APPENDIX C Recognition Standards Years 2026 – 2030 7

INTRODUCTION

Recognition is a statutory term describing the status of a district which meets instructional, administrative, financial, facility, and equipment standards as established by the Illinois Community College Board (ICCB) (Section 805/2-12f and 805/2-15). Community colleges must be recognized to be eligible for state funding. Based on a five-year cycle, ICCB staff conducts recognition evaluations to ensure that colleges are in compliance with these standards. All colleges are evaluated on a select number of standards during the same five-year cycle. **In the event that a college has notable findings that require follow-up or monitoring between recognition cycles, additional communication and scheduling will be shared by the Senior Director of Academic Affairs and Instruction (or designated ICCB staff), along with the desired documents/information necessary to ensure compliance.**

ICCB staff makes an assessment on each individual standard and on a holistic basis. On individual standards, colleges are identified as either in compliance or not in compliance. Recommendations are either mandatory when a college is out of compliance or otherwise advisory; **however, colleges are required to provide responses to both compliance and advisory recommendations that are included in Recognition reports.** College responses should indicate what efforts have been or will be made to address and remedy the compliance and advisory recommendations that are noted on the report. On an overall basis, there are three categories of recognition status:

Recognition Continued - The district generally meets ICCB standards.

Recognition Continued - with Conditions - The district generally does not meet ICCB standards.

Recognition Interrupted - The district fails to take corrective action to resolve the conditions placed upon it under “recognition continued-with conditions” within a prescribed time-period.

Standards identified for focused review during the 2026 - 2030 cycle will be selected from the following broad categories:

- I. Academic
- II. Student Services/Academic Support
- III. Finance/Facilities
- IV. Institutional Research/Reporting

Version updates to this manual will be implemented if any relevant changes to the Administrative Code are adopted by the State of Illinois Joint Committee on Administrative Rules

Version 1.1

OBJECTIVES OF THE RECOGNITION EVALUATION

The following are the objectives of the ICCB recognition evaluation process:

1. To determine district compliance with standards established by the [Public Community College Act](#) and [ICCB System Rules Manual](#) available on the ICCB website.
2. To provide assistance to districts in achieving compliance with the Act and Administrative Rules.
3. To identify issues that may be of concern to the community college system and to gather basic data about these issues.
4. To identify exemplary district practices/programs that can be shared with other districts.

THE RECOGNITION PROCESS

The recognition process takes advantage of the substantial amounts of information that the colleges provide to the Board on a routine basis. Evaluations include quality indicators, in addition to standards that are strictly compliance oriented. If issues arise during the ICCB staff's office evaluation that cannot be resolved through off-site contact with the college, a visit to the college concurrent with the credit hour claims audit visit will be arranged to view materials available on campus and/or to discuss issues with college personnel. The ICCB may, in some instances, conduct on-site visits, as deemed appropriate and necessary.

Application

Each district is required to submit an application for recognition in accordance with the provisions of Section 2-15 of the [Public Community College Act](#). The application should include a letter from the local board of trustees (or designee) requesting the ICCB to assign a status of "recognition continued" to the district. The application letter should be received within 90 days after official notification from the Illinois Community College Board. See Appendix D for full instructions on the application process.

Scope

Each recognition evaluation will focus on the standards identified in Appendix C. These selected standards will be the central focus of (1) the district's self-evaluation submitted as a part of the application for recognition and (2) the ICCB evaluation. While the focus of the recognition evaluation will be on selected standards, the district is responsible for compliance with all ICCB standards. Standards other than those selected for focus may be addressed by ICCB staff during the recognition evaluation or at other times during the

year. The college should also review the previous Recognition report to ensure previous issues have been addressed.

Submission Process

The college shall be notified in writing when the process for recognition begins. In this notice, the college will receive instructions as to the submission process. Supplemental information requests will come from the Senior Director for Academic Affairs and Instruction or their designee.

