INTRODUCTION

The enclosed materials contain fiscal year 2019 (July 1, 2018 through June 30, 2019) responses from Illinois’ public Community College System to the *Asian American Employment Plan Survey (Public Act 097-0856)*. The legislation requests that each community college provide an annual assessment of strategies and progress in the hiring and promotion of Asian American persons at supervisory, technical, professional and managerial levels.

Fiscal year 2019 is the eighth year that community colleges, public universities, and state agencies have been asked to furnish Asian American Employment Plans. The Illinois Community College System consists of 48 colleges that blanket the state and provide equal education, training, and employment opportunities to all individuals. A map of the System appears on the next page. College officials recognize that a diverse faculty, staff, and student body enriches and improves the educational environment for everyone. These reporting requirements allow colleges to provide additional information about their efforts to hire and promote individuals who are Asian American. The report compliments activities and initiatives that are described in the annual *Illinois Community College System Underrepresented Groups Report* which addresses legislative reporting requirements in the *Board of Higher Education Act* (Sec. 8. and Sec. 9.16). Underrepresented groups reporting aims to increase participation and achievement among students who are academically or financially at risk, including minorities, women, and individuals with disabilities, as well as first-generation students and low-income students. Other complementary initiatives are the *African American Employment Plan Survey (Public Act 096-1341)*, the *Hispanic Employment Plan Survey*, and the *Bilingual Needs and Bilingual Pay Survey (Public Act 096-1286)*. These surveys provide an annual assessment of initiatives and progress in hiring and promoting African Americans and Hispanics at local community colleges. Recent editions of the *Underrepresented Groups Report and the African American, Asian American, and Hispanic Employment Plan Reports* are available on the ICCB website.

The *Asian American Employment Plan Survey Report* begins with demographic information about the state of Illinois, and annual community college credit program enrollments, completions, and staffing. Then individual college responses to standardized surveys addressing components of the legislation are provided. These surveys were adapted from forms developed by the State of Illinois’ Department of Central Management Services. The Illinois Board of Higher Education collects similar information for the public four-year universities.
This section of the report provides an overview of the race/ethnicity composition of the State of Illinois’ population, students enrolled in community college credit programs, graduates, and college faculty and staff. Illinois census data are provided to offer an external reference point for reviewing Illinois Community College System information. Community college demographic data on credit students and completers are gathered from the colleges through the Annual Enrollment and Completion submissions (A1 and A2). Analyses about the race/ethnicity distribution of community college credit students for selected broad program areas (PCS) are included. Staffing data referenced in the following pages are from the Annual Faculty, Staff, and Salary submission (C3).

State of Illinois’ Race/Ethnicity Distribution
State census data show that Illinois’ population was 12.74 million in 2018 compared to 12.83 million in 2010, and 12.42 million in 2000 (U.S. Census 2000 Illinois, U.S. Census 2010, enter Illinois, and 2019 Index of Need Table 1). These detailed Illinois census data indicate that the state’s population grew 2.6 percent between 2000 and 2018. The state population, however, decreased 0.7 percent between 2010 and 2018. Illinois’ 2018 census estimate shows that Whites/Caucasians remained the largest race/ethnicity group. However, minority populations were responsible for Illinois’ overall population growth from 2000 to 2018, as the percent of Caucasians decreased from 73.5 percent to 70.9 percent of the population (U.S. Census 2000 Illinois and 2019 Index of Need Table 1).

The race/ethnicity data collection methodology changed for the 2000 census and continued in the 2018 census data. The 2018 census data showed that 2.0 percent of all Illinoisans identified themselves as two or more races. These individuals are included in the “Some Other Race***” column in Table 1. The question on Hispanic ethnicity was asked independently from an individual’s race beginning in 2000 and is reflected in the data in the table. These duplicated Hispanic population counts show substantial growth, from 1,530,262 in 2000 to 2,208,411 in 2018 (U.S. Census 2000 Illinois and 2019 Index of Need Table 1).

Illinois’ largest minority group in 2000 was African American and in 2018 was Hispanic. Compared to 2000, African American counts in 2018 decreased from 15.1 percent to 14.6 percent, whereas Asian American counts increased from 3.4 percent to 5.9 percent, Native American from 0.2 percent to 0.6 percent, and Hispanic from 12.3 percent to 17.3 percent.

