be dismissed from the testing site pending investigation. The ICCB investigates cases of test-taker dishonesty or misconduct at testing centers administering the U.S. and Illinois State Constitution Test. Testing centers are required to report cases of misconduct to ICCB staff.

Each report of misconduct should include:

- Testing center information
 - Name and title of individual reporting the incident
 - Testing center name
 - Testing center address, phone, and email
- Test taker's full name, date of birth, and last four digits of the Social Security Number
- Date and time of misconduct
- A detailed description of the incident
- A detailed description of any actions taken by the testing center

Reports should be sent to ilhseiccb@iccb.state.il.us or faxed to 217-558-6700.

In all cases in which a test-taker has been found to have engaged in misconduct on the Constitution Test, their scores will be invalidated. Candidates who were believed to have passed, but were later found to have engaged in misconduct, will also have their scores invalidated and any credentials they received will be rescinded. Test-takers may also face further repercussions depending on the severity of the incident, including banning the candidate from future testing.

GED®: Test-Taker Dishonesty Policies and Reporting Procedures

Policies and reporting procedures for test-taker dishonesty during the GED® exam are available to testing sites via the Pearson VUE secured testing center website: <https://vss.pearsonvue.com/>.

GED Testing Service® investigates each case of test-taker dishonesty or misconduct in partnership with ICCB staff. Test-takers who engage in misconduct can face remedial action including, but not limited to: canceling the test appointment in advance, holding or canceling the candidate's scores, rescinding the candidate's credentials, banning the candidate from future GED® testing, and pursuing legal action. In addition, the Candidate may be required to forfeit testing fees paid.

HiSET®: Test-Taker Dishonesty Policies and Reporting Procedures

Policies and reporting procedures for test-taker dishonesty during the HiSET® exam are outlined in the [HiSET® Program Manual](#).

ETS requires testing centers to end the test-taker's examination and dismiss the test-taker from the test center if a test-taker engages in any form of misconduct. ETS reviews each report of test-taker dishonesty and invalidates scores for exams in which a test-taker cheated on the HiSET® exam. ICCB may also prohibit the test-taker from retesting, based on the severity of the case.

TASC: Test-Taker Dishonesty Policies and Reporting Procedures

Policies and reporting procedures for test-taker dishonesty during the TASC Test are outlined in the [TASC Test Administration Manual](#) available to testing sites via the DRC/CTB secured testing center website.

DRC/CTB requires testing centers to fully invalidate student scores from exams in which the examinee has been found (1) giving or receiving assistance with answers to test questions, (2) copying answers to test questions from another examinee or another source, or (3) to have received test content or answers prior to testing. ICCB may also prohibit the test-taker from retesting, based on the severity of the case.

11. Transcripts and HSE Certificates

A candidate is eligible to receive an Illinois HSE Certificate after passing both an approved HSE exam and the U.S. and Illinois State Constitution Test. Candidates are eligible to request official state transcripts at any time which include scores for any one of the three HSE exams and the Constitution Test. Each Certificate has a cost of \$10, and each Transcript has a cost of \$6.

Illinois HSE records are not centralized. Records are located at, and Transcripts and Certificates are issued by, the Regional Offices of Education in each county.

- If the test was completed **before January 1, 2014** (and was not taken on computer), contact the ROE for the county **where the test was taken**.
- If the test was completed **after January 1, 2014** (or was taken on computer in 2012/2013), contact the ROE for the **county of residence** at the time of test completion.

The ICCB Cook County HSE Records Office acts as the HSE custodian of record for Cook County. Full contact information for this office is available on their website: www.cookcountygcd.org

For all other counties, test takers may use our [ROE Locator Tool](#) to search by city or by county for their Regional Office of Education.

12. Request to Administer an HSE Exam

Adult Education programs may apply to become a testing center for any of the three ICCB-approved HSE exams.

To request to administer the GED® exam, review and complete the following form and online application:

- [Request to Administer GED® Test in Illinois \(Complete First\)](#)
- [Become a Pearson VUE Testing Site](#)

To request to administer the HiSET® exam, review and complete the following form:

- [Request to Administer HiSET® Test](#)

Programs will also be required to complete the current HiSET® Memorandum of Understanding for testing centers. Please contact ilhseiccb@iccb.state.il.us for additional information.

To request to administer the TASC™ exam, review and complete the following form:

- [Request to Administer TASC™ Test](#)

Programs will also be required to complete the current TASC™ Memorandum of Understanding for testing centers. Please contact ilhseiccb@iccb.state.il.us for additional information.

All requests to add any of the three HSE exams must be reviewed and approved by the HSE State Administrator.

After a request to administer an HSE exam has been approved, the testing center will be required to follow all vendor policies for training of staff and preparation of the testing center.

Section 9 – Support Services

Major Policy Points

- 1. Programs are required to provide comprehensive student services to reduce personal barriers to retention and accelerate smooth transitions within and between educational/training providers and into the workforce. (Federal and State Policy)**
- 2. Programs are required to develop written procedures and maintain auditable records describing how students will receive support services. (State Policy)**
- 3. Programs are legally responsible to adhere to administrative requirements according to the Americans with Disabilities Act (ADA). (Federal and State Policy)**

- 1. Programs are required to provide comprehensive student services to reduce personal barriers to retention and accelerate smooth transitions within and between educational/training providers and into the workforce.**

Programs will provide learners with a comprehensive array of support and follow-up services as needed. Services may be provided by the program or in coordination with internal and external partnerships. These activities may include but are not limited to:

- a) Social Work Services:**
 - Improvement of students' attendance
 - Identification of patterns of non-attendance
 - Provision of referral assistance
 - Retention strategies
 - Interventions to assist students dealing with problems involving home, school, and community
- b) Guidance Services:**
 - Mental health and career services
 - Counseling activities with students regarding learning styles/problems
 - Evaluating the abilities of students
 - Assisting students to make their own educational and career planning and exploration choices
 - Referrals as needed and requested to mental health and counseling assistance
 - Assisting students in personal and social development
 - Assisting other staff members in planning and conducting guidance programs
 - Assisting students in transitioning to job training, job placement, or future education
- c) Students with Disabilities Support Services:**
 - Assistive or adaptive equipment or special printed materials for AEL students with special needs
 - Referrals as needed and requested to Title IV (DRS).
- d) Assessment and Testing:**
 - Activities to measure individual student achievement and outcomes
 - Any diagnostic testing used to further understand the instructional needs of the student
- e) Student Transportation Services:**

- Services which convey students and their children (in a family literacy setting) to and from school
 - Includes trips between home and school and trips to school activities
- f) Child Care Services:
- Care of a child while an adult education student is engaged in eligible Adult Education and Literacy eligible instructional activities.
 - Every effort must be made to coordinate these services with other entities within the community.
- g) Literacy Services: Literacy activities in conjunction with AEL instructional programming.
- a) Services may include:
- Volunteer Literacy: includes coordination, training, tutor scheduling, and other support activities that promote student learning.
 - Family Literacy: includes coordination and activities in parenting education and parent-child activities (PACT). Child education must be funded by an appropriate child education partner.
 - Workplace Literacy: may include coordination of workplace education projects that are designed to meet the unique needs of participating workers and employers.

Other strategies for developing supportive services for the target population include planning and coordination of activities, assuring access to services, and providing specialized services to include but not limited to:

- Coordination with Title IV- Vocational Rehabilitation at the Department of Human Services to easily refer students needing assistance.
- Explore areas of support that are available to populations most in need.
- Identify through the Area Planning Council the opportunity to provide coordination and collaboration of funding sources.
- Develop special services and projects for target populations, and provide specialized services for individuals with special learning needs.
- Convene regional topical interest groups to gather input on target populations, workforce development, career pathway and transition issues.
- Provide transition services to students who want to attend postsecondary education. Transition services include, but are not limited to, childcare assistance, career counseling, academic advising or counseling, referrals to supportive housing, and assistance accessing income supports or other types of financial aid such as grants or scholarships.
- Explore, identify and share options for providing high-quality counseling and advising to assist all adult education learners in designing an appropriate social, academic and/or career pathway and enabling them to persist in the continuum of programs, making successful transitions along the way.
- Promote and coordinate regular outreach by community colleges and other training providers to assist adult education learners in connecting with financial aid and available transitioning services.
- Develop closer partnerships with social service agencies to assist immigrants and refugees with multiple native languages who may have difficulty understanding initial guidance and career counseling.
- Strengthen the identification process of learners with special learning needs and provisions for accommodating those needs.
- Provide support services that empower all learners to take responsibility for self-advocacy.

- Partner with agencies in the community to provide case management services and continued support to assist learners in moving along their chosen career pathways.
- Provide support for academic programs that assist institutionalized individuals and those in corrections education programs to transition to re-entry initiatives and other post-release services with the goal of reducing recidivism. (WIOA Section 225 (b)(8))
- Coordination with WIOA core and required partners.

2. Programs are required to develop written procedures and maintain auditable records describing how students will receive support services.

The provision of support services such as child care and transportation are an allowable use of ICCB Adult Education funding. However, programs are required to develop written procedures that outline how support services will be provided and the process for selection of individuals to receive services. It is important to note that programs must have a process that provides all eligible learners access to support services. As much as possible, programs should coordinate services within the local community.

The program must establish and maintain written procedures that include at minimum, the following items:

- the type of support service to be offered
- a description of the support service
- the eligible population to receive the services
- how learners will be selected
- how often services will be provided
- how the services will be documented

If programs provide support services using AEL Funds, auditable records must be maintained and include the appropriate proportionate distribution of funding. For example:

- If transportation is provided, the program must keep an accurate listing of attendance to show the need for transportation assistance.
- If child care is provided, the program must show that a student is actually in class the days that child care services are provided.
- If the student or the class is funded with federal and state funding or other funding sources, the distribution of the funding needs to be calculated based upon the proportionate share using cost allocation principals.

3. Programs are legally responsible to adhere to administrative requirements according to the Americans with Disabilities Act.

Programs are responsible for compliance with the Americans with Disabilities Act.

- Each program must have a designated ADA coordinator.
 - The designated ADA coordinator must satisfactorily complete the annual online ICCB Adult Education and Literacy ADA Coordinator training. Contact the Southern Illinois Professional Development Center (SIPDC) for more information at www.siu.edu/SIPDC/.
- Each program must provide public notice.
- Each program must have an established grievance policy.
- Each program must conduct a self-evaluation.
- Each program must develop a transition plan regarding accessibility.

- Each program must submit to the ICCB an approved annual report in a specified format.

An ADA Coordinator Manual is available to ADA Coordinators who have completed the training. General guidelines for programs serving students with learning disabilities and other special learning needs may be found at: <https://www.iccb.org/iccb/wp-content/pdfs/adulted/LD%20Guidelines%20Complete.pdf>.

Americans with Disabilities Act (ADA) Annual Report Form

(Due by June 30 each year)

Program Name:

Person completing form:

Fiscal Year:

For each category below, enter the totals for all Adult Education students served this past fiscal year.

- Number of students disclosing any type of disability
- Number of students referred for learning disabilities diagnosis
- Number of students with diagnosed learning disabilities served
- Number of students approved for HSE testing accommodations
- Number of students approved for GED® testing accommodations from GEDTS
- Number of students approved for HiSET® testing accommodations
- Number of students approved for TASC™ testing accommodations
- Number of students who received instructional accommodations

Provide the following contact information for your program's ADA Coordinator:*

Name:

Address:

Email:

Phone Number:

Signature of Person Completing this Form

Date

Submit completed form to:

Associate Director for Program Compliance
Illinois Community College Board
401 E. Capitol Ave.
Springfield, IL 62701

*If the ADA coordinator at your program changes during the year, updated name and contact information must immediately be provided to the ICCB Associate Director for Program Compliance.

Section 10 – Professional Development

Major Policy Points

1. Programs are required to develop a professional development plan that outlines the requirements for all staff working in Adult Education. (State Policy)
 - a. Programs are strongly encouraged to develop specialists in the areas of assessment, math, Language Arts (reading, writing), ESL/ELA, Special Learning Needs, and transitions to serve on programmatic instructional teams. (State Policy)
2. Programs are required to evaluate the transference of learning from professional development into practice. (State Policy)
3. All instructional staff is required to complete a minimum of 8 hours of professional development. (Federal and State Policy)
4. All new instructors are required to complete ICCB New Teacher Orientation (NTO) within six months of hire and within the fiscal year the online NTO was started. (State Policy)
5. Program staff must meet minimum qualifications for Adult Education. (State Policy)
6. Administrators are required to attend state sponsored administrator training and meetings. (State Policy)
7. Programs must meet in state and out of state travel requirements. (State Policy)

1. Programs are required to develop a professional development plan that outlines the requirements for all staff working in Adult Education.
 - a. Programs are strongly encouraged to develop specialists in the areas of assessment, math, Language Arts (reading, writing) ESL/ELA, Special Learning Needs (SLN), and transitions to serve on program instructional teams.

To ensure staff members meet professional development requirements, an individualized professional development plan should be developed that outlines the goals and priorities of the individual, program and ICCB Adult Education and Literacy. The Professional Development Planner is available to assist with this process. A Professional Development Planner and other tools, developed by the Service Center Network, are helpful in assessing the need of individual instructors. These materials may be found at https://www.iccb.org/adult_ed/?page_id=127.

The professional development plan for each program should plan for Instructors to become Standards Proficient Instructors based upon the appropriate Instructional Staff Professional Pathway. It is anticipated that over a period of time **ALL** instructors will receive this training. A copy of the ABE/ASE Instructional Staff Professional Pathway can be found at https://www.iccb.org/adult_ed/?page_id=127.