Provisions

On an overall basis, there are three categories of recognition status:

Recognition Continued - The district generally meets ICCB standards. A district which has been granted a status of “recognition continued” will be entitled to receive ICCB grants for which it is otherwise entitled and eligible.

Recognition Continued-with Conditions - The district does not meet ICCB standards across one or more identified standards. A district which has been assigned the status of “recognition continued-with conditions” will be entitled to receive ICCB grants for which it is otherwise entitled and eligible, but it will be given a specified time to resolve the conditions which led to the assignment of that status. A follow-up visit evaluation will be scheduled no sooner than three nor later than nine months after ICCB action on the assignment to determine the district’s progress in resolving the conditions.

Recognition Interrupted - The district failed to take corrective action to resolve the conditions placed upon it under “Recognition Continued-with Conditions” within the prescribed time period. A district which has been assigned a status of “Recognition Interrupted” may apply for recognition at such time as all requirements set forth by the ICCB have been satisfied. A district on “Recognition Interrupted” status will have state funding suspended on a prorated, per diem basis for the period of time for which such status is in effect.

Action

Recognition is considered to be continuous unless action is taken to interrupt it. The ICCB will act on the recognition status of each district at a meeting subsequent to the ICCB recognition report being received. A district which previously has not been granted a recognition status by the ICCB may apply for a recognition status at any time.

Evaluation

ICCB staff will conduct an in-depth evaluation of each district at least once every five years (See Appendix B for the 2026-2030 schedule).

- 1) This evaluation will be conducted by ICCB staff based on internal ICCB documents and on requests for information, data, and documents from the college.
- 2) On-site visits, including a required credit hour claims audit visit, will be scheduled.

- 3) The district shall receive a draft report of the evaluation findings and is asked to respond to the findings within 30 days of receipt of the draft report.
- 4) A final report will be presented to the ICCB at its next regularly scheduled board meeting and will include the district's responses to the draft report's findings. Accompanying the final report will be the staff's recommendation for recognition.
- 5) After the final report is approved, there may also be recommendations for follow-up submission required by the college, based on the finding(s) in the final report. **The ICCB Senior Director for Academic Affairs & Instruction will contact the institution's designated Recognition Liaison with further guidance should the college receive a status of "Recognition Continued-with Conditions".**

Review and Appeal

The ICCB may place a district on a "Recognition Interrupted" status for failure to meet ICCB standards after being assigned a status of "Recognition Continued-with Conditions" and receiving a follow-up evaluation if the district has not resolved the conditions within the stated time allowed. Any district whose recognition is interrupted may file a written request with the ICCB for a hearing on the decision in accordance with ICCB Rule 1501.110.

APPENDIX A

APPLICABLE STATUTES - RECOGNITION¹

Sections 2-12 and 2-15 of the [Public Community College Act](#) provide the bases for recognition: 2-12. The State Board shall have the power, and it shall be its duty:

2-12f. To determine efficient and adequate standards for community colleges for the physical plant, heating, lighting, ventilation, sanitation, safety, equipment and supplies, instruction and teaching, curriculum, library, operation, maintenance, administration and supervision, and to grant recognition certificates to community colleges meeting such standards.

2-12g. To determine the standards for establishment of community colleges and the proper location of the site in relation to existing institutions of higher education offering academic, occupational and technical training curricula, possible enrollment, assessed valuation, industrial, business, agricultural, and other conditions reflecting educational needs in the area to be served; however, no community college may be considered as being recognized nor may the establishment of any community college be authorized in any district which shall be deemed inadequate for the maintenance, in accordance with the desirable standards thus determined, of a community college offering the basic subjects of general education and suitable vocational and semiprofessional and technical curricula.

2-15. The State Board shall grant recognition to community colleges which maintain equipment, courses of study, standards of scholarship, and other requirements set by the State Board. Application for recognition shall be made to the State Board. The State Board shall set the criteria by which the community colleges shall be judged and through the executive officer of the State Board shall arrange for an official evaluation of the community colleges and shall grant recognition of such community colleges as may meet the required standards.