Race/Ethnicity Distribution in Community College System Credit Programs

Overall in fiscal year 2019, minority students accounted for 46.7 percent of the individuals enrolled in credit coursework at Illinois community colleges whose ethnicity was known. Race/ethnicity classifications are aligned with U.S. Department of Education collection and reporting standards. Fiscal year 2019 data show that minority representation was similar to the prior year (fiscal year 2018 = 45.4 percent). Fiscal year 2019 results are above the five-year average (44.2 percent). Students identifying themselves as Hispanic students (now numbering 117,542) became the largest minority group in 2000, but became the second largest minority group in fiscal year 2012 behind African American students. In fiscal year 2015 through 2019, Hispanic students were again the largest minority group. African American students—64,178 in fiscal year 2019—constitute the second largest minority group in the latest data. Asian American students—24,431 in fiscal year 2019—constitute the third largest minority group enrolled in the Illinois Community College System. The fiscal year 2019 proportionate representation by Hispanic students was higher by about one percentage point in comparison to the prior year (24.5 percent in fiscal year 2019 versus 23.4 percent in fiscal year 2018). The fiscal year 2019 African American student proportional representation was slightly lower in comparison to the prior year (13.4 percent in fiscal year 2019 versus 13.5 percent in fiscal year 2018). Over the longer term—over the past five years—a decrease in the Illinois Community College System’s minority enrollments was noted among students identifying themselves as Pacific Islander (-74.0 percent), Native American (-61.5 percent), African American (-30.9 percent), and Asian American (-13.7 percent), while an increase was noted among students identifying themselves as Nonresident Alien (55.9 percent) and Hispanic (1.5 percent).

Student race/ethnicity representation varies across broad program areas (PCS). Table 2 contains information about the race/ethnicity distribution of Adult Education [Adult Basic Education (ABE) and Adult Secondary Education (ASE)] and English-as-a-Second Language (ESL) enrollments. Minority students accounted for nearly three-fourths (71.8 percent) of the individuals enrolled in community college Adult Education coursework. In fiscal year 2019, Hispanic students accounted for nearly forty percent of Adult Education enrollments and African American students for over one-fourth of those enrollments (39.9 percent and 26.4 percent, respectively). Additionally, minority students accounted for about eight out of every ten (80.8 percent) individuals enrolled in community college ESL coursework during fiscal year 2019. Hispanic students accounted for
nearly two-thirds (62.3 percent) of the community college ESL students, followed by Asian American students (10.9 percent) and African American students (5.5 percent).

Table 3 provides the distribution of minority students enrolled in Transfer and Career and Technical Education (CTE) programs. During fiscal year 2019, minorities comprised nearly one-half of (45.3 percent) Transfer enrollees. An examination of each minority race/ethnicity group’s representation across the Transfer program area indicates that Hispanic students accounted for the largest minority group enrollments (22.6 percent), followed by African American students (12.7 percent), Asian American students (5.4 percent), students of Two or More Races (3.2 percent), Nonresident Alien students (1.0 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). Table 3 also shows that over one-third of students enrolled in CTE programs were members of a minority group (36.7 percent). Hispanic students also had the highest representation among minorities in CTE programs and accounted for 17.9 percent of the population. African American students had the second largest CTE program enrollment (11.7 percent), followed by Asian American students (4.0 percent), students of Two or More Races (2.1 percent), Nonresident Alien students (0.6 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent).

SOURCE OF DATA: ICCB Centralized Data System—Annual Enrollment and Completion (A1) Data

The following section of the report supplies information about the race/ethnicity characteristics of students who graduated in fiscal year 2019. It provides a point-in-time or cross-cutting count of the number of degrees and certificates awarded to minority students within the Illinois Community College System during fiscal year 2019.
Across all minority groups in 2019, CTE program graduates far outnumbered Transfer program graduates. Table 4 shows that during fiscal year 2019, nearly twice as many CTE degrees and certificates (N = 14,289) were completed than Transfer degrees (N = 8,280) by minority students. Minority students accounted for 36.5 percent of all CTE graduates, compared to 41.0 percent of Transfer graduates. Hispanic students accounted for the largest minority group for completions in CTE programs (17.7 percent), followed by African American students (11.7 percent), Asian American students (3.9 percent), students of Two or More Races (2.1 percent), Nonresident Alien students (0.7 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent). The fiscal year 2019 proportional representation of the Asian American CTE program graduates (3.9 percent) was higher by 0.2 percentage points from fiscal year 2018 (3.7 percent). Hispanic students accounted for the largest group of Transfer minority graduates (22.9 percent), followed by African American students (9.4 percent), Asian American students (4.6 percent), students of Two or More Races (2.7 percent), Nonresident Alien students (1.1 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2019 proportional representation of the Asian American Transfer graduates (4.6 percent) was higher by 0.3 percentage points from the prior year (4.3 percent).