Additional Instructional Staff Professional Pathways for ESL, Transitions, and Special Learning Needs are in the development phase. These pathways as well as associated training dates will be provided for implementation during FY17.

A graphic indicating all Instructional Staff Professional Pathways, their individual options and their interconnectivity to each other is included at the end of this section.

Each program is required to submit a Professional Development plan for the year that is inclusive of all staff. The Annual Professional Development Plan should accompany the Post-allocation budgets and narratives and is submitted to:

Associate Director for Adult Education, Program Compliance
Illinois Community College Board
401 E. Capitol Ave.
Springfield, IL 62701.

A well trained staff is necessary for effective programming and a well-developed professional development plan is essential to ensuring staff have the skills necessary to perform their jobs. A professional development plan must be:

- Program wide
- Inclusive of all staff members
- Submitted to ICCB each fiscal year

Components of the plan include:

- Needs Assessment
 - What data was used in determining the need?
 - How is evaluation data from the previous year used in determining need?
 - How was staff included in the needs assessment process?
 - How were staff needs assessed?
- Activities and Priorities
 - How were activities selected to meet identified needs?
 - What priorities will the professional development plan focus on?
- Dissemination
 - How is the information in the training shared/disseminated to other staff members?
- Evaluation
 - What process is in place to document the transference of learning?
 - How is evaluation data used to determine whether priorities were met?

The program administrator is responsible for ensuring activities a staff member participates in are appropriate professional development and lead to accomplishments of individual and program priorities. A Professional Development flowchart has been developed to aid an administrator in this process and can be found at the end of this section.

Local Adult Education and Literacy staff may be reimbursed for postsecondary credit up to a maximum of two courses per fiscal year as long as the credit pertains to the field of adult education or a related subject that will benefit the provider's adult education students. The maximum allowable cost is the cost per credit hour at the nearest public university (to the provider), per semester or quarter per staff member. Mileage, lodging and per diem are not allowable costs for staff to pursue university credit. Activities that provide optional credit and that are sponsored by the ICCB or the ICCB AEL-funded Service Center Network are, however, allowable professional development costs. The maximum of two courses per year is also applicable to the optional credit format.

Records of course descriptions and satisfactory completion of the university credit should be maintained in the staff member's personnel file.

2. Programs are required to evaluate the transference of learning from professional development into practice.

The successful development of a professional development plan requires evaluation and ongoing monitoring to ensure the plan is effective. Programs should ensure that professional development activities are used to help the program and program staff more effectively recruit, teach, retain and transition students through the program.

In order for professional development to be effective, the program should have a strategic approach to ensuring that professional development is transferred into classroom instruction. Professional Development plans should be examined not just for the number of professional development hours and how participants rate the various training sessions, but on the professional development's impact on program and student success.

3. All instructional staff is required to complete a minimum of 8 hours of professional development.

All instructors active during the fiscal year, whether full or part time are expected to meet the professional development requirement. Programs should make every effort to ensure all instructors receive the necessary professional development. The state expects that at a minimum 90% of instructors will meet the minimum professional development requirement during the fiscal year.

Eight hours is a minimum requirement. Additional professional development may be necessary and required by the program or institution for those specializing in specific areas. Face to Face, online and blended models of Professional Development can be included in meeting the minimum requirements. A listing of Professional Development opportunities is available through the Service Center Network and is posted on the ICCB website and can be found at https://www.iccb.org/adult_ed/?page_id=127.

Individuals are responsible for reporting their professional development to the program and are strongly encouraged to keep a file tracking their activities. This file should include certificates of completion and other documents which show completion of professional development. Programs are responsible and required to utilize DAISI in a timely manner to report the professional development activity of individuals within the program.

4. All new instructors are required to complete ICCB New Teacher Orientation (NTO) within six months of hire and within the fiscal year the online NTO was started.

New Teacher Orientation (NTO) does not count towards the eight hour minimum for professional development. Programs may create a local NTO; however it may not supersede completion of the ICCB New Teacher Orientation. Contact your Service Center for more information.

It is the responsibility of the local Program Administrator to ensure that each newly hired instructor completes the ICCB NTO as described above. A copy of the Certificate of Completion should be placed in the instructor's program file.

Instructors who move between programs are not required to take the ICCB NTO if they have documentation that they have completed NTO within the last five years. However, the program may require additional professional development and specific orientation training for their local program.

Instructors employed by more than one program need only complete NTO once. All programs employing the instructor must maintain documentation of completion of NTO. It is preferred that new instructors complete the core training components as a pre-service activity.

5. Program staff must meet minimum qualifications for Adult Education.

The professional standards for ICCB are as follows:

Minimum Qualifications for Instructors

- BA or BS degree in education or related field (excluding VOC-only Instructors)

Preferred Qualifications for Instructors

- Three years' experience in teaching ABE, ASE/HSE, Vocational, or ESL
- MA in Adult Education, ESL, or related field
- Training or coursework in teaching reading and math
- Experience with disadvantaged individuals
- Demonstration of proficiency in oral and written English
- Technology/Digital Literacy proficiency
- Teacher certification/training or coursework in teaching methodology
- Completion of at least three instructional workshops in subject area being taught or other relevant topics to the instructional assignment
- Demonstration of competency in subject area development

Educational Counselors and Support Service Coordinators

- **Preferred Qualifications**
 - BA or BS degree in educational counseling or related field
 - Counseling experience
 - Extensive knowledge of interview techniques
 - Experience working with disadvantaged individuals
 - Bilingual skills, including cultural sensitivity when working with culturally and linguistically diverse populations

6. Administrators are required to attend state sponsored administrator training and meetings.

The Illinois Community College Board requires adult education administrators to attend statewide meetings and trainings. These meetings are designed to assist providers in the operation of their programs, and to ensure that administrators receive updates on federal and state information. Trainings may be held in person (statewide or regional), online, or via teleconferencing.

7. Programs must meet in state and out of state travel requirements.

Professional Development is essential in ensuring that staff has access to high quality training. In state and out of state travel related to Adult Education is permissible with both state and federal resources. It is important that a program has a well-developed process for determining who will attend professional development activities at the national, state, regional and local level. Program administrators must ensure that the budget will support travel costs.

International Travel with Adult Education and Literacy funds (partial or full) **requires prior approval** from the Illinois Community College Board Adult Education Division. The travel must be adult education related. A letter detailing the travel location, the reason for the travel, the dates of the travel and the approximate costs should be submitted to the ICCB for approval.

**Credential will be issued by the ICCB.

Professional Development Activity Flowchart For Instructional Staff

Professional Development includes activities that contribute to student success. Ultimately, the local program administrator is responsible for deciding what qualifies as Professional Development as referred to in the local program’s program improvement plan and RFP. The following flowchart provides some guidelines for deciding whether an activity qualifies as a “Professional Development Activity.” See narrative for further explanation and examples.

Using the Professional Development Activity Flowchart

Professional Development includes activities that contribute to student success. Ultimately, the local program administrator is responsible for deciding what qualifies as Professional Development as referred to in the local program's program improvement plan and its RFP. The attached flowchart provides some guidelines for deciding whether an activity qualifies as a "Professional Development Activity".

① Documentation

First, the flowchart asks, "Can the activity be documented?" Programs are responsible for maintaining records of instructor participation in "Professional Development Activities". Each program determines what constitutes acceptable documentation. For instance, depending upon the type of activity, some programs may require a copy of the agenda or handouts (when available). Other programs may require a short written report of the concepts covered in the activity. If the activity cannot be documented, more information is needed before the local program director accepts the activity as a "Professional Development Activity".

② Personal Enrichment

The next question is, "Can the activity be considered personal enrichment?" Workshops and other trainings are available regarding a variety of topics. "Professional Development Activities" do not usually include those regarding topics such as crafting, stress management, exercise, investing, etc. There may be instances, however, when it does. Therefore, if an activity falls in one of these categories, more information is needed before the local program director accepts the activity as a "Professional Development Activity".

③ Service Center Activities

Next, the flowchart asks, "Is the activity delivered by the Service Center Network?" Illinois Service Centers deliver "Professional Development Activities". If the activity is delivered by a Service Center, no additional information is necessary.

④ Teaching

Next, the flowchart asks, "Is the activity applicable to what you do as a teacher?" A "Professional Development Activity" should be directly applicable to **what an instructor does in the classroom to promote student success**. A workshop on Reading Strategies would be applicable for an ABE/GED teacher. It may or may not be applicable to an ESL teacher. Likewise, a workshop on Spanish grammar may be applicable to an ESL teacher, but may or may not be applicable to a GED teacher. If there is not a direct link from the activity to the classroom, more information is needed before the local program director accepts the activity as a "Professional Development Activity".

⑤ & ⑥ Local Program Personnel, Policy, and Paperwork

The next two questions, "Is the activity presented by local program personnel?" and "Does the activity pertain specifically to your local program's recordkeeping?" are intended to address staff meetings and other local events. Many of those activities (such as a new teacher orientation covering adult learning theory, reading strategies, and group work) have a direct link to **what an instructor does in the classroom to promote student success**. Those activities regarding specific programmatic issues (such as office procedures and logistics) require more information before the local program director accepts the activity as a "Professional Development Activity".

⑦ Adult Education and Literacy Grant

The last question, “Is the activity aligned with the goals of your local program’s funding sources provided through ICCB?” is a final reminder that the “Professional Development” includes only those activities that contribute to student success via the instructional services agreed upon in the RFP. For instance, a teacher may attend a workshop regarding the recruitment and retention of CNA students. This workshop may have a direct link to what the instructor does in the classroom to promote student success, however, if the program is not funded to provide this vocational training, the activity is not aligned with the goals of the local program’s funding sources through ICCB and more information is necessary before the local program director accepts the activity as a “Professional Development Activity”.

Flowchart Examples

University Class

Taking a university class is one option that instructional staff may choose as a professional development activity. Since the over-arching goal of professional development for instructional staff is to improve teaching effectiveness and thereby contribute to improved student success, any class that is attempted must be geared to that goal.

As an example, consider an instructor who enrolls at the local university in an Art History course. Using the flow chart, consider the questions in each of the seven numbered boxes:

1. *Can the activity be documented?* Yes.
2. *Can the activity be considered personal enrichment?* Perhaps. Art History, for example, may be of personal interest to the instructor and may be part of a transfer plan that the instructor is considering for class use. In that case, more information is needed in order to determine if this is a “professional development activity”. If the activity is not for personal enrichment, then the next question is:
3. *Is the activity delivered by the Service Center Network?* No. Go to Step 4.
4. *Is the activity related to other adult educator in similar adult education programs?* Answer is probably no. Again, more information is needed.

Regional Workshop

Adult Educators have a variety of workshops available from which to choose. A variety of individuals, organizations, and institutions deliver these workshops. For example, a Regional Office of Education may hold an Institute that would include a session on improving student test scores and another on meth labs. Using the flowchart, the session on meth labs would not qualify, while the one on improving test scores might.

1. *Can this activity be documented?* Yes, there is a sign-in sheet and various handouts.
2. *Can the activity be considered personal enrichment?* No.
3. *Is the activity delivered by the Service Center Network?* No.
4. *Is the activity applicable to what you do as a teacher?* Probably not for the session on meth labs. More information is necessary. Regarding the session on test scores, continue to question 5.
5. *Is the activity presented by local program personnel?* No. Continue to question 6.
6. *Is the activity aligned with the goals of your local program’s funding sources provided through*

ICCB? Probably. Thus, the session on improving test scores could be considered a “Professional Development Activity”.

Staff Meeting

Staff meetings are common. Some of these meetings may qualify as a “Professional Development Activity”. However, some may not. Consider the following example:

The teachers of a program participate in a 3-hour staff meeting led by the local program administrator. The agenda for the meeting includes a 2-hour review of record keeping – forms, procedures, etc. for things like travel, grading, and attendance. One hour of the agenda is devoted to a discussion of classroom strategies. A teacher has submitted this meeting for credit as a “Professional Development Activity”.

1. *Can this activity be documented?* Yes, there are handouts, forms, and a sign-in sheet.
2. *Can the activity be considered personal enrichment?* No.
3. *Is the activity delivered by the Service Center Network?* No.
4. *Is the activity applicable to what you do as a teacher?* Yes.
5. *Is the activity presented by local program personnel?* Yes. Stop. More information is needed. For example, if the review was specific to local programmatic issues, this activity probably does not count. However, since part of the meeting included a discussion of classroom strategies, the administrator may decide that the discussion portion of the meeting can be considered a “Professional Development Activity”.

Action Research

Participating in action research is another activity an instructor may choose for professional development.

For example, perhaps a program plans to have teachers use reading instruction strategies with ABE students to determine if student outcomes can be improved. First, teachers set a personal professional development goal to improve his or her reading instruction. Then, an in-service introduces a few strategies. Next, teachers use these strategies in the classroom and keep a log of his or her reflections. The teachers forward the logs to a coordinator who provides feedback and support as necessary. Finally, the program compares student learning gains with those of the previous fiscal year.

1. *Can the activity be documented?* Yes. There will be attendance at trainings, written personal professional development plans, teachers’ logs and a report at the end documenting the learner gains and comparisons.
2. *Can the activity be considered personal enrichment?* No
3. *Is the activity delivered by the Service Center Network?* No
4. *Is the activity applicable to what you do as a teacher?* Yes. The activity is directly connected to classroom instruction.
5. *Is the activity presented by local program personnel?* Yes. The in-services were given by the program coordinator, and all of the other work of the project is being done by program staff.
6. *Does the activity pertain specifically to your local program’s recordkeeping?* No
7. *Is the activity aligned with the goals of your local program’s funding sources provided through ICCB?* Yes. The program planned for this activity and budgeted for it using ICCB funds allocated for professional development.

