The enclosed materials contain fiscal year 2018 (July 1, 2017 through June 30, 2018) responses from Illinois’ public Community College System to the Asian American Employment Plan Survey (Public Act 097-0856). The legislation requests that each community college provide an annual assessment of strategies and progress in the hiring and promotion of Asian American persons at supervisory, technical, professional and managerial levels.

Fiscal year 2018 is the seventh year that community colleges, public universities, and state agencies have been asked to furnish Asian American Employment Plans. The Illinois Community College System consists of 48 colleges that blanket the state and provide equal education, training, and employment opportunities to all individuals. A map of the System appears on the next page. College officials recognize that a diverse faculty, staff, and student body enriches and improves the educational environment for everyone. These reporting requirements allow colleges to provide additional information about their efforts to hire and promote individuals who are Asian American. The report compliments activities and initiatives that are described in the annual Illinois Community College System Underrepresented Groups Report which addresses legislative reporting requirements in the Board of Higher Education Act (Sec. 8. and Sec. 9.16). Underrepresented groups reporting aims to increase participation and achievement among students who are academically or financially at risk, including minorities, women, and individuals with disabilities, as well as first-generation students and low-income students. Other complementary initiatives are the African American Employment Plan Survey (Public Act 096-1341), the Hispanic Employment Plan Survey, and the Bilingual Needs and Bilingual Pay Survey (Public Act 096-1286). These surveys provide an annual assessment of initiatives and progress in hiring and promoting African Americans and Hispanics at local community colleges. Recent editions of the Underrepresented Groups Report and the African American, Asian American, and Hispanic Employment Plan Reports are available on the ICCB website.

The Asian American Employment Plan Survey Report begins with demographic information about the state of Illinois, and annual community college credit program enrollments, completions, and staffing. Then individual college responses to standardized surveys addressing components of the legislation are provided. These surveys were adapted from forms developed by the State of Illinois’ Department of Central Management Services. The Illinois Board of Higher Education collects similar information for the public four-year universities.
MAP OF ILLINOIS COMMUNITY COLLEGES
This section of the report provides an overview of the race/ethnicity composition of the State of Illinois’ population, students enrolled in community college credit programs, graduates, and college faculty and staff. Illinois census data are provided to offer an external reference point for reviewing Illinois Community College System information. Community college demographic data on credit students and completers are gathered from the colleges through the Annual Enrollment and Completion submissions (A1 and A2). Analyses are included about the race/ethnicity distribution of community college credit students for selected broad program areas (PCS). Staffing data referenced in the following pages are from the Annual Faculty, Staff, and Salary submission (C3).

**State of Illinois’ Race/Ethnicity Distribution**

State census data show that Illinois’ population was 12.80 million in 2017 compared to 12.83 million in 2010, and 12.42 million in 2000 (U.S. Census 2000 Illinois, U.S. Census 2010, enter Illinois, and 2018 Index of Need Table 1). These detailed Illinois census data indicate that the state’s population grew 3.1 percent between 2000 and 2017. The state population, however, decreased 0.2 percent between 2010 and 2017. Illinois’ 2017 census estimate shows that White/Caucasian remained the largest race/ethnicity group. However, minority populations were responsible for Illinois’ overall population growth from 2000 to 2017, as the percent of Caucasians decreased from 73.5 percent to 71.2 percent of the population (U.S. Census 2000 Illinois and 2018 Index of Need Table 1).

The race/ethnicity data collection methodology changed for the 2000 census and continued in the 2017 census data. The 2017 census data showed that 2.0 percent of all Illinoisans identified themselves as two or more races. These individuals are included in the “Some Other Race***” column in Table 1. The question on Hispanic ethnicity was asked independently from an individual’s race beginning in 2000 and is reflected in the data in the table. These duplicated Hispanic population counts show substantial growth, from 1,530,262 in 2000 to 2,209,323 in 2017 (U.S. Census 2000 Illinois and 2018 Index of Need Table 1).

Illinois’ largest minority group in 2000 was African American and in 2017 was Hispanic. Compared to 2000, African American counts in 2017 decreased from 15.1 percent to 14.6 percent, whereas Asian American counts increased from 3.4 percent to 5.8 percent, Native American from 0.2 percent to 0.6 percent, and Hispanic from 12.3 percent to 17.3 percent.