*Includes revised college figures

In fiscal year 2019, Asian American faculty and staff accounted for 3.6 percent of tenured faculty/officials and managers, 4.0 percent of non-tenured faculty, 3.7 percent of professional staff/protective service workers, 2.6 percent of office and clerical/paraprofessionals, and 1.1 percent of service maintenance employees. Figure 1 shows the Asian American employee counts in comparison to the White employee counts at Illinois Community Colleges in fiscal year 2019.

Faculty, staff, administrators, and board members at each community college accept the responsibility of meeting the needs and demands of the area community and their constituents. To thrive in the competitive higher education marketplace, community colleges have adopted a strong customer and community focus. Hence, the colleges continue striving to reflect the communities in which they are located.
An important component of the Asian American Employment Plan Report is identifying the Community College District Utilization Rate for Asian American employees. It was calculated as each college’s percentage of overall Asian American district population (16 years and older) minus the percentage of Asian American faculty and staff [tenured faculty/officials and managers (including executive and administrative positions); non-tenured faculty (including adjunct faculty); professional staff/protective service workers; office and clerical/paraprofessionals; and service maintenance employment classifications] at each community college. A negative utilization rate demonstrates underrepresentation of Asian Americans in the workforce. Please see Table 6, Table 7, and Table 8 for detailed information.

The following pages contain the responses from the Illinois Community College System to the Asian American Employment Plan Survey (Public Act 097-0856). College responses appear in alphabetical order by college name. Information was collected on Asian American employees, funded positions, and Asian American employment initiatives at Illinois community colleges.

Asian American Employment Plan Survey (HB 4510/P.A. 97-0856)

Fiscal Year 2019

Public Act 97-0856 requires community colleges (and public universities) to annually report to the legislature their progress on efforts to hire and promote Asian American faculty, staff, and bilingual persons at state colleges and universities. This report is required as part of the larger State Asian American Employment Plan to improve the delivery of state services to Asian Americans by increasing the number of Asian American state employees serving in supervisory, technical, professional, and managerial positions.

Black Hawk College

Is your institution an Asian American and Native American Pacific Islander-Serving Institutions Program (AANAPISI) with 10% or more of the students classified as Asian American (and Native American or Pacific Islander) enabling the institution to apply for Title III grants?

What percentage of your community college employees are union?

More than 50%

Does your institution provide budget allocations specifically for the recruitment of Asian American faculty, administrators, or any level job category?

No

This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.
Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

No

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

If our college was focusing on increasing the number of Asian Americans working for us, I would focus on Asian American sources.

Does your institution implement employment incentives to attract Asian American employees such as any of the following (please select all that apply):

None / Not applicable

For Asian American employees not part of the tenure system at your institution are the following initiatives in place to help provide for promotion? If yes, please provide a dot point of the initiative(s).

Employees with career ladder enhancement

No

Self-development training

No

Are there other initiatives in place to help provide for promotion of Asian American employees to report for your institution?

No

This section of the survey will list specific initiatives and focus on what your institution has undertaken to further comply with the State of Illinois Asian American Employment Plan.

Please describe any strategies that your institution is developing to meet the increasing numbers and need of Asian languages speaking students and public that may want access to your institution.

I do not have this data.

Does your institution currently have an Asian American Resource Center (AARC)?

No

Does the community college currently employ culturally competent Asian American recruiters enabling them to communicate and interact with parents and students?

No

Does your institution provide budget allocations specifically for the recruitment of Asian American faculty, administrators, or any level job category?

