INTRODUCTION

Fiscal year 2017 is the sixth year that community colleges, public universities, and state agencies have been asked to furnish Asian American Employment Plans. The Illinois Community College System consists of 48 colleges that blanket the state and provide equal education, training, and employment opportunities to all individuals. A map of the System appears on the next page. College officials recognize that a diverse faculty, staff, and student body enriches and improves the educational environment for everyone. These reporting requirements allow colleges to provide additional information about their efforts to hire and promote individuals who are Asian American. The report compliments activities and initiatives that are described in the annual Illinois Community College System Underrepresented Groups Report which addresses legislative reporting requirements in the Board of Higher Education Act (Sec. 8. and Sec. 9.16. http://www.ilga.gov/legislation/ilcs/ilcs3.asp?ActID=1080&ChapterID=18). Underrepresented groups reporting aims to increase participation and achievement among students who are academically or financially at risk, including minorities, women, and individuals with disabilities, as well as first-generation students and low-income students. Recent editions of the Underrepresented Groups Reports are available on the ICCB website (https://www.iccb.org/data/?page_id=33). Other complementary initiatives are the African American Employment Plan Survey (S.B. 3531/P.A. 96-1341 http://www.ilga.gov/legislation/publicacts/fulltext.asp?Name=096-1341&GA=96), the Hispanic Employment Plan Survey, and the Bilingual Needs and Bilingual Pay Survey (SB 387/P.A. 96-1286 http://www.ilga.gov/legislation/publicacts/fulltext.asp?Name=096-1286&GA=96). These reports provide an annual assessment of initiatives and progress in hiring and promoting African Americans and Hispanics at local community colleges.

The Asian American Employment Plan Survey Report begins with demographic information about the state of Illinois, and annual community college credit program enrollments, completions, and staffing. Then individual college responses to standardized surveys addressing components of the legislation are provided. These surveys were adapted from forms developed by the State of Illinois’ Department of Central Management Services. To provide continuity across higher education reporting, the same forms community colleges completed were used to gather information from public universities by the Illinois Board of Higher Education.
DEMOCRATIC INFORMATION

This section of the report provides an overview of the racial/ethnic composition of the State of Illinois’ population, students enrolled in community college credit programs, graduates, and college faculty and staff. Illinois census data are provided to offer an external reference point for reviewing Illinois Community College System information. Community college demographic data on credit students and completers are gathered from the colleges through the Annual Enrollment and Completion submissions (A1 and A2). Analyses are included about the racial/ethnic distribution of community college credit students for selected broad program areas (PCS). Staffing data referenced in the following pages are from the Annual Faculty, Staff, and Salary submission (C3).

Minority populations were responsible for Illinois’ overall population growth from 2000 to 2016.

State of Illinois’ Racial/Ethnic Distribution – State census data show that Illinois’ population was 12.80 million in 2016 compared to 12.83 million in 2010, and 12.42 million in 2000 (http://www.census.gov/prod/2002pubs/c2kprof00-il.pdf, http://www.census.gov/2010 census/ Select Illinois, and 2017 Index of Need, Table 1 https://www.iccb.org/iccb/wp-content/pdfs/reports/IndexOfNeedTables_2017.pdf). These detailed Illinois census data indicate that the state’s population grew 3.1 percent between 2000 and 2016. The state population, however, decreased 0.2 percent between 2010 and 2016. Illinois’ 2016 census estimate shows that White/Caucasian remained the largest racial/ethnic group. However, minority populations were responsible for Illinois’ overall population growth from 2000 to 2016, as the percent of Caucasians decreased from 73.5 percent to 71.0 percent of the population (http://www.census.gov/prod/2002pubs/c2kprof00-il.pdf and 2017 Index of Need, Table 1 https://www.iccb.org/iccb/wp-content/pdfs/reports/IndexOfNeedTables_2017.pdf).

The racial/ethnic data collection methodology changed for the 2000 census and continued in the 2016 census data. The 2016 census data showed that 1.9 percent of all Illinoisans identified themselves as two or more races. These individuals are included in the “Some Other Race***” column in Table 1 below. The question on Hispanic ethnicity was asked independently from an individual’s race beginning in 2000 and is reflected in the data in the table. These duplicated Hispanic population counts show substantial growth, from 1,530,262 in 2000 to 2,170,150 in 2016 (http://www.census.gov/prod/2002pubs/c2kprof00-il.pdf and 2017 Index of Need, Table 1 https://www.iccb.org/iccb/wp-content/pdfs/reports/IndexOfNeedTables_2017.pdf).

