This Notice of Funding Opportunity (NOFO) is intended to solicit a Renewal Proposal from currently ICCB IELCE funded programs (CFR 463.23) that work to achieve the purpose of Section 243 from Title II of the Workforce Innovation and Opportunity Act (WIOA) of 2014 which is to provide adult education and literacy services in order to

- Prepare adults who are English Language Learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency.
- Integrate with the local workforce development system and its functions to carry out the activities of the program.

IELCE program components provided in combination with Integrated Education and Training program must include Literacy and English Language Acquisition, Civics Education, and Workforce Preparation activities.

1.2 Program Information

This Renewal also provides for additional grantees, Year 2 (July 1, 2023 through June 30, 2024) funding for the FY2024 Integrated English Literacy and Civics Education Request for Proposal (July 1, 2022 – June 30, 2024) for carrying out the following program under WIOA Title II: Integrated English Literacy and Civics Education (Section 243)

Summary Statement from the State of Illinois Unified Plan

Under the federal Workforce Innovation and Opportunity Act (WIOA), the State of Illinois submitted a Unified State Plan that guides the partnership and program implementation of the four core partners including. The Department of Commerce and Economic Opportunity, the provider of Title I provides workforce services for adults, youth, and dislocated workers. The Illinois Community College Board (ICCB), the provider of Title II and administrator for Postsecondary Perkins provides Adult Education and Career and Technical Education services. The Illinois Department of Employment Security, the provider of Title III services, administers employment services and unemployment insurance. Title IV services, Vocational Rehabilitation, are provided by the Department of Human Services. Together, these core agencies support the vision and state goals in the State of Illinois Unified State Plan. The ICCB is seeking current adult education providers that will fulfill the requirements of the WIOA as outlined in the State Unified Plan.

Below are six essential strategies that underpin Illinois' commitment to engage and support all parts of our education, workforce, and economic development systems. These strategies complement the eight guiding principles of the Illinois Workforce Innovation Board Strategic Plan, including the identification of clear metrics for progress and success, for informing continuous improvement, system integration, and the identification

of innovative efforts and ultimately, the Governor's Executive Order 3 to strengthen the state's commitment to workforce development and job creation. They contain bedrock principles of holistic career pathway management for secondary, as well as postsecondary students and workers and demand-responsive solutions for employers. Within the operational planning section, activities associated with implementing these strategies are fully described.

- (1) *Coordinate Demand-Driven Strategic Planning at the State and Regional Levels.*
- (2) *Support Employer-Driven Regional Sector Initiatives.*
- (3) *Provide Economic Advancement for All Populations through Career Pathways.*
- (4) *Expand Service Integration.*
- (5) *Promote Improved Data Driven Decision Making.*
- (6) *Advance Public-Private Data Infrastructure.*

2. Program Priority: Establish a Career Pathway System

The elements and goals identified in the Adult Education Strategic Plan help to build a career pathways framework for the movement of adult learners into postsecondary education and training programs and employment. To achieve these goal priorities, this application will require eligible institutions to demonstrate how they will develop, enhance, and expand a career pathway system for adult learners. These services must include partnerships with core and required partner programs, local workforce development boards, employers, institutions of higher education, social service agencies, and others in order to develop a comprehensive approach to the delivery of adult education services.

A *Career Pathway* is defined under WIOA Section 3, as follows.

Career pathway means a combination of rigorous and high-quality education, training, and other services that—

- aligns with the skill needs of industries in the economy at the State or regional levels involved;
- prepares an individual to be successful in any of a full range of secondary or postsecondary education options, including apprenticeships;
- includes counseling to support an individual in achieving the individual's education and career goals;
- includes, as appropriate, education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster;
- organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates the educational and career advancement of the individual to the extent practicable;

- enables an individual to attain a secondary school diploma or its recognized equivalent, and at least 1 recognized postsecondary credential; and
- helps an individual enter or advance within a specific occupation or occupational cluster.

Providers proposing services under this Renewal are required and must demonstrate the ability to develop a career pathway program that provides opportunities for transitions into postsecondary education and training programs as well as into employment. Bridge Programs, Integrated Education and Training Programs, as well as Workforce Preparation Programs are critical components for adult education in contributing to a comprehensive career pathway system and must be designed to meet local or regional industry needs identified in the local area workforce plans.

3. Required and Allowable Services and Instructional Activities

Required services and activities as well as allowable service and instructional activities are detailed for Integrated English Literacy and Civics Education.