No

Provide the FY 2019 budget allocation(s) for each of these recruitment initiatives for Asian American faculty, administrators, or any level job category. (NOTE: THIS ITEM ONLY REQUIRES A RESPONSE IF THE PREVIOUS QUESTION RECEIVED A "YES" RESPONSE.)

Carl Sandburg College does not have a specific budgetary line item for Asian American Employment Initiatives. All
hiring situations are administered using our hiring process. The College treats all applicants with fairness and equity.

This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

Carl Sandburg College treats all potential candidates, interviewees, and employees with equality. All hiring situations are administered using our hiring process. The College does monitor the departure of employees to ensure continuous improvement at the institution.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Carl Sandburg College advertises to recruit diverse applicants for new and vacant positions. The College routinely conducts reviews of all employment processes for compliance and improvement opportunities. Also, the college has continued to use employment software and advertises job opportunities on Diversejobs.net. The College’s Strategic Plan includes a key performance indicator specific to recruiting qualified and diverse applicants. The college’s Human Resources staff is attending academic and private sector recruitment fairs. These changes were made in order to connect with a more diverse population of potential candidates.

Does your institution implement employment incentives to attract Asian American employees such as any of the following (please select all that apply):

All potential applicants, interviewees, and employees are treated with equality. All new faculty are included in a mentorship program.

For Asian American employees not part of the tenure system at your institution are the following initiatives in place to help provide for promotion? If yes, please provide a dot point of the initiative(s).

Employees with career ladder enhancement

No

Self-development training

Yes

Please provide a dot point description of the (self-development training) initiative. (NOTE: THIS ITEM ONLY REQUIRES A RESPONSE IF THE PREVIOUS ITEM WAS MARKED "YES".)

Sandburg offers professional development funds for training, tuition support, conferences, association and professional memberships. Opportunities are offered to all employees in accordance with policy 2.10 concerning Equal Employment Opportunity.

Are there other initiatives in place to help provide for promotion of Asian American employees to report for your institution?

The Harper College Diversity and Inclusion Scorecard is a management accountability tool developed to support the institution’s ongoing mission of fostering campus inclusion. The scorecard is comprised of four categories: Recruitment and Advancement, Retention, Service and Professional Development, and Student Opinion and Satisfaction – each of which is outlined in the operational definitions. These metrics while not exhaustive provide insight into areas in which the greatest impact can be made in creating a more inclusive campus both for employees and students. At present, reports are given to the Board of Trustees regarding recruitment but these are informational only.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The college will continue to advertise in diversity-specific venues to attract Asian-American applicants. The college will also continue to mandate training classes for all employees who plan to participate in supervisory, faculty or administrator searches so that they can be educated on diversity issues, legal compliance and cultural competency in the hiring process. Continually review and update the College Website to continue to create a more welcoming environment and to encourage individuals from under-represented groups to apply. Continue to maintain and expand the Diverse Faculty Fellow program to increase the number of individuals from underrepresented groups who become employees.

Many strategies have been put in place to raise achievement levels of all students. Examples of those initiatives include closer curriculum alignment work with our district high schools, multiple measures for placement, developmental education reform, creation of a first year seminar course, and a new case management academic advising approach. With our new case management advising model (implemented in FY18) all new degree-seeking students are assigned an advisor upon entry who stays with that student until completion. The advisor helps the student to develop a semester-by-semester academic plan to meet his/her intended goals and serves as a point person to guide the student through his/her Harper experience. The College provides programs such as Summer Scholars, One Million Degrees and the Women’s Program. All are targeted at assisting populations of traditionally underrepresented students including low-income, first-generation and minority students. Each program provides additional supports and financial assistance to students participating in those programs. The College has emergency funds available to all students, as well as Hawks Care resources -- free food, personal hygiene supplies, school supplies, lunch/grocery/gas cards and other resources. Lastly, the College provides Asian students the opportunity to engage through our Indian Pakistani Student Club.

The College advanced a presidential task force on diversity and inclusion that has immersed itself in efforts to report on and provide recommendations for enhancing our commitment to diversity and inclusion. Employment gaps for minority populations as related to the district population and student population were identified and recommendations to address the disparity are being advanced. Other work of the task force involved administration of a short climate survey to employees (and students).