## Race/Ethnicity Distribution in Community College System Credit Programs

Overall in fiscal year 2018, minority students accounted for 45.4 percent of the individuals enrolled in credit coursework at Illinois community colleges whose ethnicity was known. Race/ethnicity classifications are aligned with U.S. Department of Education collection and reporting standards. Fiscal year 2018 data show that minority representation was similar to the prior year (fiscal year 2017 = 44.1 percent). Fiscal year 2018 results are above the five-year average (43.0 percent). Students identifying themselves as Hispanic students—116,866 in fiscal year 2018—accounted for the largest number of minority enrollments this year. African American students—67,101 in fiscal year 2018—constitute the second largest minority group in the latest data. Asian American students—24,590 in fiscal year 2018—constitute the third largest minority group enrolled in the Illinois Community College System. The fiscal year 2018 proportionate representation by Hispanic students was higher by about one percentage point in comparison to the prior year (23.4 percent in fiscal year 2018 versus 22.3 percent in fiscal year 2017). While African American students accounted for the largest number of minority enrollments in fiscal year 2012 for the first time since fiscal year 1999, the fiscal year 2018 African American student proportional representation was slightly lower in comparison to the prior year (13.5 percent in fiscal year 2018 versus 13.6 percent in fiscal year 2017). Over the longer term—over the past five years—a decrease in the Illinois Community College System’s minority enrollments was noted among students identifying themselves as Pacific Islander (-72.0 percent), Native American (-60.8 percent), African American (-35.2 percent), and Asian American (-15.9 percent), while an increase was noted among students identifying themselves as Nonresident Alien (154.9 percent) and Hispanic (0.5 percent).

Student race/ethnicity representation varies across broad program areas (PCS). Table 2 contains information about the race/ethnicity distribution of Adult Education [Adult Basic Education (ABE) and Adult Secondary Education (ASE)] and English-as-a-Second Language (ESL) enrollments. Minority students accounted for nearly three-fourths (72.9 percent) of the individuals enrolled in community college Adult Education coursework. In fiscal year 2018, Hispanic students accounted for over forty percent of Adult Education enrollments and African American students for over one-fourth of those enrollments (40.2 percent and 26.6 percent, respectively). Additionally, minority students accounted for about eight out of every ten (80.3
percent) individuals enrolled in community college ESL coursework during fiscal year 2018. Hispanic students accounted for nearly two-thirds (62.4 percent) of the community college ESL students, followed by Asian American students (10.7 percent) and African American students (5.4 percent).

Table 3 provides the distribution of minority students enrolled in Transfer and Career and Technical Education (CTE) programs. During fiscal year 2018, minorities comprised about four out of every ten (43.7 percent) Transfer enrollees. An examination of each minority race/ethnicity group’s representation across the Transfer program area indicates that Hispanic students accounted for the largest minority group enrollments (21.6 percent), followed by African American students (12.6 percent), Asian American students (5.2 percent), students of Two or More Races (3.0 percent), Nonresident Alien students (1.0 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). Table 3 also shows that about one-third of students enrolled in CTE programs were members of a minority group (35.0 percent). Hispanic students also had the highest representation among minorities in CTE programs and accounted for 16.5 percent of the population. African American students had the second largest CTE program enrollment (11.8 percent), followed by Asian American students (3.9 percent), students of Two or More Races (2.0 percent), Nonresident Alien students (0.6 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent).

SOURCE OF DATA: ICCB Centralized Data System—Annual Enrollment and Completion (A1) Data

The following section of the report supplies information about the race/ethnicity characteristics of students who graduated in fiscal year 2018. It provides a point-in-time or cross-cutting count
of the number of degrees and certificates awarded to minority students within the Illinois Community College System during fiscal year 2018.

Across all minority groups in 2018, CTE program graduates far outnumbered Transfer program graduates. **Table 4** shows that during fiscal year 2018, nearly twice as many CTE degrees and certificates (N = 14,216) were completed than Transfer degrees (N = 8,165) by minority students. Minority students accounted for 34.7 percent of all CTE graduates, compared to 39.5 percent of Transfer graduates. Hispanic students accounted for the largest minority group for completions in CTE programs (16.9 percent), followed by African American students (11.3 percent), Asian American students (3.7 percent), students of Two or More Races (1.8 percent), Nonresident Alien students (0.6 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent). The fiscal year 2018 proportional representation of the Asian American CTE program graduates (3.7 percent) was higher by 0.1 percentage points from fiscal year 2017 (3.6 percent). Hispanic students accounted for the largest group of Transfer minority graduates (21.8 percent), followed by African American students (9.7 percent), Asian American students (4.3 percent), students of Two or More Races (2.5 percent), Nonresident Alien students (0.9 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2018 proportional representation of the Asian American Transfer graduates (4.3 percent) was higher by 0.1 percentage points from the prior year (4.2 percent).

