Checking Eligibility for Perkins Reporting

Methods to identify CTE Concentrators

CTE Concentrator (Postsecondary) - A student enrolled in a CTE program who has earned at least 12 credit hours or completed such a program if the program encompasses fewer than 12 credits or the equivalent in total.

Method 1 - Was the student's declared major or completion in a CTE Program of Study **AND** did the student earn 12 credit hours in CTE courses during the

No →

Method 2 - Did the student complete a short-term CTE certificate during the FY?**

No →

Student **will not** be included in Perkins Reporting

Yes

Note the following:
* 12 CTE hours earned determined by the Annual Course (AC) submission
* CTE Program of Study determined by CTE CIP reported on the A1
** CTE certificate earned determined by Annual Student Enrollment and Completion Data (A1) submission

Checking Nontrad Enrollment (3P1)

3P1 - Student will appear in the Nontraditional Perkins Program Enrollment measure (3P1).

Calculating 3P1 Outcomes

Did the student enroll in a Nontraditional CIP based on their gender?***

No →

Student **will not** be counted as a nontraditional enrollment in 3P1

Yes

Reminder!

3P1 success is defined as the percentage of **CTE concentrators** in career and technical education programs and programs of study that lead to nontraditional fields.

Numerator: Success determined by number of **CTE concentrators** from underrepresented gender groups who participated in a program that leads to employment in nontraditional fields during reporting year.

Denominator: Number of **CTE concentrators** during reporting year.

Student **will** be counted as a nontraditional enrollment in 3P1

Note the following:
*** Nontraditional CIPs determined by gender and student's CIP

Checking Completion Outcomes (2P1)

2P1 - Student will appear in the Credential, Certificate or Diploma measure (2P1).

Calculating 2P1 Outcomes

Did the student earn a certificate or degree during the year of enrollment or in the next FY?****

No →

Student **will not** be counted as a success in 2P1

Yes

Reminder!

2P1 success is defined as the percentage of **CTE concentrators** who receive a recognized postsecondary credential during participation in or within 1 year of program completion.

Numerator: Success determined by the number of **CTE concentrators** who received a certificate or degree within two years.

Denominator: Number of **CTE concentrators** during the reporting year.

By earning an award the student **will** be counted as a success in 2P1

Note the following:
**** Certificate or degree completion determined by A1 submission

Checking Post-Completion Employment and Education (1P1)

1P1 - Upon earning an award the student will appear in the Postsecondary Retention and Placement measure (1P1).

Calculating 1P1 Outcomes

Was the student employed or retained in postsecondary in the 2nd Quarter after completion?*****

No →

Student **will not** be counted as a success in 1P1

Yes

Reminder!

1P1 success is defined as the percentage of **CTE concentrators** who earned an award and were employed or retained in postsecondary education two quarters after completion.

Numerator: Success determined by the number of **CTE concentrators** who were employed or retained in postsecondary education two quarters after completion.

Denominator: Number of **CTE concentrators** from the reporting year earning an award.

Student **will** be counted as a success for 1P1

Note the following:
***** Employment determined by match with IDES UI wage records
***** Postsecondary retention determined by match with NSC

Subgroup / Special Population - Source Information

Calculating Measures	Source	Item(s) #	Description
Race / Ethnicity	A1	105 - 112	These items provide a breakout for each individual race/ethnicity group.
Gender	A1	19	This is the item used to report gender.
Disadvantaged Status	A1	24	This is the item used to determine the economically disadvantaged subgroup. Codes 1 and 3 of this variable are used to determine this group.
Youth who are in/Have Aged out of the Foster Care System	A1	132	Collection started in FY19. This is the item used to determine youth who are in or have aged out of the foster care system. This refers to an individual 21 or younger for whom the Illinois Department of Children and Family Services is currently or was previously legally responsible.
Disability Status	A1	22	This is the item used to determine disability subgroup. All codes are used except the "0" code.
English Language Learner	A1	23	Prior to FY19 this variable was titled Limited English Proficient. This item is used to determine the English Learner subgroup.
Homeless Individuals	A1	131	Collection started in FY19. This is the item used to determine totals for the homeless individuals subgroup.
Youth w/ Parent in Armed Forces AND on Active Duty	A1	133	Collection started in FY19. This item is used to determine subgroup of youth with parents on active duty in the armed forces.
Single Parent	A1	84	This item is used to determine the subgroup for single parents.
Out-of-Workforce Individual	A1	85	Collection for this item started in FY19. Prior to this the variable collected was titled Displaced Homemaker. This is used to determine the Out-of-Workforce subgroup.

Yellow highlighted rows reflect data used to establish baseline

^ 3P1 Nontraditional enrollment is calculated using the student's program CIP. This reflects either the CIP associated with their enrollment (reported through A1 item 16) or the CIP of their CTE related completion (reported through A1 items 38, 41, or 44). If the CIP associated with the student's program is nontraditional for the student's gender the record is counted in the nontraditional numerator.

^^ 2P1 success is determined by checking for a completion in A1 items 39, 42 or 45. These items collect the degree code of the student's first three completions. Additionally the completion type variable (A1 Item 35) must also be associated with code 1 - Graduate Completer.

^^^ 1P1 success is determined by checking for subsequent employment (via a data match with the Illinois Department of Employment Security) and subsequent post-secondary enrollment with the National Student Clearinghouse in the 2nd Quarter post completion.

* AC - Annual Course Data submission - Inclusion in the measure occurs if the sum of credit hours for the student is associated with CTE (PCS 12) in AC item 24 (Credit Hours Earned).

** A1 - Annual Student Enrollment and Completion Data submission - If the sum of CTE credit hours earned is not >= 12 during the FY A1 items are examined to check for a CTE PCS 12 completion. A1 items 37, 40 and 43 (the PCS of the student's first three completions) are checked for inclusion. The completion type reported (A1 Item 35) must also be associated with code 1 - Graduate Completer.

*** FY new data elements began to be collected in A1.