Section 11 – National Reporting System

Major Policy Points

- 1. The National Reporting System (NRS) is an outcome based reporting system for state administered, federally funded adult education programs. Illinois must report prescribed data and outcomes information to the Office of Career, Technical and Adult Education (OCTAE) through the NRS. This is based on data collected through student and program level records. (Federal Policy)**
- 2. NRS reportable students are a subset of the program’s entire population. In order to be reported to the NRS, students must meet certain criteria. (Federal and State Policy)**
- 3. Since the NRS is an outcome based reporting system, certain core measures are examined to determine student progress in adult education. This includes level gains in measurable skill gains/educational functioning levels and follow-up measures related to employment, attaining HSE/secondary credential and entry into postsecondary education. (Federal and State Policy)**
- 4. As students exit the program, they must be separated for the appropriate reason to indicate why services are no longer warranted. (Federal Policy)**

- 1. The National Reporting System (NRS) is an outcome based reporting system for state administered, federally funded adult education programs. Illinois must report prescribed data and outcomes information to the Office of Career, Technical and Adult Education (OCTAE) through the NRS. This is based on data collected through student and program level records.**

The National Reporting System (NRS) for Adult Education is an outcome-based reporting system for the state-administered, federally funded adult education program. Developed with the support of the U.S. Department of Education’s Division of Adult Education and Literacy (DAEL), the NRS continues a cooperative process between state adult education directors and DAEL to manage a reporting system that demonstrates student outcomes for adult education. The NRS meets the accountability requirements for the adult education program in Title II of the Workforce Innovation and Opportunity Act as described in the Introduction section of the manual.

The NRS provides public accountability of the adult education program by documenting its ability to meet federal policy and programmatic goals. The collection of state outcomes enables states to correlate practices and programs with successful outcomes and also assists states in assessing progress in meeting their adult education goals. For local providers, the NRS helps instructors and administrators plan instructional activities and services to enhance student outcomes and to correlate effective practices and programs with successful outcomes. All NRS reporting for local programs and the state are generated from data collected within the approved data collection system.

A complete guide for implementation of NRS guidelines can be found at www.nrsweb.org.

It is highly recommended that adult education administrators and staff complete the NRS Online Training System located at <http://www.nrsweb.org/trainings/online.aspx>.

2. NRS reportable students are a subset of the program's entire population. In order to be reported to the NRS, students must meet certain criteria.

In order to be included in the NRS, students must meet the following criteria:

- Student must have a minimum of **12 attendance** hours from claimable activity (for fixed-entry programs, the student must also be successfully retained through the midterm of a class).
- For the purposes of reporting measurable skills gains, each program entry per participant during the reporting period is considered a Period of participation for the purposes of reporting on employment 2nd and 4th quarter after exit, median earnings and Credential Indicators, each program entry per participant during the reporting period is considered a Period of participation; a new period of participation is counted each time a participant exits and reenters again, even if it occurs during the same program year.
- Student must be assessed with an appropriate and approved assessment based on their instructional enrollment. The assessment must be recorded in the approved data collection system.
- All necessary and required data must be collected and reported within the approved data collection system. The student must be free from all data errors as reported by the approved data collection system.

For students meeting these criteria, NRS requires tracking of participation measures (i.e. hours of attendance, instructional service type, etc.) and descriptive measures (i.e. student demographics, student status, and goals selected).

SPECIAL NOTE - Foreign language HSE only students and Vocational only students are not reported to the NRS.

3. Since the NRS is an outcome based reporting system, certain core measures are examined to determine student progress in adult education. This includes level gains in measureable skill gains/educational functioning levels and follow-up measures related to employment, attaining HSE/secondary credential and entry into postsecondary education.

Measurable Skill Gain Indicators

The Measurable Skill Gain Indicator reflects one purpose of the adult basic education program: to improve the basic literacy skills of participants. This goal is the reason that all students reported to the NRS are counted in the educational gain measure. This participant group is comprised of participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skills gains, defined as academic, technical, occupational or other forms of progress, towards such a credential or employment. For Title II, Adult Education, there are 2 types of Measurable Skill Gains; Secondary Diploma/Equivalent and Educational Functioning Level Gains. The NRS approach to measuring educational gains is to define a set of educational functioning levels at which students are initially placed based on their abilities to perform literacy-related tasks in specific content areas as measured by official approved assessments allowed by the state. After a set time period or number of instructional hours, students are again

assessed to determine their skill levels. If their skills have improved sufficiently to be placed one or more levels higher, an advance (or level gain) is recorded for that student.

All students who meet the criteria to be included in NRS reporting are included in the Educational Gains Measure.

Core Follow-Up Outcome Measures

For the follow-up measures, students must meet the criteria to be included in NRS and must also exit (or separate) from the program in order to be included in the Core Outcome Measures (WIOA Section 116(b)(2)(i-vi). An individual student may end up in multiple cohorts as long as the student meets the criteria outlined below for each measure. For all of these measures, success is determined through a data matching process (with the exception of High School Diplomas which are self-reported by the program).

Employment Second Quarter After Exit

Students in this measure are made up of just one group. This includes the following:

1. The total number of participants who exited during the program year, excluding incarcerated individuals under WIOA section 225 who exited the AEFLA program but are still incarcerated.

Employment Fourth Quarter After Exit

Students in this measure are made up of just one group. This includes the following:

1. The total number of participants who exited during the program year, excluding incarcerated individuals under WIOA section 225 who exited the AEFLA program but are still incarcerated.

Median Earnings Second Quarter After Exit

Students in this measure are made up of just one group. This includes the following:

1. The total number of participants who exited during the program year and who were employed in the second quarter after program exit, excluding incarcerated individuals under WIOA section 225 who exited the AEFLA program but are still incarcerated.

Attained a Secondary School Diploma or High School Equivalency (HSE) Credential *and* Enrolled in Postsecondary Education or Training within One Year of Exit

Students in this measure are made up of just one group. This includes the following:

1. The total number of participants who exited during the program year who were at the ninth grade equivalent educational functioning level or higher upon entry, as measured by a pretesting process with an approved NRS test, excluding incarcerated individuals under WIOA section 225 who exited the AEFLA program who are still incarcerated.

Attained a Secondary School Diploma or High School Equivalency (HSE) Credential *and* Employed within One Year of Exit

Students in this measure are made up of just one group. This includes the following:

1. The total number of participants who exited during the program year who were at the ninth grade equivalent educational functioning level or higher upon entry, as measured by a pretesting process with an approved NRS test, excluding incarcerated individuals under WIOA section 225 who exited the AEFLA program who are still incarcerated.

Effectiveness of Serving Employers

Students in this measure are made up of just one group. Policies regarding employer satisfaction are still being developed by the Department of Education and the Department of Labor. Guidelines will be established and programs will be evaluated based on outcomes for employers whether the employer is involved in a sector partnership or not.

4. As students exit the program, they must be separated for the appropriate reason to indicate why services are no longer warranted.

If a student separates from the program, it should be correctly coded in DAISI. Per NRS guidelines, follow-up core outcomes are only measured for students that are separated from the program. According to the federal NRS for Adult Education, students should be coded as separating when:

1. A student has not received instruction for 90 calendar days and is not scheduled to receive further instruction;
2. Instruction ends and the student indicates that he/she will not be returning; or
3. The learner terminates.

Separation indicates that a student will no longer be receiving adult education services from the program. Separation codes are different than Class Exit codes in that Class Exits indicate why a student left a specific class section while the Separation code indicates why the student left the program.

Separations should be conducted, at a minimum, on a quarterly basis and recorded in the approved data system. Students are separated after completing the program or after 90 days of inactivity with no additional services planned. If a student has been separated, but returns to the program, the student can continue with adult education services as needed. The separation reason previously recorded will automatically be removed from the system when additional attendance activity is recorded.

A sample Adult Education and Literacy Separation Form has been included at the end of this section to assist providers with the separation process. It can also be downloaded from www.iccb.org.

Section 12 – Reporting and Records

Major Policy Points

1. All ICCB AEL funded programs must submit student and program level reports on a quarterly basis. (Federal and State policy)
2. All ICCB AEL funded programs must submit an annual budget, quarterly expenditure and final expenditure reports. Signed certifications of accuracy must accompany vouchers requesting payment, annual reporting, and final fiscal reporting statements. (2 CFR 200.415)(Federal and State policy)
3. All ICCB AEL funded programs must submit an annual audit. (Federal and State policy)
4. All ICCB AEL funded programs must maintain an Equipment/Inventory Report. This report must include all non-consumable items purchased with federal funds and any items with a cost of \$5,000 or more purchased with state funds. (Federal and State policy)
 - a. Programs must submit an annual report reflecting items with a single unit purchase price of \$5,000 or more.
5. All programs must submit an AEL Certification of Units Report annually. (State policy)
6. Administrative and individual student records must be maintained by the program. All records must be maintained by the institution for at least five years. If an audit is in progress at the end of the fifth year, records must be maintained until the audit is complete. After five years disposal of records should be in accordance with EDGAR guidelines. (Federal and State policy)
7. Programs approved by ICCB to enter into sub-award agreement(s) are responsible for all student, programmatic, and fiscal records of the sub-awarding agency relative to services provided with ICCB funds. (Federal and State policy)
8. The lead applicant is the fiscal agent for a consortium and is responsible for ensuring each consortium partner member submits required information and complies with all policies, procedures, and regulations. (Federal and State policy)
9. WIOA requires that six measures of effectiveness for Adult Education programming are monitored and reported annually to the Federal Government. (Federal and State policy)

1. All ICCB AEL funded programs must submit student and program level reports on a quarterly basis.

All programs must submit reports on a regular and ongoing basis throughout the fiscal year. These reports reflect program and student data needed to monitor program progress and performance. Programs should ensure that data is entered regularly. Data from a month prior should be entered by the 15th of the next month.

Student and program level reports are all DAIS generated reports and include the following:

- NRS Performance Report
- Enrollment Report
- Program Status Report

For detailed information related to each of these Required Reports generated from the DAISI system, refer to the Explanatory Documents provided in the DAISI User Manual.

Reporting Requirement Table for Student Level Records (per EDGAR 200.328)

| Report | Submission | Due Date |
|-------------------------|---|---|
| NRS Performance Report | Signed aggregate original and electronic submission | October 30, January 30, April 30, July 30 |
| Enrollment Generation | Signed original for each funding source, except performance | January 30 and July 30 |
| Program Status Report | Signed aggregate original and electronic submission | October 30, January 30, April 30, July 30 |
| DAISI Data Verification | Emailed digital submission | August 15 |

2. All ICCB AEL funded programs must submit an annual budget, quarterly expenditure and final expenditure reports and other reports as necessary. Signed certifications of accuracy must accompany vouchers requesting payment, annual reporting, and final fiscal reporting statements. (2 CFR 200.415)

All reports must be submitted in the format provided by ICCB. Report submission requirements come in the form of both electronic and signed paper copies. The ICCB disseminates instructions for submitting various reports through emails, listservs and other guidance.

Programs are responsible for ensuring that contact information, as required in the ICCB application, is current. Any personnel, email, phone number or address changes should be reported to the ICCB through a communication on institutional letter-head signed by the President/CEO. This information should be provided to the Associate Director for Program Compliance and the Provider Directory Update Form at the end of this section should be submitted along with the letter detailing the changes identified.

An official authorized to legally bind the non-federal entity must certify on annual and final fiscal reports or vouchers requesting payment: “By signing this report, I certify to the best of my knowledge and belief that the report is true, complete and accurate and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information or the omission of any material fact, may subject me to criminal civil or administrative penalties for fraud, false statements, false claims or otherwise.”

3. All ICCB AEL funded programs must submit an annual audit to the ICCB by October 15th of each year.

All providers subject to Subpart F of the new Uniform Grant Guidance must submit one paper and one electronic copy of the audit to the ICCB. Providers not subject to Subpart F of the new Uniform Grant Guidance must submit a grant specific audit according to the U.S. Government Accounting Office (GAO), also known as the *Government Auditing Standards (The Yellow Book)*. One paper copy and one electronic copy should be provided to the attention of Adult Education, Program Compliance.

A grant-specific audit will, at a minimum, include an audit opinion; a compliance report or an additional paragraph in the audit opinion which provides positive assurance of compliance with rules, regulations, state and federal law and the ICCB Adult Education and Literacy expenditure requirements; a balance sheet; an end-of-year budget to actual; a statement of revenues and expenses; and relevant notes to the financials.

The Adult Education and Literacy audit requirements can be found in section 12 of this manual and on the ICCB website at http://www.iccb.org/data/?page_id=104.

For additional information related to the budgets, expenditure reports and the audit, refer to Section 3 - General Fiscal Policies. For questions specific to the audit please contact the Associate Director for Financial Compliance and Program Accountability, at the ICCB Springfield Office.

4. All ICCB AEL funded programs must maintain an Equipment/Inventory Report. This report must include all non-consumable items purchased with federal funds and any items with a cost of \$5,000 or more purchased with state funds.
a. Programs must submit an annual report reflecting items with a single unit purchase price of \$5,000 or more.