SOURCE OF DATA: ICCB Centralized Data System—Annual Faculty, Staff, and Salary (C3) Data and the Hispanic Employment Plan survey.

In fiscal year 2018, Asian American faculty and staff accounted for 3.4 percent of tenured faculty/officials and managers, 4.0 percent of non-tenured faculty, 3.5 percent of professional staff/protective service workers, 2.6 percent of office and clerical/paraprofessionals, and 0.9 percent of service maintenance employees. Figure 1 shows the Asian American employee counts in comparison to the White employee counts at Illinois Community Colleges in fiscal year 2018.

Faculty, staff, administrators, and board members at each community college accept the responsibility of meeting the needs and demands of the area community and their constituents. To thrive in the competitive higher education marketplace, community colleges have adopted a strong customer and community focus. Hence, the colleges continue striving to reflect the communities in which they are located.

An important component of the Asian American Employment Plan Report is identifying the Community College District Utilization Rate for Asian American employees. It was calculated as each college’s percentage of overall Asian American district population (16 years and older) minus the percentage of Asian American faculty and staff [tenured faculty/officials and managers (including executive and administrative positions); non-tenured faculty (including adjunct faculty); professional staff/protective service workers; office and clerical/paraprofessionals; and service maintenance employment classifications] at each community college. A negative utilization rate demonstrates underrepresentation of Asian Americans in the workforce. Please see Table 6, Table 7, and Table 8 for detailed information.

The following pages contain the responses from the Illinois Community College System to the Asian American Employment Plan Survey (Public Act 097-0856). College responses appear in alphabetical order by college name. Information was collected on Asian American employees, funded positions, and Asian American employment initiatives at Illinois community colleges.

Fiscal Year 2018

Public Act 97-0856 requires community colleges (and public universities) to annually report to the legislature their progress on efforts to hire and promote Asian American faculty, staff, and bilingual persons at state colleges and universities. This report is required as part of the larger State Asian American Employment Plan to improve the delivery of state services to Asian Americans by increasing the number of Asian American state employees serving in supervisory, technical, professional, and managerial positions.

Does your institution provide budget allocations specifically for the recruitment of Asian American faculty, administrators, or any level job category?

No
Provide the FY 2018 budget allocation(s) for each of these recruitment initiatives for Asian American faculty, administrators, or any level job category. (NOTE: THIS ITEM ONLY REQUIRES A RESPONSE IF THE PREVIOUS QUESTION RECEIVED A "YES" RESPONSE.)

Carl Sandburg College does not have a designated budgetary line item for Asian American Employment Initiatives. All hiring situations are administered using our hiring process. The College treats all applicants with fairness and equity.

This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.

What steps has your institution undertaken to ensure that Human Resource staff, responsible for hiring, interviewing, recruitment and Equal Employment Opportunity (EEO) are complying with legislative mandates for the Asian American Employment Plan for Higher Education?

