Section 1501.102 Advisory Groups

a) Advisory Organizations. Independent organizations may be considered by the ICCB to be advisory upon petition to the State Board. Independent organizations so recognized by the ICCB as "advisory" will have the opportunity to bring matters before the ICCB during a regular ICCB meeting and will have an opportunity to provide advice to the ICCB on proposed rule and policy adoptions and matters of interest to community colleges. An advisory organization may have its recognition status withdrawn by action of the ICCB or by request of the organization. Advisory organization recognition may be granted by the ICCB at the request of an organization that meets the following criteria:

1) The organization exists independently of ICCB and any individual college;

2) A primary purpose of the organization is to deal with matters of systemwide importance; and
3) Representatives of Illinois community college districts are included as voting members of the organization.

b) Advisory Committees. Advisory committees to the ICCB may be authorized and appointed by the ICCB. Membership and terms of appointment shall be established at the time of authorization.

c) Student Advisory Committee

1) Purpose. The purposes of this committee are to:

A) Review proposed ICCB policies;

B) Inform the ICCB of systemwide issues that impact the education of community college students; and

C) Select the ICCB Student Member.

2) Membership. Each member of the Student Advisory Committee shall be the nonvoting student member of the local district board of trustees. In the case of multi-college districts, the student trustee of the district shall automatically be designated as the voting member for the individual college where he or she attends. If the student member of the local district board of trustees cannot serve and, for colleges that are part of a multi-college district not represented by the district's student member, the district's president or chief executive officer may designate a student as a voting member. No community college shall have more than one voting member per college. The ICCB Student Member will serve ex officio.

3) Officers. The Student Advisory Committee shall annually select the following officers from its membership to serve a one-year term: a Chair to conduct the meeting of the Committee; a Vice Chair to assist the Chair, to conduct the meeting if the Chair is absent, and to represent the SAC on the IBHE Student Advisory Committee; and a Recording Officer to record the minutes of all SAC meetings.

4) The Executive Director of ICCB shall call SAC meetings as necessary and notify each local district board of trustees at least 30 days in advance.

5) ICCB Meetings. The SAC report shall be given at regular ICCB meetings.

d) Selection of ICCB Student Member. The SAC will seek nominations for the ICCB Student Member from all Illinois public community colleges. A college district can nominate one candidate for this position. The nomination shall include information such as personal information (name and address), number of credit hours (current and expected), college and community activities, resume, letters of
reference, and rationale for desiring the position. The ICCB Student Member shall be elected before June 1 by a majority vote of SAC members present from all nominations who meet ICCB student membership requirements as delineated in subsection (e).

e) Membership Requirements of ICCB Student Member. The ICCB Student Member shall be enrolled in an Illinois public community college for a minimum course load of six semester hours during both the fall and spring semesters or equivalent for each term of his/her appointment. If the course load of the ICCB Student Member falls below the minimum credit hours, that member shall be replaced by a majority vote of the SAC members present at the next SAC meeting.

f) Length of Term of ICCB Student Member. The ICCB Student Member shall serve for a term of one year beginning on July 1 and expiring on June 30. No ICCB Student Member shall serve for more than two terms. Service during a partial term shall not be considered as one term.

Section 1501.104 Manuals
The Executive Director is authorized to develop and promulgate manuals for the purpose of administering ICCB rules.

Section 1501.105 Advisory Opinions
ICCB will provide advisory opinions regarding interpretation of the Act to community colleges upon request of the district's chief executive officer or Chair of the board and with the approval of the ICCB Chair and Executive Director. These opinions also will be provided to recognized advisory organizations upon request of the chair of each group, subject to the approval of the ICCB Chair and Executive Director.

Section 1501.106 Executive Director
The Executive Director shall perform all specific statutory responsibilities, administer the ICCB rules, and perform any other duties requested or delegated by the ICCB.

Section 1501.110 Appeal Procedure
Any ICCB decision, not otherwise covered by a specific appeal procedure, may be appealed within thirty (30) days of the decision by submitting a written request for reconsideration of the decision to the ICCB Chair. The Chair shall review the request and place it on the agenda of the next regularly scheduled meeting of the ICCB. The appellant may make both oral and written presentations to the ICCB at the time the decision is reconsidered.

Section 1501.113 Administration of Detachments and Subsequent Annexations
a) ICCB decisions concerning approval or disapproval of requested detachments and subsequent annexations are required by Section 6-5.3 of the Act to be based on the criteria of being in the best interests of the schools in the general area and the
educational welfare of the students residing within the territory. These criteria are defined as follows:

b) In the best interests of schools – The effect of the proposed annexation/new district formation on:

c) Reasonableness of cost to taxpayers of the territory being annexed to an existing community college district or becoming part of a new community college district, that is, whether the operating tax rate of the community college district exceeds the chargeback levy of the nondistrict territory;

d) Finances of the existing or new community college district, that is, the equalized assessed valuation of the nondistrict territory is examined to determine how much tax revenue will be generated for the community college district to which the nondistrict territory could annex; and

e) Enrollments of the existing district,

f) which community college the nondistrict territory students have been attending; and

g) effect of additional enrollments when the nondistrict territory is annexed to a community college district.

h) Educational welfare of students – The effect of the proposed annexation/new district formation on:

i) Program availability to students of the territory being annexed to an existing community college district, that is, will the program be more available to students should annexation be approved?

j) Physical access of students to the campus(es) of the existing or new community college district, that is, what is the distance and time which the students must travel to attend?

k) Cost to students to attend the existing or new community college district, that is, what are the tuition and fees and commuting costs associated with attending that community college district?

l) And participation by students in their normal economic, cultural, and social activities, that is, where do potential students shop, work, and attend religious and cultural events?

m) In addition to the criteria identified in subsection (a), consideration will be given to the expressed wishes of local residents. The expression shall be in the form of signatures on a petition submitted in accordance with Section 6-5.3 of the Act.
Section 1501.114 Recognition

a) Recognition Provisions

b) Recognition Status. A district will be granted a status of recognition continued, recognition continued – with conditions, or recognition interrupted.

c) Effect of Recognition Continued. A district that has been granted the status of recognition continued will be entitled to receive ICCB grants for which it is otherwise entitled and eligible.

d) Effect of Recognition Continued-With Conditions. A district that has been granted the status of recognition continued – with conditions will be entitled to receive ICCB grants for which it is otherwise entitled and eligible, but it will be given a specified time to resolve the conditions that led to its assignment to that status. A follow-up visit will be scheduled not sooner than three nor later than nine months after ICCB action on the assignment to determine the district's progress in resolving the conditions.

e) Effect of Recognition Interrupted. A district that has been granted a status of recognition interrupted may apply for recognition when all requirements set forth by ICCB have been satisfied. A district on recognition interrupted status will have State funding suspended on a prorata, per diem basis for the period for that such status is in effect.

f) Recognition Action. Recognition is considered to be continuous unless action is taken to interrupt it. The ICCB will act on the recognition status of a district at the meeting subsequent to the ICCB recognition report being received. A district that previously has not been granted a recognition status by the ICCB may apply for a recognition status at any time. A district that has the status of recognition continued shall apply for continuation of that status at least 30 days before a scheduled recognition team visit.

g) Evaluation. The ICCB staff recognition team will conduct an in-depth evaluation of a district at least once every 5 years. Additional or alternate focused evaluations may be conducted to review circumstances of alleged gross noncompliance with ICCB standards. The purpose of the evaluation will be to determine compliance with ICCB standards. The evaluation may include an on-site visit. No district will be granted a recognition status without having received a prior in-depth evaluation. A district will receive a draft report of the recognition team's findings no later than 30 days after the conclusion of the evaluation. The district will have 30 days to review the draft report, respond to compliance recommendations, and return the responses to ICCB. A final report will be presented to the ICCB at its next regularly scheduled meeting and will include the district's responses to the draft report's findings. Accompanying the final report will be the evaluating team's recommendation for recognition status.
h) Review and Appeal. The ICCB may place a district on a recognition interrupted status for failure to meet ICCB standards after being granted a status of recognition continued – with conditions and receiving a follow-up evaluation if the district has not resolved the conditions within the stated time allowed. Any district whose recognition is interrupted may file a written request with the ICCB for a hearing on the decision in accordance with Section 1501.110. Pending the hearing and decision, any consequences of recognition interrupted will be suspended.

i) Recognition Standards. The recognition standards by which a district will be evaluated for recognition purposes will be the applicable statutes within the Public Community College Act and applicable ICCB rules.

