INTRODUCTION

Fiscal year 2016 is the fifth year that community colleges, public universities, and state agencies have been asked to furnish Asian American Employment Plans. The Illinois Community College System consists of 48 colleges that blanket the state and provide equal education, training, and employment opportunities to all individuals. A map of the System appears on the next page. College officials recognize that a diverse faculty, staff, and student body enriches and improves the educational environment for everyone. These new reporting requirements allow colleges to provide additional information about their efforts to hire and promote individuals who are Asian American. The report compliments activities and initiatives that are described in the annual Illinois Community College System Underrepresented Groups Report which addresses legislative reporting requirements in the Board of Higher Education Act (Sec. 8. and Sec. 9.16. http://www.ilga.gov/legislation/ilcs/ilcs3.asp?ActID=1080&ChapterID=18). Underrepresented groups reporting aims to increase participation and achievement among students who are academically or financially at risk, including minorities, women, and individuals with disabilities, as well as first-generation students and low-income students. Recent editions of the Underrepresented Groups Reports are available on the ICCB website https://www.iccb.org/data/?page_id=33. Other complementary initiatives are the African American Employment Plan Survey (S.B. 3531/P.A. 96-1341 http://www.ilga.gov/legislation/publicacts/fulltext.asp?Name=096-1341&GA=96), the Hispanic Employment Plan Survey and the Bilingual Needs and Bilingual Pay Survey (SB 387/P.A. 96-1286 http://www.ilga.gov/legislation/publicacts/fulltext.asp?Name=096-1286&GA=96). These reports provide an annual assessment of initiatives and progress in hiring and promoting African Americans and Hispanics at local community colleges.

The Asian American Employment Plan Survey Report begins with demographic information about the state of Illinois, and annual community college credit program enrollments, completions, and staffing. Then individual college responses to standardized surveys addressing components of the legislation are provided. These surveys were adapted from forms developed by the State of Illinois’ Department of Central Management Services. To provide continuity across higher education reporting, the same forms community colleges completed were used to gather information from public universities by the Illinois Board of Higher Education.
DEMOGRAPHIC INFORMATION

This section of the report provides an overview of the racial/ethnic composition of the State of Illinois’ population, students enrolled in community college credit programs, graduates, and college faculty and staff. Illinois census data are provided to offer an external reference point for reviewing Illinois Community College System information. Community college demographic data on credit students and completers are gathered from the colleges through the Annual Enrollment and Completion (A1 and A2) submissions. Analyses are included about the racial/ethnic distribution of community college credit students for selected broad program areas (PCS). Staffing data referenced in the following pages are from the Annual Faculty, Staff, and Salary submission (C3).

State of Illinois’ Racial/Ethnic Distribution – State census data and population estimates show that Illinois’ population was nearly 12.86 million in 2015 compared to 12.83 million in 2010 and 12.42 million in 2000. (http://www.census.gov/census2000/states/il.html, http://www.census.gov/, 2010census Select Illinois, and 2016 Index of Need, Table 1 https://www.iccb.org/iccb/wp-content/pdfs/reports/IndexOfNeed Tables_2016.pdf) These Illinois census data and population estimates indicate that the state’s population grew 3.5 percent between 2000 and 2015. Illinois’ 2015 census estimate shows that Whites/Caucasians remained the largest racial/ethnic group. However, minority populations were responsible for Illinois’ overall population growth from 2000 to 2015, as the percent of Caucasians decreased from 73.5 percent to 70.5 percent of the population. (http://www.census.gov/prod/2002pubs/c2kprof00-il.pdf and 2016 Index of Need, Table 1 https://www.iccb.org/iccb/wp-content/pdfs/reports/IndexOfNeedTables_2016.pdf).

The racial/ethnic data collection methodology changed for the 2000 census and continued in the 2015 census data. The 2015 census data showed that 1.9 percent of all Illinoisans identified themselves as two or more races. These individuals are included in the “Some Other Race**” column in Table 1 below. The question on Hispanic ethnicity was asked independently from an individual’s race beginning in 2000 and is reflected in the data in the table. These duplicated Hispanic population counts show substantial growth, from 1,530,262 in 2000 to 2,175,116 in 2015 (http://www.census.gov/prod/2002pubs/c2kprof00-il.pdf and 2016 Index of Need, Table 1 https://www.iccb.org/iccb/wp-content/pdfs/reports/IndexOfNeedTables_2016.pdf).

Illinois’ largest minority group in 2000 was African American and in 2015 was Hispanic. Compared to 2000, African American counts in 2015 decreased from 15.1 percent to 14.7 percent, whereas Asian American counts increased from 3.4 percent to 5.6 percent, Native American from 0.2 percent to 0.6 percent, and Hispanic counts from 12.3 percent to 16.9 percent.

Racial/Ethnic Distribution Community College System Credit Programs

Overall in fiscal year 2016, minority students accounted for 43.1 percent of the individuals enrolled in credit coursework at Illinois community colleges whose ethnicity was known. Race/ethnicity classifications were aligned with U.S. Department of Education collection and reporting standards. Fiscal year 2016 data show that minority representation was similar to the prior year (fiscal year 2015 = 41.4 percent). Fiscal year 2016 results are above the five-year average (41.0 percent). Students identifying themselves as Hispanic students – 120,494 in fiscal year 2016 – accounted for the largest number of minority enrollments this year. African American students – 81,478 in fiscal year 2016 – constitute the second largest minority group in the latest data. Asian American students – 26,357 in fiscal year 2016 – constitute the third largest minority group enrolled in the Illinois Community College System. The fiscal year 2016 proportionate representation by Hispanic students was higher by nearly two percentage points in comparison to the prior year (21.2 percent in fiscal year 2016 versus 19.6 percent in fiscal year 2015). While African American students accounted for the largest number of minority enrollments in fiscal year 2012 for the first time since fiscal year 1999, the fiscal year 2016 African American student proportional representation was lower in comparison to the prior year (14.4 percent in fiscal year 2016 versus 15.8 percent in fiscal year 2015). Over the longer term – over the past five years – a decrease in the Illinois Community College System’s minority enrollments was noted among students identifying themselves as Pacific Islander (-68.9 percent), Native American (-47.3 percent), African American (-30.5 percent), and Asian American (-14.7 percent), while an increase was noted among students identifying themselves as Non-Resident Alien (113.3 percent) and Hispanic (6.9 percent).