APPENDIX C

RECOGNITION STANDARDS YEARS 2026 – 2030

Illinois Community College Board RECOGNITION STANDARDS Years 2026 - 2030			
STANDARD I	AUTHORITY	INDICATORS OF COMPLIANCE/QUALITY	ITEMS TO BE EVALUATED
ACADEMIC			
1. Degrees and Certificates: A college shall award associate degrees and certificates in accordance with units of instruction approved by the ICCB. The criteria for approval of new units of instruction also are required for existing programs offered by community colleges. When a college no longer offers an approved unit of instruction to additional new students, that unit of instruction shall be reported to the ICCB and shall be removed from the college catalog and other documents advertising the program offerings to the public.	ICCB Rule 1501.303b (Program Requirements) ICCB Rule 1501.302 (Units of Instruction, Research, and Public Service)	<u>Indicators of Compliance:</u> - The college awards, associate degrees, and certificates in accordance with units of instruction approved by the ICCB. - All degrees and certificates will meet credit hour ranges and general education requirements for new programs. - Programs that are not in the catalog and in which the college is not enrolling new students will be classified as inactive (I) or withdrawn (W) on the ICCB Curriculum Master File.	- College catalog - ICCB Curriculum Master file
2. Articulation: Courses designed to meet lower-division baccalaureate degree requirements shall be applicable to associate transfer degrees. For each baccalaureate course offered, the college shall either obtain approval for the course to be listed as a statewide articulated transfer course by a general education or baccalaureate major panel of the Illinois Articulation Initiative or maintain current written articulation agreements or transfer equivalency documents with: - at least three Illinois public universities, or - at least three baccalaureate degree-	ICCB Rule 1501.309d1 (Course Applicability) 110 ILCS 150/ Student Transfer Achievement Reform Act 110 ILCS 152/ Illinois Articulation Initiative Act	<u>Indicators of Compliance:</u> - The district's AA, AS, AFA, AES, and AAT degree requirements allow only courses that have been articulated for transfer. <u>Indicators of Quality:</u> - The college has adopted the general education core for its baccalaureate transfer degrees. - The college has adopted the major-specific curriculum models for its baccalaureate/transfer degree majors to facilitate transfer to corresponding baccalaureate programs. - The college has adopted a process for reverse transfer of credits.	- College degree requirements and procedures - College catalog - Articulation documentation - Articulation Agreements

Illinois Community College Board Recognition Manual Years 2026 – 2030

Illinois Community College Board RECOGNITION STANDARDS Years 2026 - 2030			
STANDARD I	AUTHORITY	INDICATORS OF COMPLIANCE/QUALITY	ITEMS TO BE EVALUATED
ACADEMIC			
granting institutions to which a majority (51%) of the college's students, majoring in the field for which the course is required, transfer. 3. Academic Control a. The design, conduct, and evaluation of the unit of instruction are under the direct and continuous control of the college's established processes for academic planning and quality maintenance, and clear provision is made for ensuring a high level of academic performance of faculty and students. b. The admission, course placement, and graduation requirements for the unit of instruction are consistent with the stated objectives of the unit of instruction and with Section 3-17 of the Act where applicable.	ICCB Rule 1501.302 Units of Instruction, Research, and Public Service	<u>Indicators of Compliance:</u> The community college maintains full academic control of the unit of instruction including admission, registration, course evaluation, rigor, and standards.	- Instructor Evaluation Policies - ICCB Approved Units of Instruction - Instructor Records
4. Curriculum: The content of the curriculum ensures that the objectives of the unit of instruction will be achieved. a. The range of total number of credit hours required for completion of an associate degree curriculum shall be within the following parameters: i. For the Associate in Arts degree and the Associate in Science degree, a total requirement of not less than 60 semester credit hours nor more than 64 semester credit hours or the quarter credit hour equivalent; ii. For the Associate in Fine Arts, Associate of Arts in Teaching, and the Associate in Engineering Science degree, a total requirement of not less than 60 semester credit hours nor more than 68 semester credit	ICCB Rule 1501.302 (Units of Instruction, Research, and Public Service)	<u>Indicators of Compliance:</u> - The districts AA, AS, AFA, AES, AAS and AGS degrees requirements are within the prescribed limits set forth by statute and Administrative Rules. <u>Indicators of Quality:</u> - Degree requirements beyond the minimum are directly related to the objectives of the unit of instruction, are not excessive and are generally consistent with similar degree offerings at other institutions. - Degree offerings are consistent with the career pathway competencies. for students seeking to enter a field of study or that are transferring to a four-year institution.	<u>ICCB Approved Units of Instruction</u> Program Requirements