Section 1501.115 Data Repository

Under the authority of the P-20 Longitudinal Education Data System Act (105 ILCS 13], ICCB is the State Education Authority responsible for collecting and maintaining authoritative enrollment, completion, and student characteristic information on community college students. Illinois Community College system data collection, administrative data matching, and reporting is coordinated through ICCB.

Section 1501.116 Use, Security and Confidentiality of Data

a) The ICCB and entities accessing ICCB data shall comply with all applicable federal and State laws which regulate the privacy and use of, and access to, shared data. (See, e.g., the Family Educational Rights and Privacy Act (20 USC 1232g); the Illinois School Student Records Act [105 ILCS 10]; the Data Processing Confidentiality Act [30 ILCS 585]; the Freedom of Information Act [5 ILCS 140]; Section 487 of the Higher Education Act of 1965, as amended (20 USC 1094)).

b) ICCB data is confidential and shall not be used or shared for any purpose other than that which is directly related to internal operations of ICCB or that which is stipulated in an ICCB shared data agreement with another entity. Entities accessing ICCB data shall be responsible for meeting ICCB shared data agreement security procedures and protocols, pursuant to Section 1501.117, to protect the integrity of the data accessed, stored, transmitted or received.

Section 1501.117 Shared Data Agreements

a) Student-level data furnished by the ICCB on behalf of Illinois community colleges is licensed by ICCB and remains the property of ICCB.

b) All requests for data files, data products, aggregations or reports containing student-level data elements, except in the case of State and federal mandated accountability reporting, shall be made in writing to ICCB using ICCB forms.

c) All requests shall be approved by the Executive Director prior to execution of a shared data agreement.
d) All data obtained from ICCB shall be used solely for the purpose identified by the requesting entity. The scope and term of this usage will be detailed in a shared data agreement specific to each request. Use of the data for any other purpose shall require a separate and specific written request, approval, and shared data agreement.

e) The entity in receipt of ICCB student-level data must comply with applicable laws and regulations with respect to the protection of privacy, security and dissemination of the confidential information. Upon completion of the data sharing purpose, the entity shall return it to ICCB or destroy it and any copies, as specified in the data sharing agreement.

Section 1501.118 Processing Fees

The Board may charge fees to the requesting entity for providing access to data files or producing studies, data products or analyses of data. A schedule of fees for datasets and products is set forth in Appendix A. In addition to standard data product fees, the Board will assess a 30 percent surcharge for complex requests related to longitudinal analysis and generation of outcomes measures. Providing outcomes measures includes data compilation for performance and evaluation and interpretation of results.

SUBPART B: LOCAL DISTRICT ADMINISTRATION

5) If, within 180 calendar days after the school district's initial request to enter into a partnership agreement with the community college district, the school district and the community college district do not reach agreement on the partnership agreement, then the school district and community college district shall jointly implement the provisions of the Model Partnership Agreement, published on the ICCB website. h) Project Priority Criteria. All projects must meet requirements as stated in Sections 5-3 and 5-4 of the Act. A maximum of 100 points will be awarded for each submitted capital project. Capital project priorities will be established according to the following criteria:
1) Type of Space (10%). Priorities will be assigned to colleges based on the type of space to be constructed, purchased, improved, or remodeled (in priority order). In the case of site purchases, utilities, and site improvements not related to new facilities acquisition, priorities will be assigned based upon the type of space associated with the project.

A) Instructional, study, office and student areas (all weighted equally):

   i) Instructional space, including basic classrooms, lecture halls, seminar rooms and other rooms used primarily for scheduled instruction, both credit and noncredit. These rooms may contain multimedia or telecommunications equipment. Space used as classroom service, that is, projection rooms, telecommunication control booths, closets, etc., are included (FICM Codes 110-115). Instructional space also includes laboratory facilities, both class and open, used for instructional purposes and service areas that serve as an extension of the activities of the laboratory (FICM Codes 210-255).

   ii) Study areas, including all library facilities, any rooms or areas used by individuals at their convenience, general learning labs, and any service areas necessary to support the activities of these rooms (FICM Codes 410-455).

Utilization of existing space will be calculated by annual full-time equivalent enrollment per net assignable square feet (NASF) of the most recently completed fiscal year. Priority will be assigned to those districts that have the highest utilization of owned space.

4) Program Considerations (20%). Consideration will be given to the need for special facilities based on the programs to be housed in the requested facilities. Priorities will be assigned so that the greater the need for special facilities, the higher the priority. Criteria evaluated for need will include (not in priority order), but not be limited to:

A) Documented need as evidenced by the college's accountability and productivity reviews;

B) Labor market demand for completers of the program (as indicated by current manpower data);

C) Unavailability of special facilities needed for the program; and

D) Other special needs or measures as described in the program justification statement submitted by the college with the project request.
5) College Ranking (10%). Priorities will be assigned to projects that are ranked as a high priority by the college.

   1) Changes in budget/scope totaling five percent or less of the approved project budget/scope shall be reconciled at the completion of the project and submitted to ICCB for information purposes.
   2) When changes in the project budget/scope have reached five percent, any subsequent change modifying the budget/scope of the project shall require approval by the ICCB Executive Director, prior to expenditure of funds on the additional work. The criteria the ICCB Executive Director will use for approving changes in the project budget/scope will be the same as are listed in this Section.

j) Construction Standards. The standards listed in this subsection (j) shall be applied in the design and construction of facilities.
   1) Building Efficiency. Campuswide building efficiency should be at least 70 percent. However, individual buildings may be below this level if they are high-rise (four or more floors), include a large number of small

C) Any local building codes that may be more restrictive than the codes listed in this subsection (g)(2).

3) State of Illinois Building Related Requirements. To assist the architect in determining which statutes and rules might be applicable to a project, the Capital Development Board (CDB) has assembled a Directory of Illinois Construction-Related Statutes and Rules that lists statutory requirements
relative to State construction. CDB also maintains a List of Codes Used Throughout the State of Illinois by City or County. Both resources are available on CDB's website (http://www.illinois.gov/cdb/business/codes/Pages/BuildingCodesRegulations.aspx).

Section 5176.305 Information To Be Provided in Requests for Records

A request for records should include:

a) The complete name, mailing address and telephone number of the requester;

c) A statement as to the requested medium and format for the Board to use in providing the records sought: for example, paper, specific types of digital or magnetic media, or videotape;

d) A statement as to the requested manner for the Board to use in providing the records sought: for example, inspection at Board headquarters or providing paper or electronic copies;

e) A statement as to whether the requester needs certified copies of all or any portion of the records, including reference to the specific documents that require certification; and

f) A statement as to whether the request is for a commercial purpose.

