- Sharing of Lessons Learned: Provide information about your project via webinar or at statewide events as requested, which may include presenting final project outcomes at an Academy or at the 2021 Forum for Excellence (September 2021).

An entity may apply for a grant but will not be eligible for a grant award until the entity has pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, www.grants.illinois.gov. The pre-qualification process also includes a financial and administrative risk assessment utilizing an Internal Controls Questionnaire. If applicable, the entity will be notified that it is ineligible for award as a result of the Dun and Bradstreet verification. The entity will be informed of corrective action needed to become eligible for a grant award.

Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM):
Each applicant (unless the applicant is an individual or Federal or State awarding agency that is exempt from those requirements under 2 CFR § 25.110(b) or (c), or has an exception approved by the Federal or State awarding agency under 2 CFR § 25.110(d)) is required to:

Applicants must demonstrate that they meet all requirements under this NOFO as described throughout. Applications that fail to meet the criteria as identified in Section C, "Eligibility Information" may not be scored and considered for funding. Submissions that are late or are in any way incomplete will not be considered for funding. Likewise, any submissions which contain unallowable expenditures will not be considered. The following criteria will be used to evaluate applications:

Capacity (20%)
• The applicant meets all criteria for an implementation team. Additional points will be awarded for applicants who demonstrate internal and external partnerships beyond the required 5 representatives.
• The applicant has documented that it has the institutional capacity to effectively implement and sustain the project.

• Labor market need is thoroughly demonstrated.
• Supporting data and documentation should be provided to support said need (district-level data on eligible population to be served, labor market information, etc).

Review and Selection Process:
A team of agency staff will use the criteria listed in this section of the NOFO to review the applications and will award points accordingly. Decisions to award grants and the funding levels will be determined per application based upon compliance with the requirements of this NOFO and the grant proposal. The ICCB holds the authority to fund or not fund applications based on the above criteria and applicants may not appeal the ICCB’s final funding decision based on their evaluation score. Applicants may, however, appeal the evaluation/selection process. This appeals process can be found within the Merit Based Review Policy on pages three and four.

Merit Based Review, 2 CFR 200.204. For competitive grants unless prohibited by Federal statute, the Federal awarding agency must design and execute a merit review process for applications. This process must be described or incorporated by reference in the applicable funding opportunity (see Appendix I to this part, Full text of the Funding Opportunity.) See also Section 200.203 Notices of funding opportunities. An appeals process must be described and incorporated with the merit based review process.

Subsequently, a Notice of State Award (NOSA) will be distributed by the ICCB prior to the issuance of a grant agreement. The NOSA will specify terms and conditions added to the award based on the results of the fiscal and administrative internal control questionnaire and the programmatic risk assessment. All components as relayed above will be provided electronically to the email address provided by the recipient in the grant proposal. All applicants, funded or not funded, will be notified by June 30, 2020.