ACADEMIC			
hours or the quarter credit hour equivalent; iii. For the Associate in Applied Science degree, a total requirement of not less than 60 credit hours nor more than 72 semester credit hours or the quarter credit hour equivalent, except in such occupational fields in which accreditation or licensure by a state or national organization requires additional coursework; and iv. For the Associate in General Studies degree, a total requirement of not less than 60 semester credit hours nor more than 64 semester credit hours or the quarter credit hour equivalent.			
b. Accreditation and Credentialing: i. Appropriate steps have been taken to ensure that accreditation of the unit of instruction will be granted in a reasonable period of time. ii. The unit of instruction will provide the skills required to obtain individual credentialing (certification, licensure, registration) needed for entry into an occupation as specified in the objectives of the proposed new unit of instruction.		<u>Indicators of Compliance:</u> - The unit of instruction meets accreditation and licensure requirements, as appropriate to the specific field. <u>Indicators of Quality:</u> - The unit of instruction includes industry-recognized credentials consistent with the discipline or field of study. - Evidence of stackable credentials (certificates and degrees that are fully articulated) within a discipline or field of study. - For Career and Technical Education courses, the unit of instruction was developed with the advice and recommendations of a CTE Advisory committee of employers.	- Evidence of Accreditation for specific units of instruction selected for review; - Evidence of inclusion of industry-recognized credentials (as applicable) for specific units of instruction selected for review.

STANDARD I	AUTHORITY	INDICATORS OF COMPLIANCE/QUALITY	ITEMS TO BE EVALUATED
ACADEMIC			
5. Dual Credit: Courses offered by the college for high school students during the regular school day at the secondary school shall be college-level and shall meet the following requirements: a. State Laws and Regulations and Accreditation Standards: All State laws, ICCB regulations, accreditation standards specified by the Higher Learning Commission and local college policies that apply to courses, instructional procedures and academic standards at the college apply to college-level courses offered by the college on campus, at off-campus sites, and at secondary schools. These policies, regulations, instructional procedures and academic standards apply to students, faculty and staff associated with these courses. b. Instructors. The instructors for these courses shall be selected, employed and evaluated by the community college. They shall be selected from individuals with appropriate credentials and demonstrated teaching competencies at the college level. i. For instructors teaching transfer courses (1.1 PCS (in the ICCB Program Classification System)), these qualifications shall include a minimum of a master's degree within the discipline or any master's degree with 18 graduate hours appropriate to the field of study or in the discipline in which the instructors will be teaching.	ICCB Rule 1501.313 (Dual Credit) ICCB Rule 1501.303 (f) (Program Requirements) Dual Credit Quality Act P.A. 104-0012	<u>Indicators of Compliance:</u> - College conforms to all state laws and regulations and accreditation standards - College has a written Dual Credit policy addressing all state laws and regulations. - Faculty hold required credentials - College has Professional Development plans on file - Students enrolled in college-level courses meet the academic requirements of the course - Process for course selection is made in consultation with high school personnel - Statement for college credit needed? - Statement for mixed classes needed?	- Dual Credit Policies - College faculty records / ICCB faculty records - Student records - Articulation agreements / program assignment of courses - Course outlines / syllabi - College faculty / staff records / ICCB faculty records - IAI Course Approval