Section 5176.310 Requests for Records for Commercial Purposes

a) It is a violation of FOIA for a person to knowingly obtain a record for a commercial purpose without disclosing that it is for a commercial purpose if requested to do so by the Board. (Section 3.1(c) of FOIA)

b) The Board shall respond to a request for records to be used for a commercial purpose within 21 working days after receipt. The response shall:
1) Provide to the requester an estimate of the time required by the Board to provide the records requested and an estimate of the fees to be charged, which the Board may require the person to pay in full before copying the requested documents;

2) Deny the request pursuant to one or more of the exemptions set out in Section 5176.205 or 5176.210;

3) Notify the requester that the request is unduly burdensome and extend an opportunity to the requester to attempt to reduce the request to manageable proportions; or

4) Provide the records requested. (Section 3.1(a) of FOIA)

c) Unless the records are exempt from disclosure, the Board shall comply with a request within a reasonable period considering the size and complexity of the request, and giving priority to records requested for non-commercial purposes. (Section 3.1(b) of FOIA)

Section 5176.315 Records Maintained Online

a) Notwithstanding any provision of FOIA to the contrary, a public body is not required to copy a public record that is published on the public body's website. The public body shall notify the requester that the public record is available online and direct the requester to the website where the record can be reasonably accessed.

b) If the person requesting the public record is unable to reasonably access the record online after being directed to the website pursuant to subsection (a), the requester may resubmit his or her request for the record stating his or her inability to reasonably access the record online, and the public body shall make the requested record available for inspection or copying as provided in Section 3 of FOIA. (Section 8.5 of FOIA)

SUBPART D: BOARD RESPONSE TO REQUESTS FOR RECORDS

Section 5176.400 Timeline for Board Response

a) Except as stated in subsection (b) or (c), the Board will respond to any written request for records within 5 business days after its receipt of the request. Failure to comply with a written request, extend the time for response, or deny a request within 5 business days after its receipt shall be considered a denial of the request. If the Board fails to respond to a request within the requisite periods in this subsection (a) but thereafter provides the requester with copies of the requested records, it will not impose a fee for those copies. If the Board fails to respond to a request received, it will not treat the request as unduly burdensome as provided
under Section 5176.405. (Section 3(d) of FOIA) A written request from the Board to provide additional information shall be considered a response to the FOIA request.

b) The time limits prescribed in subsection (a) may be extended for not more than 5 business days from the original due date for any of the following reasons:

1) The requested records are stored in whole or in part at locations other than the office having charge of the requested records;

2) The request requires the collection of a substantial number of specified records;

3) The request is couched in categorical terms and requires an extensive search for the records responsive to it;

4) The requested records have not been located in the course of routine search and additional efforts are being made to locate them;

5) The requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under Section 7 or 7.5 of FOIA or should be revealed only with appropriate deletions;

6) The request for records cannot be complied with by the Board within the time limits prescribed by subsection (a) without unduly burdening or interfering with the operations of the Board; or

7) There is a need for consultation, which shall be conducted with all practicable speed, with another public body or among two or more components of a public body having a substantial interest in the determination or in the subject matter of the request. (Section 3(e) of FOIA)

c) The person making a request and the Board may agree in writing to extend the time for compliance for a period to be determined by the parties. If the requester and the Board agree to extend the period for compliance, a failure by the Board to comply with any previous deadlines shall not be treated as a denial of the request for the records. (Section 3(e) of FOIA)

d) When additional time is required for any of the reasons set forth in subsection (b), the Board will, within 5 business days after receipt of the request, notify the person making the request of the reasons for the extension and the date by which the response will be forthcoming. Failure to respond within the time permitted for extension shall be considered a denial of the request. If the Board fails to respond to a request within the time permitted for extension but thereafter provides the
requester with copies of the requested public records, it may not impose a fee for those copies. If the Board issues an extension and subsequently fails to respond to the request, it will not treat the request as unduly burdensome under Section 5176.405. (Section 3(f) of FOIA)

Section 5176.405 Requests for Records that the Board Considers Unduly Burdensome

a) The Board will fulfill requests calling for all records falling within a category unless compliance with the request would unduly burden the Board, there is no way to narrow the request, and the burden on the Board outweighs the public interest in the information. Before invoking this exemption, the Board will extend to the requester an opportunity to confer with it in an attempt to reduce the request to manageable proportions. (Section 3(g) of FOIA) The amended request must be in writing.

b) If the Board determines that a request is unduly burdensome, it shall do so in writing, specifying the reasons why it would be unduly burdensome and the extent to which compliance will so burden the operations of the Board. The response shall be treated as a denial of the request for information. (Section 3(g) of FOIA)

c) Repeated requests from the same person for records that are unchanged or identical to records previously provided or properly denied under this Part shall be deemed unduly burdensome. (Section 3(g) of FOIA)

Section 5176.410 Recurrent Requesters

a) Notwithstanding any provision of this Part to the contrary, the Board will respond to a request from a recurrent requester, as defined in Section 5176.105, within 21 business days after receipt. The response shall:

1) provide to the requester an estimate of the time required by the Board to provide the records requested and an estimate of the fees to be charged, which the Board may require the person to pay in full before copying the requested documents;

2) deny the request pursuant to one or more of the exemptions set out in this Part;

3) notify the requester that the request is unduly burdensome and extend an opportunity to the requester to attempt to reduce the request to manageable proportions; or

4) provide the records requested.

b) Within 5 business days after receiving a request from a recurrent requester, the Board will notify the requester that the Board is treating the request as a recurrent request, of the reasons why the Board is treating the request as a recurrent request,
and that the Board will send an initial response within 21 business days after receipt in accordance with subsection (a). The Board will also notify the requester of the proposed responses that can be asserted pursuant to subsection (a).

c) Unless the records are exempt from disclosure, the Board will comply with a request within a reasonable period considering the size and complexity of the request. (Section 3.2 of FOIA)

Section 5176.415 Requests for Records that Require Electronic Retrieval

a) A request for records that requires electronic retrieval will be treated the same as any other request for records, with the same timeline and extensions as allowed for other records.

b) The Board will retrieve and provide electronic records only in a format and medium that is available to the Board.

Section 5176.420 Denials of Requests for Records

a) The Board will deny requests for records when:

1) Compliance with the request would unduly burden the Board, as determined pursuant to Section 5176.405, and the requester has not reduced the request to manageable proportions; or

2) The records are exempt from disclosure pursuant to Section 7 or 7.5 of FOIA or Section 5176.205 or 5176.210 of this Part.

b) The denial of a request for records must be in writing.

