Illinois Community College Board

PRESENTATION ON 2018 ICCB ANNUAL ENROLLMENT AND COMPLETIONS REPORT

From ICCB's 2018 Annual Enrollment and Completions Report, select data will be shared to understand community college enrollment trends in Illinois and nationally. Illinois community college enrollment data will be analyzed at the instructional and demographic level and compared to Illinois postsecondary education sectors and peer states. Additionally, Illinois public high school graduate college-going enrollment patterns will be discussed as well as community college completion trends.