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Outcomes of the presidential task force on diversity and inclusion are intended to help inform College practices for hiring diverse staff. Generally, we have looked to post position openings broadly and across multiple channels. As appropriate, this could include advertising positions on diversity-oriented online job boards and websites, and utilizing diversity and inclusion email distribution lists. The College provides training to applicant review team members and supervisors.

HCC has comprehensive student support services in place to assist all students in overcoming academic and personal barriers. In addition to ESL programming, the College continues to provide an Academic English Language Program to prepare nonnative English speakers for college-level coursework. HCC utilizes a specialized support team to assist international students, including those who are Asian language speaking. The Chinese Students Association aims to create an academic and interactive social environment for Chinese students and others interested in Chinese
culture to engage and share their experiences.

The College is actively creating and participating in trainings, programs, and events that support diversity and inclusion. These experiences are being collected and organized across campus through the ALL-INclusive initiative.

What percentage of your community college employees are union?

Less than 50%

Does your institution provide budget allocations specifically for the recruitment of Asian American faculty, administrators, or any level job category?

No

Provide the FY 2019 budget allocation(s) for each of these recruitment initiatives for Asian American faculty, administrators, or any level job category. (NOTE: THIS ITEM ONLYRequires A RESPONSE IF THE PREVIOUS QUESTION RECEIVED A "YES" RESPONSE.)

We allocate budget resources for recruitment of a diverse applicant pool, but don't allocate specific amounts for
distinct underrepresented populations.

This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

Highland has an Affirmative Action Committee whose charge is to review and make recommendations to College policies related to consistency with applicable laws regarding equal opportunity for employment; annually review the College's Affirmative Action Plan; ensure search committees meet their affirmative action responsibilities; assist Human Resources with training for search committees; and participate with search process improvement discussions.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Highland continues to try different recruitment venues to reach a more diverse candidate pool, including Asian American applicants. Following the conclusion of a search, information from applicants, particularly from underrepresented groups, is reviewed to determine how candidates found out about the open position. That data is used to determine where future job openings are posted. We also communicate with other Illinois community colleges to learn about new job posting sites they have used to successfully attract diverse applicants. Highland is also part of a local organization that share recruitment resources to reach a broader applicant base.

Does your institution implement employment incentives to attract Asian American employees such as any of the following (please select all that apply):

- Community Linkages
- For Asian American employees not part of the tenure system at your institution are the following initiatives in place to help provide for promotion? If yes, please provide a dot point of the initiative(s).

JJC has a general budget for recruitment. The College supports diversity & inclusion through a number of
initiatives; using strategic recruitment sources, attending diversity job fairs, and alignment w/ the College’s Diversity Inclusion plan.

This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

The President’s Diversity & Inclusion Council recently conducted a climate survey in Spring 2019 to gather information from staff, faculty and students. This survey was used to develop the current Diversity, Equity & Inclusion plan in which goals and objectives were formulated to address feedback from the survey. Additionally, the College routinely runs metric reports which monitor applicant yield, provides demographic information on hiring/retention and helps shape initiatives and recruitment strategies.

To ensure a fair and equitable hiring process for all candidates, HR staff, as well as administrators and other hiring personnel receive "search committee" training prior to serving in a hiring (or recommendations ) capacity. In this training, the college’s commitment statements towards affirmative action, EEO, diversity and inclusion are discussed. As a hiring manager is preparing for a search, they consult with the HR Employment Coordinator who will assist in establishing the recruitment and/or advertising plan. The college has implemented very consistent evaluation tools such as a screening matrix and train the hiring personnel how to appropriately use the tools. If there are instances where the integrity of the search is compromised in any manner the search may be extended, candidate may be re-examined or the search may be canceled. The importance of the College’s Diversity, Equity & Inclusion plan is stressed to all managers and is to be utilized when conducting any search.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Diversity and inclusion has been an area of high priority in regards to recruitment, hiring and promoting women, minorities, individuals with disabilities and veterans. The Human Resources Department has expanded these efforts by partnering with HigherEdJobs.com, Diversityjobs.com, attending diversity recruitment fairs, and sharing job postings through social media, word of mouth and physical postings on campus while aligning with recommendations from the President’s Cabinet and the Diversity & Inclusion Council.

In fiscal year 2019, the college worked to achieve an increase in the percentage of minority hires for both adjunct faculty and staff which is now the second year of seeing increases in both areas. These improvements are particularly significant as the college aspires to increase diversity among faculty and senior leadership. This will continue to be a goal for Human Resources and the institution as a whole.