Illinois Community College Board Recognition Manual Years 2026 – 2030

ACADEMIC			
ii. For instructors teaching career and technical education (1.2 PCS) courses, these qualifications shall include 2,000 hours of work experience and appropriate recognizable credentials and demonstrated teaching competencies appropriate to the field of instruction. iii. High school instructors teaching dual credit courses who do not meet the faculty credential standards of this subsection (a)(2) to determine minimally qualified faculty may teach dual credit courses if the instructor has a professional development plan, approved by the college and shared with the State Board of Education. c. Qualification of Students. Students accepted for enrollment in college-level courses must have appropriate academic qualifications, a high level of motivation, and adequate time to devote to studying a college-level course. The students' course selections shall be made in consultation with high school counselors and/or principals and are restricted to students who are able to demonstrate readiness for college-level work, as determined by placement procedures consistent with those that would be used with college level students. The students shall meet all college criteria and follow all college procedures for enrolling in courses. Credit hours generated by freshman and sophomore students for dual credit courses are not eligible for

ACADEMIC			
reimbursement. d. Placement Testing and Prerequisites. High school students enrolling in college-level courses must satisfy the same course placement tests or course prerequisites as other college level students, when applicable, to assure that they are qualified and prepared. e. Course Offerings. Courses shall be selected from transfer courses that are direct equivalents of those of baccalaureate institutions in Illinois (see 23 Ill. Adm. Code 1501.309(d)) or from courses in ICCB approved certificate or associate in applied science degree programs. f. Course Requirements. The course outlines utilized for these courses shall be the same as for courses offered on campus and at other off-campus sites and shall contain the content articulated with colleges and universities in the State. Course prerequisites, descriptions, outlines, requirements, learning outcomes and methods of evaluating students shall be the same as for on-campus offerings. g. Concurrent Credit. The determination of whether a college course is offered for concurrent high school and college credit shall be made at the secondary level, according to the school's policies and the practices of the district.			
6. Partnership Agreements for Dual Credit: A community college district shall, upon the written request of a school district within	ICCB Rule 1501.313 (Dual Credit)	<u>Indicators of Compliance:</u> College conforms to all state laws and regulations and accreditation standards.	- Dual Credit Policies - Professional Development Plan Policies

ACADEMIC			
the jurisdiction of the community college district, enter into a partnership agreement with the school district to offer dual credit coursework. The school district and community college district must designate a liaison and begin negotiations to reach a partnership agreement no later than 60 calendar days after the initial request as specified in P.A. 104-0012. a. The partnership agreement shall minimally include all of the items found in P.A. 104-12 b. a mechanism for evaluating and documenting on a regular basis the performance of students who complete dual credit courses consistent with students in traditional credit-bearing college courses. c. Allowance of a high school student who does not otherwise meet the community college's academic eligibility requirements to enroll in a dual credit course taught at the high school, but only for high school credit. d. Every post-secondary institution will submit an electronic copy of all dual credit partnership agreements to ICCB within 30 days of the execution or amendment date. These partnership agreements will be published on the ICCB's website as specified in P.A. 104-0012.	Dual Credit Quality Act P.A. 104-0012	• College has a written policy addressing partnership agreements, disagreements, and appeal processes. • College has a written policy addressing Professional Development Plans. • College has a designated Dual Credit liaison. • College has a partnership agreement with all high school districts where dual credit coursework is being provided. • College has a mechanism in place for evaluating and documenting student performance. • College submits all new, renewed, or amended partnership agreements to ICCB for publication.	• Partnership Agreements • Professional Development Plans • Student data • Self-Study