A local Equipment/Inventory Report must be maintained for all items purchased with state or federal funds that have a useable life of more than one year and are non-consumables (i.e. do not list books, testing materials, office supplies, etc.). The local grantee should inventory all such items and submit the Equipment/Inventory report annually. The Equipment/Inventory report includes a listing of non-consumable items as defined in this section, including items that have a single purchase price value of more than \$5,000 per unit. A sample of the Equipment/Inventory Report format can be found at the end of this section. The Equipment/Inventory Report should include the following:

- Items purchased and used with AEL funds with a value of more than \$5,000 per unit must be pre-approved and reported. For example, a computer monitor is one unit, the hard drive is another unit, and the printer is a separate unit. Pre-approval for any of these items would only be necessary if the single unit cost was \$5,000 or more.
- Items must be used in conjunction with the ICCB Adult Education and Literacy program.
- Items are subject to the guidelines found in the Code of Federal Regulations, 2 CFR 200.313.
- Items must be shared, if possible, for use on other federal programs if purchased with federal funds.
- Items may not be used to generate revenue.
- Disposition of the items with a single unit cost of \$5,000 or more must be pre-approved and recorded with the ICCB, following the guidelines in 2 CFR 200.313.

- Instructions for annual submission of the Equipment/Inventory Report of items with a single unit cost of \$5,000 or more will accompany the instructions for end of year expenditure reports.
- A control system must be used to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage or theft shall be investigated and fully documented to the ICCB.

The Equipment/Inventory Report should indicate the source(s) of funds used to purchase items. The items listed should be non-consumables and have a useable life of more than one year. Report details should include:

- *Program Name:* The name of the program reporting.
- *Item Number:* The serial number or a local cataloging or reference number. All items meeting the criteria to be included in the Equipment/Inventory Report purchased with ICCB AEL grant funds must be clearly marked as such.
- *Item Description:* The description of the item.
- *Item cost \$5,000 or more:* Indicate “Yes” for any item costing \$5,000 or more per unit.
- *Acquisition Date:* The date of purchase.
- *Purchase Price:* The price agreed upon for the item on the date purchased.
- *Source(s) of funds used to pay for the item:* Indicate whether Federal AEL (Federal Basic or Federal EL/Civics), State AEL (State Basic, State Public Assistance or State Performance) or Institutional/Other funds (if funds were combined to purchase item).
- *Cost paid with ICCB funds:* The amount of ICCB AEL funds used to purchase the item.
- *Location:* The current location of the item (i.e., street address, bldg. name).
- *Date of Disposal:* List the date of disposal, if it occurred in the current fiscal year. If disposition occurred prior to the current fiscal year, the item should not be listed on the report. Five years after disposal item may be deleted from Equipment/Inventory Report.
- *Method of Disposal:* Method of Disposal should follow the program’s institutional method of disposal except in cases where the unit value is \$5,000 or greater. In those instances, the program must contact ICCB prior to disposal of the equipment.

This report must be submitted by August 15. This report is online submission only; no hard copy is required.

Reporting Requirement Table for Fiscal Records

| Report | Submission | Due Date |
|---|---|--|
| Quarterly Expenditure Reports | Mail signed original | October 30, January 30, April 30 |
| Final Expenditure Report | Mail signed original | *August 15 **Refund, if applicable, due August 15 |
| Budget | Signed original for each funding source | (dependent upon receipt of federal and state allocation) |
| Annual Audit | Signed original from auditing firm | State – October 15 ***Federal |
| Equipment/Inventory Report (Single unit value of \$5,000 or more) | E-mailed digital submission | August 15 |

| | | |
|-----------------------------------|------------------------|-----------|
| AEL Certification of Units Report | Mailed signed original | August 15 |
|-----------------------------------|------------------------|-----------|

*The August 15 submission consists of a cumulative submission for the fiscal year.

**If the audit does not match the Final Expenditure Report, a new report must be resubmitted to reflect changes.

***The Federal audit of Adult Education and Literacy funds shall be completed and submitted within the earlier of 30 days after receipt of the auditor's report (s), or nine months after the end of the audit period which runs from July 1 to June 30.

5. All programs must submit an AEL Certification of Units Report annually.

The AEL Certification of Units Report is a one page report used as a basis for headcount and unit information utilized for the ICCB AEL funding formula. This report reflects the activity of claimable students funded with State Basic and/or Federal Basic funding sources.

The report must be submitted by August 15 and signed by the Chief Executive Officer and the Chief Financial Officer.

6. Administrative and individual student records must be maintained by the program. All records must be maintained by the institution for at least five years. If an audit is in progress at the end of the fifth year, records must be maintained until the audit is complete. After five years disposal of records should be in accordance with EDGAR guidelines.

Specific administrative and student records must be maintained by the program. The most recent three years must be maintained in paper copy and the final two years may be maintained electronically. All record disposal must be in accordance with EDGAR guidelines.

The following administrative records must be maintained by the institution for at least five years and readily accessible by the program administrator:

- Copy of signed Area Plan
- Copy of signed application, contract, budget(s) and audit(s)
- Copy of Request for Federal Payment Forms and expenditure reports
- Bids on all contracts for purchase of supplies, materials or work involving an expenditure in excess of \$10,000
- Copy of Equipment/Inventory Report
- Copy of all ICCB AEL approved courses, with their intensity and duration, description, outline, syllabus and/or task completion list
- Copy of any new (current fiscal year) approved courses and/or sites
- Copy of all sub-contractual agreements with appropriate signatures
- Copy of all partnership agreements with appropriate signatures
- Copy of the Workforce Innovation and Opportunity Act (WIOA) Memorandums of Understanding (MOU), as it pertains to the Adult Education Program
- Master list of names of instructors, class assignments and/or work schedules and job descriptions of all personnel funded in part or totally by ICCB AEL funds

- Master list of names of full- and part-time support personnel, work schedules and job descriptions of all personnel funded in part or totally by ICCB AEL funds totality
- Master list of names of all program administrative personnel, work schedules and job descriptions of personnel funded in part or totally by ICCB AEL funds
- Copy of signed DAISI Enrollment Report(s)
- Copy of signed DAISI Program Status Report(s)
- Copy of signed DAISI Performance Report(s)
- Copy of final DAISI Student Master List
- Copies of signed instructor's attendance records
- Copies of signed Acknowledgement of Confidentiality and Appropriate use of DAISI for all persons with access to the DAISI system
- Copy of Professional Development Plan for all ICCB AEL funded staff
- Copy of records of Professional Development activities attended by instructional staff to ensure minimum professional development requirements have been met
- Copies of records outlining provision of childcare and transportation services, if appropriate
- Copies of records required for the provision of services addressing special learning needs of students
- Copies of required submissions relating to Data Quality checklists
- Copies of required responses to Monitoring/Evaluation Findings
- Copies of the annual budget, Expenditure Reports and annual audit
- Copy of the annual ADA Report
- Copy of Adult Education and Literacy Certification of Units Report
- Other information as requested by ICCB

The following student records must be maintained by the institution for at least five years and readily accessible by the program administrator:

- Documentation of any placement test given to the student (if applicable)
- All ICCB approved assessment test results with the test answer sheet for each test administered including the following:
 - Student name
 - Last four digits of the social security number *or* other unique identification number
 - Date the test was administered and the score.
 - For BEST Plus 2.0, only the individual student score sheet should be included (test booklet is not required).
- Student Intake form with Goals Record signed
- Verification of Public Aid status, if applicable. Examples of how this requirement can be met include the following:
 - Copy of the student's Public Aid card in the individual student file
 - A hard copy or electronic record from a local DHS office outlining students served in the program and their public aid status
- Additional examples of the validation of student progress may include the following:
 - Achievement Record
 - Official passing HSE test scores
 - Completion of secondary credentials
 - Instructors' written, signed and dated verification of progress listing skills gained
 - Passing grades
 - Documented competencies

- Classroom tests or exercises that are dated and demonstrate progress
- Formal documentation of separation from high school for students ages 16-17, if appropriate
- ICCB Test-Score Transfer Letter (if applicable)

EDGAR Guidelines for Records Retention

| Fiscal Year | Period of time | Records Retention Period |
|-------------|------------------------------|----------------------------------|
| 2020 | July 1, 2019 - June 30, 2020 | July 1, 2020 - December 31, 2025 |
| 2019 | July 1, 2018 - June 30, 2019 | July 1, 2019 - December 31, 2024 |
| 2018 | July 1, 2017 - June 30, 2018 | July 1, 2018 - December 31, 2023 |
| 2017 | July 1, 2016 - June 30, 2017 | July 1, 2017 - December 31, 2022 |
| 2016 | July 1, 2015 - June 30, 2016 | July 1, 2016 - December 31, 2021 |
| 2015 | July 1, 2014 - June 30, 2015 | July 1, 2015 - December 31, 2020 |
| 2014 | July 1, 2013 - June 30, 2014 | July 1, 2014 - December 31, 2019 |
| 2013 | July 1, 2012 - June 30, 2013 | July 1, 2013 - December 31, 2018 |
| 2012 | July 1, 2011 - June 30, 2012 | July 1, 2012 - December 31, 2017 |
| 2011 | July 1, 2010 - June 30, 2011 | July 1, 2011 - December 31, 2016 |
| 2010 | July 1, 2009 - June 30, 2010 | July 1, 2010 - December 31, 2015 |

7. Programs approved by ICCB to enter into sub-award agreement(s) are responsible for all student, programmatic, and fiscal records of the sub-awarding agency relative to services provided with ICCB funds.

Successful applicants may enter into a sub-awarding agreement with another eligible entity, which is not already funded by the ICCB, to provide additional services to support the adult education population served. However, all program responsibilities are to be retained by the applicant to ensure compliance with the terms and conditions of the grant. **The ICCB reserves the right to review and approve all sub-award agreements.**

8. The lead applicant is the fiscal agent for a consortium and is responsible for ensuring each consortium partner member submits required information and complies with all policies, procedures, and regulations.

A consortium of eligible applicants applying for funding is allowable; however an individual eligible applicant is not allowed to apply as part of a consortium and as an individual eligible applicant during a grant process.

The lead applicant in a consortium is the fiscal agent and is responsible for ensuring each consortium partner member submits required information and complies with all policies, procedures and regulations.

Each consortium partner member must have clear responsibilities and a description of services to be provided by each partner as outlined in the Request for Proposal (RFP) must be maintained. **All consortium partner members are subject to Illinois Community College Board approval.**

9. WIOA requires that six measures of effectiveness for Adult Education programming are monitored and reported to the Federal Government Annually.

There are six key measures of effectiveness written into WIOA for all Title I, II, III and IV partners:

1. The percentage of participants who are in unsubsidized employment during the second quarter after exit from the program.
2. The percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program.
3. Median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program.
4. The percentage of participants who obtained a recognized post-secondary credential or a secondary school diploma, or its recognized equivalent during participation in or within 1 year after exit from the program. A participant who has obtained a secondary school diploma or its recognized equivalent is only included in this measure if the participant is also employed or is enrolled in an education or training program leading to a recognized postsecondary credential within 1 year from program exit.
5. The percentage of participants who during a program year, are in an education or training program that leads to a recognized post-secondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational or other forms of progress, towards such a credential or employment.
6. Effectiveness in serving employers, based on indicators developed as required by sec. 116(b)(2)(A)(iv) of WIOA.

Acknowledgement of Confidentiality and Appropriate Use of Data and Information System - Illinois for Adult Education and Literacy

Illinois Community College Board
401 East Capital Avenue
Springfield, IL 62701-1711

Authorized users are required to preserve the confidentiality of all DAISI records and information.
Authorized users must adhere to the following standards of appropriate use.

1. All users granted access to the DAISI system must comply with all requirements of the Family and Educational Privacy Act (FERPA). Additional information related to FERPA can be found at the US Department of Education website.
2. Unauthorized use or access to DAISI records and information is prohibited.
3. Access to DAISI may only be used for work associated with the Adult Education and Literacy program.
4. Users are prohibited from exposing any DAISI records or reports, except in the execution of normal duties and responsibilities.
5. Users are prohibited from sharing information revealing student level personal information with unauthorized personnel.
6. Users agree to maintain log in and password security. Disclosure or sharing of access information is prohibited.
7. Users agree to maintain adequate security precautions for access, use, retention, and disposal of student data and agree to exit DAISI before leaving computer unattended.
8. Users will immediately report any known or suspected breach of security to the program administrator and to the Associate Director for Adult Education, Program Compliance at the Illinois Community College Board.
9. Users are prohibited from including false, inaccurate, or misleading data in any records or reports.
10. Users are prohibited from personally benefiting or allowing others to benefit from knowledge of any confidential information gained through DAISI.
11. Program Administrators will ensure that as soon as DAISI access is no longer needed or warranted for an individual that any accounts granting access rights to that individual will be made inactive.
12. Violation of security precautions to protect confidential information may be a crime, and may be subject to appropriate disciplinary action, legal action, and/or criminal prosecution.
13. The prohibitions, rules and regulations included in this acknowledgement are meant to supplement and not supplant any existing rules and regulations. Any additional rules and requirements of the Adult Education Provider's institution must also be followed.

I hereby acknowledge that I have read, understand, and agree to the terms of the *Acknowledgement of Confidentiality and Appropriate Use of the Data and Information System – Illinois (DAISI) Data system*.

To update your contact information on the ICCB Provider Directory, the following steps should be taken:

1. Submit a letter on Program Letterhead, signed by the President/CEO, to inform the ICCB for each update to the Provider Directory that is needed.
2. Use the provided template to identify the name, title and contact information for the 4 specified positions listed on the directory. Please note that these will be the **only** individuals included on the ICCB email lists.
3. Mail the original signed letter and updated Directory entry to:
ICCB
Associate Director for Adult Education
Program Compliance
401 E. Capitol Ave.
Springfield, IL 62701

Section 13 – Program Monitoring

Major Policy Points

1. Programs are monitored throughout the year through program visits, the Desktop Monitoring Tool, fiscal and compliance monitoring, and other onsite monitoring as conducted by the ICCB. (Federal and State Policy)
2. Programs must adhere to policies outlined in the ICCB AEL policy manual and to the ICCB AEL grant agreement. (Federal and State Policy)
3. Programs failing to meet set targets for the National Reporting System are subject to being placed on a probation or watch List. (State Policy)

1. Programs are monitored throughout the year through program visits, the Desktop Monitoring Tool, fiscal and compliance monitoring, and other on-site monitoring as conducted by the ICCB.