1) The notification shall include a description of the records denied; the reason for the denial, including a detailed factual basis for the application of any exemption claimed; and the names and titles or positions of each person responsible for the denial (Section 9(a) of FOIA);

2) Each notice of denial shall also inform the person of the right to review by the Public Access Counselor and provide the address and phone number for the Public Access Counselor (Section 9(a) of FOIA); and

3) When a request for records is denied on the grounds that the records are exempt under Section 7 or 7.5 of FOIA, the notice of denial shall specify the exemption claimed to authorize the denial and the specific reasons for the denial, including a detailed factual basis and a citation to the supporting legal authority (Section 9(b) of FOIA).
c) A requester may treat the Board's failure to respond to a request for records within 5 business days after receipt of the written request as a denial for purposes of the right to review by the Public Access Counselor.

d) If the Board has given written notice pursuant to Section 5176.400(d), failure to respond to a written request within the time permitted for extension may be treated as a denial for purposes of the right to review by the Public Access Counselor.

e) Any person making a request for records shall be deemed to have exhausted his or her administrative remedies with respect to that request if the Board fails to act within the time periods provided in Section 5176.400. (Section 9(c) of FOIA)

Section 5176.425 Requests for Review of Denials – Public Access Counselor

a) A person whose request to inspect or copy a record is denied by the Board may file a request for review with the Public Access Counselor established in the Office of the Attorney General not later than 60 days after the date of the final denial. The request for review shall be in writing, be signed by the requester, and include a copy of the request for access to records and any response from the Board. (Section 9.5(a) of FOIA)

b) A person whose request to inspect or copy a record is made for a commercial purpose may not file a request for review with the Public Access Counselor. A person whose request to inspect or copy a record was treated by the Board as a request for a commercial purpose may file a request for review with the Public Access Counselor for the limited purpose of reviewing whether the Board properly determined that the request was made for a commercial purpose. (Section 9.5(b) of FOIA)

c) Within 7 business days after the Board receives a request for review from the Public Access Counselor, the Board shall provide copies of records requested and shall otherwise fully cooperate with the Public Access Counselor. (Section 9.5(c) of FOIA)

d) Within 7 business days after it receives a copy of a request for review and request for production of records from the Public Access Counselor, the Board may, but is not required to, answer the allegations of the request for review. The answer may take the form of a letter, brief, or memorandum. The Public Access Counselor shall forward a copy of the answer to the person submitting the request for review, with any alleged confidential information to which the request pertains redacted from the copy. (Section 9.5(d) of FOIA)

e) The requester may, but is not required to, respond in writing to the answer within 7 business days and shall provide a copy of the response to the Board. (Section 9.5(d) of FOIA)
f) In addition to the request for review, and the answer and response to the request, if any, a requester or the Board may furnish affidavits or records concerning any matter germane to the review. (Section 9.5(e) of FOIA)

g) A binding opinion from the Attorney General shall be binding upon both the requester and the Board, subject to administrative review under Section 5176.435. (Section 9.5(f) of FOIA)

h) If the Attorney General decides to exercise his or her discretion to resolve a request for review by mediation or by a means other than issuance of a binding opinion, the decision not to issue a binding opinion shall not be reviewable. (Section 9.5(f) of FOIA)

i) Upon receipt of a binding opinion concluding that a violation of FOIA has occurred, the Board will either take necessary action immediately to comply with the directive of the opinion or shall initiate administrative review under Section 5176.435. If the opinion concludes that no violation of FOIA has occurred, the requester may initiate administrative review under Section 5176.435. (Section 9.5(f) of FOIA)

j) If the Board discloses records in accordance with an opinion of the Attorney General, the Board is immune from all liabilities by reason thereof and shall not be liable for penalties under FOIA. (Section 9.5(f) of FOIA)

k) If the requester files suit under Section 5176.430 with respect to the same denial that is the subject of a pending request for review, the requester shall notify the Public Access Counselor. (Section 9.5(g) of FOIA)

l) The Attorney General may also issue advisory opinions to the Board regarding compliance with FOIA. A review may be initiated upon receipt of a written request from the Executive Director of the Board or the Board's Chief Legal Counsel, which shall contain sufficient accurate facts from which a determination can be made. The Public Access Counselor may request additional information from the Board in order to assist in the review. If the Board relies in good faith on an advisory opinion of the Attorney General in responding to a request, the Board is not liable for penalties under FOIA, so long as the facts upon which the opinion is based have been fully and fairly disclosed to the Public Access Counselor. (Section 9.5(h) of FOIA)

Section 5176.430 Circuit Court Review

A requester also has the right to file suit for injunctive or declaratory relief in the Circuit Court for Sangamon County or for the county in which the requester resides, in accordance with the procedures set forth in Section 11 of FOIA.
Section 5176.435 Administrative Review

A binding opinion issued by the Attorney General shall be considered a final decision of an administrative agency, for purposes of administrative review under the Administrative Review Law [735 ILCS 5/Art. III]. An action for administrative review of a binding opinion of the Attorney General shall be commenced in Cook County or Sangamon County. An advisory opinion issued to the Board shall not be considered a final decision of the Attorney General for purposes of this Section. (Section 11.5 of FOIA)

SUBPART E: PROCEDURES FOR PROVIDING RECORDS TO REQUESTERS

Section 5176.500 Inspection and Copying of Records

a) The Board may make available records for personal inspection at the Board's headquarters office located at 401 E. Capitol Avenue, Springfield, or at another location agreed to by both the Board and the requester. No original record shall be removed from State-controlled premises except under constant supervision of the agency responsible for maintaining the record. The Board may provide records in duplicate forms, including, but not limited to, paper copies, data processing printouts, videotape, microfilm, audio tape, reel to reel microfilm, photographs, computer disks and diazo.

b) When a person requests a copy of a record maintained in an electronic format, the Board shall furnish it in the electronic format specified by the requester, if feasible. If it is not feasible to furnish the records in the specified electronic format, then the Board shall furnish it in the format in which it is maintained by the Board, or in paper format at the option of the requester. (Section 6(a) of FOIA)

c) A requester may inspect records by appointment only, scheduled subject to space availability. The Board will schedule inspection appointments to take place during normal business hours, which are 8:30 a.m. to 5:00 p.m. Monday through Friday, exclusive of State holidays. If the requester must cancel the viewing appointment, the requester shall so inform the Board as soon as possible before the appointment.

d) In order to maintain routine Board operations, the requester may be asked to leave the inspection area for a specified period of time.

e) The requester will have access only to the designated inspection area.

f) Requesters shall not be permitted to take briefcases, folders or similar materials into the room where the inspection takes place. A Board employee may be present during the inspection.
g) The requester shall segregate and identify the documents to be copied during the course of the inspection.

Section 5176.505 Fees for Records

a) In accordance with Section 5176.510, unless a fee is otherwise fixed by statute, the Board will provide copies of records and certifications of records in accordance with the fee schedule set forth in Appendix A.

b) In calculating its actual cost for reproducing records or for the use of the equipment of the Board to reproduce records, the Board will not include the costs of any search for and review of the records or other personnel costs associated with reproducing the records. (Section 6(b) of FOIA)

c) In order to expedite the copying of records that the Board cannot copy, due to the volume of the request or the operational needs of the Board, in the timelines established in Section 5176.400, the requester may provide, at the requester's expense, the copy machine, all necessary materials, and the labor to copy the public records at the Board headquarters in Section 5176.500, or at another location agreed to by both the Board and the requester. No original record shall be removed from State-controlled premises except under constant supervision of the agency responsible for maintaining the record.

d) Copies of records will be provided to the requester only upon payment of any fees due. The Board may charge the requester for the actual cost of purchasing the recording medium, whether disc, diskette, tape, or other medium, but the Board will not charge the requester for the costs of any search for and review of the records or other personnel costs associated with reproducing the records. (Section 6(a) of FOIA) Payment must be by check or money order sent to the Board, payable to "Treasurer, State of Illinois".

e) If a contractor is used to inspect or copy records, the following procedures shall apply:

1) The requester, rather than the Board, must contract with the contractor;

2) The requester is responsible for all fees charged by the contractor;