Required Activities (for all programs under this NOFO)

Under this Renewal, the ICCB envisions comprehensive Adult Education programs that will provide an array of instructional and support services designed to help students make smooth transitions within adult education and into postsecondary education/training and employment. The expectation is that applicants will propose services for all students, at all levels beginning at the low literacy levels through preparation for postsecondary education and employment that are aligned with the four goal statements in the Adult Education Strategic Plan “Expanding Career Pathways Opportunities in Adult Education” and meet the requirements and expectations per the Unified State Plan and WIOA. Each fiscal year, funded providers will carry out the following activities as described in Section 231(e) of WIOA as well as other requirements as designated by the ICCB:

Priority Services

- Scale effective strategies ***including the required bridge programs and Integrated Education and Training Models***, such as Integrated Career and Academic Preparation System (I-CAPS) or other approved integrated models that meet the required guidelines for the ICCB.

- Integrate technology focused instruction to improve learning and the skills necessary for success of students in adult education, and their transition into postsecondary education and employment. This includes, but is not limited to digital literacy, specific instructional software, distance education (i-Pathways), and the development of other technology skills needed for student success

Required Services

- Utilize Data to improve instruction and services to ensure Performance Accountability
- Focus on developing and expanding the use of subject matter experts, Specialists, and Master Teachers in English Language Acquisition, Special Learning Needs, Curriculum and Instruction, and Transitions Specialists to enhance instructional offerings and delivery
- Utilize evidence-based and integrated teaching methodologies that are based on research to prepare students for college and career readiness
- Prioritize transitioning students to postsecondary training and degree attainment, industry recognized credential attainment, and/or employment

Additionally, the ICCB would also picture an adult education Career Pathway system that has:

- Multiple entry points for all adult learners, including One-Stop locations
- Opportunities for students to increase their basic skills
- Accelerated learning opportunities that include Bridge and Integrated Education and Training Programs
- Structures that demonstrate how an individual transitions to each level of instruction/education and into postsecondary education and/or employment
- Collaborations with partners to connect adult learners to postsecondary education and employment opportunities
- Innovative approaches to build and deliver instruction that meets the needs of the adult learner and the workforce
- Concentrated, data-driven professional development activities that maximizes and supports quality teaching and learning in the classroom as well as supports the transition of adult learners to postsecondary education/training and employment
- Established partnerships with core and/or required partners to ensure enhanced student support services to smooth transitions to education/training and employment
- Consortia models that encompass all services through a seamless delivery of activities that provide comprehensive approaches to adult learners including basic skills instruction to transitioning adult learners and fulfills the employer and community needs

All funded programs will be reviewed either on-site or by desk review to ensure compliance with federal, state, and ICCB policies, regulations, and procedures. The GATA requirements are posted at <https://www.illinois.gov/sites/gata/Pages/default.aspx>.

Programs are expected to meet all FY24 performance targets as established by the ICCB. Programs will be closely monitored in order to assist struggling programs to improve National Reporting System performance at both the program and state level.

When examining program performance, it is expected that, at a minimum, programs will meet the state targets for level completion rates for Education Functioning Levels. The ICCB will specifically look at the number of NRS reportable students and, of that number, the overall percentage of students obtaining a level gain as determined by post-testing conducted within test publisher guidelines. Students pre-testing at and classified as ASE High students are excluded from this calculation.

6.3 Data Collection, Reporting, and Accountability

All funded programs will submit all required reports as indicated in the ICCB AEL Provider Manual.

Quarterly expenditure and performance reporting will use the following schedule of each fiscal year of the IELCE Grant:

Quarter	Period of Performance	Report Due Date
Quarter 1	July 1 – September 30	October 30
Quarter 2	October 1 – December 31	January 30
Quarter 3	January 1 – March 31	April 30
Quarter 4	April 1 – June 30	July 30
Final Expenditure and Programmatic Reports	July 1, 2021 – June 30, 2024	August 30, 2024

All reports should be submitted electronically to iccb.grantpayments@illinois.gov.

Each funded provider will be expected to meet all performance outcomes and activities performed under this grant.

All funded providers will be required to submit either a hard copy or an electronic copy of an external state grant compliance audit no later than December 31st of the next fiscal year. The Federal audit of Adult Education and Literacy funds shall be completed and submitted within the earlier of 30 days after receipt of the auditor's report(s) or nine months after the end of the audit period. However, the ICCB strongly encourages early completion and submission.

External audit costs are allowable costs under the General Administration function. Refer to the current Provider Manual for audit guidelines. These rules are subject to change. See the General Assurance for Terms of the Grant section of this grant.

Funds may only be expended for activities occurring during the grant period.
- (5) These funds may not be used to support HSE Testing Administration or to pay for test taker testing fees. This is not an allowable cost.
- (6) Funded programs are subject to the provisions of Section 511 of P.L. 101-166 (the Stevens Amendment) due to the use of federal funds for the programs. All announcements and other materials publicizing the programs must include within the content a statement as to the amount and proportion of Federal funding involved.
- (7) Funded providers may enter into a sub-grantee agreement with another eligible entity which is not already funded to provide additional services to support the adult education population served. However, all program responsibilities are to be retained by the funded program to ensure compliance with the terms and conditions of the grant.