ICCB funded Adult Education and Literacy Programs are monitored:

- for program improvement;
- demonstrated effectiveness (WIOA Section 225);
- to determine the degree to which the programs comply with ICCB, state and federal policies and guidelines;
- for information to be used in local program planning; and
- to meet federal requirements.

During the course of the fiscal year all programs are reviewed through a combination of program visits by ICCB staff, the state's Desktop Monitoring Tool and approved data collection system and other contact with program staff by the ICCB.

Fiscal and compliance monitoring is conducted throughout the year to determine compliance with federal and state requirements. Programs will be contacted to schedule the review. Reviews may be onsite and or may be handled through online submissions. Specific information on fiscal and compliance monitoring will be provided to programs in advance of the monitoring review.

2. Programs must adhere to policies outlined in the ICCB AEL policy manual and to the ICCB AEL grant agreement.

The expectations are that programs will strive to meet all the policies and guidelines as they are outlined in the policy manual and grant agreement. Any changes to these policies will be communicated through Adult Education Provider and Administrator listservs and/or posted to the ICCB website at http://www.iccb.org/adult_ed.

3. Programs failing to meet set targets for the National Reporting System are subject to being placed on a probation or watch list.

Beginning in FY2015, a formal probation and watch list was instituted. These were designed to identify and assist struggling programs to improve performance at both the program and state level. However, the watch/probation process does not replace other expectations. No part of the watch/probation process is intended to replace or supplant existing rules and requirements.

The probation and watch lists will be based on a program's performance in meeting the statewide targets for the Federal National Reporting System. The initial phase of the watch/probation process will look specifically at how programs perform related to the rolled-up (average) state target for Educational Functioning Level (EFL) gains. The state target is established at the beginning of each fiscal year and is determined by negotiations between ICCB and the U.S. Department of Education's *Office of Career, Technical Adult Education (OCTAE)*. As a part of that process, watch and probation benchmarks will be adjusted.

When examining program performance, it is expected that, at a minimum, programs will meet the state targets for level completion rates for EFLs. The watch/probation process will specifically look at the number of NRS reportable students and of that number, the overall percentage of students obtaining a level gain as determined by post-testing conducted within test publisher guidelines. Students pre-testing at and classified as ASE High students are excluded from this calculation.

The watch/probation process continues in FY2018 and will be based on FY2017 outcomes. The process is as follows:

1. Programs submit all FY2017 End of Year (EOY) DAISI reports.
2. After EOY submissions, programs will complete the verification process to ensure that data reflected in end of year reports is accurate and reflects program performance.
3. After verification, the overall level completion rates achieved by all programs in the state will be reviewed.

After verification and upon review of overall level completion rates, the following will occur:

1. Programs failing to meet the state's EFL rolled-up target of 41% will be placed on either a watch or probation list
 - Programs performing below 36% will be placed on the probation list
 - Programs performing between 36% - 40.99% will be placed on a watch list
2. A formal letter placing the program on the watch or probation list will be sent to the President/CEO of the institution and the Program Director.
3. Programs placed on the probation list will develop a corrective action plan to outline methods that will be used to improve performance.
 - Programs failing to show marked improvement after one year on the probation list will remain under a corrective action plan.
 - Programs that remain on the probation list for multiple years may experience reductions in funding. Continued failure to meet state targets may result in the program being defunded.
 - Programs on probation making marked improvement and meeting state targets may, based on performance, be moved to the watch list or removed from the watch and probation process entirely. Once removed from the probation list, the corrective action plan will no longer be required.
4. Programs placed on the watch list will not be required to develop a corrective action plan. However, ICCB will closely monitor these programs to ensure state targets are met.

- Programs failing to show improvement and reach the state target after one year on the watch list will either remain on the list for a second year or be moved to the probation list (if performance warrants).
- Programs on the watch list for multiple fiscal years without improvement may be moved to the probation list.
- Programs on either the watch or probation list will be assisted and monitored through contact with ICCB staff.
- Programs on the watch list making improvement and meeting the state target will be removed from the list.

In the future, additional National Reporting System measures may be included in the watch/probation process. These may include the following under WIOA section 116:

- The percentage of participants who are in unsubsidized employment during the second quarter after exit from the program;
- The percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program;
- Median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program;
- The percentage of participants who obtained a recognized post-secondary credential or a secondary school diploma, or its recognized equivalent during participation in or within 1 year after exit from the program. A participant who has obtained a secondary school diploma or its recognized equivalent is only included in this measure if the participant is also employed or is enrolled in an education or training program leading to a recognized postsecondary credential within 1 year from program exit.
- The percentage of participants who during a program year, are in an education or training program that leads to a recognized post-secondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational or other forms of progress, towards such a credential or employment.
- Effectiveness in serving employers, based on indicators developed as required by sec. 116(b)(2)(A)(iv) of WIOA.

ICCB reserves the right to conduct programmatic monitoring visits on an annual basis. Monitoring may take place in the form of a desktop review, but also could be done as an on-site review. All programs are subject to monitoring throughout each fiscal year.

Programs that are found to have Medium and/or High Risk GATA Assessments will be required to undergo intensive technical assistance and additional reporting requirements.

For Additional Information

Section 14 – Audit Requirements

Major Sections

1. General Audit Requirements for Adult Education and Literacy
2. Specific Requirements – ICCB State Grant Compliance Section
3. Specific Requirements – Federal Financial and Compliance Audit
4. Audit Program Guide
5. Schedule of Federal Financial Assistance (Sample)
6. State Grant Compliance Reports (Sample)
7. Federal Grant Reconciliation Form

1. General Audit Requirements for Adult Education and Literacy

All providers will be subject to the same basic audit standards; however, each category of provider will be subject to separate audit guidelines.

Financial audits will focus on eligibility of expenditures and compliance with certain specific restrictions on expenditures, such as:

- A minimum of 45% each of total State Basic, Federal Basic, and Integrated English Language and Civics Education (IEL/CE) funds must be spent on Instruction.
- A maximum of 15% of State Basic grant funds may be expended for Program Support expenses including Indirect Costs.
- Providers are limited to the negotiated percentage of 5% for Federal Basic and IEL/CE grants that may be used for Program Support, including Indirect Costs.

The audit period will be from July 1 to June 30.

An annual audit must be made by an independent auditor in accordance with Government Auditing Standards.

One paper and one electronic copy of the annual State Grant Compliance audit must be submitted to the ICCB by October 15 following the end of the grant period. Additionally, one paper copy and one electronic copy of the A-133 federal audit must be completed and submitted within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period. However, the ICCB strongly encourages early completion and submission. Audits should be sent to:

Associate Director for Adult Education, Program Compliance
Illinois Community College Board
401 East Capitol Ave., Springfield, IL 62701.

Electronic Copies should be forwarded to: aeflprogramcompliance@iccb.org

All entities subject to federal A-133 audit requirements must have an audit conducted annually in accordance with the Single Audit Act Amendment of 1996 and the Office of Management and Budget (OMB) Circular A-133.

Audit requirements for community colleges will also be included in the ICCB [Fiscal Management Manual](#).

The State Grant Compliance audit must be presented on the accrual basis of accounting. Further, this basis of accounting must be shown in the notes to the State Grant Compliance financial statements.

The separate funding streams of federal dollars must be separately identified in the Schedule of Federal Financial Assistance, even though they share the same CFDA number (i.e., Federal Basic, EL/Civics, and Leadership, where applicable).

Only Adult Education and Literacy grant funds may be shown in the State Grant Compliance section of the audit. Inclusion of other funds will distort the actual use of the state funds for compliance purposes.

2. Specific Requirements – ICCB State Grant Compliance Section

The ICCB distributes several grants to Adult Education and Literacy providers on a periodic basis throughout the fiscal year. In order to facilitate the audit of each community college provider, the ICCB provides to each of the community college Chief Financial Officer a summary of ICCB grants distributed throughout the year which the external auditor should obtain to use in verifying that these restricted purposes funds have been properly accounted for and expended in accordance with state requirements. For all providers, the AEL End of Year Online Expenditure report under the Final Reports/Adult Education heading at http://10.10.11.200/financial_compliance/?page_id=163 summarizes total grant payments from the ICCB to the provider and the provider's self-reported expenditures throughout the year.

The ICCB State Grant Compliance section should include the following and be arranged in the order set forth below (for illustrative purposes, sample Adult Education and Literacy financial statements are presented):

- Auditor's Report on Compliance with State Requirements for Adult Education and Literacy (see page 13)
- Adult Education and Family Literacy Financial Statements
 - Balance Sheet (see page 14)
 - Combined Statement of Revenues, Expenditures, and Changes in Fund Balance (see page 15)
 - Background information on grant activity (see page 17)
- Notes to the financial statements

3. Specific Requirements – Federal Financial and Compliance Audit

Federal Financial and Compliance Audit

Each provider receiving federal funds is required to submit one paper copy and one electronic copy of its completed annual financial and compliance audit within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period. However, the ICCB strongly encourages early completion and submission. This report may be included in, or attached to, the provider's regular audit report.

In order to meet this requirement, the provider must contract with an independent certified public accounting firm to have an audit performed in accordance with OMB circular A-133. Independent

certified public accountants should use their professional judgment in determining the necessary procedures and reporting requirements.

While all community colleges and most school districts receive federal funds in excess of \$500,000 which requires they have an A-133 conducted, some CBOs may receive funds below that threshold. If you are a provider that receives less than \$500,000 total in all federal funds, to meet the ICCB audit requirements you should contract with your audit firm to conduct a Yellow Book audit that essentially meets the single audit act filing requirements and includes the reports and schedules previously mentioned in this section. Any additional audit costs resulting from this additional audit may be charged to the state grant funds.

Minimally, the Federal Financial and Compliance Audit section must include the following items (for illustrative purposes, the schedule of federal financial assistance is presented):

- Auditor's Report on the Schedule of Federal Financial Assistance (not illustrated)
- Schedule of Federal Financial Assistance (all federal financial assistance expenditures listed - see page 10)
- Auditor's Reports on the Compliance with the Laws and Regulations Related to Major and Non-major Federal Financial Assistance Programs (Specific and General Requirements) (not illustrated)
- Study and Evaluation of Internal Accounting Controls Used in Administering Federal Financial Assistance Programs (not illustrated)
- Background information on grant activity (see page 11)

It is essential that the user of this manual become familiar with the following most recent authoritative literature when auditing federal funds:

- Standards for Audit of Governmental Organizations, Programs, Activities, and Functions by the Comptroller General of the United States
- The Office of Management and Budget Compliance Supplement
- The Office of Management and Budget Circular A-133, Audits of Institutions of Higher Education and Other Nonprofit Organizations, and related Compliance Supplement for Audits of Institutions of Higher Learning and Other Nonprofit Institutions
- The Office of Management and Budget Circular A-110, Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations (Attachment F, Subparagraph 2h, has been superseded by OMB A-133)
- The Grant Agreement between the Subgrantee and the ICCB
- Statement on Auditing Standards #68 for Compliance Auditing Applicable to Government Entities and Other Recipients of Federal Financial Assistance (supersedes SAS #63)
- The Office of Management and Budget Circular A-21 "Cost Principles for Educational Institutions"
- The Office of Management and Budget Circular A-122 "Cost principles for Nonprofit Organizations"
- Any other applicable GASB guidance not specifically listed.

4. Audit Program Guide

Audit Program Guide Contents

Section A – Introduction

Section B – Audit Objectives and Compliance Determinations

Section C – Requirements for Adult Education and Literacy Restricted Grant Expenditures and Reporting

Section D – Illustrative Audit Procedures

A. Introduction

There is a broad-based agreement in the state that the education provided for citizens will determine America's future role in the community of nations, the character of society, and the quality of individual lives. Thus, education has become the most important responsibility of the nation and state with an imperative for bold and new directions and renewed commitments. This section is intended to provide technical assistance to the auditors as they review and audit this program.

B. Audit Objectives and Compliance Determinations

The objective of a compliance review of the payments made to the Adult Education and Literacy provider is to apply audit procedures and gather audit evidence which will enable the auditor to determine with reasonable but not absolute assurance:

1. whether the provider has expended funds in accordance with the legal and contractually imposed restrictions for which such funds have been authorized by law and grant agreement; and
2. whether the amounts indicated on the statements were received or receivable, properly classified, and adequately described; and
3. whether units of instruction data are reported properly in the DAIS-I reporting system

C. Requirements for Restricted Grant Expenditures and Reporting

Section a - Purpose of Grant

Section b - Allowable Activities

Section c - Expenditure Limitations

Section d - Grant Administration Standards

a. Purpose of Grant

There is a broad-based agreement in the state that the education provided for citizens will determine America's future role in the community of nations, the character of society, and the quality of individual lives. Thus, education has become the most important responsibility of the nation and state with an imperative for bold and new directions and renewed commitments. To meet the challenges and opportunities of this agreement, the ICCB will administer a program of funding that offers transparency, focuses on achievement, and assures adequate, stable, and flexible resources. In addition, there exists an effort to achieve the purpose of Title II Adult Education and Family Literacy of the Workforce Investment Act of 1998, which is to create a partnership among the federal government, states, and localities to provide, on a voluntary basis, Adult Education and Family Literacy services. These services are designed to:

1. Assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency;
2. Assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children; and
3. Assist adults in the completion of a secondary school education.

b. Allowable Activities

Instructional and Student Services

Instruction

Social Work Services

Guidance Services

Assistive and Adaptive Equipment

Approved Indirect Costs

c. Expenditure Limitations

Federal Basic:

1. A minimum of 45% of the grant must be for Instruction.
2. Program support expenditures do not exceed the approved program support rate.