3) The requester must notify the Board of the contractor to be used prior to the scheduled on-site inspection or copying;

4) Only Board personnel may provide records to the contractor;

5) The Board must have verification that the requester has paid the Board, if payment is due, for the copying of the records before providing the records to the contractor; and
6) The requester must provide to the Board the contractor's written agreement to hold the records secure and to copy the records only for the purpose stated by the requester.

f) The Board may charge up to $10 for each hour spent by personnel in searching for and retrieving a requested record. No fees shall be charged for the first 8 hours spent by personnel in searching for or retrieving a requested record. The Board may charge the actual cost of retrieving and transporting public records from an off-site storage facility when the public records are maintained by a third-party storage company under contract with the Board. If the Board imposes a fee pursuant to this subsection (f), it must provide the requester with an accounting of all fees, costs, and personnel hours in connection with the request for public records. The provisions of this subsection (f) apply only to commercial requests. (Section 6(f) of FOIA)

Section 5176.510 Reduction and Waiver of Fees

a) Fees may be reduced or waived by the Board if the requester states the specific purpose for the request and indicates that a waiver or reduction of the fee is in the public interest. In making this determination, the Board will consider the following:

1) Whether the principal purpose of the request is to disseminate information regarding the health, safety, welfare or legal rights of the general public; and

2) Whether the principal purpose of the request is personal or commercial benefit. For purposes of this subsection (a), "commercial benefit" shall not apply to requests made by news media when the principal purpose of the request is to access and disseminate information regarding the health, safety, welfare or legal rights of the general public. (Section 6(c) of FOIA)

b) In setting the amount of the waiver or reduction, the Board will take into consideration the amount of materials requested and the cost of copying them. (Section 6(c) of FOIA)

c) The Board will provide copies of records without charge to federal, State and municipal agencies, Constitutional officers and members of the General Assembly, and not-for-profit organizations providing evidence of good standing with the Secretary of State's Office.

d) Except to the extent that the General Assembly expressly provides, statutory fees applicable to copies of records when furnished in a paper format will not be applicable to those records when furnished to a requester in an electronic format. (Section 6(a) of FOIA)

TITLE 4: DISCRIMINATION PROCEDURES  
CHAPTER XXXIX: ILLINOIS COMMUNITY COLLEGE BOARD  

PART 1050 AMERICANS WITH DISABILITIES ACT GRIEVANCE PROCEDURE  

Section 1050.10 Purpose  

a) This Americans With Disabilities Act Grievance Procedure (Procedure) is established pursuant to the Americans With Disabilities Act of 1990 (42 USC 12101 et seq.) ("ADA"), and specifically Section 35.107 of the Title II regulations (28 CFR 35), requiring that a grievance procedure be established to resolve grievances asserted by qualified individuals with disabilities. Should any individual desire to review the ADA or its regulations to understand the rights, privileges, and remedies afforded by it, please contact the ADA Coordinator.  

b) In general, the ADA requires that each program, service, and activity offered by the Board, when viewed in its entirety, be readily accessible to and usable by a qualified individual with disabilities.  

c) It is the intention of the Board to foster open communications with all individuals requesting readily accessible programs, services and activities. The Board encourages supervisors of programs, services and activities to respond to requests for modifications before they become grievances.  

Section 1050.20 Definitions  

"Board" is the Illinois Community College Board.  

"Complainant" is an individual with a disability who files a Grievance Form provided by the Board under this procedure.  

"ADA Coordinator" is the chief human resource officer of the Board who is responsible for the coordination of efforts of the Board to comply with and carry out its responsibilities under Title II of the ADA, including investigation of grievances filed by complainants. The ADA Coordinator for the Board may be contacted at 401 E. Capitol Ave., Springfield IL 62701 or by telephone at 217-785-0123. (See 28 CFR 35.107.)  

"Disabilities" has the meaning ascribed in the Americans With Disabilities Act.  

"Grievance" is any complaint under the ADA by an individual with a disability who meets the essential eligibility requirements for participation in or receipt of the benefits of a program, activity or service offered by the Board, and believes he or she has been excluded from participation in, or denied the benefits of, any program, service, or activity of the Board or has been subject to discrimination by the Board.
"Grievance Form" is the form prescribed for use in filing a grievance pursuant to this Part. It includes information such as the complainant's name, address and telephone number; the nature of the grievance, including the date, time and place of the incident; and any witnesses.

Section 1050.30 Procedure

a) Grievances must be submitted in accordance with procedures established in 1050.40 and 1050.50, in the form and manner described and within the specified time limits. It is mutually desirable and beneficial that grievances be satisfactorily resolved in a prompt manner. Time limits established in this procedure are in calendar days, unless otherwise stated, and may be extended by mutual agreement in writing by the complainant and the reviewer at the ADA Coordinator and Final Levels.

b) A complainant's failure to submit a grievance, or to submit or appeal it to the next level of procedure within the specified time limits, shall mean that the complainant has withdrawn the grievance or has accepted the Board's last response given in the grievance procedure.

c) The Board shall, upon being informed of the individual's desire to make a formal grievance, instruct the individual on the process of filing the grievance.

Section 1050.40 ADA Coordinator Level

a) If an individual desires to file a formal written grievance, the individual shall promptly, but no later than 180 days after the alleged discrimination, submit the grievance to the ADA Coordinator in writing on the Grievance Form. The Grievance Form must be completed in full to receive proper consideration by the ADA Coordinator.

b) Upon request, assistance shall be provided by the Board to complete the Grievance Form.

c) The ADA Coordinator, or his or her representative, shall investigate the grievance and, if the grievance is found to be valid, shall make reasonable efforts to resolve it. The ADA Coordinator shall provide a written response to the complainant and the Executive Director within 15 business days after receipt of the Grievance Form.

Section 1050.50 Final Level

a) If the grievance has not been resolved at the ADA Coordinator Level to the satisfaction of the complainant, the complainant may submit a copy of the Grievance Form and Designated Coordinator's response to the Executive Director of the Board for final review. The complainant shall submit these documents to the Executive Director, together with a short written statement explaining the reasons for dissatisfaction with the Designated Coordinator's written response,
within five business days after receipt by the complainant of the Designated Coordinator's response.

b) Within 15 business days, the Executive Director shall appoint a three-member panel to review the grievance at the Final Level. One member so appointed shall be the designated chairperson. The panel shall schedule a review of the grievance, which shall commence no later than 15 business days after the last member of the panel is appointed.

c) The complainant shall be afforded an opportunity to appear before the panel and shall have a right to appoint a representative to appear on his or her behalf. The panel shall review the ADA Coordinator's written response and may conduct interviews and seek advice as it considers appropriate.

d) Upon agreement of at least two of the panel members, but not later than 15 business days after the review described in subsection (b), the panel shall make a recommendation in writing to the Executive Director as to the proper resolution of the grievance. All such recommendations shall include reasons for the recommendations and shall bear the signatures of the concurring panel members. A dissenting member of the panel may make a signed recommendation to the Executive Director.

e) Within 15 business days after receipt of recommendations from the panel, the Executive Director shall approve, disapprove or modify the panel recommendations; render a decision on that recommendation in writing; state the basis for his or her action; and cause a copy of the decision to be served on the parties. The Executive Director's decision shall be final. If the Executive Director disapproves or modifies the panel recommendations, written reasons for the disapproval or modification shall be included in the Executive Director's written decision.

f) The Grievance Form, the ADA Coordinator's response, the statement of the reasons for dissatisfaction, the recommendation of the panel, and the decision of the Executive Director shall be maintained in accordance with the State Records Act [5 ILCS 160] or as otherwise required by law.