Illinois Community College Board Recognition Manual Years 2026 – 2030

Illinois Community College Board RECOGNITION STANDARDS Years 2026 - 2030			
STANDARD I	AUTHORITY	INDICATORS OF COMPLIANCE/QUALITY	ITEMS TO BE EVALUATED
ACADEMIC			
7. Assessment Plans: A system of evaluating and recording student performance in courses shall be in effect as a per district policies and shall be available for review. Illinois colleges and universities will hold students to even higher expectations for learning and will be accountable to even higher expectations for learning and will be accountable for the quality of academic programs and the assessment of student learning. All academic programs will systematically assess student learning and use assessment results to improve programs.	ICCB Rule 1501.405 (Student Evaluation)	<u>Indicators of Compliance:</u> - The college has in place a systematic process to assess student learning in each degree and certificate program it offers. - The college regularly utilizes data from the assessment of student learning for the improvement of the curriculum, teaching, and student learning.	- College placement policies and cutoff scores - Program review reports - College catalogs - Applications for new programs - College self-study - College instructional program assessment policies
8. Student Evaluation: A system of evaluating and recording student performance in courses shall be in effect as per district policies and shall be available for review.	Section 1501.405 (Student Evaluation)	<u>Indicators of Compliance:</u> The college has a policy in place for evaluating and recording student performance in courses.	
9. Faculty Qualifications/Policies: Professional staff shall be educated and prepared in accordance with generally accepted standards and practices for teaching, supervising, counseling and administering the curriculum or supporting system to which they are assigned. Such preparation may include collegiate study and professional experience. Graduate work through the master's degree in the assigned field or area of responsibility is expected, except in such areas in which the work experience and related training is the principal learning medium. 4. The instructors for these courses shall be selected, employed and evaluated by the community college. They shall be selected from individuals with appropriate	ICCB Rule 1501.303(f) (Program Requirements)	<u>Indicators of Compliance:</u> - Faculty preparation is in accordance with ICCB rule. <u>Indicators of Quality:</u> - College has adequate faculty development opportunities where faculty can receive professional development such as hands-on technology, relevant discipline specific training, creating accessible instructional materials and pedagogy. - Instructional materials are created accessible to persons with disabilities and electronic versions are available in a centralized location.	- ICCB Faculty and Staff records - College records - Self-Study - Faculty/Staff Handbooks

Illinois Community College Board Recognition Manual Years 2026 – 2030

ACADEMIC			
credentials and demonstrated teaching competencies at the college level. For transfer courses [1.1 PCS (in the ICCB Program Classification System)], these qualifications shall include a minimum of a master's degree with 18 graduate hours appropriate to the academic field of study or in the discipline in which they will be teaching. For career and technical education (1.2 PCS) courses, these qualifications shall include 2,000 hours of work experience and appropriate recognizable credentials, depending on the specific field.			
10. Cooperative Agreements and Contracts: Cooperative agreements may be established for the purposed of providing more accessible instructional services to students and increasing efficiency in the use of education resources. a. Inter-District Cooperative Agreements for Instruction. A community college district may enter into inter-district contractual arrangements with another community college district to enable its students to attend the other district's program(s)/course(s) upon approval by the ICCB. b. Interdistrict Cooperative Agreements may be entered into for courses and/or curricula offered through Illinois community Colleges Online. The cooperative agreement shall specify that the programs/course will be approved as program/courses of the receiving district and will be included in the receiving district's Illinois Community College Board curricula and course master files as such.	Section 1501.307 (Cooperative Agreements) 110 ILCS 805/6-1.5	<u>Indicators of Compliance:</u> • All Cooperative Agreements have been approved by the ICCB. • Cooperative agreements are current and reflect existing practices. <u>Indicators of Quality:</u> • Cooperative agreements enhance student access, meet labor market needs and meet programmatic needs for the region. • Information provided in the college catalog is consistent with the information that is provided on the college's website (if applicable) • All information regarding the CAREER Agreement (of which all 39 districts are a part) is accurate in both the college catalog and on the college's website. This includes the following: • Information on chargebacks • Participating institutions	• Copies of or links to Cooperative Agreements & Contracts • College Catalog (applicable page(s) should be noted) • Any other applicable web link(s)