Illinois’ largest minority group in 2000 was African American and in 2016 was Hispanic. Compared to 2000, African American counts in 2016 decreased from 15.1 percent to 14.7 percent, whereas Asian American counts increased from 3.4 percent to 5.6 percent, Native American from 0.2 percent to 0.6 percent, and Hispanic counts from 12.3 percent to 17.0 percent.

Racial/Ethnic Distribution Community College System Credit Programs

Overall in fiscal year 2017, minority students accounted for 44.1 percent of the individuals enrolled in credit coursework at Illinois community colleges whose ethnicity was known. Race/ethnicity classifications were aligned with U.S. Department of Education collection and reporting standards. Fiscal year 2017 data show that minority representation was similar to the prior year (fiscal year 2016 = 43.1 percent). Fiscal year 2017 results are above the five-year average (41.9 percent). Students identifying themselves as Hispanic students – 118,454 in fiscal year 2017 – accounted for the largest number of minority enrollments this year. African American students – 72,143 in fiscal year 2017 – constitute the second largest minority group enrolled in the Illinois Community College System. The fiscal year 2017 proportionate representation by Hispanic students was higher by about one percentage point in comparison to the prior year (22.3 percent in fiscal year 2017 versus 21.2 percent in fiscal year 2016). While African American students accounted for the largest number of minority enrollments in fiscal year 2012 for the first time since fiscal year 1999, the fiscal year 2017 African American student proportional representation was lower in comparison to the prior year (13.6 percent in fiscal year 2017 versus 14.4 percent in fiscal year 2016). Over the longer term – over the past five years – a decrease in the Illinois Community College System’s minority enrollments was noted among students identifying themselves as Pacific Islander (-77.5 percent), Native American (-58.3 percent), African American (-35.3 percent), and Asian American (-15.5 percent), while an increase was noted among students identifying themselves as Nonresident Alien (186.6 percent) and Hispanic (1.6 percent).

Student racial/ethnic representation varies across broad program areas (PCS). Table 2 contains information about the racial/ethnic distribution of Adult Education (ABE/ASE) and English-as-a-Second Language (ESL) enrollments. Minority students accounted for about three-fourths (74.2 percent) of the individuals enrolled in community college Adult Education coursework. In fiscal year 2017, Hispanic students accounted for over forty percent of adult education enrollments and African American students for over one-fourth of those enrollments (42.1 percent and 26.3 percent, respectively). Additionally, minority students accounted for more than eight out of every ten (82.2 percent) individuals enrolled in community college ESL coursework during fiscal year 2017. Hispanic students accounted for nearly two-thirds (62.7 percent) of the community college ESL students, followed by Asian American students (11.9 percent) and African American students (5.5 percent).

Table 3 provides the distribution of minority students enrolled in Baccalaureate/Transfer and Career and Technical Education (CTE) programs. During fiscal year 2017, minorities comprised about four out of every ten (42.6 percent) Baccalaureate/Transfer enrollees. An examination of each minority racial/ethnic group’s representation across the Baccalaureate/Transfer program area indicates that Hispanic students accounted for the largest minority group
enrollments (20.5 percent), followed by African American students (12.8 percent), Asian American students (5.2 percent), students of Two or More Races (2.9 percent), Nonresident Alien students (0.9 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). Table 3 also shows that about one-third of students enrolled in Career and Technical Education programs were members of a minority group (34.4 percent). Hispanic students also had the highest representation among minorities in Career and Technical Education programs and accounted for 15.7 percent of the population. African American students had the second largest Career and Technical Education program enrollment (12.3 percent), followed by Asian American students (3.7 percent), students of Two or More Races (1.8 percent), Nonresident Alien students (0.5 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent).

SOURCE OF DATA: Annual Enrollment and Completion (A1)

The following section of the report supplies information about the racial/ethnic characteristics of students who graduated in fiscal year 2017. It provides a point-in-time or cross-cutting count of the number of degrees and certificates awarded to minority students within the Illinois Community College System during fiscal year 2017.