Section 1050.60 Accessibility
The Board shall ensure that all stages of the procedure are accessible to and usable by individuals with disabilities.

Section 1050.70 Case-by-Case Resolution
Each grievance involves a unique set of factors that includes, but is not limited to: the specific nature of the disability; the essential eligibility requirements, the benefits to be derived, and the nature of the service, program or activity at issue; the health and safety of others; and whether an accommodation would constitute a fundamental alteration to the program, service or activity, or cause undue hardship for the Board. Accordingly, termination of a grievance at any level,
whether through the granting of relief or otherwise, shall not constitute a precedent on which any other complainants should rely.
TITLE 23: EDUCATION AND CULTURAL RESOURCES
SUBTITLE A: EDUCATION
CHAPTER II: BOARD OF HIGHER EDUCATION

PART 1050 APPROVAL OF NEW UNITS OF INSTRUCTION, RESEARCH AND PUBLIC SERVICE AT PUBLIC INSTITUTIONS

Section 1050.10 Institutions Required to Receive Approval

a) The Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, the Board of Trustees of Chicago State University, the Board of Trustees of Eastern Illinois University, the Board of Trustees of Governors State University, the Board of Trustees of Illinois State University, the Board of Trustees of Northern Illinois University, the Board of Trustees of Western Illinois University, or the Illinois Community College Board, and the campuses under their governance or supervision shall not hereafter undertake the establishment of any new unit of instruction, research or public service without the approval of the Board.

b) The term "new unit of instruction, research or public service" includes the establishment of a college, school, division, institute, department or other unit in any field of instruction, research or public service not theretofore included in the program of the institution, and includes the establishment of any new branch or campus. The term does not include reasonable and moderate extensions of existing curricula, research, or public service programs which have a direct relationship to existing programs; and the Board may, under its rulemaking power, define the character of such reasonable and moderate extensions. [110 ILCS 205/7]

Section 1050.20 Definitions

"Ability to benefit" means a standard for admission by which a student who does not possess a high school diploma or GED has demonstrated that he or she can profit materially or personally from a certain course of study through passage of an ability to benefit test or alternative pathways that have been approved by the U.S. Department of Education and administered in compliance with U.S. Department of Education guidelines related to ability to benefit policies and procedures outlined in federal financial aid regulations.

"Annual listing of changes" means the annual notification to the Board of one or more of the following:

Addition of an externally funded research or public service activity labeled as a center or institute because of grant requirements. The activity is temporary, not formally organized, and has no continuous mission.
Change in a degree title (e.g., the name of a discipline or major without changes in objectives or content, such as the change from "medical technology" to "clinical laboratory sciences").

Change in the name of an administrative (including departments), research or public service unit.

Elimination, temporary suspension or phase-down of an existing board-approved program.

Reorganization, restructuring, consolidation, elimination and other changes of existing administrative (including departments), research or public service units that do not result in an increase in subunits.

Creation of a certificate program in a field in which there is a previously approved degree program (e.g., undergraduate certificates at Levels 1 and 2 from a prior approved bachelor's program; post-baccalaureate certificates at Level 5 from a prior approved master's program).

Creation of a joint degree program from two previously approved programs.

"Board" refers to the Board of Higher Education.

"Board of Control" means one of the following:

The Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, the Board of Trustees of Chicago State University, the Board of Trustees of Eastern Illinois University, the Board of Trustees of Governors State University, the Board of Trustees of Illinois State University, the Board of Trustees of Northeastern Illinois University, the Board of Trustees of Northern Illinois University, the Board of Trustees of Western Illinois University, the Illinois Community College Board, or the campuses under their governance or supervision.

"Certificate or degree program" means a formal award that is included in an institution's catalog and completion of which is noted on students' official transcripts certifying the satisfactory completion of undergraduate, post-baccalaureate or graduate organized program of study at an institution.

"Credit hour" means an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

One hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately 15 weeks.
for one semester or trimester hour of credit, or 10 to 12 weeks for one quarter hour of credit, or the equivalent amount of work over a different period of time; or

Documented student learning outcomes and evidence of student achievement resulting from a program provided through an alternative delivery method that demonstrates equivalency to those competencies achieved through traditional classroom delivery; or

At least an equivalent amount of student work as required to achieve intended learning outcomes or competencies as verified by evidence of student achievement for other academic activities established by the institution, including prior learning assessment, laboratory work, internships, practica, studio work and other academic work leading to the award of each credit hour.

"Degree" means any designation, appellation, series of letters or words, or other symbol that signifies or purports to signify that the recipient has satisfactorily completed an organized program of study of at least one year beyond the secondary school level. It shall include, but not be limited to, the following: certificate, associate, bachelor, post-baccalaureate certificate, master, post-master certificate, doctor's degree − professional practice (degree required for entry into specific profession such as law or medicine), and doctor's degree − research and scholarship.

"Dual credit" means an instructional arrangement in which an academically qualified student currently enrolled in high school enrolls in a college-level course and, upon successful course completion, concurrently earns both college credit and high school credit.

"Faculty" means any individual or group of individuals who are qualified by education and experience to give expert instruction and evaluation in their specialties, to supervise curricular experiences, and to evaluate learning for credit.

"General education" provides students with a broad foundation of study upon which to build an undergraduate education.

"Home campus" is also known as "in-region". Both "home campus" and "in-region" are defined as the Board approved region within which the institution's original campus would have been located had the regions existed at that time.

"Mediated instruction" means, for the purposes of this Part, the delivery of instruction at a distance facilitated by technology, such as via teleconferencing, video-conferencing, or internet.
"New branch" or "new campus" means a new site that houses a full range of instruction, as well as administrative and support services.

A "branch" is an administrative unit of an institution that has a continuing educational mission and serves as a secondary instructional site for the institution.

A "campus" is an organized administrative unit of an institution that has a continuing educational mission and serves as a primary instructional site for the institution.

A "new branch" or "new campus" is characterized by the following criteria: the site offers courses in educational programs leading to a degree, certificate or other recognized educational credential; it is permanent in nature; it has its own faculty and administrative or supervisory organization; and has its own budgetary and hiring authority.

"New instructional location" means an additional out-of-region instructional site separate from a branch or campus at which 50 percent or more of a program is offered, but that otherwise does not meet the definition of a new branch or campus. A new location does not constitute a new branch or campus unless the site meets the other criteria in the definition of a branch or campus. For programs that are currently authorized by the Board, institutions may request a reasonable and moderate extension request to add the program to an out-of-region new instructional location.

"New geographical location" is also known as "out-of-region". Both "new geographical location" and "out-of-region" sites are those sites located outside of the region within which the institution's original campus would have been located had the regions existed at that time.

"New unit of instruction" means one or more of the following:

Any new organized program of study beyond the secondary school level that results in the formal award of a degree to a student.

Any organized program of study beyond the secondary school level that is offered at a new geographical location and results in the award to a student of an existing degree (i.e., one that is currently granted by the institution).

Any new formally organized administrative entity that would have a continuing instructional mission, including but not limited to a campus, branch, college, school, department or division.