IEL/CE:

1. A minimum of 45% of the grant must be for Instruction.
2. Program support expenditures do not exceed the approved program support rate.

State Basic:

1. A minimum of 45% of the grant must be for Instruction.
2. General Administration costs must not exceed 15% of the grant.

d. Grant Administration Standards

The grant funds shall be accounted for in a set of self-balancing accounts within the restricted purposes fund.

The grant funds shall be expended or obligated prior to June 30 each year, the last day of the fiscal year. Goods for which funds have been obligated shall be received and paid for prior to August 31 following the end of the fiscal year for which funds were appropriated. Funds for services, including salaries and benefits, may not be obligated for services rendered after June 30. Unexpended funds must be returned to the ICCB by October 15 following the end of the fiscal year.

Grant funds not used in accordance with these criteria shall be returned to the ICCB by October 15 following the end of the fiscal year. Other identification of improper expenditures subsequently verified by the ICCB shall be returned upon notification by the ICCB.

D. Illustrative Audit Procedures

1. Review requirements for restricted grant expenditures and reporting which govern operation of the grant.
2. Verify that funds are set aside in a restricted purposes account and that they are accounted for properly.
3. Confirm grant amounts received from the ICCB by obtaining and reviewing (for community colleges) the summary of ICCB grants distributed throughout the year and/or (for other providers) the AEL End of Year Online Expenditure report under the Final Reports/Adult Education heading at <http://www.iccb.org/budget.grantreporting.html>.
4. Test a representative sample of expenditures for compliance with ICCB requirements for Restricted Grant Expenditures and Reporting.

5. Test the grant records for compliance with the following:

Federal Basic:

1. A minimum of 45% of the grant must be for Instruction.
2. Providers are limited to the negotiated percentage of 5% for Federal Basic and IEL/CE grants that may be used for Program Support, including indirect costs.

IEL/CE:

1. A minimum of 45% of the grant must be for Instruction.
2. Providers are limited to the negotiated percentage of 5% for Federal Basic and IEL/CE grants that may be used for Program Support, including indirect costs.

State Basic:

1. A minimum of 45% of the grant must be for Instruction.
2. Program Support costs, including indirect costs, must not exceed 15% of the grant.

6. Determine whether unexpended funds from the prior year's appropriation were returned by October 15.
7. Test payments of prior year's encumbrances (if applicable).
8. Review units of instruction for compliance and accuracy with DAISI reporting requirements.
 - a. Obtain an understanding of the eligibility and classification requirements by reviewing DAISI reporting requirements for student data which generates units of instruction.
 - b. Obtain a copy of the units of instruction certified annually by the provider to the ICCB. This is an available DAISI report which is printed and signed by provider officials annually.
 - c. Review a small sample of student records from DAISI and test the records for proper coding and classification.

(*Students in courses where the funding source is paid with at least 51% from AEFL grant funds are able to generate on DAISI. Those students in courses which are paid with non-AEL funds should not be generating on DAISI. The funding is typically determined by what source the instructor was paid from.)

5. Schedule of Federal Financial Assistance (Sample)

Please see attachment Schedule of Federal Financial Assistance at the end of this section.

BACKGROUND INFORMATION ON GRANT ACTIVITY

Restricted Grants/Federal

Federal Basic

Grant awarded to Adult Education and Literacy providers to assist adults in becoming literate and obtain the knowledge and skills necessary for employment and self-sufficiency; to assist adults who are parents in obtaining the educational skills necessary to become full partners in the educational development of their children; and to assist adults in completing a secondary school education.

IEL/CE

Grant awarded to Adult Education and Literacy providers for educational programs that emphasize contextualized instruction on the rights and responsibilities of citizenship, naturalization procedures, civic participation, and U.S. history and government to help students acquire the skills and knowledge to become active and informed parents, workers, and community members.

6. State Grant Compliance Reports (Sample)

Please see the following attachments at the end of this section:

1. Auditor's Report
2. Balance Sheet
3. Statement of Revenues and Expenditures
4. ICCB Compliance Statement for the Adult Education and Literacy Grant

BACKGROUND INFORMATION ON GRANT ACTIVITY

Restricted Grant/State

State Basic

Grant awarded to Adult Education and Literacy providers to establish special classes for the instruction of persons age 21 and over or persons under the age of 21 and not otherwise in attendance in public school for the purpose of providing adults in the community, and other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high school and for Americanization and High School Equivalency Review classes. Included in this grant are funds for support services, such as student transportation and child care facilities or provision.

Performance

Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

7. Federal Grant Reconciliation Form

Please see attachment Federal Grant Reconciliation Form at the end of this section.

The Federal Grant Reconciliation form is not a required part of the external audit. It should be completed and submitted to the ICCB if there is a difference between the allocated federal grant revenue and the A-133 audited expenditures of the grant. It is a form to explain to the ICCB any reconciling items of the Federal Basic and IEL/CE grant. If you receive both grants, a form is to be submitted for each if there is a difference between the federal grant revenue and grant expenditures.

AUDITOR'S REPORT ON COMPLIANCE WITH STATE REQUIREMENTS
FOR THE ADULT EDUCATION AND LITERACY GRANT

To the Board of Trustees

<Provider Name>

Anywhere, IL XXXXX

We have audited the balance sheet of the Adult Education and Literacy grant of <Provider Name> as of June 30, 20XX, and the related statements of revenues, expenditures, and changes in fund balance - actual for the year then ended. These financial statements are the responsibility of the Institution's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted audit standards and the grant policy guidelines of the Illinois Community College Board's *Adult Education and Literacy Audit Requirements*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our audit also included a review of compliance with the provisions of laws, regulations, contracts, and grants between <Provider Name> and the state of Illinois and Illinois Community College Board. We believe that our audit provides a reasonable basis for our opinion and <Provider Name> is in compliance with the provisions of laws, regulations, contracts, and grants.

In our opinion, such financial statements referred to above present fairly, in all material respects, the financial position of the Adult Education and Literacy grant of <Provider Name> at June 30, 20XX, and the results of their operations for the year ended in conformity with generally accepted accounting principles.

2. WIOA Law Definitions (WIOA Section 3)

Administrative Costs – The term “administrative costs” means expenditures incurred by State boards and local boards, direct recipients (including State grant recipients under subtitle B of title I and recipients of awards under subtitles C and D of title I), local grant recipients, local fiscal agents or local grant subrecipients, and one-stop operators in the performance of administrative functions and in carrying out activities under title I that are not related to the direct provision of workforce investment services (including services to participants and employers). Such costs include both personnel and nonpersonnel costs and both direct and indirect costs.

Adult – Except as otherwise specified in section 132, the term “adult” means an individual who is age 18 or older.

Adult Education; Adult Education and Literacy Activities – The terms “adult education” and “adult education and literacy activities” have the meanings given the terms in section 203.

Area Career and Technical Education School – The term “area career and technical education school” has the meaning given the term in section 3 of the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2303).

Basic Skills Deficient – The term “basic skills deficient” means, with respect to an individual:

- a. who is a youth, that the individual has English reading, writing, or computing skills at or below the 8th grade level on a generally accepted standardized test; or
- b. who is a youth or adult, that the individual is unable to compute or solve problems, or read, write, or speak English, at a level necessary to function on the job, in the individual’s family, or in society.

Career and Technical Education – The term “career and technical education” has the meaning given the term in section 3 of the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2302).

Career Pathway – The term “career pathway” means a combination of rigorous and high-quality education, training, and other services that:

- a. aligns with the skill needs of industries in the economy of the State or regional economy involved;
- b. prepares an individual to be successful in any of a full range of secondary or postsecondary education options, including apprenticeships registered under the Act of August 16, 1937 (commonly known as the “National Apprenticeship Act”; 50 Stat. 664, chapter 663; 29 U.S.C. 50 et seq.) (referred to individually in this Act as an “apprenticeship”, except in section 171);
- c. includes counseling to support an individual in achieving the individual’s education and career goals;
- d. includes, as appropriate, education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster;
- e. organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates the educational and career advancement of the individual to the extent practicable;
- f. enables an individual to attain a secondary school diploma or its recognized equivalent, and at least 1 recognized postsecondary credential; and

- g. helps an individual enter or advance within a specific occupation or occupational cluster.

Career Planning – The term “career planning” means the provision of a client-centered approach in the delivery of services, designed:

- a. to prepare and coordinate comprehensive employment plans, such as service strategies, for participants to ensure access to necessary workforce investment activities and supportive services, using, where feasible, computer-based technologies; and
- b. to provide job, education, and career counseling, as appropriate during program participation and after job placement.

Chief Elected Official – The term “chief elected official” means:

- a. the chief elected executive officer of a unit of general local government in a local area; and
- b. in a case in which a local area includes more than 1 unit of general local government, the individuals designated under the agreement described in section 107(c)(1)(B).

Community-Based Organization – The term “community-based organization” means a private nonprofit organization (which may include a faith-based organization), that is representative of a community or a significant segment of a community and that has demonstrated expertise and effectiveness in the field of workforce development.

Competitive Integrated Employment – The term “competitive integrated employment” has the meaning given the term in section 7 of the Rehabilitation Act of 1973 (29 U.S.C. 705), for individuals with disabilities.

Core Program – The term “core Programs” means a program authorized under a core program provision.

Core Program Provision – The term “core program provision” means:

- a. chapters 2 and 3 of subtitle B of title I (relating to youth workforce investment activities and adult and dislocated worker employment and training activities);
- b. title II (relating to adult education and literacy activities);
- c. sections 1 through 13 of the Wagner-Peyser Act (29 U.S.C. 49 et seq.) (relating to employment services); and
- d. title I of the Rehabilitation Act of 1973 (29 U.S.C. 720 et seq.), other than section 112 or part C of that title (29 U.S.C. 732, 741) (relating to vocational rehabilitation services).

Customized Training – The term “customized training” meaning training:

- a. that is designed to meet the specific requirements of an employer (including a group of employers);
- b. that is conducted with a commitment by the employer to employ an individual upon successful completion of the training; and
- c. for which the employer pays:
 - i. a significant portion of the cost of training, as determined by the local board involved, taking into account the size of the employer and such other factors as the local board determines to be appropriate, which may include the number of employees participating in training, wage and benefit levels of those employees (at present and anticipated upon completion of the training), relation of the training to the competitiveness of a participant, and other employer-provided training and advancement opportunities; and
 - ii. in the case of customized training (as defined in subparagraphs (A) and (B)) involving an employer located in multiple local areas in the State, a significant portion of the cost of the

training, as determined by the Governor of the State, taking into account the size of the employer and such other factors as the Governor determines to be appropriate.

Dislocated Worker – The term “dislocated worker” means an individual who:

- a. i. has been terminated or laid off, or who has received a notice of termination or layoff, from employment;
- ii. I. is eligible for or has exhausted entitlement to unemployment compensation; or
II. has been employed for a duration sufficient to demonstrate, to the appropriate entity at a one-stop center referred to in section 121(e), attachment to the workforce, but is not eligible for unemployment compensation due to insufficient earnings or having performed services for an employer that were not covered under a State unemployment compensation law; and
- iii. is unlikely to return to a previous industry or occupation;
- b. i. has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise;
- ii. is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or
- iii. for purposes of eligibility to receive services other than training services described in section 134(c)(3), career services described in section 134(c)(2)(A)(xii), or supportive services, is employed at a facility at which the employer has made a general announcement that such facility will close;
- c. was self-employed (including employment as a farmer, a rancher, or a fisherman) but is unemployed as a result of general economic conditions in the community in which the individual resides or because of natural disasters;
- d. is a displaced homemaker; or
- e. i. is the spouse of a member of the Armed Forces on active duty (as defined in section 101(d)(1) of title 10, United States Code), and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; or
- ii. is the spouse of a member of the Armed Forces on active duty and who meets the criteria described in paragraph (16)(B).

Displaced Homemaker – The term “displaced homemaker” means an individual who has been providing unpaid services to family members in the home and who:

- a. i. has been dependent on the income of another family member but is no longer supported by that income; or
- ii. is the dependent spouse of a member of the Armed Forces on active duty (as defined in section 101(d)(1) of title 10, United States Code) and whose family income is significantly reduced because of a deployment (as defined in section 991(b) of title 10, United States Code, or pursuant to paragraph (4) of such section), a call or order to active duty pursuant to a provision of law referred to in section 101(a)(13)(B) of title 10, United States Code, a permanent change of station, or the service-connected (as defined in section 101(16) of title 38, United States Code) death or disability of the member; and
- b. is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.

Economic Development Agency – The term “economic development agency” includes a local planning or zoning commission or board, a community development agency, or another local agency or institution responsible for regulating, promoting, or assisting in local economic development.

Eligible Youth – Except as provided in subtitles C and D of title I, the term “eligible youth” means an in-school youth or out-of-school youth.

Employment and Training Activity – The term “employment and training activity” means an activity described in section 134 that is carried out for an adult or dislocated worker.

English Language Acquisition Program – The term “English language acquisition program” has the meaning given the term in section 203.

English language learner – The term “English language learner” has the meaning given the term in section 203.

Governor – The term “Governor” means the chief executive of a State or an outlying area.