Student racial/ethnic representation varies across broad program areas (PCS). Table 2 contains information about the racial/ethnic distribution of Adult Education (ABE/ASE) and English-as-a-Second Language (ESL) enrollments. Minority students accounted for over three-fourths (76.0 percent) of the individuals enrolled in community college Adult Education coursework. In fiscal year 2016, Hispanic students accounted for over forty percent of adult education enrollments and African American students for over one-fourth of those enrollments (43.4 percent and 27.6 percent, respectively). Additionally, minority students accounted for more than eight out of every ten (83.2 percent) individuals enrolled in community college ESL coursework during fiscal year 2016. Hispanic students accounted for nearly two-thirds (65.2 percent) of the community college ESL students, followed by Asian American students (11.6 percent) and African American students (5.0 percent).

Table 3 provides the distribution of minority students enrolled in Baccalaureate/Transfer and Career/Technical programs. During fiscal year 2016, minorities comprised about four out of every ten (41.1 percent) Baccalaureate/Transfer enrollees. An examination of each minority racial/ethnic group’s representation across the Baccalaureate/Transfer program area indicates that Hispanic students accounted for the largest minority group enrollments (19.1 percent), followed by African American students (13.4 percent), Asian American students (5.0 percent).
percent), students of Two or More Races (2.5 percent), Nonresident Alien students (0.6 percent), Native American students (0.3 percent), and Pacific Islander students (0.2 percent). Table 3 also shows that one-third of students enrolled in career and technical programs were members of a minority group (33.4 percent). Hispanic students had the highest representation among minorities in Career/Technical programs and accounted for 14.2 percent of the population. African American students had the second largest Career/Technical program enrollment (13.1 percent), followed by Asian American students (3.6 percent), students of Two or More Races (1.6 percent), Nonresident Alien students (0.4 percent), Native American students (0.3 percent), and Pacific Islander students (0.2 percent).

Table 3 shows that in fiscal year 2016, minority faculty and staff accounted for 17.7 percent of tenured faculty/officials and managers (a 0.5 percent increase from fiscal year 2015), 15.3 percent of non-tenured faculty (a 5.0 percent decrease from fiscal year 2015), 27.9 percent of professional staff/protective service workers (a 3.8 percent increase from fiscal year 2015), 29.7 percent of office and clerical/para-professionals (a 7.8 percent decrease from fiscal year 2015), and 41.8 percent of service maintenance employees (a 3.5 percent decrease from fiscal year 2015).

**SOURCE OF DATA:** Annual Faculty, Staff, and Salary (C3) Submissions

Faculty, staff, administrators, and board members at each community college accept the responsibility of meeting the needs and demands of the area community and their constituents. To thrive in the competitive higher education marketplace, community colleges have adopted a strong customer and community focus. Hence, the colleges continue striving to reflect the communities in which they are located.

An important component of the Asian American Employment Plan Report is identifying the Community College District Utilization Rate for Asian American employees. It was calculated as each college’s percentage of overall Asian American district population (16 years and older) minus the percentage of Asian American faculty and staff (Tenured Faculty/Executive/Administrative; Non-Tenured Faculty/Adjunct Faculty; Professional Staff/Protective Service Workers; Office & Clerical/Para-professionals; and Service Maintenance employment classification) at each community college. A negative utilization rate demonstrates underrepresentation of Asian Americans in the workforce. Please see Table 5, Table 6, and Table 7 for detailed information.

ECC’s commitment to diversity, equity, and inclusion is ingrained in the college’s strategic plan as well as the college’s EEO/AA policies and procedures. ECC is also one of a few Illinois community colleges that participate in the national Achieving the Dream initiative. ECC has developed a college wide Student Success Infrastructure model that connects all aspects of the college to student success. The committee/task force members assist the president in defining, planning for, and implementing infrastructures to build and sustain cultural competence in the areas of diversity, equity, and inclusion. The CMCO is responsible for developing and executing community relations strategies that effectively support and achieve the vision, mission, goals and objectives of the college. Members of the Alliance for College Readiness work in faculty and staff teams to establish a common understanding of college and career readiness, to better align curriculum and instruction and to foster effective communication systems between students, educators, and parents. ECC employees maintain memberships to minority professional associations and societies. The ECC Human Resources Department tracks demographic information of applicants who submit an ECC application for employment. Applicants respond to questions related to multiculturalism during the application and interview process. Anyone participating in the hiring process is required to complete cultural competency training. The college also offers a series of in-service professional development opportunities related to diversity, inclusion, and equity.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

IVCC has an established Affirmative Action Policy and procedures for the hiring process. All selection committee members are trained on the policy and procedures prior to serving on the committee. Key characteristics are required for each open position based on the job description and all applications are scored using these key characteristics. Application materials include a cover letter, resume, and application form. Using the key characteristics ensures the selection committee is evaluating candidates on job-related criteria. We also “reach” further down the scoring sheet, when possible, to include minorities in our interview pool.