"New unit of instruction, research or public service" includes the establishment of a college, school, division, institute, department or other unit in any field of
instruction, research or public service not previously included in the program of
the institution, and includes the establishment of any new branch or campus. The
term does not include reasonable and moderate extensions of existing curricula,
research, or public service programs that have a direct relationship to existing
programs; the Board may, under its rulemaking power, define the character of
reasonable and moderate extensions. [110 ILCS 205/7]

"New unit of public service" means any new formally organized administrative
entity that would have a continuing public service mission, including but not
limited to a school, department, division, institute or center.

"New unit of research" means any new formally organized administrative entity
that would have a continuing research mission, including but not limited to a
school, department, division, institute or center.

"Notice of intent" or "NOI" means the filing of intent for a new program or unit
by the institution that is seeking certificate or degree granting authority. Notices
of intent shall be publicly posted on the Board's website for no less than 30 days
prior to any Board action on the application and shall remain active for one year
after the public posting period has expired.

"Reasonable and moderate extension" or "RME" means one or more of the
following:

An addition of a unit supported primarily through external funding,
including the establishment of a grant-funded center. When approved
under this category, the unit would hold approval through the period of
external funding and would not require additional approval unless the
external funding was no longer available. The university would not
commit to maintain the unit if the external funding was lost and the
university would report elimination of the center through the annual listing
process provided to the Board.

Creation of a new formally organized research or public service unit that
has a temporary mission of up to five years. (Criteria for continuation and
a date for submission and request for permanent approval should
accompany the RME.)

Creation of a certificate program in a field or at a level in which there is
not a previously approved degree program at that level or a higher level.

Creation of a new program that results from the reorganization or
restructuring of the curricular elements of an existing program that have
over time evolved into separate and distinct programs (e.g., split into two
or more autonomous programs, or options have evolved into separate
programs).
Reclassification of a program resulting from incremental changes or consolidation of two or more degree programs into a single program with a change of the Classification of Instructional Programs (CIP) developed by the National Center for Educational Statistics.

Changes in degree designation at the same level (e.g., B.A. to B.F.A., B.B.A. to B.S., M.A. to M.S., or D.B.A. to Ph.D.).

Creation of an out-of-region degree program. As much as possible the proposed program should be functionally equivalent to the existing program offered on campus, including curriculum, faculty qualifications, instructional technology, and library resources. The program must have effective student support systems. "Region" refers to a geographical area within which an institution may operate a unit of instruction, research and public service and is not limited to the site within the region where the institution initially applied. A region consists of one or more coterminous community college districts. The community college districts are also property taxing districts established as provided in 110 ILCS 805/Art. III. The ten regions, described by community college district and community college district numbers, are as follows (see also Illustration A):

"North Suburban Region (1)" consists of the Lake County (532), Oakton (535), and William R. Harper (512) community college districts;

"Fox Valley Region (2)" consists of the Elgin (509), Kishwaukee (523), McHenry (528), Rock Valley (511), and Waubonsee (516) community college districts;

"Southern Region (9)" consists of the John A. Logan (530), Rend Lake (521), Shawnee (531), and Southeastern (533) community college districts; and

"Chicago Region (10)" consists of the City Colleges of Chicago (508) community college district.

"State Authorization Reciprocity Agreement" or "SARA" means the voluntary program that implements reciprocity agreements amongst states, institutions and the National Council for SARA for interstate offering of postsecondary distance education courses and programs, pursuant to the Higher Education Distance Learning Act [110 ILCS 145].

"Terminal degree" means the highest level of college degree available in a particular field.

"Upper-division instruction" means course content and teaching appropriate for junior- and senior-year students in a baccalaureate program or other students with expertise in the subject.

Procedures and policies that will assure the effective design, conduct and evaluation of the degree program under the academic control of the institution must be developed. Assessment plans must demonstrate that the institution has identified clear and appropriate program and student learning goals and has defined appropriate outcomes. Appropriate data must be collected and may be requested by the Board to show the level of student learning that has occurred as a result of participation in the institution's programs of study.

E) Appropriate steps shall be taken to ensure that programmatic accreditation needed for licensure or entry into a profession as specified in the objectives of the unit will be sought in a reasonable amount of time and will be maintained throughout the life of the program.

e) Institutions Exempt from Approval

1) Institutions offering a Board approved degree program at another site within the same region shall not be required to apply for additional Board approval.

2) Institutions offering a degree program at the University Center of Lake County or the Quad-Cities Graduate Center shall not be required to apply for additional Board approval when offering degree programs approved for their home campus. For these institutions, center approval is required and the center shall be treated as part of their home campus, provided the center has notified the Board of its approval of the new degree program.
3) Institutions offering a Board approved degree program through mediated instruction shall not be required to apply for additional Board approval.

4) Institutions offering temporary programs meeting the following criteria shall not be required to apply for Board approval:

   D) The out-of-region unit of instruction is offered to a single group of entering students for a single cycle not to exceed three years. Should the institution wish to continue the unit of instruction at the out-of-region site beyond the single cycle, the institution must submit an application for Board of Higher Education approval.

5) Additional Board approval is not required for Board approved institutions offering:
   
   A) Programs or courses on federal military bases exclusively to base personnel and their family members;
   
   B) Clinical or practice sites that are utilized as a part of Board approved degree programs;

   D) Programs or courses inside public correctional facilities.

Section 1050.40 Procedures of Obtaining Approval

a) Approval of the Board of Control
1) Applications for new units of instruction, research and public service will be reviewed by the appropriate board of control. Upon approval by the appropriate board of control, the institution shall submit to the Board a completed notice of intent on the form provided by the Board. The notice of intent shall include the degree and program name, region located, description of the program, demographics of the intended students, estimated enrollment and contact person. The notice of intent may be submitted prior to or simultaneously with the request for approval. Notices of Intent shall be publicly posted by the Board for no less than 30 days prior to any Board action on the application.

2) The institution requesting permission to offer new units of instruction, research or public service will complete the application as provided by the Board and submit the completed form to the Board.

3) If the appropriate board of control determines that the proposed unit is a reasonable and moderate extension rather than a new unit, the institution will so inform the Board. If the Board does not concur in this determination, the institution shall submit an application requesting approval of the new unit of instruction, research or public service to the Board.

4) Community colleges may be deemed compliant with subsections (a)(1), (2) and (3) by participating in a comparable approval process required by the Illinois Community College Board.

b) Approval by the Illinois Board of Higher Education
Upon determining that the Criteria for Approval are met, the Board will approve the establishment of the new unit of instruction, research or public service, and will so inform the appropriate board of control by letter from its executive director. This letter shall constitute formal authority to establish the new unit of instruction, research or public service.

Section 1050.50 Review of Existing Units of Instruction, Research and Public Service
The Board of Higher Education is authorized to review, periodically, all existing programs of instruction, research and public service at the State universities and colleges and to advise the appropriate board of control if the contribution of each program is not educationally and economically justified. [110 ILCS 205/7]

a) Units of Instruction Approved after December 23, 2008

1) Third Year Progress Report
Three years after approval of a new program, the institution shall provide a program progress report to the Board as part of the institution's annual report. The third year progress report shall describe the institution's
performance in meeting program objectives and show where any improvements are necessary. The placement of a program in voluntary temporary suspension will not negate the requirement of submitting a third year progress report.

2) Third Year Status as Determined by the Institution

A) Program in Good Standing: The institution is meeting the program objectives as outlined in the original application that was submitted during the program approval process.

B) Program Flagged for Review: The institution is not meeting the program objectives as outlined in the original application that was submitted during the program approval process. In that event, the institution shall flag the program for review and shall submit a plan for improvement. The plan will outline the steps to be taken, benchmarks indicating adequate progress, and a timeline indicating step completion and/or benchmark achievement points.