The objective of increased employment diversity at Carl Sandburg College is strategic, not compliance-driven. The College believes that the educational experience is enriched through diversity in its people, curricula, and environment. The Diversity Statement affirms this, stating that "Carl Sandburg is a community of lifelong learners that welcomes, values, and respects diversity. The College fosters a climate of mutual respect that celebrates diversity by embracing our similarities as well as our differences. We demonstrate this commitment by serving students, faculty, staff, and community members with fairness and equality." Our objectives are to (1) shape an environment that recognizes the need for diversity, (2) create opportunities for all within the College community to interact with understanding, tolerance, and respect for others, and (3) promote sensitivity to individual needs and aspirations of those throughout the College Community. Fulfilling these objectives has led to the implementation of annual diversity training for all employees, required diversity training prior to interviews for Human Resources staff and interview committee members, and an on-campus diversity seminar.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Carl Sandburg College advertises to recruit diverse applicants for new and vacant positions. The College routinely conducts reviews of all employment processes for compliance and improvement opportunities. ECC's commitment to diversity, equity, and inclusion is ingrained in the college’s strategic plan as well as the college’s EEO/AA policies and procedures. ECC is also one of a few Illinois community colleges that participate in the national Achieving the Dream initiative. ECC has developed a college wide Student Success Infrastructure model that connects all aspects of the college to student success. The committee/task force members assist the president in defining, planning for, and implementing infrastructures to build and sustain cultural competence in the areas of diversity, equity, and inclusion. The CMCO is responsible for developing and executing community relations strategies that effectively support and achieve the vision, mission, goals and objectives of the college. Members of the Alliance for College Readiness work in faculty and staff teams to establish a common understanding of college and career readiness, to better align curriculum and instruction and to foster effective communication systems between students, educators, and parents. ECC employees maintain memberships to minority professional associations and societies. The ECC Human Resources Department tracks demographic information of applicants who submit an ECC application for employment. Applicants respond to questions related to multiculturalism during the application and interview process. Anyone participating in the hiring process is required to complete cultural competency training. The college also offers a series of in-service professional development opportunities related to diversity, inclusion, and equity.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Many strategies have been put in place to raise achievement levels of all students. Examples of those initiatives include closer curriculum alignment work with our district high schools, multiple measures for placement, developmental education reform, creation of a first year seminar course, and a new case management academic advising approach. With our new case management advising model (implemented in FY18) all new degree-seeking students are assigned an advisor upon entry who stays with that student until completion. The advisor helps the student to develop a semester-by-semester academic plan to meet his/her intended goals and serves as a point person to guide the student through his/her Harper experience. The College provides programs such as Summer Scholars, One Million Degrees and the Women’s Program. All are targeted at assisting populations of traditionally underrepresented students including low-income, first-generation and minority students. Each program provides additional supports and financial assistance to students participating in those programs. The College has emergency funds available to all students, as well as Hawks Care resources -- free food, personal hygiene supplies, school supplies, lunch/grocery/gas cards and other resources. Lastly, the College provides Asian students the opportunity to engage through our Indian Pakistani Student Club.

What steps has your institution undertaken to ensure that Human Resource staff, responsible for hiring, interviewing, recruitment and Equal Employment Opportunity (EEO) are complying with legislative mandates for the Asian American Employment Plan for Higher Education?

HR staff are trained on comprehensive search and hiring guidelines within state and federal mandates and Highland's Affirmative Action Plan. Highland collects and analyzes employment data for each search. In addition, HR staff review all applicants that are received for open positions to ensure that candidates are not eliminated from the search by the search committee for reasons other than not meeting the qualifications of the position, application deadline or following application criteria.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Highland is aware of its obligation to have a diverse workforce and to actively increase the number of underrepresented individuals at all levels of the College. We continue to try different recruitment venues and sources to reach a more diverse candidate pool. Local newspapers that offer inclusion of job postings at such sites as Zip Recruiter and Indeed, at no additional charge, has also allowed a greater number of applicants to see our postings. Following the conclusion of a search, information from applicants, particularly those from underrepresented groups, is reviewed to determine how they found out about the open position. That data is used to determine where future job openings are posted. Also, Highland recently became a member of an Employer Summit group, which is made up of local organizations in the Freeport area. The purpose of the group is to share recruitment resources in order to reach a broader applicant base that we may not otherwise have access to, such as job fairs and diversity fairs.

How is your institution ensuring that all appropriate staff is complying with the mandatory Hiring and

A representative from the Equal Opportunity Employment/Affirmative Action (EOE/AA) committee is assigned to each search committee to participate in the review, interview and selection of candidates for all regular part-time and full-time positions. Prior to being involved in a search, each EOE/AA committee member participates in training that includes discrimination law and other applicable regulations, the search process and unconscious bias. All search committee members also receive training. Surveys are sent out to search committee members (including chairs and EOE/AA members) to gather feedback on their search committee experience. Questions differ based on the member role. Topics include whether additional search committee training is needed, if inappropriate questions were asked of the applicants, if it was necessary to address any personal concerns by committee members about biases and prejudices, etc.