In-Demand Industry Sector or Occupation –

- a. *In General* – The term “in-demand industry sector or occupation” means:
 - i. an industry sector that has a substantial current or potential impact (including through jobs that lead to economic self-sufficiency and opportunities for advancement) on the State, regional, or local economy, as appropriate, and that contributes to the growth or stability of other supporting businesses, or the growth of other industry sectors; or
 - ii. an occupation that currently has or is projected to have a number of positions (including positions that lead to economic self-sufficiency and opportunities for advancement) in an industry sector so as to have a significant impact on the State, regional, or local economy, as appropriate.
- b. *Determination* – The determination of whether an industry sector or occupation is in-demand under this paragraph shall be made by the State board or local board, as appropriate, using State and regional business and labor market projections, including the use of labor market information.

Individual with a barrier to Employment – The term “individual with a barrier to employment” means a member of 1 or more of the following populations:

- a. Displaced homemakers.
- b. Low-income individuals.
- c. Indians, Alaska Natives, and Native Hawaiians, as such terms are defined in section 166.
- d. Individuals with disabilities, including youth who are individuals with disabilities.
- e. Older individuals.
- f. Ex-offenders.
- g. Homeless individuals (as defined in section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2(6))), or homeless children and youths (as defined in section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2))).
- h. Youth who are in or have aged out of the foster care system.
- i. Individuals who are English language learners, individuals who have low levels of literacy, and individuals facing substantial cultural barriers.
- j. Eligible migrant and seasonal farmworkers, as defined in section 167(i).

- k. Individuals within 2 years of exhausting lifetime eligibility under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.).
- l. Single parents (including single pregnant women).
- m. Long-term unemployed individuals.
- n. Such other groups as the Governor involved determines to have barriers to employment.

Individual with a Disability –

- a. *In General* – The term “individual with a disability” means an individual with a disability as defined in section 3 of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102).
- b. *Individuals with Disabilities* – The term “individuals with disabilities” means more than 1 individual with a disability.

Industry or Sector Partnership – The term “industry or sector partnership” means a workforce collaborative, convened by or acting in partnership with a State board or local board, that:

- a. organizes key stakeholders in an industry cluster into a working group that focuses on the shared goals and human resources needs of the industry cluster and that includes, at the appropriate stage of development of the partnership:
 - i. representatives of multiple businesses or other employers in the industry cluster, including small and medium-sized employers when practicable;
 - ii. 2 or more representatives of a recognized State labor organization or central labor council, or another labor representative, as appropriate; and
 - iii. 1 or more representatives of an institution of higher education with, or another provider of, education or training programs that support the industry cluster; and
- b. may include representatives of:
 - i. State or local government;
 - ii. State or local economic development agencies;
 - iii. State boards or local boards, as appropriate;
 - iv. a State workforce agency or other entity providing employment services;
 - v. other State or local agencies;
 - vi. business or trade associations;
 - vii. economic development organizations;
 - viii. nonprofit organizations, community-based organizations, or intermediaries;
 - ix. philanthropic organizations;
 - x. industry associations; and
 - xi. other organizations, as determined to be necessary by the members comprising the industry or sector partnership.

In-School Youth – The term “in-school youth” means a youth described in section 129(a)(1)(C).

Institution of Higher Education – The term “institution of higher education” has the meaning given the term in section 101, and subparagraphs (A) and (B) of section 102(a)(1), of the Higher Education Act of 1965 (20 U.S.C. 1001, 1002(a)(1)).

Integrated Education and Training – The term “integrated education and training” has the meaning given the term in section 203.

Labor Market Area – The term “labor market area” means an economically integrated geographic area within which individuals can reside and find employment within a reasonable distance or can readily change employment without changing their place of residence. Such an area shall be identified in

accordance with criteria used by the Bureau of Labor Statistics of the Department of Labor in defining such areas or similar criteria established by a Governor.

Literacy – The term “literacy” has the meaning given the term in section 203.

Local Area – The term “local area” means a local workforce investment area designated under section 106, subject to sections 106(c)(3)(A), 107(c)(4)(B)(i), and 189(i).

Local Board – The term “local board” means a local workforce development board established under section 107, subject to section 107(c)(4)(B)(i).

Local Educational Agency – The term “local educational agency” has the meaning given the term in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

Local Plan – The term “local plan” means a plan submitted under section 108, subject to section 106(c)(3)(B).

Low-Income Individual:

- a. *In General* – The term “low-income individual” means an individual who:
 - i. receives, or in the past 6 months has received, or is a member of a family that is receiving or in the past 6 months has received, assistance through the supplemental nutrition assistance program established under the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.), the program of block grants to States for temporary assistance for needy families program under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), or the supplemental security income program established under title XVI of the Social Security Act (42 U.S.C. 1381 et seq.), or State or local income-based public assistance;
 - ii. is in a family with total family income that does not exceed the higher of:
 - I. the poverty line; or
 - II. 70 percent of the lower living standard income level;
 - iii. is a homeless individual (as defined in section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2(6))), or a homeless child or youth (as defined under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)));
 - iv. receives or is eligible to receive a free or reduced price lunch under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.);
 - v. is a foster child on behalf of whom State or local government payments are made; or
 - vi. is an individual with a disability whose own income meets the income requirement of clause (ii), but who is a member of a family whose income does not meet this requirement.
- b. *Lower Living Standard Income Level* – The term “lower living standard income level” means that income level (adjusted for regional, metropolitan, urban, and rural differences and family size) determined annually by the Secretary of Labor based on the most recent lower living family budget issued by the Secretary.

Nontraditional Employment – The term “nontraditional employment” refers to occupations or fields of work, for which individuals from the gender involved comprise less than 25 percent of the individuals employed in each such occupation or field of work.

Offender – The term “offender” means an adult or juvenile:

- a. who is or has been subject to any stage of the criminal justice process, and for whom services under this Act may be beneficial; or

- b. who requires assistance in overcoming artificial barriers to employment resulting from a record of arrest or conviction.

Older Individual – The term “older individual” means an individual age 55 or older.

One-Stop Center – The term “one-stop center” means a site described in section 121€(2).

One-Stop Operator – The term “one-stop operator” means 1 or more entities designated or certified under section 121(d).

One-Stop Partner – The term “one-stop partner” means:

- a. an entity described in section 121(b)(1); and
- b. an entity described in section 121(b)(2) that is participating, with the approval of the local board and chief elected official, in the operation of a one-stop delivery system.

One-Stop Partner Program – The term “one-stop partner program” means a program or activities described in section 121(b) of a one-stop partner.

On-the-Job Training – The term “on-the-job training” means training by an employer that is provided to a paid participant while engaged in productive work in a job that:

- a. provides knowledge or skills essential to the full and adequate performance of the job;
- b. is made available through a program that provides reimbursement to the employer of up to 50 percent of the wage rate of the participant, except as provided in section 134(c)(3)(H), for the extraordinary costs of providing the training and additional supervision related to the training; and
- c. is limited in duration as appropriate to the occupation for which the participant is being trained, taking into account the content of the training, the prior work experience of the participant, and the service strategy of the participant, as appropriate.

Outlying Area – The term “outlying area” means:

- a. American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the United States Virgin Islands; and
- b. The Republic of Palau, except during any period for which the Secretary of Labor and the Secretary of Education determine that a Compact of Free Association is in effect and contains provisions for training and education assistance prohibiting the assistance provided under this Act.

Out-of-School Youth – The term “out-of-school youth” means a youth described in section 129(a)(1)(B).

Pay-for-Performance Contract Strategy – The term “pay-for-performance contract strategy” means a procurement strategy that uses pay-for-performance contracts in the provision of training services described in section 145(c)(3) or activities described in section 129(c)(2), and includes:

- a. contracts, each of which shall specify a fixed amount that will be paid to an eligible service provider (which may include a local or national community-based organization or intermediary, community college, or other training provider, that is eligible under section 122 or 123, as appropriate) based on the achievement of specified levels of performance on the primary indicators of performance described in section 116(b)(2)(A) for target populations as identified by the local board (including individuals with barriers to employment), within a defined timetable, and which may provide for bonus payments to such service provider to expand capacity to provide effective training;

- b. a strategy for independently validating the achievement of the performance described in subparagraph (A); and
- c. a description of how the State or local area will reallocate funds not paid to a provider because the achievement of the performance described in subparagraph (A) did not occur, for further activities related to such a procurement strategy, subject to section 189(g)(4).

Planning Region – The term “planning region” means a region described in subparagraph (B) or (C) of section 106(a)(2), subject to section 107(c)(4)(B)(i).

Poverty Line – The term “poverty line” means the poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2))) applicable to a family of the size involved.

Public Assistance – The term “public assistance” means Federal, State, or local government cash payments for which eligibility is determined by a needs or income test.

Rapid Response Activity – The term “rapid response activity” means an activity provided by a State, or by an entity designated by a State, with funds provided by the State under section 134(a)(1)(A), in the case of a permanent closure or mass layoff at a plant, facility, or enterprise, or a natural or other disaster, that results in mass job dislocation, in order to assist dislocated workers in obtaining reemployment as soon as possible, with services including:

- a. establishment of onsite contact with employers and employee representatives;
 - i. immediately after the State is notified of a current or projected permanent closure or mass layoff; or
 - ii. in the case of a disaster, immediately after the State is made aware of mass job dislocation as a result of such disaster;
- b. the provision of information on and access to available employment and training activities;
- c. assistance in establishing a labor-management committee, voluntarily agreed to by labor and management, with the ability to devise and implement a strategy for assessing the employment and training needs of dislocated workers and obtaining services to meet such needs;
- d. the provision of emergency assistance adapted to the particular closure, layoff, or disaster; and
- e. the provision of assistance to the local community in developing a coordinated response and in obtaining access to State economic development assistance.

Recognized Postsecondary Credential – The term “recognized postsecondary credential” means a credential consisting of an industry-recognized certificate or certification, a certificate of completion of an apprenticeship, a license recognized by the State involved or Federal Government, or an associate or baccalaureate degree.

Region – The term “region”, used without further description, means a region identified under section 106(a), subject to section 107(c)(4)(B)(i) and except as provided in section 106(b)(1)(B)(ii).

School Dropout – The term “school dropout” means an individual who is no longer attending any school and who has not received a secondary school diploma or its recognized equivalent.

Secondary School – The term “secondary school” has the meaning given the term in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

State – The term “State” means each of the several States of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

State Board – The term “State board” means a State workforce development board established under section 101.

State Plan – The term “State plan”, used without further description, means a unified State plan under section 102 or a combined State plan under section 103.

Supportive Services – The term “supportive services” means services such as transportation, child care, dependent care, housing, and needs-related payments, that are necessary to enable an individual to participate in activities authorized under this Act.

Training Services – The term “training services” means services described in section 134(c)(3).

Unemployment Individual – The term “unemployed individual” means an individual who is without a job and who wants and is available for work. The determination of whether an individual is without a job, for purposes of this paragraph, shall be made in accordance with the criteria used by the Bureau of Labor Statistics by the Department of Labor in defining individuals as unemployed.

Unit of General Local Government – The term “unit of general local government” means any general purpose political subdivision of a State that has the power to levy taxes and spend funds, as well as general corporate and police powers.

Veteran; Related Definition –

- a. *Veteran* – The term “veteran” has the meaning given the term in section 101 of title 38, United States Code.
- b. *Recently Separated Veteran* – The term “recently separated veteran” means any veteran who applies for participation under this Act within 48 months after the discharge or release from active military, naval, or air service.

Vocational Rehabilitation Program – The term “vocational rehabilitation program” means a program authorized under a provision covered under paragraph (13)(D).

Workforce Development Activity – The term “workforce development activity” means an activity carried out through a workforce development program.

Workforce Development Program – The term “workforce development program” means a program made available through a workforce development system.

Workforce Development System – The term “workforce development system” means a system that makes available the core programs, the other one-stop partner programs, and any other programs providing employment and training services as identified by a State board or local board.

Workforce Investment Activity – The term “workforce investment activity” means an employment and training activity, and a youth workforce investment activity.

Workforce Preparation Activities – The term “workforce preparation activities” has the meaning given the term in section 203.

Workplace Learning Advisor – The term “workplace learning advisor” means an individual employed by an organization who has the knowledge and skills necessary to advise other employees of that organization about the education, skill development, job training, career counseling services, and credentials, including services provided through the workforce development system, required to

progress toward career goals of such employees in order to meet employer requirements related to job openings and career advancements that support economic self-sufficiency.

Youth Workforce Investment Activity – The term “youth workforce investment activity” means an activity described in section 129 that is carried out for eligible youth (or as described in section 129(a)(3)(A)).

3. WIOA Title II Definitions (WIOA Sections 203 and 225)

WIOA Section 203

Adult Education – The term “adult education” means academic instruction and education services below the postsecondary level that increase an individual’s ability to:

- a. read, write, and speak in English and perform mathematics or other activities necessary for the attainment of a secondary school diploma or its recognized equivalent;
- b. transition to postsecondary education and training; and
- c. obtain employment.

Adult Education and Literacy Activities – The term “adult education and literacy activities” means programs, activities, and services that include adult education, literacy, workplace adult education and literacy activities, family literacy activities, Education language acquisition activities, integrated English literacy and civics education, workforce preparation activities, or integrated education and training.

Eligible Agency – The term “eligible agency” means the sole entity or agency in a State or an outlying area responsible for administering or supervising policy for adult education and literacy activities in the State or outlying area, respectively, consistent with the law of the State or outlying area, respectively.

Eligible Individual – The term “eligible individual” means an individual:

- a. who has attained 16 years of age;
- b. who is not enrolled or required to be enrolled in secondary school under State law; and
- c. who:
 - i. is basic skills deficient;
 - ii. does not have a secondary school diploma or its recognized equivalent, and has not achieved an equivalent level of education; or
 - iii. is an English language learner.