C) Additional Requirement for Programs in which State Licensure is Required for Employment in the Field: In the case of a program in which State licensure is required for employment in the field, a program can be found to be in good standing if the institution is able to provide evidence that program graduates are eligible to take the appropriate licensure examination and pass rates are maintained as specified in the objectives of the unit of instruction. If there is no such evidence, the institution shall report the program as flagged for review.

3) Upon completion of the third year progress report or the annual interim report required for programs flagged for review:

A) If the program is in good standing, the institution will add the program to the eight-year program review cycle as provided in subsection (b).

B) If the program has been flagged for review, the institution shall submit annual interim reports until the status of good standing is achieved. A flagged program will no longer be considered a Board approved program beyond the fifth anniversary of its original approval. If no required annual interim report is submitted for a flagged program, the Board will interpret the absence of an annual interim report as an indication that the institution has terminated the program and the program will no longer be considered a Board approved program.
C) Annual interim reports on flagged programs shall:

i) Delineate actions taken to resolve the issues or improve the program;

ii) Identify areas for further action or improvement; and

iii) Describe how the program will be monitored to ensure continued improvement until the next review.

4) An institution may request approval to place a program in voluntary temporary suspension. That status does not negate the requirement for submitting annual interim reports and does not negate the limitation of five years duration as a program flagged for review.

5) Community Colleges

Community colleges may be deemed compliant with the program review process by participating in a comparable review required by the Illinois Community College Board. This will not abrogate the Board of Higher Education's authority to request reviews of community college programs.

b) Existing and newly approved units of instruction that have been identified as being in good standing will be reviewed on an eight-year cycle.

1) Eight-year Program Review Process

Programs deemed to be in good standing will be reviewed by the institution on a staggered eight-year cycle, with the institution determining the schedule for individual programs, but requiring that each program be reviewed at least once every eight years. Each institution will implement a program review process that best meets its unique needs and that is consistent with Board requirements as contained in this subsection (b) for the eight-year cycle. Institutions have the discretion to use findings from specialized program accreditations and other reviews as the basis of the program review as long as the findings are not more than two years old. When an existing report or review is to be used, the institutions will inform the Board of the process prior to the review. While the institution is responsible for developing its unique program review procedures, it shall include, at a minimum, the following components:

A) A statement of program goals and intended learning outcomes;

B) An end- or near-end-of-program assessment of student learning, in addition to course-by-course assessments;

C) Multiple performance measures, if necessary, that reflect the uniqueness of academic programs and disciplines;
D) Feedback from key stakeholders (e.g., current students, alumni, employers and graduate schools);

E) Evidence of a formal feedback or improvement mechanism (i.e., a regular review process in place) and that the results are used to improve curriculum, instruction and learning;

F) Improvements to its capacity to efficiently and effectively deliver programs using technological innovation and comprehensive data systems; and

G) Findings and recommendations for improvement, suspension or closure.

2) Status Report

A) Upon the conclusion of the eight-year review, the institution shall provide to the Board a summary report that contains, at a minimum, the following:

i) Description and assessment of any major changes in the program, including changes in the discipline or field, student demand, societal needs, institutional context for offering the degree, and other elements appropriate to the discipline;

ii) Major findings and recommendations, including evidence of student learning outcomes and identification of opportunities for program improvement;

iii) Actions taken since the last review, including instructional resources and practices, and curricular changes; and

iv) Actions to be taken as a result of this review, including changes in instructional resources and practices, curriculum and assessment of student learning.

B) The institution shall determine the status of the program. A program may be in one of three categories: in good standing; flagged for review; or under temporary suspension.

3) Community Colleges

Community colleges may be deemed compliant with the eight-year program review cycle by participating in a comparable review required by the Illinois Community College Board. This will not abrogate the Board
of Higher Education's authority to request reviews of community college programs.

c) Units of instruction that have been reviewed as part of an eight-year review process and are not considered to be in good standing will be reviewed annually beginning December 23, 2008.

1) Programs Flagged for Review
   If the program has been flagged for review, the institution shall submit annual interim reports until the status of good standing is achieved, but the program will no longer be considered a Board approved program beyond the fifth anniversary of the year the program was flagged for review. If no required annual interim report is submitted for a flagged program, the Board will interpret the absence of an annual interim report as an indication that the institution has terminated the program and the program will no longer be considered a Board approved program. Annual interim reports on flagged programs shall:

   A) Delineate actions taken to resolve the issues or improve the program;

   B) Identify areas for further action or improvement; and

   C) Describe how the program will be monitored to ensure continued improvement until the next review.

2) Programs Placed in Temporary Suspension Status
   An institution may place any approved program on temporary suspension after receiving Board approval. The institution shall provide an annual status report to the Board on any program under temporary suspension status. The Board will consider a program placed on temporary suspension status to be terminated if an annual status report is not received or if no reinstatement request is received within the first five years after the program was placed on temporary suspension. An institution may petition for reinstatement during the five-year period.

3) Community Colleges
   Community colleges may be deemed compliant with the review process by participating in a comparable review required by the Illinois Community College Board. This will not abrogate the Board of Higher Education's authority to request reviews of community college programs.

4) Annual Report
   Each authorized institution shall file annually with the Board its current catalogs. In addition, institutions must comply with any data requests to satisfy Board reporting requirements.
5) Complaints Concerning Institutional Degree Practices
The staff of the Board may initiate an investigation in response to written
or oral information suggesting that changes have occurred in the
conditions under which authorization to award degrees was given. During
the investigation, there may be a temporary hold placed on the institution's
applications to the Board for new program approvals and other
programs. The hold will be for a specified period of time not to exceed six
months, at which time the hold will continue until the Board decision is
made.

6) Voluntary Relinquishing of Approval
A) Institutions may voluntarily relinquish their approvals for units of
instruction, research or public service, and for reasonable and
moderate extensions. The voluntary relinquishment shall be in
writing and does not require a hearing or any other Board action to
be effective.

B) Institutions relinquishing approval shall be required to provide for
an appropriate repository of records and may be required to
provide a student completion plan that must be approved by the
Board.

7) Institutional Closure and Teach Out
An institution that is closing one or more units shall send to the Board the
following:

A) Notice Required
   i) Notice of the closure immediately by email or certified
      mail;
   ii) The name, address and telephone number of the person
       who will be responsible for closing arrangements;
   iii) A list of students affected and anticipated decisions
       regarding teach out for each student (e.g., graduation,
       transfer, remain at institution, and participate in teach out,
       etc.);
   iv) Information on the remaining credit and other requirements
       outstanding for each student to complete the program;

The teach-out plan shall fulfill the institution's educational obligations to its students. Should the institution fail to deliver or act on the teach-out plan, the Board is in no way responsible for providing the teach out.

ii) A school shall have written plans designed to protect the contractual rights of its students and graduates in the event the school closes or undergoes a change of status (e.g., if the school changes location or if its authority is revoked), including the right to complete the course of instruction in which the students or graduates enrolled.

iii) If students are receiving instruction prior to the school's closing, the school shall file a plan to ensure that the school's students will continue to receive training of the same quality and content as that for which they contracted.

C) Arrangements for transferring students to a public or another approved private institution shall be filed with the Board prior to any student transfer. Prior to approving the school's arrangements for completing its teaching obligations to students, the Board shall verify that students transferring will receive the same kind of program and instructional services as those for which they contracted.