While we are a rural college and do still have a need to advertise in local newspapers the College has expanded recruiting to expand our candidate pool and be more effective with diversity hiring. As newspaper readership has declined and minority candidates utilize newspapers less than Caucasian readers, the College has utilized other resources such as using Indeed.com, posting vacancies on the College web site, on bulletin boards at the college and distributing to community partners. Additional, this fiscal year the College is starting to utilize the Illinois Job Network. This resource is a widely used resource for unemployed Illinois job seekers. Unemployment is highest with diverse candidates so this should further enhance our diversity recruiting efforts.

The College continues to utilize PeopleAdmin, a computer generated software program designed for Higher Education that encourages self-identification of all applications regarding race. Additionally, the College has an HR Recruiting Specialist, whose primary focus is to seek efficiencies in the employment process, including but not limited to seeking to enhance diversity. The Specialist reviews the minority representation of applicant pools and carefully reviews the credentials of all the Asian American applicants who meet the minimum requirements of the position for which the prospective employee applied. All such applicants are specifically defined as minority applicants for the viewing of all hiring committee members prior to the interview process. Qualified and reviewed minority applicants are all referred to hiring committee chairs by the Recruitment Specialist when appropriate.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Currently, the College district makeup represents approximately 1% Asian American populations. As such, the College continues to maintain an interest in increasing representation of Asian American employees throughout all divisions of our workforce in order to, at minimum, meet those comparison benchmarks. All of the College’s job openings are posted via PeopleAdmin; this links all of our postings to Indeed, Monster, the St. Louis Post-Dispatch Today so that we not only cast a regional, bi-state net, but in some cases a nationwide net for certain positions on campus. Our Human Resource Recruitment Specialist consults with the hiring committee chairperson to discuss all qualified applicants who self-identify as Asian American. These applicants’ resumes are carefully considered by the search committee. Inclusion is a very high value among campus faculty, staff and students as evidenced by the results of the recent survey on diversity and inclusion which indicates that over 94% of respondents describe the L&C campus as very inclusive.

We identify specific resources to help reach minority applicants. For example, Women in Agriculture or National Organization for Black Chemists and Chemical Engineers.

• We visit local minority-owned businesses such as barbershops, beauty salons, and restaurants, as well as community places such as Don Moyer Boys and Girls Club. We introduce ourselves and answer any questions about working at Parkland and drop off job vacancy postings that the business/community organization can post and share with patrons.

• For full-time faculty recruitment this year, we started a new role of Recruitment Partner. This person will perform comprehensive research to identify people and resources for us to reach out to and inform about our faculty opportunities. For example, we plan to email faculty of related graduate programs at Historically Black Colleges and Universities.

• Last year, VP Lau organized a working group to review and update faculty diversity efforts.

• We partner with several job boards that offer us a “diversity profile” in which we are highlighted to diverse candidates. One example of this is Inside Higher Ed. Here is our profile: https://www.insidehighered.com/college/147916/parkland-college.

• We implement an Equal Employment Opportunity Program where we train various employees to serve as Equal Employment Opportunities representatives on every full-time search. The EEO Rep’s role is to help make sure that search committees are following policies and procedures, are in compliance with local, state, and federal EEO/Human Rights laws, and a liaison with Human Resources Talent Management Team. Overall, they help to make sure we have a fair and non-discriminatory process.

Search committees are formed at the College to assist with the recruiting efforts, and to review and select employment candidates. All search committee members are trained in diversity. In addition all search committees participate in a meeting prior to the review of any applications with a Human Resources representative, which includes reinforcement of the College's commitment to diversity in hiring and the committee's responsibility to support this role. We have also had diversity training with all employees this past year to reinforce the importance of a diverse workforce.

Employment candidates for temporary full and part-time positions are reviewed and selected by the immediate supervisor for the position. All supervisors also participate in the College's Diversity in Hiring training.

External recruitment efforts routinely include solicitations to the NAACP Decatur branch. Depending on the employment opportunity, other outreach efforts might include the HigherEd.com Affirmative Action Diversity supplement, MinorityNurse.com, Minority/Network.com and Illinoisdiversity.com.

To optimize the selection process, the designated search committee will typically include a minority representative to assist with recruiting ideas and to help maintain fair considerations standards.

Job announcement communications include our statements regarding the College's commitment to diversity, and affirmative invitation directed to members of potentially under-represented groups, and a non-discrimination statement.