11. Program Review Process a. Each college shall have a systematic, college wide program review process for evaluating all of its instructional, student services, and academic support programs at least once within a five-year cycle. b. The minimum criteria for program review shall be program need, program cost, and program quality. c. Each college shall submit to the ICCB by September 1 each year a program review report of its previous year's program review findings and subsequent action steps in a format designated by the ICCB in the Program Review Manual. d. The review of academic disciplines, student and academic support, cross-disciplinary instruction (developmental education, adult education, English as a Second Language, and vocational skills), and career and technical education shall be scheduled according to the published ICCB schedule. A college shall follow the published schedule set by ICCB that shows when each program will be reviewed during a five-year cycle. If a college seeks an exception to the published schedule, the college must receive written approval from ICCB. e. The Review of General Education Outcomes shall be scheduled annually but may focus each year on areas specified by the ICCB.	ICCB Rule 1501.303d (Review and Evaluation of Programs) ICCB Program Review Manual	<u>Indicators of Compliance:</u> - The college's written process description documents a systematic, college wide process. - Supporting data used to conduct the review reflect a systematic approach. - The college follows the 5-year Program Review Schedule. If exceptions were granted, the college maintains ICCB approval in writing. The college will examine overall academic productivity, administrative productivity, and public services productivity according to a schedule designated by ICCB. - Criteria of need, quality, and cost will be used in the review of each program. - Disaggregated data to analyze student enrollment and performance is utilized to inform program improvement and address issues of equity. - Reports use the designated format. - Annual review of appropriate academic discipline. NOTE: Subject to revision based on changes in program review process. <u>Indicators of Quality:</u> The following are measures that reflect quality aspects of Program Review process: - The college provides a strong foundation of data, including trend data, for analysis to help determine program need, quality, and cost-effectiveness, as well as to determine issues of equity. - Use of data across like program areas are consistent, as appropriate. - Reports show that program costs are appropriate and there is evidence that cost data are analyzed. - The program review process is a collaborative process relying primarily on faculty and using administrative resources.	- Process description - Program review report submissions - ICCB feedback letters - District's program review schedule - Program review reports - Individual program reviews - District's program review schedule

Completed by ICCB's Research and Analytics Division as a part of Recognition Process

APPENDIX D

APPLICATION FOR RECOGNITION

Each district is required to submit an application for recognition in accordance with the provisions of Section 2-15 of the Act. The application should include:

1. A letter from the local board of trustees (or designee) requesting the ICCB to assign a status of “recognition continued” to the district.
2. A self-evaluation by each district concerning its compliance with ICCB standards identified in Appendix C. The college should also review the previous Recognition report to ensure previous issues have been addressed.
 - Procedure/Items Reviewed
 - Findings
 - Correction Action Plan, if necessary

The application must be received within 90 days of official notification from the Illinois Community College Board. The district is asked to forward each of the following with the letter and self-evaluation:

1. Board Policy Manual
2. Collective Bargaining Agreements for Full- and Part-time Faculty
3. Program review process
4. College Catalog – *Hard copy is required*
5. College dual credit policy
6. College instructional program assessment policy
7. College Multi-year Financial Planning Document(s)
8. Copies of, or links to, all Cooperative Agreements and Contracts (if applicable)
9. Dual Credit Qualifications: Faculty and Students ([table](#)) ([instructions](#))
10. Facilities Master Plan – *Electronic copy is required*
11. Faculty Handbook
12. Internal Data Reporting Procedures document
13. Student Handbook
14. A written procedure of the residency verification process filed with the ICCB.
15. For dual credit/dual enrollment (dc/de): a written procedure and process for self-auditing the data (quality review), a sample student class list, and sample student enrollment forms dc/de students.
16. A list of any special codes used on the midterm class list and final grade sheet. Please include all codes on these documents with explanations to understand the identifying codes for course sections.
17. A copy of midterm certification instructions sent to faculty with the midterm class list. Please clarify whether this process is paper or electronic and provide the actual certification statement for review.