Eligible Provider – The term “eligible provider” means an organization that has demonstrated effectiveness in providing adult education and literacy activities that may include:

- a. a local educational agency;
- b. a community-based organization or faith-based organization;
- c. a volunteer literacy organization;
- d. an institution of higher education;
- e. a public or private nonprofit agency;
- f. a library;
- g. a public housing authority;
- h. a nonprofit institution that is not described in any of subparagraphs (A) through (G) and has the ability to provide adult education and literacy activities to eligible individuals;

- i. a consortium or coalition of the agencies, organizations, institutions, libraries, or authorities described in any of subparagraphs (A) through (H); and
- j. a partnership between an employer and an entity described in any of subparagraphs (A) through (I).

English Language Acquisition Program – The term “English language acquisition program” means a program of instruction:

- a. designed to help eligible individuals who are English language learners achieve competence in reading, writing, speaking, and comprehension of the English language; and
- b. that leads to:
 - i. I. attainment of a secondary school diploma or its recognized equivalent; and
 - II. transition to postsecondary education and training; or
 - ii. employment

English Language Learner – The term “English language learner” when used with respect to an eligible individual, means an eligible individual who has limited ability in reading, writing, speaking, or comprehending the English language, and:

- a. whose native language is a language other than English; or
- b. who lives in a family or community environment where a language other than English is the dominant language.

Essential Components of Reading Instruction – The term “essential components of reading instruction” has the meaning given the term in section 1208 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6368).

Family Literacy Activities – The term “family literacy activities” means activities that are of sufficient intensity and quality, to make sustainable improvements in the economic prospects for a family and that better enable parents or family members to support their children’s learning needs, and that integrate all of the following activities:

- a. Parent or family adult education and literacy activities that lead to readiness for postsecondary education or training, career advancement, and economic self-sufficiency.
- b. Interactive literacy activities between parents or family members and their children.
- c. Training for parents or family members regarding how to be the primary teacher for their children and full partners in the education of their children.
- d. An age-appropriate education to prepare children for success in school and life experiences.

Institution of Higher Education – The term “institution of higher education” has the meaning given the term in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001).

Integrated Education and Training – The term “integrated education and training” means a service approach that provides adult education and literacy activities concurrently and contextually with workforce preparation activities and workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement.

Literacy – The term “literacy” means an individual’s ability to read, write, and speak in English, compute, and solve problems, at levels of proficiency necessary to function on the job, in the family of the individual, and in society.

Postsecondary Educational Institution – The term “postsecondary educational institution” means:

- a. an institution of higher education that provides not less than a 2-year program of instruction that is acceptable for credit toward a bachelor’s degree;
- b. a tribally controlled college or university; or
- c. a nonprofit educational institution offering certificate or apprenticeship programs at the postsecondary level.

Secretary – The term “Secretary” means the Secretary of Education.

Workplace Adult Education and Literacy Activities – The term “workplace adult education and literacy activities” means adult education and literacy activities offered by an eligible provider in collaboration with an employer or employee organization at a workplace or an off-site location that is designed to improve the productivity of the workforce.

Workforce Preparation Activities – The term “workforce preparation activities” means activities, programs, or services designed to help an individual acquire a combination of basic academic skills, critical thinking skills, digital literacy skills, and self-management skills, including competencies in utilizing resources, using information, working with others, understanding systems, and obtaining skills necessary for successful transition into and completion of postsecondary education or training, or employment.

WIOA Section 225

Correctional Institution – The term “correctional institution” means any:

- a. prison;
- b. jail;
- c. reformatory;
- d. work farm;
- e. detention center; or
- f. halfway house, community-based rehabilitation center, or any other similar institution designed for the confinement or rehabilitation of criminal offenders.

Criminal Offender – The term “criminal offender” means any individual who is charged with or convicted of any criminal offense.

4. WIOA Title II Rule Definitions (Final Regulations: Programs and Activities Authorized by the Adult Education and Family Literacy Act (Title II of the Workforce Innovation and Opportunity Act) by the U.S. Department of Education, Office of Career, Technical, and Adult Education (OCTAE) Sections 462.3 and 463.3)

Section 462.3

Adult basic education (ABE) means instruction designed for an adult whose educational functioning level is equivalent to a particular ABE literacy level listed in the NRS educational functioning level table in the guidelines.

Adult education populations means individuals:

- a. Who have attained 16 years of age;

- b. Who
 - i. Are basic skills deficient;
 - ii. Are English language learners.

Adult secondary education (ASE) means instruction designed for an adult whose educational functioning level is equivalent to a particular ASE literacy level listed in the NRS educational functioning level table in the Guidelines.

Content domains, content specifications, or NRS skill areas mean, for the purpose of the NRS, reading, writing, and speaking the English language, mathematics, problem solving, English language acquisition, and other literacy skills as defined by the Secretary.

Educational functioning levels mean the ABE, ASE, and ESL literacy levels, as provided in the Guidelines, that describe a set of skills and competencies that students demonstrate in the NRS skill areas.

English as a Second Language (ESL) means instruction designed for an adult whose educational functioning level is equivalent to a particular ESL English language proficiency level listed in the NRS educational functioning level table in the Guidelines.

Guidelines means the *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830-0027) (also known as NRS Implementation Guidelines) posted on the Internet at: www.nrsweb.org.

Section 463.3

Act means the Workforce Innovation and Opportunity Act, Public Law No. 113-128.

Concurrent enrollment or co-enrollment refers to enrollment by an eligible individual in two or more of the six core programs administered under the Act.

Digital Literacy means the skills associated with using technology to enable users to find, evaluate, organize, create, and communicate information.

Peer tutoring means an instructional model that utilizes one institutionalized individual to assist in providing or enhancing learning opportunities for other institutionalized individuals. A peer tutoring program must be structured and overseen by educators who assist with training and supervising tutors, setting educational goals, establishing an individualized plan of instruction, and monitoring progress.

Re-entry and post-release services means services provided to a formerly incarcerated individual upon or shortly after release from a correctional institution that are designed to promote successful adjustment to the community and prevent recidivism. Examples include education, employment services, substance abuse treatment, housing support, mental and physical health care, and family reunification services.

Title means title II of the Workforce Innovation and Opportunity Act, the Adult Education and Family Literacy Act, Public Law No. 113-128.

5. Relevant Definitions from EDGAR (34 CFR 77.1)

Applicant means a party requesting a grant or subgrant under a program of the Department.

Application means a request for a grant or subgrant under a program of the Department.

Award has the same meaning as the definition of “Grant” in this paragraph (c).

Budget means that recipient’s financial plan for carrying out the project or program.

Budget period means an interval of time into which a project period is divided for budgetary purposes.

Contract (2 CFR 200.22) means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward (see §200.92 Subaward).

Department means the U.S. Department of Education.

ED means the U.S. Department of Education

EDGAR means the Education Department General Administrative Regulations (34 CFR parts 75, 76, 77, 79, 81, 82, 84, 86, 97, 98, and 99).

Fiscal Year means the Federal fiscal year – a period beginning on October 1 and ending on the following September 30.

Grant means financial assistance, including cooperative agreements, that provides support or stimulation to accomplish a public purpose. 2 CFR part 20, as adopted in 2 CFR part 3474, uses the broader, undefined term “Award” to cover grants, subgrants, and other agreements in the form of money or property, in lieu of money, by the Federal Government to an eligible recipient. The term does not include:

- a. Technical assistance, which provides services instead of money;
- b. Other assistance in the form of loans, loan guarantees, interest subsidies, or insurance;
- c. Direct payments of any kind to individuals; and
- d. Contracts that are required to be entered into and administered under procurement laws and regulations.

Grantee means the legal entity to which a grant is awarded and that is accountable to the Federal Government for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award notice (GAN). For example, a GAN may name as the grantee one school or campus of a university. In this case the granting agency usually intends, or actually intends, that the named component assume primary or sole responsibility for administering the grant-assisted project or program. Nevertheless, the naming of a component of a legal entity as the grantee in a grant award document shall not be construed as relieving the whole legal entity from accountability to the Federal Government for the use of the funds provided. (This definition is not intended to affect the eligibility provision of grant programs in which eligibility is limited to organizations that may be only components of a legal entity.) The term “grantee” does not include any

secondary recipients, such as subgrantees and contractors, that may receive funds from a grantee pursuant to a subgrant or contract.

Nonprofit, as applied to an agency, organization, or institution, means that it is owned and operated by one or more corporations or associations whose net earnings do not benefit, and cannot lawfully benefit, any private shareholder or entity.

Private, as applied to an agency, organization, or institution, means that it is not under Federal or public supervisions or control.

Project means the activity described in an application.

Project period means the period established in the award document during which Federal sponsorship begins and ends (See 2 CFR 200.77, Period of performance).

Public, as applied to an agency, organization, or institution, means that the agency, organization, or institution is under the administrative supervision or control of a government other than the Federal Government.

Secretary means the Secretary of the Department of Education or an official or employee of the Department acting for the Secretary under a delegation of authority.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual or other form of legal agreement, but does not include procurement purchases, nor does it include any form of assistance that is excluded from the definition of “grant or award” in this part (See 2 CFR 200.92, “Subaward”).

Subgrantee means the government or other legal entity to which a subgrant is awarded and that is accountable to the grantee for the use of the funds provided.

6. WIOA Joint Rule Performance Accountability Definitions (Final Regulations: Workforce Innovation and Opportunity Act; Joint Rule for Unified and Combined State Plans, Performance Accountability, and the One-Stop System Joint Provisions; Final Rule by the U.S. Department of Labor, Employment and Training Administration (ETA) and the U.S. Department of Education, Office of Career, Technical, and Adult Education (OCTAE) and Rehabilitation Services Administration (RSA) Section 463.150)

Subpart I – Performance Accountability Under Title I of the Workforce Innovation and Opportunity Act §463.150 What definitions apply to Workforce Innovation and Opportunity Act performance accountability provisions?

Participant. A reportable individual who has received services other than the services described in paragraph (a)(3) of this section, after satisfying all applicable programmatic requirements for the provision of services, such as eligibility determination.

- 1) For the Vocational Rehabilitation (VR) program, a participant is a reportable individual who has an approved and signed Individualized Plan for Employment (IPE) and has begun to receive services.
- 2) For the Workforce Innovation and Opportunity Act (WIOA) title I youth program, a participant is a reportable individual who has satisfied all applicable program requirements for the provision of services, including eligibility determination, an objective assessment, and development of an individual service strategy, and received 1 of the 14 WIOA youth program elements identified in sec. 129(c)(2) of WIOA.
- 3) The following individuals are not participants:
 - i. Individuals in an Adult Education and Family Literacy Act (AEFLA) program who have not completed at least 12 contact hours;
 - ii. Individuals who only use the self-service system.
 - i. Subject to paragraph (a)(3)(ii)(B) of this section, self-service occurs when individuals independently access any workforce development system program's information and activities in either a physical location, such as a one-stop center resource room or partner agency, or remotely via the use of electronic technologies.
 - ii. Self-service does not uniformly apply to all virtually accessed services. For example, virtually accessed services that provide a level of support beyond independent job or information seeking on the part of an individual would not qualify as self-service.
 - iii. Individuals who receive information-only services or activities, which provide readily available information that does not require an assessment by a staff member of the individual's skills, education, or career objectives.
- 4) Programs must include participants in their performance calculations.

Reportable individual. An individual who has taken action that demonstrates an intent to use program services and who meets specific reporting criteria of the program, including:

- 1) Individuals who provide identifying information;
- 2) Individuals who only use the self-service system; or
- 3) Individuals who only receive information-only services or activities.

Exit. As defined for the purpose of performance calculations, exit is the point after which a participant who has received services through any program meets the following criteria:

- 1) For the adult, dislocated worker, and youth programs authorized under WIOA title I, the AEFLA program authorized under WIOA title II, and the Employment Service program authorized under the Wagner-Peyser Act, as amended by WIOA title III, exit date is the last date of service.
 - i. The last day of service cannot be determined until at least 90 days have elapsed since the participant last received services; services do not include self-service, information-only services, activities, or follow-up services. This also requires that there are no plans to provide the participant with future services.
 - ii. [Reserved].
- 2) i. For the VR program authorized under title I of the Rehabilitation Act of 1973, as amended by WIOA title IV (VR program):
 - i. The participant's record of service is closed in accordance with § 463.56 because the participant has achieved an employment outcome; or
 - ii. The participant's service record is closed because the individual has not achieved an employment outcome or the individual has been determined ineligible after receiving services in accordance with § 463.43.

- ii. Notwithstanding any other provision of this section, a participant will not be considered as meeting the definition of exit from the VR program if the participant's service record is closed because the participant has achieved a supported employment outcome in an integrated setting but not in competitive integrated employment.
- 3) i. A State may implement a common exit policy for all or some of the core programs in WIOA title I and the Employment Service program authorized under the Wagner-Peyser Act, as amended by WIOA title III, and any additional required partner program(s) listed in sec. 121(b)(1)(B) of WIOA that is under the authority of the U.S. Department of Labor (DOL).
- ii. If a State chooses to implement a common exit policy, the policy must require that a participant is exited only when all of the criteria in paragraph (c)(1) of this section are met for the WIOA title I core programs and the Employment Service program authorized under the Wagner-Peyser Act, as amended by WIOA title III, as well as any additional required partner programs listed in sec. 121(b)(1)(B) of WIOA under the authority of DOL to which the common exit policy applies in which the participant is enrolled.

State. For purposes of this part, other than in regard to sanctions or the statistical adjustment model, all references to "State" include the outlying areas of American Samoa, Guam, Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, and, as applicable, the Republic of Palau.