During fiscal year 2017, nearly twice as many minority graduates completed Career and Technical Education degrees and certificates than Baccalaureate/Transfer degrees. Across all minority groups in 2017, Career and Technical Education program graduates far outnumbered Baccalaureate/Transfer program graduates. Table 4 shows that during fiscal year 2017, nearly twice as many minority graduates completed Career and Technical Education degrees and certificates (N = 13,983) than Baccalaureate/Transfer degrees (N = 8,212). Minority students accounted for 34.0 percent of all Career and Technical Education graduates, compared to 38.8 percent of Baccalaureate/Transfer graduates. Hispanic students accounted for the largest minority group completions in Career and Technical Education programs (15.6 percent), followed by African American students (12.0 percent), Asian American students (3.6 percent), students of Two or More Races (1.9 percent), Nonresident Alien students (0.6 percent), Native American students (0.3 percent), and Pacific Islander students (0.1 percent). The fiscal year 2017 proportional representation of the Hispanic Career and Technical Education program graduates (15.6 percent) was higher by 1.2 percentage points from fiscal year 2016 (14.4 percent). Hispanic students also accounted for the largest group of Baccalaureate/Transfer minority graduates (20.7 percent), followed by African American students (10.3 percent), Asian American students (4.2 percent), students of Two or More Races (2.3 percent), Nonresident Alien students (0.9 percent), Native American students (0.2 percent), and Pacific Islander students (0.1 percent). The fiscal year 2017 proportional representation of the Hispanic Baccalaureate/Transfer graduates (20.7 percent) was higher by 1.9 percentage points from the prior year (18.8 percent).

**SOURCE OF DATA:** Annual Faculty, Staff, and Salary (C3) Submissions

In fiscal year 2017, Asian American faculty and staff accounted for 3.9 percent of tenured faculty/officials and managers, 3.9 percent of non-tenured faculty, 3.5 percent of professional staff/protective service workers, 2.8 percent of office and clerical/para-professionals, and 1.2 percent of service maintenance employees. Figure 1 shows the Asian American employee counts in comparison to the White employee counts at Illinois Community Colleges in fiscal year 2017.
Faculty, staff, administrators, and board members at each community college accept the responsibility of meeting the needs and demands of the area community and their constituents. To thrive in the competitive higher education marketplace, community colleges have adopted a strong customer and community focus. Hence, the colleges continue striving to reflect the communities in which they are located.

An important component of the Asian American Employment Plan Report is identifying the Community College District Utilization Rate for Asian American employees. It was calculated as each college’s percentage of overall Asian American district population (16 years and older) minus the percentage of Asian American faculty and staff (Tenured Faculty/Executive/Administrative; Non-Tenured Faculty/Adjunct Faculty; Professional Staff/Protective Service Workers; Office & Clerical/Para-professionals; and Service Maintenance employment classifications) at each community college. A negative utilization rate demonstrates underrepresentation of Asian Americans in the workforce. Please see Table 6, Table 7, and Table 8 for detailed information.

Does your institution provide budget allocations specifically for the recruitment of Asian American faculty, administrators, or any level job category?  

No

Provide the FY17 budget allocation(s) for each of these recruitment initiatives for Asian American faculty, administrators, or any level job category. (NOTE: THIS ITEM ONLY REQUIRES A RESPONSE IF THE PREVIOUS QUESTION RECEIVED A "YES" RESPONSE.)

Carl Sandburg College does not have a specific budgetary line item for Asian American Employment Initiatives. All hiring situations are administered using our hiring process. The College treats all applicants with fairness and equity.

This section of the survey will list all activities your institution has undertaken that would help in the implementation of the State of Illinois Asian American Employment Plan for Higher Education.

What steps has your institution undertaken to ensure that Human Resource staff, responsible for hiring, interviewing, recruitment and Equal Employment Opportunity (EEO) are complying with legislative mandates for the Asian American Employment Plan for Higher Education?
The objective of increased employment diversity at Carl Sandburg College is strategic, not compliance-driven. The College believes that the educational experience is enriched through diversity in its people, curricula, and environment. The Diversity Statements affirms this, stating that "Carl Sandburg is a community of lifelong learners that welcomes, values, and respects diversity. The College fosters a climate of mutual respect that celebrates diversity by embracing our similarities as well as our differences. We demonstrate this commitment by serving students, faculty, staff and community members with fairness and equality." Our objectives are to (1) Shape an environment that recognizes the need for diversity, (2) Create opportunities for all within the College community to interact with understanding, tolerance, and respect for others, and (3) Promote sensitivity to individual needs and aspirations of those throughout the College Community. Fulfilling these objectives has led to the implementation of annual diversity training for all employees, required diversity training prior to interviews for Human Resources staff and interview committee members, and an on-campus diversity seminar.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.