18. A description of funds faculty is paid out of for restricted funds, including grants.
19. A written procedure of excluding students from credit hour claims who repeat a course and a statement explaining how the system is programmed to handle each scenario below (please do not send programming code). The description should cover each condition for repeats.
20. Please explain how the following exceptions from credit hour claims are handled and discuss how the system is programmed to handle each scenario below (please do not send programming code).
21. A summary of each tuition reciprocity agreement or similar arrangement that authorizes special tuition and fee rates charged to students (in-district, out-of-district, out-of-state, board approved variable rates, etc.).
22. A description of the college's use of cooperative agreements, excluding agreements for dual credit or dual enrollment of high school students. Please indicate the number of students in the most recently concluded academic year (AY) attending as "received" students from another district and "sent" students to another district (please indicate AY reported).
23. A list of all employees and their titles with contracts or agreements entered into, amended, renewed, or extended to be approved by the Board for employment at the college (excluding collective bargaining and vendor agreements). Please provide templates (blank copies) of the standard contracts or agreements used for those staff (typically these are the president and vice presidents but may include other personnel as colleges' structures vary). For the college president and any chancellors, please provide copies of the current contracts or agreements entered into, amended, renewed, or extended and also provide a copy of agenda with the board item for that proposed contract and indicate the date the contract (and, if relevant, the draft contract) was posted to the website.

Illinois Community College Board Recognition Manual Years 2026 – 2030

1. Colleges can expect to receive the Initial Recognition Letter within roughly 1-year of their current Recognition Certificate expiration date. **The initial letter will be from ICCB Senior Director for Academic Affairs and Instruction on behalf of the Executive Director of ICCB to the college's President and designated Recognition Liaison. During this process, colleges will want to closely review the letter which includes the due date for the Self-Study, Course Catalog (physical copy) and Facilities Master Plan (electronic copy) as each must be submitted. Additionally, the initial letter will include a link to the Recognition manual and related requests for Dual Credit Data, Fiscal Compliance Documents, and Student Services Questionnaire. These documents are due within 90-days of the Initial Recognition Letter.**
2. Once the Self-Study and other related documents are submitted, ICCB staff may request additional supplemental data; and the ICCB Fiscal Compliance staff will schedule a time to visit with the college. All supplemental data must be provided 30 days after the initial request to the college's designated Recognition contact person.
3. The ICCB reviews a number of colleges as a part of the Recognition process each year. The extensiveness for these reviews typically takes six months in order for the Recognition-DRAFT REPORT to be completed. The draft report is then sent to the college president by ICCB's Senior Director for Academic Affairs and Instruction.
4. The Recognition-DRAFT REPORT may contain findings (Compliance Recommendations and/or Advisory Recommendations), each of which must be addressed by the college along with plans to resolve any issues that have been

identified. If the draft report contains a finding that the college believes to be a Factual Error, they should provide a response as appropriate. The college has 14 days to provide responses to Factual Errors and 30 days to provide responses to Compliance Recommendations and Advisory Recommendations.

5. The ICCB administration will review any Factual Errors that have been identified, along with the college's plans to address other findings. (In cases of legitimate Factual Errors, they are removed from the report). The draft report is then updated to reflect as the Recognition-FINAL REPORT.
6. The ICCB will review Recognition-FINAL REPORT at the next scheduled board meeting for decisions on the related college(s) Recognition status.
7. The related college(s) will be notified of Recognition status, following the board decision with letter(s) and certificate(s) as determined. **The ICCB Senior Director for Academic Affairs & Instruction (or designee) will contact the institution's designated Recognition liaison with further guidance based on the college's Recognition status.**