GED classes will now be offered again in the Kankakee County jail. State budget cuts prompted the suspension of the GED program in 2014, but a recent $64,169 grant from ICCB has allowed for its restoration. Studies have shown the recidivism rate among inmates falls for those who earn a GED in custody (32%) compared to those who don't (37%). Inmates can benefit by earning the skills necessary to find a position in the workplace rather than in the criminal justice system. Society, as a whole, can benefit as well, as the success of the program can lower crime rates and the financial burden of housing inmates.

Additionally, KCC will continue to maintain ties with the local Asian community to recruit students and qualified candidates for employment.

While we are a rural college and do still have a need to advertise in local newspapers, the College has expanded recruiting to increase our candidate pool and be more effective with diversity hiring. As newspaper readership has declined and minority candidates utilize newspapers less than Caucasian readers, the College has utilized other resources such as using Indeed.com, posting vacancies on the College web site, on bulletin boards at the College and distributing information to community partners. Additionally the College has begun to utilize the Illinois Job Network. This resource is a widely used by Illinois job seekers.

What percentage of your community college employees are union?

Less than 50%

Does your institution provide budget allocations specifically for the recruitment of Asian American faculty, administrators, or any level job category?

No

This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.
Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

The College continues to utilize PeopleAdmin, a computer generated software program designed for Higher Education that encourages self-identification of all applications regarding race. Additionally, the College has an HR Recruiting Specialist, whose primary focus is to seek efficiencies in the employment process, including but not limited to seeking to enhance diversity. The Specialist reviews the minority representation of applicant pools and carefully reviews the credentials of all the Asian American applicants who meet the minimum requirements of the position for which the prospective employee applied. All such applicants are specifically defined as minority applicants for the viewing of all hiring committee members prior to the interview process. Qualified and reviewed minority applicants are all referred to hiring committee chairs by the Recruitment Specialist when appropriate.

The HR Recruitment Specialist is responsible for reviewing all open postings. She then assesses all minority applicants who meet minimum requirements of the position and makes recommendations for interview to the HR Director and or hiring committee chairs when appropriate.

As noted above, surveys for monitoring the recruitment and retaining of Asian American employees exists through software utilized by the HR Recruitment Specialist. The College does not currently have campus-wide committees that study or monitor the recruitment or retaining of such employees.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The composition of the College district is represented by approximately 1% Asian-American. As such, the College continues to maintain an interest in increasing representation of Asian-American employees throughout all divisions of our workforce in order to, at minimum, meet those comparison benchmarks within our workforce. Currently, the College’s workforce consists of representative percentages that either meet or exceed at these levels.

Most of the College’s job openings are posted via PeopleAdmin; this links all of our postings to Indeed, Monster, Simplyhired and Zip Recruiter as well as diversifying the College brand and job openings across multiple social media platforms so that we not only casting a regional, bi-state net, but in some cases we are also casting a nationwide net for positions on campus. Our Human Resource Recruitment Specialist notifies the hiring committee chairperson of all qualified applicants and further details any applicants who self-identify as Asian American. These applicants’ resumes are carefully considered by the search committee. Inclusion is valued among campus faculty, staff and students as evidenced by the results of the recent survey on diversity and inclusion which indicates that over 94% of respondents describe the L&C campus as very inclusive. The Human Resources department is actively engaged in seeking best practices from other institutions that utilize other recruiting platforms and software programs to attract more Asian-American candidates. Provided there are budgeted dollars available, the department will consider options to expand in these vital recruitment areas.

Does your institution implement employment incentives to attract Asian American employees such as any of the following (please select all that apply):

Are there other initiatives in place to help provide for promotion of Asian American employees to report for your institution?

No

This section of the survey will list specific initiatives and focus on what your institution has undertaken to further comply with the State of Illinois Asian American Employment Plan.

Please describe any strategies that your institution is developing to meet the increasing numbers and need of Asian languages speaking students and public that may want access to your institution.