Carl Sandburg College advertises to recruit diverse applicants for new and vacant positions. The College routinely conducts reviews of all employment processes for compliance and improvement opportunities. Also, the college has continued to use employment software and advertises job opportunities on Diversejobs.net. The College's Strategic Plan includes a key performance indicator specific to recruiting qualified and diverse applicants. These changes were made in order to connect with a more diverse population of potential candidates.

Does your institution implement employment incentives to attract Asian American employees such as any of the following (please select all that apply):

- All potential applicants, interviewees, and employees are treated with equality. All new faculty are included in a mentorship program.

For Asian American employees not part of the tenure system at your institution are the following initiatives in place to help provide for promotion? If yes, please provide a dot point of the initiative(s).

HR staff, as well as administrators and other hiring personnel receive search committee training prior to serving in a hiring (or recommendation) capacity. In this training, the college’s commitment statements towards affirmative action, EEO, diversity and inclusion are discussed. As a hiring manager is preparing for a search, they consult with the HR department who will assist in establishing the recruitment and/or advertising plan. The college has implemented very consistent evaluation tools such as a screening matrix, and trains the hiring personnel how to appropriately use the tools. If there are instances where the integrity of the search is compromised in any manner the search may be extended, candidate may be re-examined or the search may be canceled.

Please provide recommendations for increasing the number of Asian American teaching/administrative staff and any Asian language speaking bilinguals at your institution.
IVCC’s Board of Trustees has adopted an Affirmative Action Policy. The Equal Employment Opportunity statement is incorporated in the following publications and forms: purchase orders, leases, construction contracts, purchasing guidelines, college catalog, faculty handbook, employee guidebook, and other publications where necessary. All job vacancies include the equal opportunity statement. In addition, IVCC participates in many local and regional recruitment events. We advertise all open positions on our Career Services site and through the local unemployment office. The College advertises in many publications and on many websites geared toward diverse applicants including Diverse Issues in Higher Education, Hispanic Outlook, Diversifying Faculty in Illinois, and diversejobs.com. The College reaches out across the nation for Hispanic teaching/administrative staff by conducting a nationwide search utilizing the Chronicle of Higher Education and higheredjobs.com. We also reach further down the scoring sheet, when possible, to include minorities in our interview pool.

While we are a rural college and do still need to advertise in local newspapers the College has expanded recruiting to expand our candidate pool and be more effective with diversity hiring. As newspaper readership has declined and minority candidates utilize newspapers less than Caucasian readers the College has utilized other resources such as using Indeed.com (one of the nation’s largest employment search websites), posting jobs on the College website, on bulletin boards at the College and distributing to community partners. Additionally this fiscal year the college is starting to utilize the Illinois Job Network. This resource is a widely used resource for unemployed Illinois job seekers. Unemployment is highest with diverse candidates so this should further enhance our diversity recruiting efforts.

The College continues to utilize PeopleAdmin, a computer generated software program designed for Higher Education that encourages self-identification of all applicants regarding their race. Additionally, the College has an HR Recruiting Specialist, whose primary focus is to seek efficiencies in the employment process, including but not limited to seeking to enhance diversity. The Specialist reviews the minority representation of applicant pools and carefully reviewed the credentials of all the Asian American applicants who meet the minimum requirements of the position for which they applied. All such applicants are specifically defined and set apart as minority applicants for the viewing all hiring committee members prior to the interview process. Qualified and reviewed minority applicants are all referred to hiring committee members by the Recruitment Specialist.

All of the College’s job openings are posted via PeopleAdmin; this links all of our postings to Indeed, Monster, the St. Louis Post-Dispatch (list others) so that we not only cast a regional, bi-state net, but in some cases a nationwide net for certain positions on campus. Our Human Resource Recruitment Specialist notifies the hiring committee chairperson of all qualified applicants and further details any applicants who self-identify as Asian. These applicants’ resumes are carefully considered in each case by the Specialist. Scheduling interviews with these applicants is highly encouraged and welcome by the search committee. Inclusion is a very high value among campus faculty, staff and students as evidenced by the results of the recent survey on diversity and inclusion which indicates that over 94% of respondents describe the L&C campus as very inclusive.

- Human Resources professionals will attend affirmative action related seminars and workshops on a regular basis.
- Human Resources has developed and presented a workshop for search committee members on diversity sensitivity and effective interviewing issues. Attendees are certified as able to serve on search committees.
- Designated HR staff will continue to meet with all search committees prior to applicant review to ensure compliance with all Equal Employment Opportunity laws and address Affirmative Action issues.