District Enrolled Students 2015 Fall 2016 Fall 2017 Fall 2018 Fall 2019 Fall
All IPEDS Ethnicities 5,588 100% 4,622 100% 4,160 100% 3,895 100% 3,753 100%
Black or African American 499 8.9% 412 8.9% 412 9.6% 367 9.4% 407 10.38%

Non-High School Partnership Enrollment by Race (Fall 2015 to Fall 2019)

Not including Lewis and Clark Community College’s high school partnership enrollment numbers, IPEDS enrollments by ethnicities are increasing. African American students represent 10.8% of the total enrollment, up 1.4% over last fall. Asian enrollments represent 34 students or 0.9% of the total enrollment and Hispanic student enrollment is 101 students or 2.7% of the enrollment. All three represent increases over the previous years.

Retention of students shows the same positive trend.

Fall-to-Fall Retention Rate by Race

Since 2010, Lewis and Clark has pursued initiatives related to an ongoing institutional goal to increase access, retention and completion of Hispanic American, Asian and African American students. Certain initiatives have made a positive impact:

- Community recruitment of students by African American Enrollment staff;
- Work Study employment;
- Support services including tutoring, financial aid assistance, food pantry, library research, career services, and activities offered through the Diversity and Inclusion office.

In general, the more engagement of students with any of these support services positively effects retention.

Of particular note is the impact of campus employment for African American male students.

- Lewis and Clark Community College demographics continue to show very small populations of Asian American/Latino American students or representation in the District’s population. The college’s institutional goal of increasing access, support, retention and completion focuses on all students.
- The College’s Diversity Council annually includes programming to focus on Asian American/Latino American cultures.
- The Office of Diversity and Inclusion, provides referral to community services and on campus services, recruits and assists in the enrollment of minority students and consults with faculty and staff.

McHenry County College (MCC) collects robust recruitment data by way of Applicant Tracking and ERP Systems. Employment data to include Asian American employees is monitored, and analyzed periodically by the Human Resources Administration/Talent Management, and results of employment and/or departure of employees from the institution are shared with the College and Board of Trustees, Search Committees, Hiring Chairs, and other stakeholders. This valuable data is utilized to target efforts to advance diversity and inclusion initiatives for the college community.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Recommendations for approaches to increase the Asian American teaching/administrative staff and language speaking bilinguals at MCC are to continue regular analysis of data collected on efforts reported and furnished by Talent Acquisition and Management. Use collected data regarding employee demographics to set objectives for increasing the number of Asian American faculty, Staff and Administration. Continue initiatives detailed in the College's Affirmative Action, EEO & Diversity Program focused on increasing staff diversity. Continue community outreach to connect with the Asian American population to attract and increase applicant pools. Provide training for search committee members, hiring chairs/managers, and other employees to increase cultural competency in order to enhance and advance opportunities for recruitment/employment.

McHenry County College monitors not only the enrollment of Asian American students in programs and courses, but also the demographic growth projections and statistical data reporting from both McHenry County and the high
school districts contained within our service district. Regular admission of program review and assessment surveys also provide data on the needs of our students, their families and our community. Utilizing this information, the College will strategically seek candidates through our talent acquisition process to meet the needs of all students and community members to render effective service. The institution conducts assessments of provided services, student retention and academic achievement completion rates, and solicits recommendations for staffing from administrators who oversee departments/divisions rendering services to students. The College's Coordinator of Multicultural Affairs, under the Direction of the Assistant Vice Present of Student Affairs leads targeted outreach efforts. The College established values, institutional goals and objectives to "Attract, retain, engage, and value diverse and dynamic faculty, staff, and administrators." MCC Student Life programs are additional efforts to meet these unique needs, i.e. Affinity Student Organizations: First Generation Students, Asian American Club, etc.

Does your institution conduct internal studies, have surveys for monitoring the recruitment of Asian American employees, and have committees that monitor employment or departure of employees from the institution?

Rend Lake College does not conduct internal studies or have surveys to monitor the recruitment of Asian American employees. We make job postings as broadly as possible; trying to reach as many minorities as possible; however, despite our efforts there are very few Asian Americans that apply for open positions. Human Resources monitors the departures of all employees equally.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

The college is diligent in advertising open positions in many outlets to try and reach a diverse population of qualified applicants. The college offers tuition free dual credit classes in area high schools to try and encourage more Asian American students to seek higher education; therefore, hoping to see an increase in the applicant pool in near future. We also offer a competitive benefit package for full-time employees.
